Significance In Number Three.

Why should not three cigarettes be lighted from one match? This superstition is an oriental one. In parts of the Near East three wax tapers are placed by a deathbed, and three lights are held to be a sign of death.

36 out of the 101 pupils inspected during the past week have defective teeth. It is hoped that these will soon receive attention.

In a number of cases of defective vision the physical record cards show that for four years or more notices have been sent to the parents asking that the family physician test the eyes. The condition has very likely had considerable to do with the school work, yet nothing has been done as yet.

Postponement of corrections is no real economy. One dollar spent in correction of a defect in childhood may mean a saving of one hundred dollars to the adult.

Goes on Speaking Tour.

Hans Anton, well known Pennington county dairy farmer, left Thursday for Benson and other points in that section of Minnesota, where he is spending the week on a speaking tour at farm institutes conducted under the supervision of the public relations department of the Great Northern railway. Mr. Anton has appeared at a large number of meetings during the past few weeks and in every instance has delivered a strong argument in favor of diversified farming, with telling effect upon his audiencea.

Men and Money
Make This Bank Secure

There are two ways of measuring the strength and standing of a bank. In the first place money resources—capital and surplus—give it financial strength.

In the second place—perhaps even more important—are men, the officers and directors. They give the bank character, determine and execute its policies.

This is a strong bank, a helpful bank because it has ample resources, and a personnel of proven character and ability.

THE PEACEFUL K. K. K.

When the Commercial club of Thief River Falls at its last meeting decided to adopt as a permanent slogan, "Kows, Klover and Kontentment," the same being adapted from a brief editorial in the current issue of The Tribune, it seized upon an idea which correctly expresses the hopes and aims of this community.

If we are to have any K. K. K. organization in this country, what finer emblem could be selected than the gentle dairy Kow—the mortgage lifter and friend of all mankind—serenely and with unassuming modesty going about her business of making people healthy, wealthy and wise.

Next in importance are the wonderful fields of Klover which have made this section of Minnesota famous, forming a picture of rare beauty and unfolding to the human eye an enduring vista of genuine Kontentment.

There you have Pennington county's K. K. K.

In terms of peace we invite your attention in our didection—let others have the eagles and lions and bears—we choose Kow, standing knee deep in a field of Pennington county Klover chewing a cud of real Kontentment.

McNARY-HAUGEN BILL O. K.

As The Tribune views the matter the McNary-Haugen bill now pending in congress is the best relief measure so far suggested for the northwest farmer. This bill equalizes on a term basis prices of farm products with the commodities which the farmer has to buy.

In other words, if it took 150 bushels of wheat to buy a binder in 1913, where it now takes 250, then the proposed legislation would fix the price of wheat or other grain at a sufficiently high price to restore the purchasing power of the farmer's dollar. It is aimed by this method to give the farmer a profit upon wbat he raises.

The bill is fair enough and no one can complain if the farmers of the country receive some benefit from the proposed legislation, for it is undeniably true that the government which had much to do with the deflation of farm prices starting back in 1920, now owes them some measure of relief.

An eastern woman 75 years old who **recently divorced a man** 88 advises against marriage to an old man. She asserts that when an old man marries he is only looking for a nurse—someone to care for him and mend his clothes. She said her husband was stingy and set in his ways. "He complained one day because I took six extra stitches in his torn coat, because of the expense," she says, "so I decided to get rid of him."

THE $10,000,000 CORPORATION

We sincerely trust the new $10,000,000 banking corporation just started in Minneapolis will accomplish some of the purposes claimed for it by its promoters.

It is claimed for the newly organized corporation that it will help the agricultural situation by giving aid to **the weaker banks of the Northwest.** that it will keep open such as are now threatened by frozen assets. To a certain extent this will benefit the farmers.

But the new institution will nevertheless be subjected to the scrutiny of the northwest until such time as it demonstrates its value. At present we have the Federal Reserve, which has richly deserved all the mean things said about it by the radicals, and the War Finance Corporation, which has functioned largely for the benefit of the large banks of the country.

The truth is, the northwest has its back to the wall, and is mighty impatient with some of the existing agencies supposedly operating in the interests of agriculture.

It is true, as our friend Gunnar Bjornson stated at the recent editorial convention, that the Minnesota Editorial association is not a political organization, but it is equally true that little else than politics is talked at their meetings. That was especially true of the last meeting of the association, and we are at a loss to understand the agitation of Mr. Bjornson over the publication in the Pioneer Press of a story to the effect that some sixty editors had signed a round robin requesting Theodore Christianson to run for United States senator. It was all true except that no petition was circulated, and we are positive that no emissary of Mr. O. P. B. Jacobson had a hand in the affair. The editor of this newspaper joined in the request made upon Mr. Christianson, knowing as we do that no man in the state has a better chance to win.

While much credit is due Senator Shipstead for raising his voice in congress in opposition to the unrestricted sale of savings certificates in the Northwest, yet it must not be forgotten that the man who really stopped the sale by making personal protest to the Secretary of the Treasury was Governor Preus, and we believe no one has as yet given him the slightest bit of credit in the matter.

THE WEEK'S BEST EDITORIAL.

Frank Day, of the Fairmont Sentinel, is responsible for the following able editorial, which appeared in his paper last Saturday:

"Howard Elliot, president of the Northern Pacific railroad, sounded a helpful note when he told the Harvard club that America is not going to the dogs. Peculiarly, the people of the greatest country in the world need to be reminded of this fact from time to time—usually prior to a national election. Mr. Elliott says that various conditions, situations and problems call for the attention of thoughtful, intelligent men. He feels however, in the light of national experience and in the knowledge that when they are aroused, the fact that 99 per cent of the American people are conservative and law abiding, there is no need to worry about the future.

"'We are not going to the dogs,' said Mr. Elliott. "I predict that the next twenty-five, fifty and seventy-five years will be the most wonderful period of the world and the most glorious in the history of the United States.

"Conditions, situations and problems we will always have with us. They are not peculiar to the times. They are the law of nature. If the problems of the world were solved, nations would wither and decay. There is always work to do. Reaching perfection means arriving at obliteration, and the time is not ripe for that.'

"The outlook for the nation as pictured by Mr. Elliott is the outlook for practically every town and village in the land. Here and there we may find little business setbacks, but in the main the advance is bound to proceed. When the decade closes, we will find we have better streets, more scientific sanitation, a greater respect for law, a more intelligent citizenship, and a happier and more prosperous state of living. Charity will be on the decline because justice will largely have supplanted injustice and the necessity for the 'hand out' will not be so great. The world moves on. All we need do is guard the principles of the Republic from the two groups that seek, one to force upon us a greater measure of "democracy" and the other sims at autocratic control."

When a man complains of the hard work he has to do, we can never feel so very sorry for him, but we do feel genuinely sorry for the man who is out of work—who can find nothing to do. Such a man is to be pitied fully as much as the man who it too sick to work. Idleness and sickness are terrible things to contemplate—but the man who is strong and healthy and has work to perform, and complains because he doesn't own a pleasure yacht or a racing car—who moans over his inability to spend his life in pleasure and idleness—such a man deserves to be kicked in the pants.

Tom Sumpter cleaned up all entries at the Owatanna Crop Show with his Pennington county alfalfa. Orton Olson, as usual, took all the prize money for wheat. Seven other prizes went to Pennington county at the southern Minnesota Crop Show, including at least three prizes for corn raising. Our farm products were competing at this show with stuff raised upon land held at $300 per acre. It all goes to show that there isn't anything better outdoors than this old Pennington county of ours.

Representative Hill of Maryland mustered just eight votes when he recently tried to legalize the sale of 2.75 per cent heer and tax the same 20 cents a gallon for the purpose of raising a soldiers' bonus. People who talk glibly of amending the prohibition laws of the country should remember this vote, for it clearly demonstrates the utter impossibility of any reinstatement of the old order of things in this country. The fact of the matter is that this country is committed to prohibition for a long time to come, and so long as women have the ballot they will always stand guard over the 18th amendment.

It is the law of the land that the finder of property must advertise the same, whether it is livestock or anything else. A North Dakota farmer faces a penitentiary sentence because he failed to advertise the fact that 108 stray sheep had come to his place. The owner looked far and wide for them and had great difficulty in locating his lost sheep.

Proponents of the McNary-Haugen bill hope to establish the purchasing power of the farmer's dollar, by adjusting the price of his produce to the price of the commodities he must buy. Fair enough, we say.

Dogs have been barking at the moon for ages, but the old moon continues to shine just the same. There is a moral in this for the knocker and habitual grouch.

Galveston has an ordinance defining the length of bathing costumes for girls. Every man in Galveston now wants the mayor to appoint him officer of the bathing beach.

Attorney General Daugherty wants to take his case to the people. We suggest he resign and tell his troubles to the policeman.

In spite of the protests which men make against women who bob their hair or paint their faces, they really like both kinds.

The toughest thing we can think of, not excepting the skin of a rhinocerous, is the hide of Attorney General Daugherty.

Brooks Folks Here.

Elmer Fouts and family of Brooks were business visitors in Thief River Falls yesterday. Mr. Fonts has operated a farm near Brooks for the past seven years, coming to that section from Nobles county in the southern part of the state. He and M. A. Mattison of The Tribune were neighbors back in Nobles county and spent a pleasant hour Tuesday afternoon talking over things which happened in the days of yore.

Julien Provencher Plays Host to Knights of Grip at Swell Feed and Party

Through an oversight, The Tribune neglected to mention last week the annual banquet tendered local members of the U. C. T. by Landlord Julien Provencher at the Evelyn hotel on Saturday evening of last week. Mr. Provencher, himself a former traveling salesman, once a year gives a party in honor of his fellows, and Saturday evening's banquet was the fourth annual event of the kind. About 60 guests were present.

The banquet was served at 7 o'clock at tables beautifully decorated for the occasion. It was a feed fit for a king, as the guests stand ready to testify. Several short talks were made as a fitting accompaniment to the task of consuming the tasty viands provided by the host. At the close of the banquet, tables were cleared and cards provided the entertainment until a late hour. Those present agree that it was one of the most enjoyable affairs of the season, and their only regret is that Mr. Provencher cannot see his way clear to make the banquets a semi-annual affair in the future.

Umland Returns Monday From State Road Meeting

B. F. Umland, county highway engineer, returned to this city on Monday from a visit in St. Paul and Minneapolis, where he attended the meeting of the county highway engineers on February 20 in the highway department at St. Paul, and the Minnesota Engineers and Surveyors Society which met in the West hotel in Minneapolis on the 21st. At the latter meeting Mr. Umland says State Highway Commissioner C. M. Babcock delivered an excellent lecture on road costs and prospects for the coming year. He also proved by the use of statistics that the Minnesota automobile tax rates are less by four or five dollars than the average rates paid elsewhere. At this meeting the Pennington county road plans for the coming year were approved and Mr. Umland is at present engaged in getting ready for an early letting of contracts.

Soo Staff Meeting Today.

The monthly staff meeting of employes of the Soo Line took place at 9:30 this Wednesday morning. The regular business details were attended to at this meeting. Among those present were C. F. Romman, general agent at Winnipeg; C. W. Hawes, general agent at Minneapolis; F. M. Chaffee, agent at Detroit; O. F. Ehlers, agent at Alexandria; W. Glascock, general traveling passenger agent at Minneapolis; W. H. Langhton, traveling freight agent at Minneapolis; F. L. Quale, traveling claim agent of this city; L. E. Gilhausen, traveling auditor of this city; G. El-[illegible], roadmaster at Detroit; J. Jaglo, roadmaster at Devils Lake; M. J. Krogstad, roadmaster at Overly; C. Nilson, roadmaster of this city; R. D. Sullivan of this city; J. W. Mullen, lineman at Fordville; R. C. Carlstrom, lineman at Detroit; A. J. Cloutier, lineman of this city; G. J. Conklin, car-foreman in this city, and L. M. Rayson, chief clerk in this city.

NOTICE TO THE PUBLIC.

You are hereby notified that the scales of The Prichard Company have been leased by the city and, that on and after March 1, for a period of nine months, the same are declared to be the official scales for all public weighing in the city, for the use of the public.

All loads, at the request of owners, may be weighed on said scales and certificates of weight on said scales will be furnished at a charge of 10 cents for each net weighing.

SECURITY AND PROGRESS

Banking, like transportation, is undergoing constant change and improvement. As the automobile has succeeded the ox-cart, so has the adding machine replaced the hand posted ledger, bringing speed and accuracy formerly unknown.

And in banking practice, progress has also been made—progress which means greater safety for the customer and higher regard for the bank.

Today, the First and Peoples State Bank is stronger than ever before because it has kept pace with progress and faith with the public. It has grown largely in its ability to give its customers absolute protection, and in its worthiness for their continued and entire confidence.

NUMEDAL

Roosevelt School.
Ruth Shefveland Teacher.

The geography class were especially lively last week. Thursday night our treasurer brought his "magic lantern" to our school house and the children were delighted to see the different pictures which the teacher had collected for the occasion. Everyone was anxious to locate and find out something about the places that were to be shown. By a strong imagination and these slides, we visited Thief River Falls, Minneapolis, Niagara Falls, Panama Canal, Yellowstone and Glacier parks, China, India, Norway, Sweden and other places.

George Bugge returned from the Warren hospital and is doing well.

K. L. Loftus returned from Thief River Falls Tuesday.

What Do You Expect of Your Trousers?

Good looks, comfort, good wear— at a fair price?

We can give you all these points in DUTCHESS TROUSERS, and here are the facts which prove it.

DUTCHESS TROUSERS are styled and tailored by a manufacturer who makes nothing but trousers and has been at it since 1879. He not only appreciates the value of good looks and comfort, but he knows how to put them into his trousers. He makes close to a million pairs of trousers a year, so by buying his fabrics in large lots he can give us good values, and by his standardized production he can give us low price.

And—we pass the combination on to you.

In addition, you have this "cast-iron" guarantee,

DUTCHESS TROUSERS
10¢ a Button; $1.00 a Rip

This means we pay you a dime for every button which may come off, and if they rip—why you get either a dollar bill, or a brand new pair of trousers—as you choose.

We have your size and—at the price you want to pay

MIDDLE RIVER

With only the conference defeat on their record, the Middle River high school basket ball team will meet Strandquist at Strandquist, Saturday, March 1, for the first of a series of two games to decide the championship in the Northern Minnesota Interscholastic association. Strandquist and Middle River are now the only contenders for the title and local fans are looking forward with much interest to the contest. A second game will be played at Middle River Tuesday, March 4. If these two games should result in an even break between the two teams the championship game will be played on a neutral floor.

A fire was discovered in the second story of the Yngve hardware store Friday morning and for a while it seemed that the entire building was threatened. The local fire department was immediately summoned and after a time gained control over the flames. The furniture and household goods on the second floor were entirely destroyed. Very little damage, however, was done to the stock and fixtures down stairs.

The three-act comedy-drama, "An Early Bird," was presented at the school auditorium Saturday evening, Feb. 23rd, by a cast of high school students. The members of the cast rendered their parts with exceptional ability and showed the results of careful coaching and hard work.

As a third step in the district debate elimination the local high school will send a team to Lancaster next Saturday evening to maintain the negative side of the question, "Resolved, that European immigration into the United States should be prohibited by law for a period of five years." Middle River has the unique distinction of having two undefeated debating teams. The second victory for the negative was won last Monday when they defeated Badger on the same question. In the debate at Lancaster next Saturday the former affirmative will change sides and present the negative arguments on this question. In the event that Middle River is victorious in the next contest, the two teams in the local school will battle for the lead in the semi-finals in the district.

Red Lake	3	2	5
Roseau	3	3	6
Wilkin	3	3	6
Total Number			110

All qualified electors, male and female, who are members of the Republican Party, or who believe in its principles and desire to affiliate with said party by supporting its candidates in the coming election, are invited to participate in the primaries and convention provided in this call.

We declare it to be a fair test of an elector's right to participate in such caucuses and conventions to compel such elector, if his right to vote is questioned, to declare upon oath his claims to Republicanism, to compel such elector publicly to pledge himself or herself to support the principles of the Republican Party and its candidates at said coming election.

By legislative enactment, women are given the full right to participate in the caucuses and conventions herein mentioned. The Republican Party rejoices in this privilege extended to women. We, therefore, urge active participation by all qualified women voters.

By order of the Republican District Committee, of the state of Minnesota.

Dated January 31, 1924, Moorhead, Minn.

(Signed) CHAS. S. MARDEN,
Chairman.
(Signed) EMMA J. HARWOOD,
Secretary.

Do you ever let the telephone ring twice before you answer?

A Prompt Answer Improves Everybody's Service

Sometimes when you make a telephone call you do not get the number promptly.

When you tell the operator she says, "I will ring them again."

Finally when you get your party, do you feel that the operator has not given you prompt service, or do you realize that the person you called may not have answered his telephone at once?

It will help greatly to provide prompt service for all, if every subscriber will answer the telephone as soon as the bell rings.

National Canned Foods Week

March 1st to 8th

March 1 to March 8 is National Canned Foods Week. To the unthinking individual, this may mean "just another week."

But to the 23 million housekepers in this country who have to think up three meals a day for 365 days a year, National Canned Foods Week at this time of the year really has a very timely significance.

Coming each year during the first week in March, and being fostered by more than 350,000 retail grocers in the United States, National Canned Foods Week represents a tremendous co-operative effort on the part of the manufacturers and the trade to give the average family an opportunity to restock its larder at attractive prices, just when the home supplies are likely to be at their lowest ebb.

In its larger sense, National Canned Foods Week may be regarded by the average housewife as the annual national celebration of her release from needless kitchen drugery. For that is what the growth of the canned food business of this country means. That explains its rapid growth. That explains the popularity of Canned Foods Week from the consumers' standpoint as well as the dealers'.

In discovering the secret of canning some 150 years ago, the Frenchman, Nicholas Appert, never began to realize what a great boon he was passing on to future generations. Few women today really appreciate what they owe him. As a matter of fact, Nicholas Appert's name should rightly go down in the history of domestic economy as one of the world's greatest emancipators. His discovery has eliminated time, space and labor in respectto the world's richest harvest; it has annihilated distance and merged all seasons into one, placing the products of the world's choicest sections at the command of even the most humble purchaser, anywhere, and at any time.

The growth of the canned food industry offers its own best justification of the service it has brought to mankind in general. If you are influenced by statistics, you will be amazed by the way every branch of the industry has doubled, trebled and quadrupled itself every few years since the begining of this century. The rapid increase in the consumption of canned foods of all kinds is one of the marvels of the age. And in this respect, canned fruits are conspicuously in the lead.

Take the growth of the well-known and nationally advertised brand of canned fruits, Del Monte, as an example. The uniform high quality, delicacy of flavor, wide variety of line, almost universal availability, and reasonable cost of Del Monte Canned Fruits to the consumer have built up a demand for that one brand alone to a point where it is the best known and most--called-for brand in America.

All this means one thing: That canned foods of a dependable quality are constantly growing in popularity and filling an ever-increasing need in the domestic economy of the race.

National Canned Foods Week is the annual celebration of the industry's accomplishments, in which the consumer has an opportunity to participate, usually at special advantages. That's why every producer, every distributor and every user of canned foods in any form should be interested in National Canned Foods Week as offering some distinctly personal advantage to each and every one.

It is with that thought in mind that we should approach National Canned Foods Week—with an understanding of the real service that it offers to all. On this basis, National Canned Foods Week represents a trade activity in which we all may find a common cause.

Obituary

Mrs. James A. Clark.

On Wednesday, February 20, occurred the death of Mrs. James A. Clark from a lingering illness of several months. She was a resident of Plummer.

Hannah Kennedy was born in Galena, Ill., December 6, 1850. She was married to James A. Clark on April 6, 1876 at Cresco, Iowa. Four children were born to them, William T of Plummer; John R. of Fulda, Minn.; Mrs. George H. Malosh of Sanborn, N. D., and Mrs. George Beard of Mason City, Iowa. She also leaves to mourn her loss a brother, Samuel Kennedy, who also resides in Plummer, and 17 grandchildren. The funeral services were held in Plummer on February 21, Rev. Smith officiating. Burial took place in Fergus Falls on February 23..

Vernie Lawrence Forsberg.

On Saturday morning occurred the sad death of Vernie Lawrence, the little son of Mr. and Mrs. A. Forsberg. The little fellow, who was only three years and six months old at the time of his death, had the measles last fall and the disease turned into spinal meningitis from which he suffered during the winter. Mr. and Mrs. Forsberg, who reside in Strathcona, brought him to this city for doctoring, and though everything was done, nothing seemed to aid the child. Death came at 2:30 on Saturday morning. Vernie Lawrence was born August 19, 1920, at Melford, Sask., Canada, and came with his parents to Strathcona a year ago when they removed to this vicinity. Burial will take place in that town.

Mrs. Pope in Minneapolis.

Mrs. Lanford C. Pope left Saturday evening for Minneapolis and returned to Thief River Falls Tuesday morning. While in the city Mrs. Pope took a lesson from the noted musician, Mme. Bailey-Apfelbeck, and visited with her brother, Craig Halvorson, and other friends.

Woodcuts.

The art of wood engraving is very old. When it was rare to find a prince who could write, little woodcuts for attesting documents were in use in Europe. But before that the Chinese had invented the art. In modern times the woodcut has been submerged beneath other methods of reproducing drawings and photographs, but the art is now being kept delightfully alive by the Society of Wood Engravers of London.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Three Hundred Dollars ($300.00), which is claimed to be due and is due at the date of this notice upon a certain Mortgage duly executed and delivered by Peter L. Wojnarowski and Josie M. Wojnarawski, his wife, Mortgagors, to Deposit Bank of Winona, Mortgagee, bearing date the 5th day of June, 1920, and with a power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Pennington and State of Minnesota on the 20th day of September, 1920, at 8:30 o'clock A. M., in Book 13 of Mortgages, on page 015;

And Whereas, The said Deposit Bank of Winona, the Mortgagee and Holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas there is actually due and claimed to be due and payable at the date of this notice the sum of Two Thousand Nine Hundred Twenty-seven and 75-100 Dollars ($2,027.75), which said amount includes the sum of One Hundred Seventeen and 40-100 Dollars ($117.40) paid by Deposit Bank of Winona to the County Treasurer of Pennington County, on the 29th day of March, 1923, for taxes for the year 1921, including penalty and interest, against the mortgaged property, together with the interest on said payment from the 29th day of March, 1023, to the date of this notice which last mentioned interest amounts to the sum of One and 20-100 Dollars ($1.29); and whereas, the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof;

Now, Therefore, Notice Is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz;

Southwest Quarter (SW¼) of Section Fifteen (15), in Township One Hundred Fifty-two (152), North, of Range Forty (40), West, in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 29th day of February, 1924, at two o'clock P. M., of that day, at public vendue to the highest bidder for cash, to pay the said debt of Two Thousand Nine Hundred Twenty-seven and 75-100 Dollars ($2,027.75), and interest, and the taxes, if any, on said premises, and Seventy-five Dollars ($75.00) Attorney's fees as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale as provided by law.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date February 11, 1919, made, executed and delivered by Ellef Halvorson and Christiana Halvorson, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants Trust and Savings Bank, a corporation, of St. Paul, Minnesota, as mortgagee, to secure the payment of the sum of Thirteen Hundred Dollars ($1300.00) and interest thereon at the rate of five and one-half (5½) per centum per annum, according to the terms and conditions of one certain promissory note, due March 1, 1924, made and executed by said Ellef Halvorson and said Christiana Halvorson to said Merchants Trust and Savings Bank, and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on March 25, 1919, and was duly recorded in said office in Book 4 of Mortgages on page 439, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated May 6, 1919, duly assigned by said mortgagee to Clara Burr Elder, formerly known as Clara Burr Walther, which said assignment was duly filed in the office of said Register of Deeds on February 1, 1924, and was recorded in Book 63 of Mortgages on page 524, and which said Clara Burr Elder, formerly Clara Burr Walther, is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the installment of interest in the sum of Seventy-one and 50-100 Dollars ($71.50), which became due and payable on the note in said mortgage described on March 1, 1923—, and said Clara Burr Elder, formerly known as Clara Burr Walther, pursuant to the terms of the mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Thirteen Hundred Dollars ($1300.00) and interest thereon from March 1, 1923, at 5½ per centum per annum, and Seventy-one and 50-100 Dollars ($71.50) and interest thereon from March 1, 1923, at 5½ per centum per annum, and also the sum of Seventy-five Dollars ($75.00) attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted at law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Thursday, the 20th day of March, 1924, at two o'clock in the afternoon, at the front door of the Court House in the City of Thief River Falls, in Pennington County, Minnesota, to satisfy the amount which will then be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows, to-wit:

The North Half of the Southeast Quarter (N½ of SE¼), and the Southwest Quarter of the Southeast Quarter (SW¼ of SE¼), in Section Twenty-six (26), of Township One Hundred Fifty-four (154), in Range Thirty-nine (39), containing 120 acres, more or less, according to the government survey thereof.

Dated February 1st, 1924.

How the Average Man and Woman May Help Nominate President Coolidge

One of the most remarkable political developments of the times is the popularity of President Coolidge among those who, ordinarily, are little interested in politics.

This comes about because it is very apparent that this quiet, modest man, whose endowment with worldly goods is less than that of any man who ever occupied the presidential chair, has during his public career steadfastly used conscience as his guide without considering the effect on his political fortunes. He has confounded many politicians, men who "play the game," because, by doing what he thought was right without compromise or endeavor to placate "both sides" he has won more favor among men and women than those who are prone to straddle and evade.

In the fact that President Coolidge has convictions and the courage of his convictions, and in the further fact that the American people are intelligent and recognize this, lies the almost unanimous desire on the part of the ordinary citizen, who dislikes ordinary political methods, to see him nominated and elected. **The average man and woman owes it to himself and herself, and to this country of ours which we ourselves rule, to make it manifest that Coolidge is the real choice of the real people and to allow no possible doubt of this to exist in the minds of the delegates to the conventions.**

MAKE YOUR INFLUENCE FELT

The Republican caucuses to select delegates to the County conventions will be held March 3. **Be sure you attend the caucus in your voting district and vote for the delegates to the County Convention who are uncompromisingly for Coolidge.**

For these delegates in turn will select the delegates to the national convention which meets in Cleveland June 10. **The beginnings of the huge Coolidge ratification is in the district caucus.**

The County Conventions are to be held March 5, the Congressional Conventions March 7, and the State Convention March 8.

SAVE MARCH 3 AS THE DAY ON WHICH YOU WILL DO SOMETHING FOR YOUR COUNTRY AND YOUR PARTY.

PROPOSED LAWS OF COMMERCIAL CLUB EXPLAINED

Proposition to Adopt New Rules to Be Taken Up in Near Future.

Local Civic Organization to Be Put on Better Operating Basis.

The matter of adopting new articles of incorporation and by-laws for the Thief River Falls Commercial club will be taken up in the near future, according to an announcement by President H. W. Froehlich at last Thursday's meeting of the club. A draft of the by-laws and articles which have been adopted by many similar organizations in the state and which has the endorsement of the state association of clubs is published below, and these are to be used as a basis for those proposed for the Thief River Falls club.

The name Thief River Falls will in all cases be used where "Goodville" appears below:

Article 1. Name.

This organization shall be known as the "Goodville Chamber of Commerce."

Article II. Object.

It shall be the object of the Goodville Chamber of Commerce to promote the economic, civic and social welfare of the people of Goodville and its vicinity.

Articles III. Membership.

Section 1. All adult persons are in sympathy with the object of the Goodville Chamber of Commerce shall be eligible to membership.

Section 2. The procedure with respect to admission to membership and the exercise of the privileges thereof, shall be specified in the By-Laws.

Article IV. Government.

Section 1. The government of the Goodville Chamber of Commerce shall be vested in a board of twelve (12) directors.

Section 2. The procedure with respect to nominating and electing directors shall be stipulated in the By-Laws.

Article V. Meetings.

Section 1. The Goodville Chamber of Commerce shall hold an annual meeting on the second Tuesday in October each year.

Section 2. Meetings of the members may be held at such other times as the President or the Board of Directors may determine, and shall be held upon the written request of five percentum (5 per cent) of the members in good standing, provided that when called otherwise than by the President or the Board of Directors, the notice shall contain a statement of the purpose of the meetings and shall be mailed at least seven (7) days and not less than three (3) days prior to the time of the meeting.

Article VI. Referenda.

Questions may be submitted to the membership of the Goodville Chamber of Commerce for a mail referendum vote by the Board of Directors, and questions shall be so submitted upon the written request of five percentum (5%) of the members in good standing; the ballot for such vote, in all cases, to be accompanied by briefs stating both sides of the question. When so specifically stipulated in the request for a referendum vote, the decision reached by the membership through the vote shall be considered final, provided that at least fifty percentum (50%) of the members in good standing participate in the vote.

Articls VII. Funds.

The Goodville Chamber of Commerce shall have power to sue and be sued, hold, sell, lease or mortgage real estate, to incur debts, to borrow money, giving thereof notes of the corporation signed by one or more officials duly authorized by the Board of Directors for that purpose, and may enter into contracts of any kind in keeping with the purposes of the organization.

Article VIII. Amendments.

Section 1. These Articles of Incorporation may be amended by a majority vote of the members in good standing in attendance at any regular meeting or at any special meeting called for that purpose, provided that such proposed amendments shall be plainly stated in the call for the meeting at which they are to be considered; or such proposed amendments may be voted upon through a mail ballot in which case the articles which it is proposed to amend together with the proposed amendment shall be clearly stated on the ballot, and a majority vote of all members in good standing shall, in such case, be necessary for the adoption of the proposed amendments.

Section 2. Notice of meetings at which amendments to these Articles of Incorporation are to be considered, shall be mailed to all members in good standing at least seven (7) days prior to the time of the meeting.

BY-LAWS

Article 1. Membership.

Section 1. Any adult person, association, corporation, partnership or estate, may subscribe for one or more memberships in the Goodville Chamber of Commerce, by undertaking to pay the annual dues therefor. In the case of a subscription for one or more than one membership, each such membership, when assigned to an individual, shall entitle the holder to the full privileges of membership.

Section 2. The membership fee shall be $25.00 per annum, payable annually or semi-annually in advance.

Section 3. Members may be elected at any meeting of the Board of Directors. A majority vote of the directors present shall be necessary to elect.

Section 4. Following their admission members must pay membership dues for at least the current half year before being permitted to exercise the privilege of membership.

Section 5. Subject to approval by the Board of Directors, any subscriber may change any or all of his membership assignments upon written notice to the Goodville Chamber of Commerce.

Section 6. Any members may be expelled by the Board of Directors by a two-thirds vote of the entire board for non-payment of dues; or, after notice and opportunity for hearing, for conduct unbecoming to a member.

Section 7. Any members, upon written request to the Board of Directors, accompanied by a remittance covering the accrued amount of his membership pledge, may resign from the Goodville Chamber of Commerce.

Section 8. The death of a member shall terminate his membership pledge.

Section 9. The removal of a member from Goodville or its vicinity, may, at the option of the member, terminate his membership in the Goodville Chamber of Commerce.

Article II. Voting.

Section 1. Voting shall be by individuals only, and no members shall cast more than one vote. Persons to whom memberships have been assigned, shall vote as individual members.

Section 2. No member shall be permitted to vote at any election until his dues have been paid in full to the date of such election.

Article III. Election of Directors.

Section 1. Nominations shall be made by a nominating committee of not less than five (5) members, said committee to nominate two candidates for each office to be filled. These nominations shall constitute the "Regular Ticket." A "Special Ticket" of nominees may also be made by not less than five percentum (5%) of the members in good standing, said "Special Ticket" to contain one name for each directorate to be filled. When a "Regular Ticket" and a "Special Ticket" are to be submitted for voting, proper designation shall be made.

Section 2. Ballots shall be sent to all members qualified to vote 5 days before election. A return envelope shall be enclosed with the ballot, and each such return envelope shall have a slip affixed to same, which the member voting must sign. This slip, which shall be used for checking purposes only, shall be removed before the envelope is opened by the election judges, so as to not interfere with the secrecy of the ballot.

Section 3. In the first election twenty-four (24) candidates shall be nominated on the Regular Ticket, and twelve (12) elected, the six (6) receiving the highest vote being elected for two years and the remainder for one year. In subsequent elections, twelve (12) candidates shall be nominated and six (6) elected for a term of two years. Each additional vacancy to be filled due to temporary appointment under Article IV, Section 1, will add two candidates to the number to be nominated and one to the number to be elected. Said vacancy or vacancies shall be filled for a one year term by the candidate or candidates receiving the lowest number of votes among all the candidates elected.

Section 4. In case of a tie vote in the last place, the selection shall be made by lot, under the direction of the committee in charge of the election.

Section 5. The members shall vote by mail or in person, by secret ballot in conformity with such additional rules and regulations as the Board of Directors may prescribe.

Article IV. Vacancies.

Section 1. Vacancies in the Board of Directors shall be filled by the Board but only until the next general election, at which time the membership shall elect a Director (or Directors) for the remainder of any such unexpired term or terms.

Article V. Officers.

Section 1. Within two weeks after the annual election, the Board of Directors shall meet and elect officers for the ensuing year as follows: a president, a first vice-president, a second vice-president and a treasurer. All of these officers excepting the treasurer must be members of the board, and the treasurer may be a member thereof. Subsequently, the board may employ a manager who shall be secretary and whose compensation and duties shall be determined by the board.

Section 2. The treasurer, the manager and such other employees as the board may designate, shall each furnish surety bonds in such amounts as the board of directors shall deem necessary, the cost to be paid by the Goodville Chamber of Commerce.

Section 3. The duties of the officers shall be such as their titles, by general usage, would indicate, and such as required by law, and such as may be assigned to them respectfully by the board of directors from time to time.

Article VI. Committees.

Section 1. The board of directors shall authorize the appointment and define the powers and duties of all committees.

Section 2. The president shall appoint all committees subject to approval by the board of directors.

Article VII. Meetings.

Section 1. The annual meeting of the Goodville Chammber of Commerce shall be held at the time specified in the Articles of Incorporation.

Section 2. At all meetings excepting as otherwise provided, five percentum (5%) of the members in good standing shall constitute a quorum.

Section 3. The board of directors shall meet at regular periods. Absence from three consecutive regular meetings without excuse deemed valid and so recorded by the board of directors, shall be construed as a resignation.

Section 4. Special meetings of the board of directors may be called at any time by the president or by three directors, provided that when called otherwise than by the president, a call shall be issued to each director stating the purpose of the meeting, not less than three hours preceding the meeting.

Section 5. At all meetings of the board of directors, a majority shall constitute a quorum.

Section 6. At committee meetings, a majority shall constitute a quorum, excepting when a committee consists of more than nine members, five shall constitute a quorum.

Section 7. All questions of parliamentary procedure shall be settled according to Robert's Rules of Order, whenever they are not inconsistent with the articles of incorporation or by-laws of this organization.

Article VIII. Fiscal Year.

Section 1. The fiscal year shall end with the last day of the month of September.

Article IX. Corporate Seal.

Section 1. The corporate seal of the organization shall consist of two concentric circles, between which shall appear the words, "The Goodville Chamber of Commerce," and in the center shall be inscribed the words, "Corporate Seal," as impressed upon the margin hereof.

Article X. Amendments.

Section 1. These by-laws may be amended by a majority vote of the members in good standing in attendance at any regular meeting, or at any special meeting called for that purpose, provided that such proposed amendments shall be plainly stated in the call for the meeting at which they are to be considered; or such proposed amendments may be voted upon through a mail ballot, in which case the articles which it is proposed to amend together with the proposed amendment shall be clearly stated on the ballot, and a majority vote of all members in good standing shall, in such case, be necessary for the adoption of the proposed amendment.

Section 2. Notice of meetings at which amendments to these by-laws are to be considered shall be mailed to all members in good standing at least seven (7) days prior to the time of the meeting.

NEW BOYS' CLUB NOW ORGANIZED

Name to Be Selected at Meet Called for Next Thursday Evening.

The new boys' club which had its inception at a dinner a week ago last Thursday in the Legion hall will meet again Thursday evening at the Y. M. C. A. rooms below the library to complete the various points as yet not covered and a name will be chosen for the club.

At the first official meeting last Thursday evening sixteen charter members were signed up. The list has been kept open, however, as it was thought that a numbr who were not present at the last meeting will like to join.

There are no restrictions except that the boys be not younger than the average junior class age in high school. The temporary committee which was elected at the first meeting submitted a constitution at the last meeting and this was accepted with a very few revisions. An election of officers was also conducted and the following are to be this year's officials: Milton Larson, president; Lloyd Lonson, vice president; August Langseth, secretary, and Philip Larson, treasurer. Five committee chairmen, who will pick their own committee men, were also elected. They are: Dreng Bjornaraa, athletics; Edward Fiterman, health and hygiene; Roscoe Bakke, education; Leland Knight, vocational, and Clifton Conner, moral and religions. Allison Stitt was chosen to head a special committee devoted to memberships. It is thought that a number of the young men of the city will come to the meeting which opens at 7:30 p. m. Thursday.

Slow Play Characterizes Latest Basket Ball Play

In a slow, easy-going game which ended in a score of 30 to 15, in Thief River's favor, the Lincoln boys played against the Mahnomen team in this city on Monday evening. The Mahnomen boys were evidently not used to playing on a large floor and it took them some time to become used to the auditorium's length. The lineup for the evening was:

Thief River	Position	Mahnomen
Parenteau	F	Priske
Penney	F	Rumreick
Sethar	C	Fullstrom
Sorenson	G	Roohr
Barzen	G	Sanders

Field baskets for the evening: Parenteau 5, Penney 6 and Sether 3 for Thief River Falls; Fullstrom 2 and Roohr 5, for Mahnomen. Elmer Tandberg of Middle River was a very efficient referee for the play.

Lincoln Team Picked for Declamatory Contest Here Friday at District Fray

Thursday evening the last elimination contest in declamation was held in the assembly room of the Lincoln high school and Miss Lucille Roark won first place giving Cavanaugh's "Judith of 1864." Dorothy Swedenburg giving the "Soldier of Fortune," took second place, and Lillian Arnold was given third. On the Thursday before, February 14, the boys had their elimination contest in which Melvin Engelstad, giving Henry Grady's "Vision of War," won first place and Robert Erickson was given second. The two winners in these elimination contests will form a team in the declamation contest to be put on Friday evening at the high school and which will be a sub-district contest with Roseau, Lancaster, Greenbush and Thief River Falls represented. The winning team in this contest will take part in the district declamatory contest competing with the winners of similar contests held in Warren, Crookston and Bagley sometime in March, and the winning team will be declared the district champions and will represent this district in the state declamatory contest to be held in April.

Thief River Boy, Soldier at Snelling, Now Benedict

William F. Herrick, son of Fred H. Herrick of this city, a soldier at Fort Snelling, Minn., and Miss Anna Froehlich of St. Paul, were united in marriage at 3:30 Wednesday afternoon, February 20, at the court house in St. Paul. They will be at home after March 1 at the Sherwin apartments, 189 West Seventh street, St. Paul.

William Herrick is a first class private of Company G, 3rd Infantry, at Fort Snelling, where he has completed two years of the three years term. He is well known in Thief River Falls, having received his education in the local schools. For two years or more he was an apprentice in The Tribune office, going to the front rapidly in the mechanical department. His many friends here extend congratulations and best wishes for a happy wedded life.

SQUAD LOSE ON FOREIGN FLOOR

Thief River Boys Fail in a Hard, Well Fought Battle Friday.

Led once more into the "No Man's Land" of defeat through hard luck, the Lincoln boys again dropped a notch in their game with the Roseau team on last Friday evening at Roseau. The game was hard fought and well fought all the way through with Thief River leading in the 7-5 score at the end of the first half. The boys continued to lead up to the very end of the third quarter when the Roseau boys suddenly pushed their score in the lead and in spite of the good fight put up by the local boys, continued adding to their gains and the play ended 15 to 8 in Roseau's favor. The lineup for the evening was as follows:

T. R. Falls	Position	Roseau
Parenteau	F	Larson
Penney	F	Bell
Mulry	C	Benson
Sorenson	G	Wanner
Barzen	G	Olafson

Field baskets for the evening: Parenteau 1, Penney 2 for Thief River Falls and Larson 2, Bell 1 and Benson 4 for Roseau.

STATE COLLEGE OPENS MARCH 12

Mid-Spring Term at Bemidji Starts April 28; Summer Session Opens June 11.

The regular 12 weeks spring term of the Bemidji state teachers college will open March 12 instead of March 18 as was previously announced. This arrangement has been made at the unanimous request of the students and faculty of the college in order that they may attend the Minneapolis Symphony orchestra concerts to be held in Bemidji on the afternoon and evening of March 13. The present winter term will close at noon on Friday, March 7, as scheduled.

A six weeks' mid-summer term will be offered again this year, beginning on Monday, April 28, if sufficient numbers enroll to justify forming classes. Classes will not be formed for less than ten students in a subject. Those desiring to enroll for the mid-spring term will be required to enter on the date of the opening, April 28, in order to receive credit for their work. The president of the college should be informed by April 1 what subjects are desired by those who expect to attend.

The regular six weeks' summer session will open Wednesday, June 11. The indications are that a larger number than ever will be enrolled during the summer. June 25 will be the fifth anniversary of the opening of the college. For the occasion a program of unusual interest will be arranged, in which educational leaders of prominence will participate. A cordial invitation will be extended to all superintendents, high school principals, teachers and school officials.

Coe-Van Dervort.

A marriage license was issued on Monday by Clerk of Court Adolf Eklund to Thomas J. Coe of Bemidji and Miss Lucile Van Dervort of the St. Hilaire neighborhood. The two young folks were married the same day by Judge of Probate Lars Backe, and left immediately for Bemidji, where they will make their future home.

Vol. 23. No. 51 THIEF RIVER FALLS, MINNESOTA, WEDNESDAY, MARCH 5, 1924 $2.00 a Year in Advance.

DISTRICT TEAMS START TOURNEY HERE THURSDAY

Everything Set For Seven Basket Ball Games of Tournament.

Lincoln Boys Low in Place; Play in Last Preliminary Game.

On Thursday, March 6, the basket ball tournament will open in Thief River Falls and for two days basket ball will reign supreme. The committee in charge of this undertaking has been hard at work for over a week getting things ready and everything possible has been done that the affair may be put over in great style. The teams have all played their last games and are busy preparing for the big final battle of the season. Following appear the eight teams and their standings:

Team	Games	Lost	Standing
Fosston	9	0	1000
Roseau	5	2	714
Ada	10	4	714
McIntosh	8	4	666
East Grand Fork	6	3	666
Argyle	7	4	683
Warren	6	4	600
Thief River Falls	7	5	583

On Tuesday the places of the teams and their opponents were also made known. The names had all been sent in separate sealed envelopes to Supt. I. T. Simley who picked them out in the presence of a chosen committee. In this way is was found which teams should be matched in the four preliminary games to be played on Thursday afternoon and evening. The winners of these games will contend in two final preliminary games to be played on Friday morning. The two winners will fight for the district championship in the evening gams to follow. As placed, the teams are:

First game, 3:30 p.m. Thursday, McIntosh vs. Warren.

Second game, East Grand Forks vs. Roseau.

Third game, 7:30 p.m. Thursday, Ada vs. Argyle.

Fourth game, Fosston vs. Thief River Falls.

The fifth game with the sixth to follow will begin promptly at 10 a.m. Friday morning and the last game, for the district laurels, at 7:30 p.m.

These games should prove of double interest to all who share the pleasure of the sport either as onlookers or as participants, as in all probability this year will mark the passing of the present districting. A referendum recently was taken among the 250 members of the state association and 166 of the schools favored a motion to divide the state into 32 districts instead of the present 16. Final action on the motion will be taken at the spring meeting of the association on April 18.

Earl DeVelling Returns.

Earl DeVelling, who left late last fall by car for Florida to visit at the home of his father, returned to this city Monday evening. Mr. DeVelling stayed for the most part in Fort Meyers, Florida, during the winter months.

FARMERS GIVEN BEET ACREAGE

Six Hundred Acres Allotted to Pennington Growers in One Day's Work

County Agent J. J. McCann and David Wigand of Crookston, representing the Northern Sugar corporation, were busy all day Tuesday clearing the atmosphere in the sugar beet situation. Six hundred acres were allotted on that day alone, this being within about a hundred acres of the total which can be handled in this community during the coming season. Applications had been received by Mr. McCann for nearly 3,000 acres from farmers in this section and a great many will be forced to reduce their acreage while others cannot be taken care of even to the smallest extent. An effort is being made to securee an equitable distribution of 750 acres allotted in this territory in order that as many farmers as possible may be given a chance to raise beets The decision of the sugar company to cut down the acreage this year is a deep disappointment to many farmers who had plannd to go into the raising of beets on a large scale the coming season.

It is earnestly to be hoped that before another season rolls around, some provision can be made for taking care of all the beets that can be raised in Pennington county. Lack of marketing facilities should not long continue to be the means of preventing the natural growth of the industry in a section which obviously is well adapted to the culture of sugar beets.

Golf Instruction at End Unless More Interest Is Shown by Members of Club

Unless a sudden revival of interest is brought about in the course for golf beginners, which has been carried on in the Commercial club rooms during the past few weeks under the supervision of the local golf club, tomorrow evening's period of instruction will be the last, according to officials.

Competent instructors have been present each Thursday evening to give lessons, but it is stated that only four or five of the 25 or more new members of the club have availed themselves of the opportunity to become familiar with the fine points of the game. It is asserted that no other golf club in the United States, so far as is known, maintains a school of instruction for its new members, and it is deplorable that more interest in the venture is not shown here. Prospective golf players should remember that tomorrow evening's session of the school is the last unless a larger class can be obtained.

LOCAL CREAMERY BREAKS RECORD

Last Month Far Surpassed Any Previous February in Institution's History.

That the dairying industry in Pennington county is growing by leaps and bounds is unmistakably indicated in the report of the Thief River Falls co-operative creamery for February. It was by large odds the biggest February in the history of that institution.

A total of 40,000 pounds of butter was shipped during the month, which compares very favorably with some of the heaviest summer months of recent years. February one year ago shows a record of 22,400 pounds of butter shipped, which exceeded by a considerable amount any previous February. On Friday, February 29, 5,000 pounds of high grade butter was shipped to market from the Thief River Falls creamery.

Reports such as the above are pleasing to those who believe that in dairying and diversified farming lie the future salvation of Pennington county farmers. It proves that the trend is in the right direction and that within a few years this section of Minnesota will be known far and wide as the land of "Kows, Klover and Kontentment." When there is a good herd of dairy cattle on every farm and plenty of alfalfa and sweet clover to keep these herds at the peak of production, the prosperity of Pennington county will be assured and this county will become the mecca of farmers from other sections who are in search of a desirable spot in which to establish a home.

NEW SCHEDULES AT MOVIE SHOW

Princess and Lyceum Both to Be Utilized, Beginning Tuesday, March 4.

H. A. Brumund, manager of the Thief River Theatre company, announces an important change in the policy of that company. The Lyceum theatre, which has been closed for the winter, will hereafter be open on Tuesday, Wednesday, Thursday and Sunday nights of each week. The Princess theatre will be open on Friday, Saturday, Sunday and Monday nights of each week. On Sunday nights there will be only one show at the Lyceum, starting at 7:30 and letting out at 9:00. There will be no change in the time of the Sunday night shows at the Princess, the first show starting at 7:15 and the second show at 9:10.

The pictures booked for both the Lyceum and the Princess will be of the very best the market has to offer, and as the Thief River Theatre company uses only a limited amount of the pictures produced each year, the management will select only the best. Starting on Tuesday, March 11, the new series of H. C. Witwer's Collier's Weekly stories starring Reginald Denny will be shown, continuing every Tuesday thereafter.

Work Begun on Alteration of Penney Store Building

Work was started this week on the alteration of the west front of the Evenson building on the corner of Main avenue and Third street, now occupied by the J. C. Penney company. Part of the wall will be bricked up, leaving plenty of space for display windows as well as providing considerable additional room for shelving purposes.

The Penney company is now very nicely settled in its new location, and finds the large floor space of great value in displaying stock and caring for customers.

REPUBLICANS OF COUNTY ENDORSE PRES. COOLIDGE

Convention Favors Passage of Soldier Bonus Law as Soon as Possible.

Six District and Six State Convention Delegates Chosen at Meet.

The Pennington county Republican convention late this afternoon passed resolutions heartily endorsing President Calvin Coolidge for election as president of the United States; favored adjusted compensation as liberal and as speedily as the financial conditions of the country will permit; also favored the relief of the distressed agricultural districts of the Northwest, endorsed the present state administration, and favored the selection of J. S. Arneson as one of the two district delegates to the national Republican convention.

The convention named as district delegates Mrs. J. M. Bishop, Jorgen Eide, Mrs. Gaston Ward, Theo. Quale, F F Haynes and H S. Dahlen. The following were also named as state delegates: J. S. Arneson, E. O. Green, Mrs. J. M. Bishop, B. F. Umland, O. C. Paulson and Nick Bundhund.

F. F. Haynes, Mrs. Ted Tandberg, Chas. McCracken of Numedal, A. F. Hall of St. Hilaire and Ed. Singer of Erie were named as temporary county central committee to be immediately enlarged to include one from each voting precinct, which action is being taken as The Tribune goes to press.

When the convention opened this afternoon there were a goodly number of delegates present, especially from the rural districts, evidencing a return to the ranks of Republicanism of many farmers, who for several years have been apparently drifting with little decision as to their political status.

The committee on temporary organization consisting of Mrs. Gaston Ward, J. S. Arneson and Mrs. M. G. Thoreson of Goodridge was made permanent.

MOVEMENT FOR PICKLE STATION NOW UNDER WAY

Effort Being Made to Contract for Two Hundred Acres of Cucumbers.

Pickle Raising Should Be Profitable Side Line in This County.

The question of raising cucumbers on a large scale in Pennington county for pickling purposes is receiving serious consideration and there appears to be a bright chance that arrangements can be made for the establishment of a salting station here during the coming season. The M. A. Gedney company, one of the biggest pickling concerns in the country, has made an offer to establish a station here providing 200 acres of cucumbers can be contracted for in the neighborhood of Thief River Falls. The Commercial club is taking the lead in the campaign to secure the required acreage and developments during the past week indicate that there is a good chance of success.

J. J. McCann, secretary of the Commercial club, stated this morning that about half of the required acreage has already been contracted, and that a growing interest in the proposition is evident on eevery hand The question was discussed at the meeting of the club last Thursday, and several members took occasion to offer the free use of tracts of land in and near the city for the raising of cucumbers in case folks who have not the necessary ground desire to go into the raising of cucumbers. It is expected that a considerable portion of this land will be utilized by school boys and girls of the city who wish to use it in raising a patch of picklees during the summer vacation. Olaf Neset, Alf Borry and H. A. Pratt have been named as a committee from the club to take charge of the campaign to interest school children in the venture.

Anyone interested in the proposition of raising cucumbers for pickling purposes should make it a point to see County Agent J. J. McCann without delay. He will explain the proposition in detail to anyone desiring this information. As soon as the minimum of two hundred acres is signed up, a representative of the company will arrive to sign up the contracts and make final arrangements for the installation of a pickling station.

CHAS. CORRELL RELATES FACTS ON SUGAR BEETS

Winner of $50 Prize for the Greatest Tonnage to Acre Relates His Experience.

Proves Beets to Be Paying Crop by Very Accurate Accounting of Costs.

At the meeting of the Commercial club last Thursday, Chas. Correll was presented with a check for $50 by President Froehlich of the club. This is the prize offered by Dr. Froehlich for the greatest tonnage of sugar beets per acre raised by a Pennington county grower during the season of 1923 and awarded to Mr. Correll by the judges chosen to officiate in the matter. After awarding the prize to Mr. Correll, President Froehlich requested that gentleman to favor the club with a short talk on his xperiences as a grower of sugar beets. Following is a brief outline of the facts and figures used by Mr. Correll in his talk:

Last season, said Mr. Correll, he had grown slightly less than 23 acres of sugar beets, and had kept very close tab on the cost of raising the crop. He figured that the Mexican labor employed cost him $22 per acre, plus a bonus of 75 cents. Other charges per acre were machinery depreciation, figured at 5 cents; seed $2.85; rent $4.00; hauling beets to market $13.10; plowing $1.50; harrowing 30 cents; seeding 20 cents; rent of seeder 50 cents; cultivating the beets three times $1.50, and lifting the beets, 50 cents per acre. This makes a total cost per acre, labor and everything, of $46.25. This would at first glance appear to be an extremely expensive method of farming, but when the returns from the beet crop are considered it is not so bad. Mr. Correll stated that his 23 acres of beets brought him a gross average return of $81.44 per acre, making the clear profit on each acre of beets $35.19. It is safe to say that few acres in Pennington county last year devoted to other crops can show a greater net profit.

Math Barzen and others gave short talks at the meeting relating their experience in the growing of sugar beets. Without exception the opinion seemed to be that sugar beets are a paying proposition and that some means should be found in the near future for a substantial increase of Pennington county acreage.

Legion Boys to Give Only One Dance—Friday Night

Posters were circulated the first of the week announcing a dance at the Legion hall for Thursday and Friday evenings of this week during the basket ball tournament. After further consideration of the matter it has been decided, however, that only one dance will be given—Friday evening. It is felt that the basket ball players and others will need all the rest possible to put them in shape for Friday's games and for this reason the Thursday evening dance was dispensed with.

CHILD WELFARE BOARD SELECTED

State Board of Control Names Members of Pennington Co. Organization.

For the calendar year of 1924 the State Board of Control has appointed as members of the Child Welfare Board in Pennington county the following: Mrs. J. M. Bishop, Mrs. L. G. Larsen and Ole R. Sande, Thief River Falls; Peter C. Wold, Kratka; and J. S. Roy, St. Hilaire. Seventy-two counties of the state now have organized welfare boards.

The members of this board serve without compensation and are charged with performance of such duties as may be required of them by the Board of Control. It is the duty of the State Board of Control to promote the enforcement of all laws for the protection of defective, illegitimate, dependent, neglected and delinquent children, to co-operate to this end with juvenile courts and all reputable child-helping and child-placing agencies of a public or private nature, and to take the initiative in all matters involving the interests of such children where adequate provision therefore has not already been made.

The child welfare board of each county acts as the agent of the State Board of Control in carrying on this work. It co-operates with the board of county commissioners, the county attorney and the juvenile and district courts in a program of social welfare which each community owes towards its helpless and unfortunate.

Flames Destroy Valuable Furniture in Bank Block Before They Are Checked

A fire which did considerable damage before it could be brought under control occurred in the rooms occupied by Dr. T. M. Kolberg over the First National bank Sunday afternoon. The fire was discovered about two p.m. and in a few minutes the firemen were on the spot going about their work with their usual efficiency. It was mostly because of their ready response to duty that the fire was confined to Miss Kolberg's apartment and did not spread to the other rooms on the second floor of the building.

The flames were checked in a short time and within an hour the fire was declared out. Considerable damage resulted, however, as Miss Kolberg had some valuable furniture in the rooms and, she suffered a loss estimated at from $1500 to $2000. This loss is, for the most part, covered by insurance.

The origin of the fire has not been definitely ascertained.

REV. GERLINGER TO REMAIN HERE

Popular Presbyterian Minister Will Retain Local Charge Indefinitely.

A meeting of Adams Presbytery held in Thief River Falls yesterday decided that Rev. Chas. Gerlinger shall remain in charge of the Presbyterian church here instead of being transferred to Two Harbors, as had been under consideration for some time past. The session here yesterday was attended by Rev. Hibbard of Crookston, Rev. Evans of Red Lake Falls, and Rev. Gray of Bethel, together with members and officials of the local Presbyterian congregation.

The transfer of Rev. Gerlinger to Two Harbors had been rumored here for several days and many had come to believe that such a move was seriously contemplated. The action of the Presbytery in retaining Mr. Gerlinger in his present charge, therefore, will come as welcome news both to members of the local Presbyterian congregation and to the numerous other citizens of Thief River Falls who have come to regard the minister very highly. Rev. Gerlinger is a high type of citizen and a former service man, a man whom any community can ill afford to lose. The Tribune hopes Mr. Gerlinger and his fine family may be allowed to remain in Thief River Falls for many years to come.

NAME DELEGATES TO STATE MEET

Pennington Farmer-Labor Adherents to be Represented at Convention.

Delegates from practically every precinct in Pennington county were present at the county convention of the Farmer-Labor party held Saturday in Thief River Falls. The following were chosen to attend the Nonpartisan League convention in the twin cities on March 12: O. A. Naplin, P. O. Sorlom and R. M. Johnson, while J. E. Nelson, Andrew Trovaton and Jas. Barnett were named as delegates to the Working People's Nonpartisan League convention on the 13th. Of these, four will represent Pennington county at the state convention of the Farmer-Labor party to be held at St. Cloud on March 14.

O. A. Naplin was endorsed by the convention here Saturday for a place on the Farmer-Labor state ticket, but no recommendation was made as to what position he should occupy. Resolutions were adopted, condemning both the Republican and Democratic parties, and endorsing the congressmen who oppose the Mellon tax plan. The resolution strongly urges the passage of a soldiers' bonus law, favoring the Thomas cash payment plan. The Sinclair-Norris and McNary-Haugen bills were endorsed, with certain reservations. The Federal Reserve law also came in for condemnation and the resolution favors its repeal or revision so as to "stop its criminal operation such as it has been hitherto, for the very economic life of the nation depends on a sufficient and stable currency, which should be controlled directly by congress and not delegated by banks or boards."

Regarding a third national party, the resolution says: "Believing that now is a very opportune time to organize an independent national party, we therefore earnestly invite all progressive Republicans and Democrats to join the Farmer-Labor party."

McLeod Attends Meeting.

Stuart McLeod of Goodridge, was in the city Monday evening enroute to St. Paul, where he went to attend the annual meeting of the State Creameries association. Mr. McLeod expects to return Saturday morning.

GRIMM GROWERS LAUNCH BODY AT MORRIS MEETING

State Association Formed to Preserve Purity of Minnesota Grimm Alfalfa.

T. J. Sumpter of Hazel Is Chosen Member of First Board of Directors.

T. J. Sumpter of Hazel returned the latter part of the week from Morris, where he had been in attendance at a meeting called for the purpose of organizing a state Grimm alfalfa growers' association. Grimm growers felt this move to be necessary in order to preserve the purity of Grimm seed within the state and to provide proper means for its correct certification. Mr. Sumpter reports that a wide difference of opinion existed among those at the meeting as to the method of procedure with rgard to certification, and that finally a compromise provision was adopted so that hereafter seed ertified in other states and grown in Minnsota for thre successive seasons becomes eligible to registration as certified Grimm seed, providing it reached the state prior to February 27, 1924. Such seed imported after that date cannot be registered. More stringent restrictions on the importation of foreign alfala seed were considered necessary, and in the end this added safeguard will work to the advantag of the Minnesota grower.

Following are a few excerpts from an article which appeared in last week's Morris Tribune concerning the meeting:

"The original Grimm alfalfa seed was grown in Carver county, and from there has spread over the Northwest. Other states have beaten Minnesota to it and organized Grimm associations, but Minnesota, the home of Grimm, has had no association, and the large importations from other states would surely impair the purity of the Minnesota Grimm strain unless steps were taken to conserve it.

"For that reason, at the suggestion of A. C. Arny of the division if farm crops of the University farm, and A. D. Raedecke, secretary of the Minnesota Crop association, a meeting of Grimm alfalfa growers of the state was called by Supt. P. E. Miller to meet at Morris February 27.

"At the morning session R. F. Crim, extension agronomist of the University farm, gave an address on alfalfa growing, while an organization committee composed of Edward Engebretson of Starbuck, R. R. Buchanan of Graceville, C. F. Kirk of Morris, F. W. Hargraves of Benson, O. A. Strand of Benson, T. J. Sumpter of Hazel, and Nils Skinnemoen of Wendell deliberated on the articles of association.

"In the afternoon Mr. Arny gave an address on seed production and emphasized the superiority of the Grimm strain in contrast with the other hardy strains like Cossack and Baltic.

"The report of the organization committee precipitated a spirited debate on the very question of eligibility with which the committee itself had been struggling and had finally reached a compromise. Minnesota grown seed coming in direct line from the original Grimm field is eligible to certification, and also Grimm seed from outside the state can be certified after it has passed successfully through three winters, but seed brought into the state after February 27, 1924, will never be eligible to certification as Minnesota Grimm. The conditions agreed on represent a compromise. Some growers favored excluding seed that had ever been grown outside the state in any generation, while others wished to have Grimm seed grown outside the state fully recognized. The committee report was adopted."

Goodridge Folks to Put on Genuine Market Day Saturday, March 15th

Roy Halseth of Goodridge was a Thief River Falls visitor Monday afternoon. While in The Tribune office Mr. Halseth stated that Goodridge is planning a market day celebration for Saturday, March 15. Genuine bargains will be offered by all merchants of the eastern Pennington county village for the occasion as an added inducement for the farmers of that section to spend the day in town.

And it won't all be business either. Two fine programs are in course of preparation, one to be given in the forenoon at 10:30 and the other in the evening. Local musical and other talent will be brought into play for the occasion, and it is stated that at least two good speakers will be provided. The Goodridge folks never do anything by halves and it goes without saying that their market day enterprise will be a real treat for everyone.

AS OTHERS THINK

Editor Tribune:

I would like to be permitted to discuss in your paper, as briefly as possible, the pending agricultural legislation, such as the Coulter bill, the Sinclair-Norris bill and the McNary-Haugen bill, and the propaganda now carried on in their favor. Careful study and consideration of these bills will hardly justify the enthusiasm shown in their behalf in some quarters, and will certainly not justify the thoughtless endorsements these bills are given. As farmers we need to be a little careful, and think for ourselves, and not endorse a thing without study and thought just because someone comes around and asks us to do so. Farmers, farm clubs and business men of the Northwest could well send for copies of these bills and study them carefully before committing themselves.

As far as the Coulter bill is concerned it really is a, perhaps somewhat vicious, joke. It is a money lending scheme. It is not meant to help the farmer that really needs help, and so states in the bill. Neither can you help the farmers by urging them to go deeper into debt for cows or for anything else. So far as the Coulter bill goes, make the security for the loans adequate, so that there will be no loss to be borne by the public on these cow loans, and then cut out the part of the bill relating to supervision by county agents, so that our counties may not be compelled to appoint county agents, and let the bill pass if they want it. Cut out the county agent feature in the bill and a lot of shouting will stop. The bill of course might help those who have blooded stock to sell their cows.

The Sinclair-Norris bill and the McNary-Haugen bills are big measures and should not be endorsed thoughtlessly. The Sinclair-Norris bill is really the better bill, and under it the government can do something for the farmer. It gives more chance to help the farmer, but it is perhaps true it will be harder to pass through congress. So far as the McNary-Haugen bill goes we better go a little slow. Perhaps we want it when we understand it, and perhaps we do not. It needs a lot of study. It does not guarantee the farmer a cost of production, or anything else. The only thing the farmer is sure of if the McNary-Haugen bill passes is that he will have a large bill of expense to pay. The farmer will have to pay all salaries, and operating expenses, and in all likelihood a considerable loss on the surplus exported and sold.

Will this scheme raise the price of products sold in the home market? If it does, good and well. If not, we do not want it. It looks a good deal like taking money out of one pocket and putting it in another. Something will undoubtedly be worked out along this line before long. Until we are reasonably sure of our ground, however, we better not thoughtlessly endorse any one particular bill. It would seem that under present conditions at least the government could well assume and pay a part of the salaries and expense incident to setting up and operating this marketing machinery. Under the McNary bill it is all loaded right back on the farmer. The government does not pay a single penny. It would seem best to know what we are doing before we endorse a bill like that. Before we consent to have 10-15 bushels out of every hundred we raise, exported and perhaps squandered, we better have some assurance that the price on the balance will be increased. So send for copies of the bills and study them for yourself and make up your own mind as to its advantages.

Yours truly,
H. G. BERVE,

Germantown, Minn.

Editor Tribune:

In speaking about life destroying elements, it perhaps would not be out of place to mention "Snuff" as one among the most effective. A box of snuff contains more life destroying ingredients than perhaps the most of us would care to know. If its life destroying power was to be stamped upon its cover in public view, chances are that perhaps not quite so much would be used, but a little thing like human life is not to be considered in the making of "snuff" nor in its sale to the public. As a matter of fact, our own great government approves of the life destroying qualities, in permitting its destribution, than a license system.

A box of snuff contains enough life destroying dope to kill from one to two hundred ordinary snakes. All that is required to lay a snake cold in less than five minutes is just what will lay on the end of a match dipped into the snuff box. Try it and count the snakes yourself. What a death grip this must have upon a human being after being over enslaved to the habit. It it any wonder that it is hard to lay off the snuff habit?

If the people were to feed this dope to their cows, sheep and hogs, and thus create a condition of things in the animal kingdom in the shape of stunted, dwarf-like sheep, hogs and calves, in comparison to some of our human things, it would mean a states prison offense, but to let those "human vultures that make it, feed it to innocent human beings and little children seems to be a part of our civilization at the present time.

History of Dairying in Minnesota

ARTICLE 1.

For some time we have had in mind writing a history of the dairy industry in Minnesota, beginning with the first cows that were brought to the state in 1822—102 years ago—and tracing the development of dairying through its various stages up to the present time.

The request of the Thief River Falls Co-operative Creamery Association for dairy material to publish in the local papers for the patrons of their creamery, has prompted us to begin this history.

We shall write a series of 52 articles dealing with this subject, but the purpose of dealing with dairying in the past will be to make the dairying of the present time and of the future more profitable. We have a farm ourselves in the western part of the state and a herd of 30 dairy cows and we know what it means to make a farm pay through dairying.

We shall give particular attention to tracing the development of the co-operative creameries in Minnesota and shall try to point out how important they are to every farmer who milks cows, whether he is an owner of a farm or a renter.

A. J. McGUIRE,
General Manager, Minnesota Co-operative Creameries Ass'n. Inc.

AS OTHERS THINK

Editor Tribune:

I would like to be permitted to discuss in your paper, as briefly as possible, the pending agricultural legislation, such as tho Coulter bill, the Sinclair-Norris bill and the McNary-Haugen bill, and tho propaganda now carried on in their favor. Careful study and consideration of these bills will hardly justify tho anthusiasm shown in their behalf in soma quarters, and will certainly not justify the thoughtless endorsements these bills are given. As farmers we need to be a little careful, and think for ourselves, and not endorse a thing without study and thought just because someone comes around and asks us to do so. Farmers, farm clubs and business men of the Northwest could well send for copies of these bills and study them carefully before committing themselves.

As far as the Coulter bill is concerned it really is a, perhaps somewhat vicious, joke. It is a money lending scheme. It is not meant to help tha farmer that really needs help, and so states in the bill. Neither can yon help the farmers by urging them to go deeper into debt for cows or for anything else. So far as the Coulter bill goes, make the security for the loans adequate, so that there will be no loss to be borne by the public on these cow loans, and then cut out the part of the bill relating to supervision by county agents, so that our counties may not be compelled to appoint county agents, and let the bill pass if they want it. Cut out the county agent feature in the bill and a lot of shouting will stop. The bill of course might help those who have blooded stock to sell their cows.

The Sinclair-Norris bill and the McNary-Haugen bills are big measures and should not be endorsed thoughtlessly. The Sinclair-Norris bill is really tho better bill, and under it the government can do something for the farmer. It gives more chance to help the farmer, but it is perhaps true it will be harder to pass through congress. So far as the McNary-Haugen bill goes we better go a little slow. Perhaps we want it when we understand it, and perhaps we do not. It needs a lot of study. It does not guarantee the farmer a cost of production, or anything else. The only thing the farmer is sure of if the McNary-Haugen bill passes is that he will have a large bill of expense to pay. The farmer will have to pay all salaries and operating expenses, and in all likelihood a considerabe loss on the surplus exported and sold.

Will this scheme raise the price of products sold in the home market? If it does, good and well. If not, we do not want it. It looks a good deal like taking money out of one pocket and putting it in another. Something will undoubtedly be worked out along this line before [illegible]. Until we are reasonably sure of our ground, however, we better not thoughtlessly endorse any one particular one. It would seem that under present conditions at least the government could well assume and pay a part of the salaries and expense incident to setting up and operating this marketing machinery. Under the McNary bill it is all loaded right back on the farmer. The government does not pay a single penny. It would seem best to know what we are doing before we endorse a bill like that. Before we consent to have 10-15 bushels out of every hundred we raise, exported and perhaps squandered, we better have some assurance that the price on the balance will be increased. So send for copies of the bills and study them for yourself and make up your own mind as to its advantages.

Yours truly,
H. O. BERVE.

Germantown, Minn.

Editor, Tribune:

In speaking about life destroying elements, it perhaps would not be out of place to mention "Snuff" as one among the most effective. A box of snuff contains more life destroying ingredients than perhaps the most of us would care to know. If its life destroying power was to be stamped upon its cover in public view, chances are that perhaps not quite so much would be used, but a little thing like human life is not to be considered in the making of "snuff" nor in its sale to the public. As a matter of fact, our own great government approves of the life destroying qualities, in permitting its destribution, thau a license system.

A box of snuff contains anough life destroying dope to kill from one to two hundred ordinary snakes. All that is required to lay a snake cold in less than five minntes is just what will lay on the end of a match dipped into the snuff box. Try it and count the snakes yourself. What a death grip this must have upon a human being after being over enslaved to the habit. Is it any wonder that it is hard to lay off the snuff habit?

If the people were to feed this dope to their cows, sheep and hogs, and thus create a condition of things in the animal kingdom in the shape of stunted, dwarf-like sheep, hogs and calves, in comparison to some of our human things, it would mean a states prison offense, hut to let those "human vultures that make it, feed it to innocent human beings and little children seems to be a part of our civilization at the present time.

History of
Dairying in Minnesota

ARTICLE 1.

For some time we have had in mind writing a history of the dairy industry in Minnesota, beginning with the first cows that were brought to the state in 1822—102 years ago—and tracing the development of dairying through its various stages up to the present time.

The request of the Thief River Falls Co-operative Creamery Association for dairy material to publish in the local papers for the patrons of their creamery, has prompted us to begin this history.

We shall write a series of 52 articles dealing with this subject, but the purpose of dealing with dairying in the past will be to make the dairying of the present time and of the future more profitable. We have a farm ourselves in the western part of the state and a herd of 30 dairy cows and we know what it means to make a farm pay through dairying.

We shall give particular attention to tracing the development of the co-operative creameries in Minnesota and shall try to point out how important they are to every farmer who milks cows, whether he is an owner of a farm or a renter.

Canton No. 10 Entertains.

An entertainment consisting for the most part of dancing and card playing was given by the Canton number 10 for the members of the lodge and also for the Rebekah. A number of members of the Rosean organization were also present, coming down in cars. Over twenty uniforms appeared on the scene and part of the program which was very highly applauded and favorably commented upon was the snappy drill put on by a squad. A large crowd was present and a number of old time dances were put on to the great enjoyment of the visitors. A delicious luncheon was served at midnight by the members, after which dancing was resumed until a late hour. Music for the evening was furnished by H. S. Snyder and Miss Keefe in their usual snappy, melodic style.

Notice of Election.

The annual town meeting and election for Town of North will be held on Tuesday, March 11, 1924, from 9 a.m. to 5 p.m. at the Sons of Norway club rooms, Thief River Falls, Minn., for the purpose of electing officers and transacting such other business as may come before the meeting.

M. H. BALLANGRUD,
Town Clerk.

RESOLUTION.

Thief River Falls, Minn.
March 1, 1924.

The Farmer-Labor Party of Pennington County, Minnesota, in Delegate Convention Assembled, do declare our sentiments and principles as follows:

We condemn the Republican and Democratic parties for their subserviency to the large money interests as shown by the deflation policy inaugurated by the Democratic Administration in 1920, and continued by the Republican Administration after March 4, 1921. This deflation by the Federal Reserve Board wrecked more homes, broke more farmers, industrial business and banks and caused more misery, and loss of values than all other calamities.

We further condemn their failure to prosecute grafters, and to take proper care of our ex-soldiers.

We also condemn their refusal to enact adequate legislation for the relief of the farmers and country banks.

We heartily endorse the stand taken by the Farmer-Labor Congressmen against the Mellon Tax Reduction Plan, which proposed to cut the millionaires' income tax in two while reducing the tax for the small tax payer only one fourth.

We strongly urge the passage of a law, granting adjusted compensation to the Veterans of the World War, which they so justly deserve, and instead of paying it in twenty year certificates, we urge congress to provide for its payment in cash, as provided by the bill introduced in the House by Hon. Elmer Thomas (H. R. 6813) so it will provide the country with the much needed currency besides paying our debt to the boys at once, instead of compelling them to wait twenty years.

We favor the enactment of the Sinclair-Norris and McNory-Haugen bill providing for fixing prices on farm products, but urge upon our representatives and senators to try to have the latter so amended that in cases where the ratio price is found to be below the average cost of production plus 6 per cent profit as determined by the Secretary of Agriculture, then such cost of production price plus 6 per cent profit, shall be established in place of the ratio price.

We demand a thorough revision or repeal of the Federal Reserve Law, so as to stop its criminal operation such as it has been hitherto, for the very economic life of the nation depends on a sufficient and stable currency, which should be controlled directly by Congress and not delegated to banks or boards.

We warn against the Wall Street propaganda for lowering wages and prices, because we want fair wages and fair prices so that we can pay our debts and taxes and not give the creditor class all our earnings, but keep the peoples' purchasing power up to where they can keep industry going.

Believing that now is a very opportune time to organize an independent National Party, we therefore earnestly invite all progressive Republicans and Democrats to join the Farmer-Labor Party, as there is no hope of getting a real clean up in either of the Old Parties.

Be it resolved that a copy of this declaration be sent to F. A. Pike, chairman of the State Central Committee of the Farmer-Labor party, to each of the papers in Pennington county; to the Minnesota Daily Star and to all Farmer-Labor members in Congress.

This is to certify that the attached resolution and declaration of principles were unanimously endorsed.

ANDREW TBOVATON,
Chairman of the Committee.

Secretary.

The solid black line represents increase in telephones from 1910 to 1923; double line, increase in population

TELEPHONE GROWTH EXCEEDS POPULATION INCREASE

SO important a part does the telephone play in the daily affairs of men, that telephones increase much faster than the population.

The hundreds of thousands of new subscribers added to the Bell System annually, require many millions of dollars for switchboards, poles, wire, telephones and other supplies and equipment.

In order to obtain the necessary money from investors to build new plant, it is essential that we have the respect and confidence of the public and be able to pay expenses and earn a fair rate of return on the value of our property.

As a telephone exchange grows, the cost per telephone of providing service is greater, but the value of the service to each telephone user is also greater.

Red Lake county will vote next Tuesday on the proposition of whather or not to continua their county agent. The present incumbent, Mr. Werner, was at one time agricultural instructor in the Thief River Falls high school, and is considered a most capable man. We have no other interest in the matter except the general welfare of Red Lake county, and it is our impression that the progressive county to the south of us can ill afford to part with their county agent at this time, when the keenest competition exists among counties for agricultural supremacy. A backward step now would place a serious handicap upon Red Lake county and we trust the farmers will well consider the matter before they decide to part company with their best friend.

The way to reduce taxes in this country is to continue indefinitely the sale of tax exempt securities, relieving on the one hand the rich people and piling up an unhearable interest burden for the farmer, reasons Congressman Wefald. We notice the people who heard his address in congress on this subject indulged in a great deal of laughter over our congressman's facetious remarks, but our own opinion is that the farmers of the Northwest will not laugh so hard when they discover what kind of a trick has been played on them.

Sheriffs along the houndry line are raising Ned with the booze runners this spring. The sheriff at Hallock has recently captured three big touring cars filled with liquor, and it is said that consternation reigns among the plug uglies of the Twin cities who have heen making their living by the booze running method. People up this way are utterly disgusted with city ideas of law enforcement and now propose to stop the criminals right in their tracks.

"The fellow who is willing to admit that his town is not the best town in the state, ought to change his postoffice address," says the Dawson Sentinel. Fortunately there are no such people in Thief River Falls. The fact of the matter is there is no better town on the face of the globe, and the fact is so patent to all as to admit of no argument. But we do, nevertheless, feel sincerely sorry for people who liva in towns which have objectional features about them.

Seems quite surprising, to say the least, that Congressman Wefald should be afraid to trust the people to vote upon a vital subject as doing away with tax exempt securities. Can it be possible that he has been bunceod by that great ladies' man, Mr. A. E. Bowen, who is now doing missionary work for the farmers down east? Somebody must have slipped somthing over on our Knud, and who better qualified to do so than Artificial E. Bowen.

Judge Cant has refused to discharge from his debts a railroad man who sought to beat his creditors through the bankruptcy law. The judge takes the position that a man who is making good wages should pay his debts—and he is right. Certain it is that the law as it now stands is becoming more and more the medium hy which deadbeats escape from their honest debts.

Dr. Watson and Dr. Bratrud are said to be candidates for delegate to the National Convention. Dr. Mayo and Dr. Copeland have been mentioned as presidental possibilities. It does begin to appear that the two big parties are in a critical condition when so much solicitude is shown by the medical profession.

More than 32,000 pounds of alfalfn seed will be planted in this sector this spring. When you think of Pennington county think of it as the greatest agricultural county in Minnesota—bar none.

Daniel Webster, the famous orator and Secretary of State said: "The longer I live the more highly do I esteem the proper observance of the Christian Sabbath and tha more grateful do I feel towards those who impress its importance upon the community."

The U. S. L. Realty company, of Minneapolis, which beat investors of the Northwest out of several millions of dellars, is being investigated by the Hennepin county grand jury. The principal business of the concern when it operated full blast was ta make paupers aut of thrifty people. However, the officers of the company are so well connected and so well used to good living, that to now send them to jail where they would be exposed to contamination by contact with ordinary criminals, would seem harsh and inhumane. The state should maintain a nice place at Palm Beach for its high toned crooks.

Probably no measura af relief will ever come to the farmer from the various bills pending in congress, although we hope they will all accomplish the purposes claimed for them hy their proponents, hut we do feel that great assistance could be rendered the farmers by tha present administration hy simply placing men in places of responsibility who are somewhat familiar with farming conditions and who are not tied up with the fat boys way down East.

It seems that many newspapers print canned editorials, which is perfectly alright where the editor has not the mental capacity to write his own and is minus opinions worth expressing but the decent thing for such an editor to do is to print the name of the canning factory at the head of his editorial columns in order that his readers may understand whose opinions are being expressed.

At the present time one person out of every twelve in the United States is employed in the government service. If all the farm relief bills now pending are enacted a great many more people will be so employed. After a time most of our people will be government agents, working in various capacities to improve conditions and seeing to it that every man pays his taxes.

Looks like an early spring and Thief River Falls will soon put on her best bib and tucker. Numerous remarks have been passed in late years concerning the neat appearance of our residence districts and this year more than ever will the landscape ba beautified by our residents. She is a pretty good old town any way you look at her.

Local Attorney Wins Suit For Client in Action For Payment of War Insurance

Attorney G. Howard Smith of this city recently received word that he had been successful in establishing the war risk insurance claim of Edwin O. Erickson of Oak Point, near Lancaster, who died some time ago from tuberculosis. The dead soldier had carried a $10,000 policy with the government bnt had allowed it to lapse some time hefare his death. Mr. Smith, however, was able to establish to the satisfaction of the insurance authorities that Erickson had accumulated sufficient credits through his payments on the policy to keep his insurance in force up to the time of his death, aud the department finally allowed te claim in full, amounting to $56.18 per month from June 17, 1922, to October 15, 1941. The insurance goes to Louis Erickson the dead soldiers father.

Attorney Smith, himself a service man, has devoted a great deal of time during the past two or three years in helping his huddies prove their claims against the government aud has been successful in more instances than any other attorney in the state, it is said.

Coach Thune Fights With Crookston Squad Against N. D. Team; Rated a Star

Playing a wonderful game of basket ball and ranked as the star player by the Crookston Times, Coach Thune of Lincoln high faught with the Company M hasket ball team nn Monday evening against the University of North Dakata quint. Much space is given to a description of Thune's play, the audience seemingly being entranced hy his quick foot work and his basket throwing. One of the paragraphs given to Thune's work reads:

"Thune, a new man on the Crookston squad, was the rangiest player on the floor and did much to bolster up the strength of the local quint. Thune, former South Dakata state college basket ball star and now the coach of the Thief River high school team, displayed a pivot dodge that was wonderful to watch, his sudden shift time after time leaving his guard eight to ten feet behind him."

Another notice of his play reads: "Crookston took an early lead when on tha tip off Thune put Company M in the scoring column. A moment later he repeated with a second basket.'

During tha game, Thune made seven field goals and is credited with most of the star plays which made the score 38 to 18 in favor of Crookston.

KEATON IS STAR IN GREAT FILM

"Three Ages" Three Times as Funny and Big as His Old Successes.

The first feature length comedy, "Three Ages," to be made with Buster Keaton as the star, is the best work of this ingenious young comedian. "Three Ages," which appears at the Princess theatre Friday aud Saturday, is replete with laughs and thrills and establishes Keaton permanently in big full length featura comedies.

In "Three Ages" Buster springs with agility from side splitting exposition of life as it was in the cave man era to an hilarious explanation of life as it was in the brilliant reign of triumphant Rome. From Rome he carries ns forward to our own age where he enjoys himself in a keen satire of the modern world, never losing sight, however, of the humorous, the pathetic, the uproarious touches with which modern life is full.

"Three Ages" has a cast of more than two thonsand people in several of the massive scenes staged in a duplication of the age-old Coliseum in Rome.

Elks to Elect Officials at Next Regular Meeting to Be Held Friday Night

Gilbert Granum to Mave.

On Mondsy afternoon Gilbert Granum left for an extended trip throuh the states of Washington, Oregou and California. He will visit for a short time with a brother-in-law, Knute Bretne, who lives in Havre, Mont., and will then proceed to Washington where he expects to visit various sections on the lookont for a new home. Before he makes a decision, however, he may visit California and possibly Oregon in search of a more ideal location. It will be remembered that Mr. Granum has once before moved West and later an abandaned that section in favor of Thief River Falls, af which place he is one of the pioneer settlers. It is hoped that he will soon return, with all thoughts of moving put aside.

Boy Severely Purned.

Stanley Sorenson, the six-year-old son of Henry Tallefson, who resides near Goodridge, was severely burned the other day when he attempted to take the cover off a can of hot water. Th hoy had a can of water which he put on the stove, covering it with a piece of tin. Later he tried to remove the cover and in doing so got his fao too near the can and the escaping steam caused had burns on his face and eyes. He was quickly rushed to the Swedenburg hospital, where h is receiving treatment. His condition is rapidly improving.

Mrs. Della Strubeck.

On Wednesday, February 27, at Tucson, Arizona, occurred the sad death of Mrs. Della Strubeck, the wife of Joseph Strubeck of this city. Mrs. Strubeck had been a sufferer from tuberculosis for the past six years and death came as a relief from much suffering.

Della Strubeck was born in Chicago 34 years ago this month. She spent most of her youth in North Dakota and was married to Joseph Strubeck in Long Prairie, Minn., in 1911. The following year they came to this city where Mr. Strubeck began the Soo Cafe at which he is still the proprietor. Five years ago Mrs. Strubeck left for Colorado Springs where she doctored for a time, also living at different times in Stockton, California, and in Tucson, Arizona, where she later died. She is survived by one daughter, Lillian, and a step-daughter, Theoline, besides her husband, Joseph. The burial took place on Wednesday from the Presbyterian church with Rev. Gerlinger officiating, and the remains were interred in the Greenwood cemetery.

The attention of parents is called to the fact that many children wha must crosa the Soo Line tracks on their way to school or on errands do not use the regular crossings provided by the railraad. There are also a nnmber af children who make the yards a playground. These practices are very dangerous and parents should put a stop to them aa trains and cars are moving almost continually and the children are running a grave chance of being killed or seriously iajured.

Lampert Family Leaves to Make St. Paul Future Home

L. A. Lampert, former cashier of the Farmers and Merchants' State bank, was tendered a banquet at the Evelyn hatel Monday evening by a number of local friends upon his departure for St. Paul, where he will make his future home. Mr. Lampert, who recently has heen connected with the Lyle Culvert company, resigned to take a position with the Capital City Lumber company.

During his residencee of more than five years in the city, Mr. Lampert has heen a consistent booster, a fact which formed the priucipal theme of his friends who responded to the call of the toastmaster at the banquat. Ha aud his wife have been identified with many worthy efforts for the advancement of the city's best interests and their departure occasions general regret.

At the conclusion of the speech making, J. S. Arneson, who acted as toastmaster, presented Mr. Lampert with a handsome traveling bag, the gift of his friends at the bauquet, and the hope was expressed that the departing guest of the evening would make frequent use of the same to revisit Thief River Falls. Mr. Lampert responded by expressing the feeling of regret which he and his wife felt over leaving Thief River Falls. The friendships formed here would never be forgotteu and he expressed the hope that future hunting sasons would find him enjoying his vacations among the familiar scenes of Pennington county.

The family departed for their new home at St. Paul over the Soo Line Tuesday evening.

M'NARY-HAUGEN BILL ENDORSED

Delegation of Business Men From Crookston Conduct Meeting Here Tuesday.

A delegation composed of four Crookston business men, namely Messrs. Zealand, Scott, Hanson and Anderson, the latter being editor of the Polk County Leader, held a meeting last evening at the municipal court rooms at the auditorium with local citizens for the purpose of discussing the McNary-Haugen bill now pending in congress.

It was explained by members of the visiting delegation that Crookston has put on an extensive promotional campaign throughout the country seeking support for the measure, and the main purpose of last night's meeting was the raising of funds to aid in this campaign.

Mr. Zealand, secretary of the Red River Valley Development association, explained the provisions of the McNary-Haugen bill, stating his belief that it provided the only means by which the future prosperity of agriculture could be assured. He said it was only giving the farmer an opportunity to conduct his business along the lines now vouchsafed to all other lines of industry. He was followed by Mr. Scott, Crookston implement dealer, who stated that the proposed measure, while relieving the farmer, would in no wise place additional burdens on the consumer.

Editor Anderson stated his belief that the McNary bill provided the only permanent remedy for the farmer and asserted that unless industry generally rallied to the support of the measure the lack of purchasing power on the part of the farmer would be felt all along the line.

Mr. Hanson made a plea for funds with which to continue the campaign. It is proposed to send C. G. Selvig of Crookston to Washington in order that he may keep more closely in touch with the situation and cause public pressure to bear upon those members of congress who are not now committed to the bill. At the conclusion of the meeting a committee composed of C. L. Hansen, Thos. H. Bjerke and A. F. Hall of St. Hilaire was appointed to arrange for the financial assistance requested.

Olaf Winger Will Operate New Store; Open in April

On April first, a new store will be opened at 210 LaBree avenue, in the building formerly occupied by the Save-U-Money store. This will take the form of a men's outfitting shop and the proprietor will be Olaf G. Winger. Mr. Winger is well known as a man of considerable knowledge along clothing lines as he has been employed for many years in various stores in this city, being with Gen Merc. Co. for six years, and for the Lieberman Bros. store here. Mr. Winger has purchased the entire set of fixtures of the Save-U-Money store and on March 10th, contemplates a trip to Chicago where he will conduct his buying. The store is to be stocked with up-to-date, dependable merchandise and Mr. Winger will be ready for business on April first.

St. Patrick Dancing and Card Party to Be Enjoyed by T. R.-Twin City Club

The Tribune is in receipt of a communication from Lee Ihle, former Thief River Falls boy now living in Minneapolis, stating that plans are under way for a St. Patrick dancing and card party to be given by the Twin City-Thief River Falls club on Saturday evening, March 15, at Shevlin hall, University Campus. The festivities are scheduled to begin at 8:30. The party is in line with the proposed social program outlined last fall and will be the last party before the spring banquet and election of officers. The eats committee has promised a fine lunch at 10:30 to accommodate those who might wish to leave early. The decorating and program committees have some clever plans, which they will not reveal. Rumors are that St. Patrick himself will be there. Tickets may be secured from club members or from Lee Ihle, 1206 Fourth street southeast; Ann Patterson, 703 Delaware street southeast, or from Roy Barzen.

It is quite important that all those who plan to go have their tickets by March 12. The party is not primarily for the young folks, card tables having been provided for the older people.

Mud Lake Case Appealed.

The secretary of the interior has requested the attorney general of the United States to appeal from the decision of the circuit court of appeals to the supreme court of the United States on the case to determine the ownership of the lands in the bed of Mud Lake in Marshall county. This land has been in litigation between the government and the owners of the old shore line along the lake for a number of years.

Club Prize Winners Are Honor Guests at Meeting

Winners in Pennington county club work were guests of honor of the Thief River Falls Commercial club at the regular meeting of that organization last Thursday. Each of the honor guests was presented by President H. W. Froehlich of the club with a suitable certificate, expressing the gratification of the Commercial club for the excellent showing the boys and girls had been able to make.

The honor guests were: Randall and Gordon Hunt, dairy calf club; Myrtle Helgeland and Ansof Dahlen, bread club; Helen Satre, William Froehlich and Wallace Benson, sheep club, and Julia Malmquist, pig club. Of the above, Gordon Hunt and Myrtle Helgeland won free trips to Chicago last fall, and the remainder were awarded free trips to the Minnesota state fair and junior livestock show, St. Paul. A. J. Kittelson, state club leader, gave a very interesting talk at the meeting.

Former Thief River Folks Intefested in Tournament to Be Held Here Mar. 6-7

That former residents of Thief Falls are taking a deep interest in the district high school basket ball tournament which is to take place here Thursday and Friday of this week, becomes evident through a note received the other day from Lee Ihle of Minneapolis. Mr. Ihle says: "To show Thief River Falls people and our basket ball boys that we are back of them in the hoop tourney, I am, in behalf of the Thief River-Twin City club, sending Coach Thune a telegram wishing him and his team good luck and extending them an invitation to a banquet to be held here in their honor if they are able to represent the district in the state meet. We are all interested in the meet up home and want to see them win."

Declaimers Show Decided Talent in Friday Night's Contest; Local Boy First

Melvin Engelstad, giving, "The Vision of War," won first place in the declamation contest held at the high school on last Friday evening, Feb. 29. A Lancaster boy, Oscar Nordine, presenting, "Independence of Cuba," was given second place among the boys. Miss Pearl Holmquist, representing Lancaster, was given first place among the girls with the tragedy, "Mercedes," as her vehicle and Miss Lucille Roark, with the story, "Judith of 1864," was given second place. The boys representing Roseau and Greenbush were Leonard Carlson and Clifford Heltne. The Misses Shalborg Hildahl of Greenbush and Martha Anderson of Roseau were the other girl representatives. The judges for the evening were Mrs. Leora Cassidy of Warren, Supt. Nystul of Middle River, and Supt. H. S. Anderson of St. Hilaire.

The declamations were all very good with, possibly, one exception, showing very evident talent on the part of the contestants for this sort of thing. The restraint used in the delivery of the pieces was especially pleasing. Both orations and stories of a dramatic nature were used by the speakers, but all were different with the exception of "Judith of 1864," which was the vehicle of both Miss Roark, representing the local school, and Miss Anderson, representing Roseau. Just where the district contest will be held is yet uncertain as not all of the sub-district contests have been held. However, this will be made known next week without a doubt as the contest is scheduled for the week of March 17.

A large amount of correspondence was crowded out this week on account of the lack of space.

NUMEDAL

Roosevelt School.

Sunday marked a memorable day for Numedal. The whole neighborhood turned out to surprise Mr. and Mrs. Pete Bugge at their home. Mr. and Mrs Bugge are two of the oldest settlers here and for years have worked faithfully on their farm. They have been unfortunate in having sickness in their family of late, so to show their friendship and sympathy, their friends had planned this surprise. A sum of money to show the esteem of their neighbors was presented by Supt. Ola B. Sands who spoke a few appropriate words emphasizing friendship.

County News

ST. HILAIRE

Community Club.

The St. Hilaire Community club held its regular monthly meeting Friday evening, February 29th. A. F. Hall presided as chairman for this meeting and Sigurd Engh was elected to serve as chairman at the next session in March. M. H. Cackson, Miss Selma Hoff and Mrs. E. Jensen were appointed as a program committee for the next meeting. The program for the evening consisted of selections in a declamatory contest by the high school students and a few musical numbers as follows:

"The Swan Song," by Hazel Fricker.

"In This Sign We Conquer," Marie Grimsrud.

Piano solo, Agnes Hallsmeck.

Patrick Henry's Liberty speech, Paul Erickson.

"Laddie," Pearl Simonson.

"The Little News Boy," Julia Malmquist.

Vocal duet, Hazel Fricker, J. A. Dahl, C. E. Mattison and O. A. Naplin of Thief River Falls and Mrs. E. Jensen of St. Hilaire acted as judges of the declamatory contest, and the contestants were awarded the following prizes: Hazel Fricker, first prize; Pearl Simonson, second prize; and Julia Malmquist, third prize.

The ladies of the Swedish Lutheran church served lunch in the domestic science room directly after the meeting. A very large crowd was in attendance and a very fine meeting was held.

Club Dance.

A club dance was held in the Imperial hall after the show Saturday evening. The St. Hilaire orchestra furnished the music for the occasion. A very large crowd attended including young people from both Thief River Falls and Red Lake Falls. Lunch was served at midnight at the Hans Nyland restaurant. The dance broke up at an early hour, and a very fine time is reported.

Afternoon Gathering.

Burkee, and the Misses Mildred Fellman, Olympia Moen, Lulu Belle Jerpe, and Anna Braunn.

Local Basket Ball Game.

The single men met the married men in a basket ball game on the floor of the local gymnasium last Wednesday evening. The game was very interesting and furnished much amusement for the bystanders, regardless of the one sided score which showed up in a final count of 32 to 8 in favor of the single fellows. The large crowd present appeared to enjoy the game immensely and are hoping to see another of its kind this season. With a little more practice on the part of the married men, they'll give the singles a good chase for honors.

Birthday Celebration.

Last Monday afternoon Mrs. Branum and a number of her old time friends celebrated her seventy-sixth birthday at her home in this village. The afternoon was pleasantly spent in needle work and conversation and a dainty lunch was served by the younger ladies present. OFFICIAL CALL.

Pursuant to a call of the State Central Committee of the Republican Party of Minnesota, duly assembled and in the exercise of the powers and duties conferred upon it by law and pursuant to the call of the Republican National Committee for the purpose of electing two delegates and two alternates to the National Republican Convention to be held in the city of Cleveland, in the state of Ohio, June 10, 1924; and to nominate a candidate for President and for Vice President of the United States, the District Convention for the Ninth Congressional District, state of Minnesota, is hereby called for Friday, the 7th day of March, 1924, at 10 o'clock in the forenoon, at the Auditorium in the city of Thief River Falls, Pennington County, Minnesota.

The representation to said District Convention shall be based upon the vote cast for the Republican candidate for Governor at the general election in the year 1920, each county shall be entitled to elect to said District Convention three delegates at large and one delegate for each five hundred votes or major fraction thereof so cast for said candidate for governor.

In accordance with the above apportionment the several counties shall be entitled to the following number of delegates to said District Convention:

	Del. at large	Del. on basis of vote cast	Tot. Del.
Becker	3	7	10
Clay	3	7	10
Clearwater	3	2	5
Kittson	3	3	6
Mahnomen	3	1	4
Marshall	3	6	9

Wilkin	3	3	6

Total Number 110

All qualified electors, male and female, who are members of the Republican Party, or who believe in its principles and desire to affiliate with said party by supporting its candidates in the coming election, are invited to participate in the primaries and convention provided in this call.

We declare it to be a fair test of an elector's right to participate in such caucuses and conventions to compel such elector, if his right to vote is questioned, to declare upon oath his claims to Republicanism; to compel such elector publicly to pledge himself or herself to support the principles of the Republican Party and its candidates at said coming election.

By legislative enactment, women are given the full right to participate in the caucuses and conventions herein mentioned. The Republican Party rejoices in this privilege extended to women. We, therefore, urge active participation by all qualified women voters.

By order of the Republican District Committee, of the state of Minnesota.

Dated January 31, 1924, Moorhead, Minn.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date April 7th, 1921, made, executed and delivered by Emil Grams and Dora Grams, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants Trust and Savings Bank, a corporation, of Saint Paul, Minnesota, as mortgagee, to secure the payment of the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon at the rate of seven (7) per centum per annum, according to the terms and conditions of one certain promissory note, due April 7th, 1926, made and executed by said Emil Grams and said Dora Grams to said Merchants Trust and Savings Bank and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on April 20, 1921, and was duly recorded in said office in Book 70 of Mortgages on page 23, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated June 9th, 1921, duly assigned by said mortgagee to Magdelena Rapp, of Saint Paul, Minnesota, which said assignment was duly filed in the office of said Register of Deeds on February 26, 1924, and was recorded in said office in Book 75 of Mortgages on page 349, and which said Magdelena Rapp is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the balance of One Hundred Fifty Dollars ($150.00) due on the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00) which became due and payable on the note in said mortgage described on December 1, 1922, and have also failed and refused to pay the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00), which became due and payable on the note in said mortgage described on December 1, 1923, and said Magdalena Rapp, pursuant to the terms of said mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon from December 1st, 1923, at seven (7) per centum per annum, and One Hundred Fifty Dollars ($150.00) and interest thereon from December 1st, 1922, at six (6) per centum per annum, and One Hundred Seventy-five Dollars ($175.00) and interest thereon from December 1st, 1923, at six (6) per centum per annum, and also the sum of Seventy-five Dollars ($75.00) attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted in law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, notice is hereby given, that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Friday, the 18th day of April, 1924, at ten o'clock in the forenoon, at the front door of the Court House in the City of Thief River Falls, in the County of Pennington and State of Minnesota, to satisfy the amount which will then and there be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows to-wit:

The Northwest Quarter (NW¼), of Section Seventeen (17), in Township One Hundred Fifty-three (153), of Range Thirty-nine (39), containing 160 acres, more or less, according to the government survey thereof.

LAUD BISHOFF FOR ABILITY IN RADIO PROGRAM

Thief River Falls Lad and Associates Broadcast Fine Program.

Fan as "The Harry Lauder of the Northwest.

Herman Bischoff, son of Mrs. W. B. Fuller, of Thief River Foils, and a student at the Farihoult school for the hlind, last week had the honor of being called upon to go to Minneapolis with three ossociates for the purpose of broadcasting a musical program over tho radio from station WLAG. Many radio fans in Thief River Falls and vicinity enjoyed the program and state thot it was simply wonderful. Herman sings second tenor in the Blind Boys' quartette and plays the pinno accompaniment in the Art String Quartette.

A large picture of the four boys appeared in the next day's issue of the St. Paul Dispatch and the Faribault News. Contenta on the program were received from all parts of the country, some of which are reprinted below:

"One of the best I have heard for a long time," writes J. E. Sanderson of St. Paul. He added, "Three cheers for Farihault." A. H. Adams, lumber dealer at Jasper, Minn., writes: "You pnt a fine program and surely have exceptionol talent in your wonderful city." Albert Rhame, city engineer at Red Wing, writes thot he, too, "enjoyed listening in to the program given by the Chamber of Commerce.' Andraw Erl of Sleepy Eye was so moved with enthusiasm that he dictated a letter to the chomber while the program was still on. "Am enjoying your program very much; sure is coming in fine. Congrotulations on advertising the twentieth century way," he says.

J. M. Orton of Minneapolis writes his opprovol of the entertainment. W. F. Fenger of North Mankato writes, "Listening in to yonr Chomber of Commerce program broadcasted from WLAG last evening which was very much enjoyed." Jack Lellman of Minneapolis writes he "was sorry when we heard the signing off announcement."

Praises for every number were forthcoming from different sources. "The string quartette was just fine," wrote one admirer. Another characterized Herman Bischoff as "the mnle qnartette cannot he beat," writes one. 'Miss Lyga's reading came in wonderfully," wrote another. The speakers were also complimented.

MAE MURRAY IN FINE DUAL ROLE

Screen Favorite Appears as Russian Peasant and as a Broadway Actress.

Mae Murray in "Fashion Row," latest Tiffany production for Metro release of this favorite star, will appear at the Princess theatre Sunday and Mondoy. The new picture is the hest in Mae Murray's long list of successes.

It has every pictorial and dramatic appeal that delights audiences. The story is interesting, the scenes are stunning, the cast supporting the star is one of high excellence, and Miss Murray is ravishing in the dual role of two sisters. As Olga Farinova, the newest rage of Broadway, Miss Murray is dazzling, and in the role of the drab little Russian peasont girl, Zita, she shows how great must be her oit to portray so realistically these contrasting characters.

Zita comes to America to find ber sister. On boord the immigrant steamer she meets Kaminoff, who discovers her relationship to the girl he once knew as a dancer in a Russian dive. A bitter memento of that acquaintanceship is an ugly scar on his face. So he makes Zita the means of his revenge.

Olga has meanwhile become the hride of Eric Van Corland, son of an old aristocratic family. From a ball the couple give, Olga is tricked by Kaminoff into going to a tenement house where Zita is imprisoned. Exciting events follow in rapid order that will give every spectator a thrill and an extra heart-tug.

In the cast supporting Miss Murray. Earle Foxe, Freemon Wood, Elmo Lincoln and Mathilde Brundage give fine performances. Robert Z. Leonard, director general of Tiffany Productions, of which M. A. Hoffman is general manager, directed "Fashion Row," written for Miss Murray by Sada Cowan and Howard Higgin. Photography was by Oliver T. Marsh and Horace Jackson was art director.

M'INTOSH WINS CHAMPIONSHIP IN FINAL CONTEST OF BASKET BALL TOURNAMENT STAGED MARCH 6-7

Basket Battles by High School Teams Develop Real Class and Create Vast Amount of Interest—Thief River Falls Put Out of Running by Defeat in First Game of Series.

With receipts passing tbe $1,000 mark, and with over 750 peopla attending the Thursday night game and over 1,000 at the auditorium on the final night, the tournament held in Thief River Falls went ovar with a bang. The affair was a complete success from every angle, the gate receipts were well above the expense mark, the attendance was up to the last notch, and the games were all that one could wish in excitement, with good luck and ill fortune cropping up in the most unexpected places.

The tournament, opening with Fosson and McIntosh favored as the most likely winners, ended with McIntosh and Argyle as contenders for the championship. Both these teams were well down in the middle of the tournament list.

Nearly all the games were characterized by long shots, most of the field goals being msde in this manner. Especially so was this the feature of the last game as both teams were showing the effects of the hard grind they had passed through and except for some individual plays which were very good, the teams as a whols did not show any exceptional strength.

McIntosh, as the district champions, also carried off with their title a magnificent silver loving cup presented by the business men of Crookston. On March 19, 20 and 21, the team will be in Minneapolis, and will take part in the state tournament held in the Kenwood armory. Teams from different sections of the state, 16 in number, will take part in this tournament for the championship of Minnesota.

The first game Thursday afternoon between McIntosh and Warren ended with McIntosh an easy winner. In the beginning Warren played ahead coming out at the end of the quarter with a score of 6 to McIntosh 4. However, from then on they were unable to keep up their record while McIntosh seemed to have an uncanny eye for the basket. Much had been expected of the Warren team, bnt the boys did not play up to their usual form. On the other hand, McIntosh had a very good defense as well as offensive play and from the start of the second quarter began to lead in the play, finishing the half with the score of 16 to Warren's 9 and finishing the game 25 to 14. The outstanding player for McIntosh was the guard, Hill. This man's floor work and shooting were exceptional. The lineup for this game was as follows: For McIntosh, Stardig, forward; Torgrinson, forward; Lowe, center; Hill, guard; and Enevold, guard. For Warren, Tullar, forward; Anderson, forward: Peterson, center; Amundson, guard; and Larson, gnsrd.

The game following, played hy East Grand Forks and Roseau, horugbt another team which was well down the center of the tournament list into well deserved prominence. Esst Grand Forks displayed a style which kept Roseau guessing and throughout the first quarter led by one point and gradually gained in speed through the half, ending it with the score of 11 to 4 in their favor. In the second half the East Grand Forks squad shot a numher of very good field goals and kept up a defense Roseau seemed unable to break through. The latter team showed up poorly snd for some reason seemed unable to put the ball through at all. Previous to this game they had been looked upon as strong contenders for the district title. Winning this game with the score of 29 to 8, the East Grand Forks quintet showed themselves to be runners up for the title chsnce of no mean ability. Marcheldon, playing forward and Herrick, center, exhibited a fine brand of playing for East Grand Forks.

The lineup for the game was as follows: For East Grand Forks, Marcheldon, forward; House, forward; Herrick, center; Schmalberg, guard; Borchers, gnard. For Rosesu, Larson, forward; Bell, forward; Benson, center; Skoglund, gnard; and Rice, guard.

On Thursday evening Ada and Argyle began their battle promptly on time and played a game well worth seeing. Both teams were big and rangy, and both came on the floor with the determination to go through. Ada, however, with the veteran team was not able to overcome the speedy Argyle players. The latter team captured the first basket and gradually added to their score until at the end of the first half they had 14 points in their favor, Ada having 7. Both teams resorted to the long shot attack with Argyle having a slight advantage. During the second half Ada warmed up and put up such a fight that the game ended with Argyle only three points in the lead, the score being 16 to 13.

The lineup for the game was: For Ada, Petretzke, guard; Hanson, guard; Olson, center; Prigge, forward; and Torske, forward. For Argyle, Greene, guard; A. Nelson, guard; N. Nelson, center; Bedard, forward; and Eterfield, forward.

Thief River Falls and Fosston followed in a gama of thrills and excitement. Tha local boys won the first basket and followed it immediately with another and a hot first quarter ended with the teams tied, the score being 4 to 4. The boys displayed a wonderful form in the first half, outplsying Fosston to such an extent that the half ended 9 to 6 in Thief River Fall's favor. In the second half, however, the lightness of the local team told against them. Neither were they ahle to cope with the Fosston long shot spree and the game ended 23 to 12 in Fosston's favor. The playing of S. Sovik, forward on tha Fosston team is especially to be noted. Six field haskets were made by him during tha game. Matt Barzen, tha guard on the Lincoln team displayed a very good brand of play also.

The lineup for the game was: For Fosston, D. Mark, forward; S. Sovick, forward; Vik, center; L. Sovick, guard; H. Mark, guard. For Thief River Falls, Parenteau, forward; Penney, forward; Sether, center; Barzen, guard; and Sorenson, guard.

At 10 o'clock Friday morning McIntosh and East Grand Forks clashed in a game which featured McIntosh in their long shooting game and the East Siders with a fast passing game ending in the favor of the former, the score being 22 to 20.

East Grand Forks led through the first hslf and displayed the best brand of basket ball at the tournament. However, McIntosh came back with a long shooting attack which proved disasterous in the end to their opponents. Stardig, playing forward, and Lowe, center, for McIntosh, and Herrick, center, and Marcheldon, forward playing for East Grand Forks displayed a brand of basket ball that was good to look at.

Argyle completely upset all dope in defeating Fosston in Friday morning's semi-final wind up game. Much had heen expected of Fosston, but for some reason the rangy team from the South did not have the ability to come back. Argyle with a "do or die" determination played their best hrand of basket ball in this game although it was somewhst marred by long shooting. This, however, proved n successful attack on the part of Argyle, the game ending in their favor with a score of 21 to 18. Had Fosston been able to reproduce the style of play they exhibited in the Thief River Game, they would have been the winners without a doubt. Nelson, star center for Argyle, played an excellent brand of basket bsll and was responsible for many points in Argyle's favor. Green, playing guard on the same team msde it impossible for Fosston to follow up the long shots they made. D. Mark, forward and Sovick, both on the Fosston team were also outstanding players doing much good work.

The title gsme of the tournament hegan promptly at 8:30 Friday evening and proved to be a game characterized by long shots and numerous wild attempts at the basket. McIntosh began the scoring with a field goal which was immediately followed by another and the quarter ended in their favor after much fighting, the score heing 7 and 3. Much hot play followed in tha second quarter and tbe half ended with Argyle crawling slightly forward in their place, the score being 9 to 6. Both teams showed the affects of the hard grind they had gone through in former games, with McIntosh in the better condition. Much hot playing was done during the trird quarter with all pointa bitterly contested and ended with Argyle slightly ahead of their former position although still behind McIntosh in the score, the board reading 15 and 13. McIntosh had slightly the upper hand in the last quarter and got the only field basket made during this hard fought battle and the score ended in their favor, being 17 to 15. Lowe, the McIntosh center, who had played consistently well in all the games, played exceptionally well on Friday. The Stardig, Lowe, Hill combination for McIntosh displayed some basket ball that was excellent. However, both teams failed to show any especially good brand of game. Argyle put up a good fight, but seemed rather erratic at times, doing soma wild shooting and missing about eight free throws out of ten. Green, the guard for Argyle, put up a wonderful defense for the team. The aggressiveness of their forward, Bedard, was also very good, as was his floor work.

Much credit should be given coach Oreson of McIntosh for the team which he has developed and much ls to be expected to this squad in the state tournament coming off the latter part of the month. The officiating was done by J. W. Smith of Bemidji and Mr. Yngvs of Strandquist, and is to be highly commended and to them goes a great deal of credit for the fine way in which the tournament was run up.

Refrigerator Car on Fire.

A refrigerator car on the Great Northern siding caught fire Tuesday afternoon and ths local department was called out to squelch the flames. The fire started from an oil beater used in keeping perishabla goods from freezing and caused considerable damage before it was brought under control.

Miss Ness to be Nurse.

On Thursday afternoon Miss Betsy Ness, the daughter of Ed. Ness of this city, will depart for Grand Forks where she will enter upon a three-year nursing course at the Deaconess hospital. Miss Ness is very well known to the younger set of Thief River Falls, and especially is she known for her work in the Zion Lutheran church of which shs is a member, having been organist for some time and having taken an active part in the various societies which are part of the church's organization.

REPUBLICANS OF DISTRICT GATHER FOR CONVENTION

About Sixty Delegates Attend Meeting Held at T. R. Falls Friday.

Pledge Whole-Hearted Support to President Coolidge to Succeed Himself.

Tha Ninth District Republican convention held in this city last Friday went on record favoring a strict enforcement of the present laws of the country; expressed sorrow over the deaths of President W. G. Harding and Senator Knute Nelson; evidenced its faith in the ability of President Calvin Coolidge by endorsing him for election; commended the policy of strict economy as being practiced by the national government in the conduct of its affairs thereby reducing the national debt materially; endorsed the efforts being made to alleviate the present financial distress of tha northwest agricultural districts by passage of the McNary-Haugen or similar bills; favored the providing of adjusted compensation for the ex-service men in a fair and equitable manner; stood for the nomination of Col. C. H. March as a delegate at large to the national Repnblican convention at Cleveland; and thanked the citizens of Thief River Falls for the warm reception accorded the visiting delegates; agreed witb Ex-President Harding in the conscription of national wealth and industries as well as of man power during war; and sought the repeal of Section ten of ths Esch-Cummins law.

Such in brief was the report of the resolutions committee composed of V. M. Higginbotham of Red Lake County, Dr. T. F. Rodwell of Mahnomen county, S. A. Sieverson of Polk county, Mrs. Wm. R. Merdink of Marshall county and F. H. Peterson of Clay county.

On the credentials committee were M. F. Hanson of Beckar County, F. F. Haynes of Pennington county, N. A. Holen of Marshall county, J. P. Grothe of Roseau county and Philip R. Monson of Ottertail county. This committee recommended the seating of the various delegates present which in most cases were full compliments from the various counties in the entire district.

The committee on permanent organization was made np by Martin Widsten of Polk county, A. M. Hopeman of Clay county, P. A. Bjorna of Kittson county, Fred Larson of Norman county and A. O. Sletvold of Becker county. The committee favored the making of the temporary committee permanent and the delegates unanimously favored the action, thereby making Wm. L. Peterson chairman and Mrs. A. L. White of Frazee secretary, succeeding Chas. Marden of Moorhead and Mrs. J. M. Bishop respectively, the work of whom was commended by a vote of thanks of the delegates present. The chairman further expressed his thanks for tho work of the previous committee by naming Mrs. J. M. Bishop as vice chairman, which action was approved by the delegates.

Dr. N. M. Watson of Red Lake Falls and Nate F. Field of Fergus Falls were chosen as delegates to the national convention at Cleveland with Mrs. J. M. Bishop of this city and Mrs. Emma J. Harwood of Roosevelt alternates, while P. N. Reese of McIntosh was made presidential elector.

Town of North Election.

The following officers were elected for the Town of North in the election held yesterday. Supervisor, Jorgen Elde; clerk, M. H. Ballangrud; treasurer, Waldie Christensen; justice of the peace, W. H. Quist; constable, Christ Rustad.

Pennington County in Line With Almost Total Acreage Signed Up.

Total Membership Is More Than 12,170; Acreage Under Contract 180,484.

The next time the Minnesota Spud leaves the farm, he'll go protected—by a a gigantic co-operative marketing agency.

This figure of speech summarizes tha campaign to organize the new Minnesota Potato Growars' Exchange.

The organization drive ended March 1, with the state office in possession of 12,170 contracts, covering 100,424 acres. The acreage signed is 40,261 more than tha state quota of 120,163 acres, required under the contract before further steps to establish the agency could be taken. Every mail, up to March 10, was bringing in belated contracts. Tha committee is accepting as members, those whose contracts show they were signed before March 1.

The state agency will begin functioning this year with a membsrship of at least 31 county associations, that number of counties having signed the legal quota of 50 per cent or more of its commercial acreage.

Counties which obtained the legal acreage required follow: Anoka, Aitkin, Becker, Beltrami, Carlton, Chisago, Cass, Clay, Clearwater, Crow Wing, Dakota, Douglas, Hubbard, Isanti, Itasca, Kanabec, Kittson, Lincoln, Mahnomen, Marshall, Mills Lacs, Norman, Ottertail, Pennington, Pine, Polk, Red Laka, Roseau, Washington, Wilkin and Winona.

The executive board of the general state committee met with Aaron Sapiro on March 3, received a report from S. G. Rubinow, campaign manager, and authorized steps to begin the incorporatiou of county associations. This task will be started by holding elections at which members in each county that has its quota will elect five trustees. Plans call for holding these elections just as quickly as possible.

In eight counties in which organization work had been conducted—Benton, Morrison, St. Louis, Sherburne, Stearns, Todd, Wadena and Wright—the required quota had not been obtained when the board met. If belated contracts raise the acreage to the quota, these will be regularly incorporated. If not, those who have first signed will be given an opportunity to withdraw. If enough memhers wish to remain in the organization, special incorporation steps will be taken, after the counties that have the required acreage are organized.

The Minnesota campaign, according to Aaron Sapiro, is the most outstanding success in the history of commodity co-onerative in the United States. "In no other campalgn," he said, "has the quota been so far over-signed. It demonstrates that when business men and farmers work together for common good that they can apply a real remedy to an economic problem."

The success of the campaign is a testimonial to the result-getting force of co-operation. It was supported by the state Farm Bureau Federation, the Department of Agriculture, the Agricultural college, the Farm papers, the country press, the bankers and business men on St. Paul and Minneapolis as well as those in the small towns and thousands in all parts of the state.

New Grain Cleaner Will Be Demonstrated March 14 by Gustafson & Son

A new machine which will remove cockle, wild peas, pigeon grass, wild buckwheat, oats, wild oats, barley, etc. from wheat has made its appearance in the vicinity of Thief River Falls and will be on demonstration at the place of business of C. Gustafson & Son, on Main avenue all day, Friday, March 14.

This machcine has sprung into popularity all through the Northwest because of ths unique way in which it operates. The machine itself contains no fans, sisves, screens or shakers of any kind. It works on what is known as the 'disc" principle of separation.

This new method of separation was tested last fall by government experts and made a gain of 7.8c per bushel, on an average, throughout the whole season'a run. The tests were conducted on farms in Minnesota, North and South Dakota, and the machine was in practically continuous operation during the fall.

The government experts are so enthusiastic about this machine that thay are at the present time urging farmers everywhere to clean grain by the new method.

In order to show just what the machine will do, C. Gustafson & Son state that they will be glad to clean a sack of grain for each farmer who will bring one in to them, so that the farmers can see just exactly what the machine will do on their own grain.

Mrs. Robbecks Dying.

Mrs. G. W. Booren received a telegram this morning stating that her mother, Mrs. Louise Robbecke, is lying at the point of death at her home in Yakima, Wash., her critical condition being due to cancer. Mrs. Robbecke is a well remembered former citizen of Thief River Falls and has many friends who will be pained to learn of her illness. Mrs. Booren and her sister, Mrs. John Hay of Minot, N. D., expect to leave for Yakima, Wash., to be at the bedside of their mother.

Mr. Brown informs The Tribune that he will sever his official connection with the Wheat Growers on May 1, and will soon after that date come to Thief River Falls and will devote all of his time to the practice of law.

MARSHALL MEET CONVENES HERE

Farmer - Labor Convention Wednesday Selects Delegates.

The Marshall county Farmer-Labor convention was held in tha city last Wednesday evening, this point being, in the opinion of Chairman H. O. Berve, more conveniently located for the purpose than any city or village in Marshall county. The meeting was not called to order until late in the evening and lasted until the wee sma' hours. Tha late start gave the delegates arriving on the evening trains a chance to take part in the proceedings.

P. B. Malberg of Excel township, who was a candidate for county auditor two years ago, was endorsed for the state legislature, when Mr. Berve refused to run.

Resolutious were adopted heartily endorsing and commending the work in congress of Senators Henrik Shipstead and Magnus Johnson and Congressman Knud Wefald and favored the re-election of the last two; also endorsed O. A. Naplin for lieutenant governor, or such other office as might be better suited; favored the organization of a national third party; and went on record as favoring some kind of immediate relief for the distressed farmers of the northwest, but not endorsing any of the so-called relief measures now before congress.

A. C. McMillan, P. B. Malberg, W. H. Quist and A. P. Nelson were chosen delegates to the various state meetings to be held in the twin cities.

MARKET DAY AT GOODRIDGE SOON

Saturday, March 15 Named as Date for Next Big Community Event.

Next Saturday, March 15, will be a big day in Goodridge. The folks out there have arranged for a regular old-fashioned market day and indicatious are that a record-breaking crowd will be in attendance. As a special inducement for farmers and others to come to town that day, Goodridge merchants are offering unusual bargains in all lines. There will be something doing from early morning until late at night.

A fine program will be given at 10:30 in the forenoon, consisting of speaking and music. Thomas Vollom of Erskine and J. S. Arneson of Thief River Falls are slated for talks, while the Goodridge orchestra will furnish several musical numbers. P. O. Tvedt will play a trombone solo, while Joe Christianson has consented to render one of his best saxaphone solos. Another feature of interest is the free auction sale which is scheduled to begin at 1 o'clock. Everyone is invited to make liberal use of this sale.

Tha day will wind up with another fine program in the evening, and it is likely that those who care to do so will be given an opportunity to dance. In fact it promises to be a regular celebration all the way around and one which will be well worth while attending. Goodridge folks extend you an earnest invitation to take part in the festivities next Saturday. Be there.

Declamatory Contest To Be Held in Warren Soon

The district declamatory contest has been invited to be held in Warren during the week commencing March 17. So far as Thief River Falls is concerned, the invitation has been accepted and it is generally expected that other schools will also accept Warren's offer. Bemidji, East Grand Forks, Lancaster, and Warren will be represented in the girls' contest, while Bemidji, Crookston, Argyle and Thief River Falls will be represented in the boys' contest.

ALDERMEN WILL TAKE ACTION ON POWER PROBLEM

Committee of Two Appointed to Gather Information on Diesel Engines.

Woman Injured in Fall to Sue Municipality for $2,000 Damages.

With all members present the city council transacted a lot of business in the two bours they were in session last evening, reversing themselves on the insurance question as to protection for the electric light and power plant, reversed its action of two weeks ago as to one application for a soft drink license, received notice of a personal injury claim for $2,000, established office hours in the city clerk's office for the clerks and electricians, decided to send a committee of two to inspect Diesel engines elsewhere before purchasing additional units to furnish sufficient light and power, and received various departmental reports.

Mrs. Julia Ballanger served notice on the city for damages in the amount of $2,000 through her attornay, Theo. Quale, claiming that she slipped on an icy sidewalk February 16 near the Model Steam laundry, spraining her ankle and injuring herself to such an extent that she will be an invalid for life. Ths matter was referred to the city attorney.

The soft drink license application of W. B. Lacey, turned down two weeks ago unanimously, was up for re-consideration following a favorable report from the proper committee, and was duly granted by a vote of four to one, M. V. Evenson voting against the same, and Christ Porter not voting. The committee stated that Mr. Lacey since the last meeting had taken down all the blinds and partitions and the lunch room now presented a clear view from the street.

The application of A. H. Bakke who is managing the Alfred Rasmussen place, was again before the council, but was withdrawn before any action was taken, as it was intimated that it would again be defeated inasmuch as the place was still owned by Mr. Rasmussen, who was recently convicted of violating the liquor laws, such action being sufficient grounds for the council to refuse a license.

Milk licenses approved hy the dairy inspector were granted to O. B. Gunderson, Martin Owen, Amil Olson and T. O. Stageberg. A dance permit was granted to the Legion boys for a dance in the anditorium St. Patrick's Day night, Monday, March 17.

For the convenience of customers of the electric light and water departments it was decided to have the city clerk's office open week days from 8 a. m. until 12 noon and from 1 to 6 p. m.

The council reconsidered its action of the last meeting regarding carrying insurance on the electric light and power house and contents, and instructed the building committee to take out a nominal sum, probably $5,000 of straight insurance thereon, and giving the same to insurance agents only, not to banks or similar institutious engaged in other lines of business. There is also insurance, the clerk stated, on the power house at the dam to the extent of $5,500 and on the auditorium in the sum of $52,000, thus affording sufficient protection to the city, it is believed.

Realizing the necessity of immediately increasing the present power plant, H. A. Brumund and M. V. Eveuson were named as a committee to visit various cities and inspect Diesel engines. The aldermen are pretty much in favor of this type of power and wish to learn first hand as to results elsewhere. The committee will probably visit several places in the two Dakotas and Minnesota at an early date.

Chairman Evenson reported completion of the work of repairing the filtration plant, seven piers having been placed under the building to stop any further settling thereof, the piers going down to hard clay.

The sewer ejectors are being placed in condition so that in case of a freeze stopping the motors now installed, pumps will take care of the sewage and thus not cause any inconvenience.

The report of the chief of police for the month of February showed four arrests while the report of the municipal court indicated collections of fees to the extent of $22.20, while the clerk's report showed a cash balance March 1 of $86,661.99, which is abont $500 more than the previous month. The electric light department showed earnings of $5,254.17 during February.

Legionaires to Meet.

The Elmer J. Eklund Post will meet in their club rooms on Thursday evening to discuss some very important business matters. A big feed is on the bill and every member is urged to attend.

Obituary

Walter Pearson.

On Thursday of last week, March 6, occurred the sad death of Walter Pearson, the son of Mr. and Mrs. Ed. Pearson, former residents of Thief River Falls. The boy, who was a freshman in high school, died at the home of his grand parents from the after effects of a broken appendix. The funeral was held on Saturday from the Lutheran church with burial in the Bronson cemetery. To mourn the loss are his parents, Mr. and Mrs. Ed. Pearson, and a brother and sister, Roy and Norma.

Nels Newman.

On March 5, occurred the death of Nels Newman of Northome after illness of five days. Mr. Newman had been a resident of this country for 21 years, coming here from Denmark, his native country, when he was 30 years old. For some years he was a resident of Austin, Minn. A few years ago he removed to Northome where he was section foreman. Previous to his last illness he had been a sufferer of Bright's disease, but up to March first had appeared well. Suddenly stricken on that day, he was hurried to Hallock where he died four days later. His age at the time of death was 51 years, 2 months and 5 days. He is survived by his wife and nine children.

While a resident of Austin, Mr. Newman became a member of the Odd Fellow lodge and he was buried under the auspices of the lodge in this city on Sunday, March 9. The burial services were read by Rev. G. Larson in the Zion Lutheran church. The body was interred in the Greenwood cemetery.

Mrs. Edith Olson.

On Thursday night, March 6, occurred the death of Mrs. Edith Olson, the wife of Emil Olson of this city at their home here. Mrs. Olson had been a sufferer for some time from cancer and death came as a relief from much pain. She was 48 years old at the time of her death. She leaves to mourn her loss besides her husband, a daughter, Mrs. Jacob Carlson of Minneapolis, one son, Christopher, of Utah, Idaho, three sisters and two brothers, Mrs. Gust Larson of Williams, Minn., Mrs. Sam Moore of Graceton, Minn., Mrs. Levi Gayna of Hooper, N. D. Mrs. Theodora Erickson, Mrs. Hans Hanson, Chas. and William Belter, all of Grafton, N. D. The funeral took place Sunday afternoon from the Hicks undertaking establishment, Rev. Jacobson officiating, with burial in the Greenwood cemetery.

"Long Live the King" Proves Jackie's Best

Jackie Coogan's first Metro picture, "Long Live the King," appears at the Princess theatre Sunday and Monday. This unusually beautiful picture, plus Jackie's wonderful acting, lives up to all the advance praise made for it all during the six months of its production in Hollywood.

Suffice it to say that in "Long Live the King" Jackie does some of the greatest work of his short career. For the first time a radical departure has been made in the type of role he portrays. In "Long Live the King" Jackie is a royal princeling and he is constantly surrounded by royal splendor.

Beautiful sets abound in this production—sets said to have been built at great cost. These and Jackie and the story and the cast round out a great and thrilling picture which none should miss.

"Long Live the King" was directed by Victor Schertzinger from C. Gardner Sullivan's and Eve Unsell's adaptation of Mary Roberts Rinehart's novel of the same name. It was produced for Metro under the personal supervision of Jack Coogan, Sr.

Much misunderstood, the pig! Folks thought he could just "waller" around anywhere and thrive. Now we know he does best in a neat, clean house that is cool in summer and warm in winter. So money-making farmers are walling and ceiling their hog houses with Sheetrock—the *different* wallboard. Costs little, goes up easily, stays put permanently.

For Katherine Rhodes.

Last Saturday evening, Mrs. H. M. Rhodes, 101 Tindolph avenue south, entertained at a prettily appointed six o'clock dinner in compliment to her daughter, Katherine, who celebrated her 12th birthday anniversary, that day. Pink and white streamers were used as decorations throughout the rooms, with the same color scheme for the table decorations. Miss Rhodes was presented with many beautiful gifts as a remembrance of the ocassion. The guests included Margaret Johnson, Elva Tharaldson, Hilda Olson, Alpha Gabrielson, Evelyn Mathewson, Eleanor Carlson, Norma Wedmer, Linea Buckman and Ray Tharaldson. Mrs. Rhodes was assisted in serving by Mrs. T. Tharaldson.

St. Patrick's Dinner.

Mrs. W. H. Gentz entertained a number of her friends at a seven o'clock dinner Thursday evening at her home on LaBree avenue north. Covers were laid for eleven guests and after the dinner, cards and music formed the entertainment during the evening hours. The rooms were lovely in the decorations appropriate to St. Patrick's day. The high score at cards was captured by Mrs. Leonard Hanson and Mrs. Jack Robinson received the consolation prize. Among the guests of Mrs. Gentz were the Mesdames Frank Hoppa, Jack Wassgren, Jack Robinson, Jack Kielty, Leonard Hanson, Harry Schuster, C. Barden, H. McClelland, B. Matheson, Ole Erickson and Ed. Holmstrom.

***

Social Hours.

On Saturday afternoon, Mrs. J. H. McClelland entertained a number of lady friends at her home on Conley avenue. The hours were very pleasantly spent in a social way and late in the afternoon the hostess served a dainty luncheon. Among the guests of Mrs. McClelland were Mesdames. Charles Nason, John Cronkhite, L. Rayson, L. N. Heggau, Nate Harris, L. G. Cooke, C. A. Joslin and W. W. Prichard, Jr.

Community Girls Costume.

The Community Girls held a costume party in their club rooms on Monday night which was reportted as highly successful. Among the many pretty sights were: a shepherdress, Robin Hood, two princes, an Indian maid, some highly successful efforts at "tough" characters and bungalow girls. The rooms were gaily decorated in the St. Patrick theme and a hilarious evening was spent in dancing and various stunts, mainly extemporaneous. A reading of an Irish story was given by Miss Lylian Arnold which was accorded much applause. Later in the evening a delicious luncheon was served by the committee in charge.

Kratka Young Folks Wed.

Miss Lena Kilen, daughter of Mr. and Mrs. Joe Kilen of Kratka, and Gilbert Thompson, of the same township, were married last Saturday afternoon at the Telemarken church, Rev. E. O. Sabo officiating. Alfred Kilen and Miss Stella Thompson were the attendants. After the ceremony a fine wedding dinner was served to the immediate relatives at the home of the bride's parents. Sunday afternoon the newlyweds were tendered a surprise party by a large number of their neighbors and friends, about 50 of whom were present. The time was spent in a social way, and Mr. and Mrs. Thompson were presented with a number of beautiful gifts together with the best wishes of the self-invited guests. An interesting feature of this wedding is the fact that the bride chose her birthday upon which to become a bride. The newlyweds will make their home on the Nelson farm in Highlanding township after April 1.

AS OTHERS THINK

Editor Tribune:

What about discussing the "Moonshine problem?" It has already reached a stage that really threatens our very homes and life itself and it should concern each and all of us that believe in having government regulations established that will seek to protect our homes, our people and human rights. Perhaps some thing can be accomplished. Let us therefore all unite for better world conditions, better citizenship and for higher ideals in life, or in other words, let us as citizens live up to the constitution of the United States of America.

As a question: Will the present methods of prohibition law enforcement be the means of bringing about the desired results—a dry country?

If we are to judge from the results so far obtained through the prohibition law enforcement, we are inclined to believe not. The prohibition law in its present form is wrong to our idea of thinking in that it starts out where it really should finish up. It is a cure prescribed without giving any thought to the cause of the ailment.

When a person is sick and a doctor is called the first thing the doctor does is to try and find out the cause of the trouble, he feels of the patient's pulse, be times his heart, he tests his blood pressure andmakes an examination that continues until he is able to locate the defective part, the seat of the whole trouble, and then prescribes a cure. In no other way could the right treatment be applied.

The craving for drink, be it "moonshine," or any thing else, is a disease and not only a disease but a death grip upon life itself and as long as that craving exists within the system of a human being there can be no prohibition law made severe enough to stop that desire or craving for drink. Consequently, a drink craving person must be diseased to the extent of that craving and must in the same way do as a food hungry person would do, satisfy the craving. It has reached that stage that it has become a part of human nature to those in such condition. That is the one and the main reason why "moonshine" is made and drank and exists to the extent that it does today regardless of right and justice and all law enforcement.

We are often horrified in reading about accounts given of opium and morphine crazed people, but don't stop to think or realize that "moonshine, snuff and cigarettes and all of those things are but a branch of the same tree, and made to create the same results only in a more modest way. Our lives are too dear to us to only be sacrificed to satisfy the greed of these human "vultures" that create this traffic as a feast for the sake of the almighty dollar. Something must be done. Silence creates contempt. Speak up and let us try and put Pennington county on the civilized part of the world map.

Mankato Holstein Hangs Up Record in Production

Mankato Floa Ormsby Mercedes is Minnesota's new champion Holstein cow for the production of butter in ten months as a senior three-year-old, according to the advanced registry department of the Holstein-Friesian association of America. In the herd of Marlow Randall at Mankato this cow completed her test with 19,114.8 pounds milk and 708.83 pounds butterfat—equal to 886 pounds butter.

As a consequence of this record she displaces the former state champion Holstein cow in this class, King Korndyke Pontiac of the W. W. Walker herd at Austin, whose record is 21,614.7 pounds milk and 851.2 pounds butter.

Short Course Dates.

Several in this community have confused the dates of the Junior short course to be held at University Farm, St. Paul, with the one held annually at the Northwest School, Crookston. The dates for the short course at the Northwest School, at Crookston are March 31 to April 4. Since the expense of attending at Crookston is less than that at St. Paul because of the railroad fare, boys and girls from Northwestern Minnesota attend the Northwest school. These short courses are practically the same and are for boys and girls 12 to 18 years of age. Instruction is given in boys' and girls' club work and in matters concerning the farm, home and school. The course at Crookston this year will be the twelfth annual meeting of the juniors. About 200 attend each year.

Annual Report Soon Ready.

The annual report of the Northwest Experiment station for 1923 is on the press and will be ready for free distribution within a few days. Anyone desiring a copy should send name and address to the Northwest Experiment Station, Crookston. This report contains valuable information regarding Northwestern Minnesota farm problems.

Superstition Concerning Moon.

Why is it considered unlucky to see the new moon through glass? Moon-worship is one of the oldest forms of religion, and the new moon as the symbol of reviving life was so sacred that whole tribes would assemble waiting for it to appear. Anyone who saw it through glass must have been indoors, and therefore absent from the sacred ceremony of welcome.

THE PRICE OF GASOLINE.

Gasoline has come to be such a commonly used commodity in this country that the public has a right to know whether or not the recent sharp advances in price are warranted by the costs of production. We greatly suspect that greed on the part of the oil interests have much to do with the present price of their product. We note that farmers in South Dakota are organizing for their own protection to buy oil in the open market in an effort to break up the combination. Such a move ought to be encouraged in Minnesota and we believe the movement should be inaugurated by the State Agricultural Department. We need not speculate upon the prosperity of the oil men. Already the evidence is to the effect that they have been enabled to pay fabulous sums for special privileges in this country, and to permit them further to impose unfair prices upon the public is a crime which ought to be nipped in the bud.

BURNING THE CANDLE AT BOTH ENDS.

How can taxes be reduced in this country so long as no determined effort is made to cut off government expense? Instead of reducing the number of government employes the effort is constantly in the direction of creating new commissions and departments, few of which ever serve any good purpose. As a result an intolerable tax burden has been placed upon all classes of people except such as have their property reduced to actual cash. Such people can escape all taxes by investing their funds in tax exempt securities. Where will it all end? If it is the purpose of the law makers to place the entire burden of taxation upon land and improvements, then assuredly they are moving in the right direction, but that any representative of the farmers would stand for such a policy passes all understanding.

REMEMBER CONCOLIDATED SCHOOLS.

When we hear the repeated assertions of certain people that this or that piece of legislation will prove the panacea by which the whole farm situation will be lifted from the slough of despondency, we are reminded of the agitation which preceded the enactment in this state of the consolidated school act. We know of at least two such schools in Pennington county which have not benefited the farmers to any appreciable extent—not so you could notice it—but which have on the contrary driven some of them from their farms and the confines of the county.

The Tribune has no desire to be unfair to Congressman Wefald, but we insist his recent vote in congress denying the people of the country a vote upon the proposition of tax exempt securities constitutes a betrayal of the trust reposed in him by the farmers of the ninth district. The large investors of the country, including the insurance companies of the northwest, are withdrawing their funds from the farm loan field. In nearly every instance they are insisting upon their money in order that they may invest in tax exempt securities. This condition of affairs certainly has not improved the farm situation, but on the contrary has been a vital factor in bringing about a crisis in the middle west. Money is only a concrete expression of property and as such should not entirely escape taxation. We do not ascribe dishonest motives to our friend Wefald, but if he has been fooled into a false position by men who are unscrupulous he ought to be honest enough to admit the fact. We are sure the farmers will forgive him under such circumstances.

It is stated that California has 122,000 more women than men. Let no man abandon his present haunts on this account, however, as we have it on the best of authority, that the surplus is by no means made up of the kind usually seen on the bathing beaches.

Both the Republicans and Democrats will need to send some of their leading statesmen to the dry cleaners when this oil shower has passed.

THE PRICE OF EGGS

The slump which took place in the price of eggs when biddy, inspired by fine weather conditions, began laying to beat the band, strikingly illustrates what the farmers are up against in their marketing relations with the public. The eggs are worth just as much as they were a month ago from the standpoint of food value, but the price is down because the supply is more plentiful. This would not be the case were the farmers organized in effective units which would enable them to ask a fixed price for their produce.

Farmers' wives at Aberdeen, South Dakota, have the right idea. They say eggs are worth at least 25 cents per dozen, and they will take no less. We believe they are right and if similar action were universal in the middle west, eggs would command a fair price. As the case now stands the farmers compete with each other in reducing prices. Eggs are perishable and must be sold when they are fresh. The public and the cold storage companies know this and take advantage of the fact. Everyone knows the eggs will not go to waste—they will all be used and the consumer will pay enough for them, but the farmers, due to lack of organized sales agencies, will have to take the price dictated by the law of supply and demand, while paying for what they purchase in accordance with the demands of organized industry.

THE PITTSBURGH PLUS PLAN.

If it were not for the iniquity of the Pittsburgh plus plan there would be erected in Minnesota an iron industry which would be of material assistance in building up farm values and in giving employment to our people. As it is we are compelled to pay freight on all iron products to and from Pittsburgh. Were it not for this subsidy to the steel interests, Duluth would have a half million people, for all iron ore produced in this state would be manufactured here instead of aiding in the upbuilding of the cities of the East.

SUBJECT FOR DEBATE

The next time the farmers of Reiner township hold a public debate we propose they choose this subject: "Resolved, that it is fair enough for the farmers to pay taxes upon their land, plus ditch taxes, interest upon their farm loans and ditch bonds, plus the taxes upon the wealth invested in ditch bonds and farm mortgages." Who will take the affirmative side of this question?

The editor of The Tribune thought he was a candidate for delegate to the National Convention of the Republican party at Cleveland. But the delegates to the district convention thought he ought to stay at home and attend to business—and perhaps they were right. And then the weather is so much more comfortable here than in Cleveland during the balmy days of June.

J. E. Jacobson of Lac Qui Parle, the old watch dog of the Minnesota treasury, now wants the state to repeal the primary law and get back to the partisan system of electing men to office. He states that under the present system of electing members of the legislature we shall have a twenty per cent. increase in taxes every session. We are inclined to think Mr. Jacobson is right.

In the stress of the oil investigation too much importance was given the exchange of telegrams between President Coolidge and Publisher McLean. And yet his intimacy as disclosed by the telegram with a discredited rascal such as McLean has shown himself to be, is not entirely to the credit of the chief executive of the United States.

A Minneapolis banker who operated a bank at Scafer, N. D., has been arrested for accepting deposits after he knew his bank was insolvent. If more of that kind were placed behind the bars perhaps we should have more stringent banking laws in this country—and examinations that meant something to the depositors.

We note that the Bemidji Pioneer has been sold to the Sentinel proprietors, Messrs. Mitchell and Marcum. The fact that the Sentinel stands today as one of the aces of Minnesota newspapers insures our sister publication of extraordinary value in promoting the city's welfare along all lines.

There is a wide difference just now between the price of eggs and the price of moonshine. A case of eggs at present prices would hardly buy enough whiskey to make a man sick.

Final Contest of Music Memory Series Is Given by Woman's Club Monday

The regular meeting of the Woman's club will be held on Monday, March 17, at 8 o'clock, in the Commercial club rooms. Social hour hostess, Mrs. W. W. Prichard, Sr. Music memory contest, Mrs. Halvorson. This is the final contest of 16 numbers and will take all of the time occupied by the club's program. The president and secretary have offered a prize to the member who has the greatest number correct. A full attendance is very much desired.

Suspended Sentence Given Boys on Vagrancy Charge

Three boys were brought before Judge Tarrant on Monday on the counts of loitering, vagrancy and begging. Two of these were of Detroit, Henry Paulson and Edi Gorman, both 19 years of age. Paulson and Gorman were given suspended sentence of 60 day on the condition that they leave town immediately and they accordingly left on Tuesday evening for their homes in Detroit.

The other boy, Morland Strom, who is 15 years old, was put under the wing of the juvenile court. His case came up on Wednesday afternoon but was continued for a few days.

Woolson Gets Publicity.

In a special article which appeared last week in the Country Gentleman, written in support of the Coulter bill now pending in congress, is shown an excellent picture of the fine barn and dairy cows on the Guernsey farm of H. C. Woolson of Pennington county. The picture evidently is used to prove the contention that this section of the Northwest is particularly adapted to diversified farming, and the author would have to go a long ways to find better proof than the farm of Mr. Woolson.

Swedish Ev. Mission Church.

Sunday, March 16: Sunday school 10 a. m. Morning service led by A. W. Brodin. Three o'clock p. m. Rev. Geyman of Minneapolis will speak in the interest of the Anti-Saloon League. No evening service. Prayer meeting Tuesday at the home of Gustave Anderson, 309 Markley Ave. N., at 7:30 p. m.

St. Hilaire services Sunday at Black River Chapel at 11 a. m. and 7:30 p. m. All welcome.

Another Tournament.

A district basket ball tournament between various grade school teams of this part of the state is scheduled to come off March 21 and 22 in this city. The council has granted the use of the auditorium for that purpose and a number of teams are on the list to take part in the games. Among the teams to appear are: Badger, Erskine, Fisher, Greenbush, Hendrum, Lancaster, Mentor, Middle River, Newfolden, Strandquist, Twin Valley and Waubun.

Home Burglarized.

During the absence of Mrs. Anna Hoveland and her daughter, Petra, who departed a few months ago for Brush City, Wash., and Michigan, N. D., respectively, their house on south Crocker avenue was entered and numerous articles of value were taken. The date of the robbery is unknown, but the thieves had evidently known of the absence of the owners and had planned a second trip at their leisure as several articles were found rolled into bundles, among them a mattress. The robbery was not discovered until the recent return of Miss Petra, who is employed in Michigan and who had come home for a short stay.

The Impending World Crisis.

Two free public lectures will be given in the auditorium, Sunday, March 16, at 3 and 7:30 p. m., by one of the able speakers of the International Bible Students association, G. G. Nybeck of Minneapolis. Mr. Nybeck has made the Bible a study and will prove to you conclusively that the whole world of mankind is perplexed and looking for a remedy, and can find none. The following questions will be discussed: "What Is the Soul?" "What Is Death?" "What Is Hell?" If a person dies unsaved in this life, is there hope of salvation beyond the grave?' Seats free. All are welcome. No collection.

James Walker Weds.

James Walker, the son of Mr. and Mrs. Bert Walker of this city, was married to Miss Mildred Hiller of Brainard in that city on last Wednesday, March 5. The groom is a very well known young man, having lived here nearly all his life and having many friends among the citizens of this city. For a number of years he practiced civil engineering here and for the past three years has been superintendent of the Roark Construction company at Brainard. The bride is a very popular young lady in Brainard, and very much esteemed by all her friends. Immediately following the ceremony, the young couple left for Chicago and New Orleans and will return to this city by way of Memphis, Tenn., sometime inn the latter part of the month. After a short visit here they expect to leave for St. Cloud, where they will reside.

St. Patrick's Dance.

The Legion will give one of their ever popular dances on Monday to celebrate March 17, the birth of the popular Irish saint, and a wonderful time is promised. The Legion six piece orchestra will contribute all the latest jazz "what is." Indeed the members are busily working up all the good pieces they can find even now and promise a jazz tempo that will be a joy to all those who like to try out original steps and extemporaneous "stuff" on the highly waxed floor of the auditorium.

For Betsy Ness.

Miss Betsy Ness, who leaves tomorrow afternoon for Grand Forks where she will enter the Deaconess hospital to train for nurse, was last Monday evening guest of honor at a farewell surprise given at the home of her aunt, Mrs. Bert Berg, by the members of the Young Peoples society of the Zion Lutheran church. Miss Ness was presented with a traveling bag and a sum of money as a token of remembrance. At ten-thirty a delicious lunch, brought by the self-invited guests, was served.

For Mrs. Henry Dostal.

Yesterday afternoon, Mrs. Ray L. Johnson entertained a few friends at her home, 614 Main Ave. N., in honor of her cousin, Mrs. Henry Dostal, who will next week leave for Chisholm to make her future home. The afternoon was spent at needlework and at four o'clock a dainty lunch was served. The guests included Mrs. Oscar Williams, Mrs. Leonard DuChamp, Mrs. N. Waldorf, Misses Myrtle Williams, Inga Oftedahl and Martha Dostal.

RESOLUTIONS OF CONDOLENCE.

Whereas, the Almighty Father of the Universe in His Divine Wisdom has called to the celestial lodge above

NELS NEWMAN,

a member of Austin Lodge No. 20, I. O. O. F.,

And Whereas the said Austin Lodge No. 20 has requested Young Pine Lodge No. 221 to officiate in its stead.

And whereas, we feel that Oddfellowship in the death of our beloved Brother has sustained a serious loss, but that our loss, though great, is slight in comparison with the loss sustained by the loving wife and family,

NOW, THEREFORE, Be It Resolved that we, Young Pine Lodge No. 221, through the undersigned committee extend our heartfelt and sincere sympathy and condolence to the bereaved family, and we commend them to the love and protection of Him who said, "Come unto me all ye that labor and are heavily laden and I will give you rest."

Be it further resolved that we transmit a copy of these resolutions to Austin Lodge No. 20, that they be spread upon the minutes of Young Pine Lodge No. 221, and that they be published in the local newspapers.

And be it further resolved that a copy of these resolutions be presented to the bereaved family.

YOUNG PINE LODGE NO. 221,
I. O. O. F., Thief River Falls, Minn.
By BERT F. UMLAND,
ADOLPH EKLUND,
GEO. G. SWANSON,
Committee.

Upon motion duly made and seconded the foregoing resolutions were unanimously adopted at the regular meeting of Young Pine Lodge No. 221 on March 11, 1924.

N. J. ANDERSON,
Secretary.

"Service must go on"

HAVE you ever thought how much you depend upon your sturdy friend, the telephone lineman?

Unmindful of his personal comfort, he works long hours if need be, in all sorts of weather, that the telephone may be constantly at your command.

His job is to keep the wires in working order. "Whatever happens, service must go on," is the guiding rule of his work.

Telephone linemen have an important part in our constant effort to provide the best possible service at the lowest possible cost to the public.

FARMERS KEEP POSTED

Last evening, March 11th, WDAP, the Chicago Board of Trade station, broadcasted an editorial that the McNary-Haugen bill had passed the Senate and giving the millers and dealers in futures a warning not to allow it to fly through congress, etc.

The best way to keep posted in these matters is with a good RADIO SET. The cost is very low and the upkeep next to nothing.

THUNE SELECTS DISTRICT TEAM

Thief River Falls Player Is Given Position on Basket Ball Quint.

Coach Thune of the Thief River Falls high school basket ball team, former star on the South Dakota state college quint, bas made selections for all-district mythical teams in the First Minnesota district, which closed its tournament here last Friday evening:

The first team is composed of the following players:

D. Mnrk, Fosston, forward.
Stardig, McIntosh, forward.
Lowe, McIntosh, center.
Barzen, Thief River Falls, guard.
Green, Argyle, guard.

Following is the choice for the second mythical team:

Herrick, E. Grand Forks, forward.
Marchildon, E. Grand Forks, forward.
Nelson, Argyle, center.
Larson, Warren, guard.
Hill, McIntosh, guard.

Concerning the selections, Coach Tbnne says:

"In selecting an all-district team I have attempted to pick a combination of individuals from the eight teams represented in the tournament who have performed in such a manner that has caused them to stand out over the others in ability. In the majority of games the teams did not exhibit any exceptional basket ball, most of them using long shota rather than a passing game.

"D. Mark is a rangy player with a good eye for the basket. He ploys the floor well and follows up his shots. His floor play and shooting ability are exceptional.

"Stardig was the most impressive floor man at the tournament. He has a good pivot and is a clever dibbler with a good eye for both long and short shots.

"Both Low of McIntosh and Nelson of Argyle are exceptional high school centers; however, Lowe played the more consistently. Besides being rangy he has a good jump and handles himself well. His long shooting as well as his clever follow-up shots featured the tournament.

"Barzen has the ability to anylize plays, pick his opponent and go up after the ball off the backboard. Although not an exceptional shot his speed, with his obility to pivot and pass, would make him an ideal floor guard.

"Green is a big athlete who has the ability to break up plays. His work in taking the ball off the backboard and intercepting passes stood out during the tournament."

W. C. T. U. Conducts Fine Meeting; Render Program

The Woman's Christian Temperance Union held a very interesting meeting on Tuesday of last week at the home of Mrs. T. E. Sweger. A citizenship program had been prepared in charge of Mrs. Quale. Four students of the Civics class in high school had been secured as speakers, with the following subjects: Miss Hazel Krause, "Our Country;" Mary Ballangrud, "Our Flag;" John Sether. "Our Government." and Melvin Engelstad, "Citizenship."

The W. C. T. U. wishes to thank these young people for their fine speeches. and also Miss Keefe of the high school faculty for her splendid co-operation. Mrs. Levins of Crookston, district president, also was present, who, when called upon, responded in her usual pleasing way. The W. C. T. U. won many new members. both men and women. The Union also is pleased to onnounce that students of the grades, high school and normal department for the best scientific temperance essays written through our department. C. L. Hansen, president of the First National bank, is giving these prizes.

STAR'S PICTURE MAKES BIG HIT

"The Heart Raider" Proves Very Admirable Vehicle for Agnes Ayers.

That Agnes Ayres is one of the most popular stars of the screen is amply evidenced by the great success of her new Paramount picture, "The Heart Raider," which will he the feature at the Princess theatre next Friday and Saturday with Mahlon Hamilton as leading man.

The story is one of absorbing interest and there is much relishable comedy. At Palm Beach, Muriel Gray, played by Miss Ayres, is making an effort to create o favorable impression on John Dennis, a bachelor, portrayed by Mahlon Hamilton. But the latter believes that Muriel is rather frivolous, and his indifference wounds Muriel deeply. She is determined, however. to force Dennis to toke her in his arms, and makes this her boast. Muriel at first is n miserable failure as a vamp, but finally mokes good her boast.

There is an excellent supporting cast which includes Charles Ruggles, Frazer Coulter, Marie Burke and Chas. Riegal. Wesley Ruggles directed the picture, the scenario for which was written by Jack Cunningham, who made the adaptation of the Emerson Hough novel, "The Covered Wagon." Charles Schoenbaum was the photographer.

Ed. Stokke Proves Cane a Valuable Aid of Defense Against Bandits' Attack

Three masked young men suddenly appeared in the shoe repairing shop of Ed. Stokke on West 2nd street last Wednesday evening, about 8:30 and demanded in the classic phrases his money or his life. Mr. Stokke thought they were joking and paid no attention, merely gazing at them uncomprehensively. Seeing that their victim did not seem to take the demand very ssriously, the young would-be bandits lowered the alternativea to "Two dollars and we'll letcha go." Mr. Stokks stealthily sought for his good stout cane which leaned against the wall near him and with a sudden leap scattered the amateur highwaymen right and left. They fled. On Monday morning three young men who were suspected of tha attempted assault were brought before Judga Tarrant, but as nothing definite could be proven, the case was dismissed.

PYRAMID OIL TO ERECT STATION

Work Started Remodeling Building Purchased of Peoples Auto Co.

By the time automobile traffic starts in earnest, Thief River Falls will have still another beautiful gas filling station. Workmen started this week to tear down the front part of the Peoples Auto company building on Main avenue south and this will be remodeled so as to make of it ons of the finest filling stations to be found along the entire Jefferson highway.

The new station is being erected by the Pyramid Oil company, which last fall organized a branch here and purchased the interests of the Northern States Oil company at this point, and the building was purchased at that time from the Peoples Auto company, which retired from the Thief River Falls field.

With so much local capital behind it and so many people of this community financially interested in the new concern, it goes without saying that the Pyramid company will do n good business from the start. The new station is being built in an excellent location, and will be of a size sufficient to meet all requirements of a long time to come.

H. Wilson Store Robbed; Suspects Here for Trial

Implicated in a robbery which occurred on March 7 and of which Hans Wilson's confectionery in St. Hilaire was the victim, Russel Hillagos and two brothers, Frank and Fred Chapman, were brought before Judge Tarrant in the Municipal court here on Wednesday afternoon. The case was continued, however, until Saturday, and will he reviewed next week in The Tribune. Until Saturday the two Chapmans are out on bonds while Hillagos is lodged in the city jail.

Big Drive in State of Kansas to Sign Up 44,000,000 Bushels of Wheat

Biggest Wheat State in Union to Lead in Co-operative Marketing as Well as Raising of Wheat—One County Signs Up 200,000 Bushels in One Day.—"They're Off," Says Kansas Wheat Growers Journal.

CAMPAIGN TO GET 1924 CROP SIGNED UP BY MAY 24—KANSAS GOVERNOR BACKS DRIVE

200,000 BUSHELS SIGNED UP IN ONE DAY.

L. E. DeVoss, secretary and general manager of one of the big Kansas farmer organizations, under date of February 6th, wrote to President W. J. Brown, of the American Wheat Growers Associated, at Minneapolis, in which he said in part, in speaking of the big wheat drive now being put on in Kansas:

"The first gun was fired in Stafford County last week when two hundred thousand bushels were signed up in one day. Everyone connected with the new pool seems exceedingly enthusiastic and optimistic about the prospects."

Editor's Note: Kansas has had two wheat pooling associations. Recently the two consolidated and reorganized under the name of the "Kansas Co-operative Wheat Marketing Association," hence Mr. DeVoss' expression, "new pool," in the above.

The biggest drive in the 12 wheat states is now being put on in Kansas. Kansas is the biggest wheat state in the nation. To market the American wheat crop on the co-operative market plan, Kansas must do her share and from reports in the Kansas Wheat Growers Journal she is not only going to do her share but is going to lead the way in marketing as well as producing wheat.

Kansas has set a mark to shoot at. 44,000,000 bushels are to be signed up by May 24, 1924, according to the plans of the committee which has charge of the drive. Nationally prominent speakers on co-operative marketing are being brought into that state.

The grain trade, especially at Kansas City, are putting up a fight for their business and trying to stop the drive. "Every issue of many of the grain trade journals," says the Kansas Wheat Growers Journal, "is crowded with articles ridiculing the pooling plan. The mails are carrying daily, letters and circulars to the elevator managers and bankers, sent by the grain trade organizations, telling them of the terrible things in store for the poolers, as viewed by the grain man."

But the Kansas Wheat Growers association say that every knock is a boost and that it is going to put the drive over with a bang.

BIG KANSAS PAPER ENDORSES WHEAT DRIVE

Kansas wheat growers are embattled for the big effort toward establishing cooperative wheat marketing on a sound and stable basis in this state. The campaign, well conceived, is under way. The supreme effort is to get forty-four million bushels of Kansas wheat pledged for the cooperative pool before the 1924 harvest begins. It is felt that if this can be done this year, the cooperative movement will have justified itself in the minds of the Kansas producers.

The campaign deserves to meet with success. The farmers should realize now, if they never have realized heretofore, that cooperative effort is the only kind of effort that will bring them any nearer to independence in the selling market than they have been for the last thousand years.—Charles Drissoll in The Wichita Eagle.

"I am squarely behind the Kansas co-operative wheat marketing association and will do every thing I can to aid in the success of its move to get 44,00,000 bushels of the 1924 crop signed before May 24," said Governor Jonathan M. Davis of Kansas.

Governor Davis has accepted a place on the general state organization committee as representative of the county in which his farm is located.

"Co-operative marketing is the sensible thing to do," declared the governor. "It is also the necessary and most practical means of bringing relief to the wheat growers of Kansas.

"The efforts of the Kansas Cooperative Marketing Association should meet with the hearty support of the people of Kansas, and the growers of wheat should cooperate together in the marketing of their crops."

Other states are reporting.. rapid progress in the national drive to control of the 1924 wheat crop. Winter weather has retarded work in the northern states but renewed effort will soon be put forth all along the line. A new campaign is being planned for North Dakota as soon as weather conditions will permit, and with this in view the North Dakota association is bringing in some outside help in the way of speakers and field workers. Frank Lowden recently spoke in Fargo and Grand Forks, and also in South Dakota for the South Dakota association which is now getting its drive under way.

Minnesota, the baby of the wheat group, still holds the record and Secretary Frederick declares that nothing short of blizzards and zero weather stops organization work in this state. "If all the states follow Minnesota," declares Mr. Frederick, "the national co-operative marketing of wheat will be an accomplished fact by next fall."

Minnesota challenges the other wheat states of the country to do their part, and the news of the big drive in Kansas—the biggest wheat state in the union—comes as a stimulating tonic to the men carrying on the fight in Minnesota and the other states.

A MATTER OF CONTROL.

Control is the magic word of modern business; the U. S. Steel Corporation CONTROLS the output and sale of steel and fix a price; the Standard Oil company CONTROLS 40 per cent of the oil output and fix the price on all oils. The farmers will soon control the bulk of the wheat raised in this country, and when they do—they will fix a price. Just good business, that's all. A big job, but Americans have never been afraid to tackle big jobs, and they generally succeed in a big way.—North Dakota Wheat Grower.

Minnesota Farm Bureau Endorses Minnesota Wheat Growers Marketing Assn.

The Minnesota Wheat Growers' association was endorsed by directors of the Minnesota Farm Bureau Federation last month. A resolution urging Minnesota farmers to support the wheat cooperative was adopted, after the Farm Bureau board had conducted a searching inquiry into the plan and the affairs of the Minnesota association.

Before passing the resolution, the Farm Bureau leaders held a joint meeting with the directors of the Minnesota Wheat Growers association and spent a full half day obtaining information they desired before taking formal action. The resolution says the affairs of the Wheat Growers are being carried on in accord with the principles of cooperative marketing, such as the Farm Bureau sponsors.

The resolution was passed at the close of a 2-day session by the Farm Bureau board, during which time it took steps to carry out the agricultural program adopted at the recent annual convention.—Farm Bureau News Service.

THEY'RE OFF

The campaign is on! They're off! And the race will continue until May 24, 1924, when the flag of victory will be run up, on the headquarters of the Kansas Co-operative Wheat Marketing Association.—Kansas Wheat Growers Journal.

WHEAT LEADS ALL FARM PRODUCTS

Wheat is to farming what steel is to industry. When wheat is high all farm products go up in price. When wheat is low other farm products come down. Wheat is the great leader. One third of all the farmers in the United States grow wheat. It is to be the first great national crop to be organized and marketed co-operatively. Steel is the other great national produce. We produce a surplus of both. Steel has already been organized and is controlled by the Producers of Steel who set the price on steel, which indirectly governs the price of practically everything the farmer buys. High price steel means high priced stoves, plows, pitchforks, etc. High price wheat means high priced corn, oats, barley, spelts and other cereral foods. Organize wheat and control it nationally and wheat will take its place alongside of steel with THE PRICE FIXED AND CONTROLLED BY THE PRODUCERS OF WHEAT. Then only will we have equal exchange between farming and industry, between farmer and factory. Then you will have organization dealing with organization; a dollars worth of steel for a dollars worth of wheat. NOW YOU HAVE A DOLLARS WORTH OF STEEL FOR TWO DOLLARS WORTH OF WHEAT—or other farm products. No single product of America Agriculture has more influence upon the farm life of the country than wheat. No single product of American industry has more influence upon the business life of the country than steel. We have organized steel and prosperity in the industrial life of the country.

LET'S ORGANIZE WHEAT AND GET PROSPERITY IN THE FARM LIFE OF THE NATION. SURPLUS STEEL HAS NOT PREVENTED PROFITS IN THE STEEL BUSINESS. SURPLUS WHEAT WILL NOT STOP PROFITS IN THE WHEAT PRODUCING BUSINESS. ORGANIZATION WILL ATTEND TO THAT, JUST AS IT DID IN THE STEEL BUSINESS.

Local Wheat Councils Now Organizing in Minnesota

The work of organizing local wheat councils is progressing rapidly in Minnesota at the present time. The Minnesota Association has three fields of activity.

The first work is the securing of members and the signing of market-in agreements between the members and the state association.

Following this is the operation of the merchandising or sales department which receives the wheat from the farmer and enters it into the pool, from which it is sold, under the supervision of the state association, thru the national sales agency at Minneapolis and Duluth.

The third and one of the most important activities is the organization both in organization work and in selling the pooled wheat.

These local wheat councils are the most important because they are the local organizations on the ground where the wheat is grown and delivered to the local elevator. The delivery of wheat to the association at the local elevator is the most important function because the association cannot sell the farmers wheat unless the members deliver the wheat to their association. The local wheat council is the local organization which has to do with looking after the delivery of wheat to the elevators, watching the grading to see that the members are not discriminated against, and to file complaints against elevators that discriminate and violate the law, or growers who violate their contracts.

The state association cannot attend to this end of co-operative marketing because state officers are not on the ground, while the local farmers are in constant contact with local conditions when wheat is being delivered and graded.

The local councils also supervise and stimulate the organization work in their respective communities, and already a great number of them, just organized, have set out to secure a hundred per cent signup in their respective townships.

The local council is composed of all the members in a given township, or group of townships, and are organized with a chairman, vice president, secretary, treasurer and a board of directors. They hold regular meetings, and special meetings are called whenever necessary to look after any matter that may come up when the wheat grower or the association's interest needs attention, such as non-delivery of wheat on the part of a member or complaints by members of discrimination on the part of elevators.

The officers of the local council are also in touch with the state organization, and, through it, the members are kept informed as to the progress being made by the state association, of local wheat councils.

The organization of local councils in Minnesota is now under way. This work is being done in the territory where the first drive has been completed by the state organization. There are over fifty local councils already organized and the work will progress rapidly until every township, which has members, will have a local council.

The councils organized thus are in Ottertail, Wilkin, Polk, Norman Chippewa, Lac Qui Parle, Renville, Kittson and Roseau counties, and before the marketing of the 1924 crop commences, the work will be completed so that all deliveries of pooled wheat in Minnesota next fall will be under the supervision of local councils.

Where and when local councils have been organized, every member should give it his enthusiastic support and assist it in completing the organization work to the extent that every wheat grower in his territory is signed on wheat agreements to market their wheat with their neighbor through their co-operative agency. The state nor the national association cannot accomplish anything unless the individual member does his part, and his part in co-operative marketing is to see that every bushel of wheat raised in his neighborhood is delivered to the association and sold by it. Every bushel delivered outside the association makes it that much harder for the association to accomplish its object, which is the control of the wheat crop to the extent that a price may be set, to cover cost of production and a fair profit for the wheat grower.

Boost your local council and attend its meetings.

PRESENT TARIFF LAW INJUSTICE TO FARMERS

President Brown, of American Wheat Growers, Assn. Shows How Farmers Are Not Getting Square Deal—Demands Higher Tariff on Wheat.

Wm. J. Brown, president of the American Wheat Growers Associated, Inc., in discussing the present tariff law and the proposed increase now being asked for by the northwest farmers, made the following statement:

"The protective tariff law which gives protection to labor and American manufacturers is an established policy of the American government. It protects the industry and labor of this country from world imports of cheap merchandise and foreign competition.

"President Coolidge in his message in opening the present Congress said:

'THE PRESENT TARIFF LAW HAS ACCOMPLISHED ITS TWO MAIN OBJECTS. IT HAS SECURED AN ABUNDANT REVENUE AND HAS BEEN PRODUCTIVE OF AN ABOUNDING PROSPERITY.'

"The 'ABUNDANT REVENUE,' which it has yielded to the government, according to the President, is a revenue collected from the American people, or an indirect tax which the American people pay for the high-priced American goods because of the excluding from this country of the cheaper European products. The farmer pays the burden of the 'ABUNDANT REVENUE' to the government and has done so for generations, without complaint.

"The 'ABOUNDING PROSPERITY' which President Coolidge says the present tariff law has brought to this country is not enjoyed by the farmer. This 'ABOUNDING PROSPERITY' is enjoyed by the organized business elements of this country who produce the merchandise and sell it on the protected American market without competition from the cheap products of Europe.

"Now let us see who pays this ABUNDANT REVENUE' referred to by the President, and in giving information as to who pays this bill, I will quote President Coolidge's recent Lincoln Day address in New York, to show that this 'ABUNDANT REVENUE' comes principally from the farmer.

"He said, in speaking of indirect taxes, and urging the enactment of the Mellon tax plan:

'THE HIGH PRICES PAID AND LOW PRICES RECEIVED ON THE FARM ARE DIRECTLY DUE TO OUR UNSOUND METHOD OF TAXATION. I shall illustrate by a simple example: A farmer ships a steer to Chicago. His tax, the tax on the animal and of the yards where the animal is sold, go into the price of the animal to the packer. The packer's tax goes into the price

(Continued on page three.)

DON'T EXPECT TOO MUCH FROM YOUR ASS'N 1ST YEAR

The Minnesota Wheat Growers Co-operative Marketing association signed its first members on May 1st, this year. It was two months before field organization work got under way. It did not get as big a percentage of this year's wheat as some may be led to believe because of the inability to get the field organization into enough counties before the wheat began to move to market.

The organization work in Minnesota could not have started sooner, as the co-operative law was not passed until the late spring. Other states have been in operation for two and three years, so Minnesota will not be able to make as good a showing until next year when the association expects to handle at least half the Minnesota wheat put on the market. For this reason, members should not expect the association to have an influence on the market this year, nor expect a big return over the market price. Remember the grain buyers still control the market and we must have the state fully organized to make a big showing, and the nation organized to set a seller's price on wheat.

So, we repeat, don't expect too much of your organization the first year.

Liverpool Should Not Control Wheat Prices In U. S.

Co-operative Marketing Speaker at Olivia Shows How False Propaganda of Grain Trade Has Lead Farmers and Others to Believe That They Must Accept the World Price for Wheat.

GRAIN TRADE ARGUMENTS SHOT FULL OF HOLES WITH FACTS AT OLIVIA MEETING

J. W. Brinton, speaker for the Minnesota unit of the American Wheat Growers association at Olivia, Minn. shot the grain trade argument against wheat pooling full of holes and exposed the bogy man who says that farmers must accept the Liverpool price for wheat in America. "This propaganda is pure bunk," said Mr. Brinton as he showed with a chart just how prices of manufactured goods in the United States were maintained without regard to the world market, and how labor maintained its wage scale in America without regard to wages in Japan, China, England or other countries of Europe.

The meeting was held in the armory and was called by the officers of local wheat councils of the western part of Renville county. The meeting was called because of criticism of the cooperative marketing contracts which about two hundred Renville county farmers had signed. This criticism appeared in a local Olivia newspaper.

There were over two hundred farmers in attendance and when the meeting was called to order a member of the Minneapolis Chamber of Commerce was present in the audience and later asked permission to address the meeting. This was granted him by the chairman, Mr. H. W. Brummer, a local farmer of Renville. Theodore Enestvedt of Sacred Heart acted as secretary.

After the close of Mr. Brinton's address and when the meeting was thrown open to general discussion, the Minneapolis grain man was recognized by the chairman. He said that he was Mr. Benson, a member of the Chamber of Commerce for the past twenty-five years. He then launched into a defense of his associates and his association, although he had not been attacked by the speaker. He criticized, condemned and ridiculed the cooperative marketing of wheat; questioned the motive of the men behind the movement and insinuated that their characters were not the best by inviting the audience to look up their past activities, "what they were doing ten or fifteen years ago."

It was with difficulty that Mr. Benson proceeded in his address because of the hostility of, and interruption coming from, the farmers present in the audience and at times the chairman had to call the meeting to order so that Mr. Benson could proceed.

When Mr. Brinton secured the floor, after Mr. Benson's attack, he drew to the attention of the audience that he had not criticized the Chamber of Commerce or the men who composed that body. He recalled to the attention of his audience that he had instead praised them as being honorable, honest businessmen, running their business of handling grain lawfully and taking their commission of one and one-half cents per bushel openly and above board. Mr. Brinton added, "they are doing just what you and I would do if we were in their place, if we were in the grain business."

The interruption of the Chamber of Commerce representative put a "kick" into the meeting and after the general discussion had subsided, only two men supported Mr. Benson in his contention; the man who wrote the article criticizing the association, which brought about the meeting. and the other being a grain dealer who admitted he had just returned from the grain dealers meeting in Minneapolis, where he said he had heard "fine speeches" and where, Mr. Brinton brought out by questions directed to him, he had banqueted with other grain dealers and members of the Chamber of Commerce. This brought mirth and laughter from the crowd and when a resolution was put by the chairman, endorsing cooperative marketing and asking the government for a higher tariff on wheat, it was passed unanimously without an opposing vote.

"You've been told by the grain trade, and others who ahve been misled by their propaganda, that because wheat is a world product the farmer must accept the world price or the Liverpool market. This is pure bunk," said Mr. Brinton in opening his address on cooperative marketing of wheat, after outlining what had been accomplished in marketing other farm products in other parts of the country.

Continuing on the subject of world markets and prices Mr. Brinton said:

"Steel is a world product, but the world price on steel and steel manufactured articles does not control the American price.

Another Offer of Assistance.

W. I. Norton, member of the Legislature from Minneapolis, and speaker of the last House of Representatives, is among the prominent Minnesotans who have offered assistance in the cooperative marketing drive being made in Minnesota. On the 28th of December last, Mr. Norton in a communication to the state association said:

"If at any time I can be of assistance to you, I hope you will call on me."

Renville Banker Endorses Minnesota Organization.

"The undersigned have met and discussed with Mr. William G. Kienast, Mr. Florine and Mr. McGinty the question of the merits of the Minnesota Wheat Growers Co-operative Marketing Association.

"I am firmly convinced that they have a splendid plan and one that deserves the cooperation of the farmers and business men in every community. Cooperation is the spirit of the times, and unless there is more of it practiced in the near future than there has been in the past between the businessmen and the farmers the longer will be the delay in bringing conditions back to normal.

"While we have not gone into the workings of the organization in detail, we believe they have a plan that will work out successfully and no doubt will be enlarged on in the near future whereby they will be marketing all the grain the farmers produce in the district that they are operating in.

T. O'CONNOR, President,
O'Connor Bros. State Bank,
Renville, Minnesota.

"Labor is a world product, but the price of labor in China, Japan, or Europe does not dominate or control the American labor market.

"Manufactured clothing is a world product, but the price of clothing in Germany, England, or other foreign countries does not control the American price of clothing.

"Cutlery is a world product, but the price of European cutlery, the best in the world, does not control the price of cutlery in the United States.

"The Japanese price of manufactured silk goods does not control the price of silk clothing in America.

"The tariff protection enjoyed by the manufacturers of America who sell you the things necessary for your farm and farm home, was not secured until at first they organized, controlled their product, arrived at its cost of production, and then, in order to enjoy a high price and a profit, through organized effort, through the United States Chamber of Commerce, the highest tariff wall ever known in America was established in 1922 to keep out of this country the cheap world products so that American manufacturers could set their own price without regard to world prices.

Notice to Co-Operators

If you want a speaker in your community to speak on co-operative marketing, write to Secretary W. H. Frederick, of the Minnesota Association, at Thief River Falls. Whenever possible, they furnish speakers to address community clubs, conventions, annual stockholders' meetings of elevators or creameries, or other farmers' gatherings.

"President Coolidge said in his recent message to Congress that the present tariff law was a good law; that it must be maintained because it has brought prosperity, meaning of course, prosperity to manufacturing interests. You see the tariff wall keeps out the cheap clothing and manufactured articles of other countries. When you buy American-made goods the price you pay is the American price based upon American wage scale, an American standard of living, an American standard of profits and what the American manufacturer deems a reasonable price, which has nothing to do with the European price or the Japanese price where goods are manufactured the cheapest in the world because of Coolie labor.

"The American Federation of Labor did not secure protection nor a high wage scale until they first organized the American Federation of Labor. With five million dues-paying members under the leadership of Samuel Gompers, they secured in the last congress, protection from the cheap labor market of the world. Just as the United States Chamber of Commerce secured its tariff wall to protect the factories and business men of America, Samuel Gompers secured for the American Federation of Labor the present immigration law which keeps out of America the millions of working men now standing in line receiving public charity—men willing to work for their board and clothing if they could get into America—men from Italy, Austria, Germany and England—millions of them. England is going through her third winter of unemployment with public soup houses to feed unemployed of England.

"So you farmers can see that the world price of labor has nothing to do whatever with the labor market of America. You are compelled to pay an organized and protected high price for the manufactured articles needed to operate the farm, and these prices you pay for labor and farm equipment

Wheat therefore, and naturally, is the first big national crop to be mar-

and the necessities of life needed by your family have nothing to do with the world prices.

"If organized labor can secure for the American laboring men a high wage, out of all proportion to the world market, you grain growers, by organized effort can secure and maintain a high price for your wheat and grain by the same organization and plan.

"If the United States Chamber of Commerce can secure for organized business a high price for the manufactured articles which you buy without regard to the world price of these articles, certainly you farmers can do the same thing. It is not a theory nor a dream; it is a practical plan demonstrated to you by five million laboring men and by the big business men and corporations of America.

"President Coolidge said in his last message to Congress that the immigration law which keeps the cheap labor out of America is a good law and must be maintained; that America must be protected for Americans, just as American business must be protected for American business men. Organization and the tariff, as the President said, brought abundant prosperity to America, and the anti-alien law and the immigration law has brought high wages to the American working man, and the organized business man and the organized working man are powerful and strong enough, because of their organizations, to see to it that the Congress or the politicians shall not compel them to compete with world prices or world labor.

"Now, I will show you what the grain trade say you must do and what you are doing at the present time, accepting the world price for your product while paying the high American price for that which you buy.

"Organized business and organized labor set the price on their products, but the Liverpool wheat speculators and the largest wheat dealers in the world at Liverpool set the price on your wheat. It is a good thing that the Chinaman isn't raising wheat instead of rice or you would be competing with the Chinaman instead of with the European Russian peasant or the farmer of Argentina.

HOW THE WHEAT CO-OPERATIVES ARE FINANCED

The wheat co-operatives are financed by two sources. Farmers are advanced 75 per cent of the value of the wheat at the time of delivery. This money is secured from the Intermediate Credit banks, established by the last Congress, and the big banks in the larger cities that make a business of financing grain on warehouse receipts.

"We have a 30 cent tariff on wheat, but if the tariff was five dollars a bushel instead of thirty cents, it would do you farmers no good as long as you accept the Liverpool market which the grain trade tell you you must accept.

"A raincoat is no good if you don't use it. A tariff wall is no good unless you organize yourselves together, as laboring men and business men do, to set a price on your products and when you do that, a tariff wall may be necessary to protect the price which you set on American wheat against the cheap wheat of the world.

"Liverpool is the largest wheat market in the world and the price of wheat in Liverpool is set by the buyer of wheat, and when the buyer of wheat bids and pays $1.19 a bushel that becomes the wheat market of the world because no one else in the wheat market can dispute them, just as the Standard Oil sets the price of oil with no one big enough to dispute them. So the American speculators and wheat buyers follow the Liverpool market and pay about the same price for wheat at Chicago, Minneapolis and Winnipeg.

"The price of wheat on the 31st day of October, 1923, for December delivery, was $1.19 at Liverpool and it was 98 cents at Winnipeg. If you add the Liverpool price, $1.19, to the Winnipeg price, 98 cents, and divide it by two, you have the average world price outside the United States, or $1.08½, and that is just what it was in Chicago on that day, within one-half a cent. And Chicago is the largest wheat market in America. So you see you do accept the average world price for your wheat.

"The price in Minneapolis that day was $1.14, and the Chicago price was $1.08. The reason the Minneapolis price was $1.14 and the Chicago price $1.08 is because the Minneapolis market is a hard-spring wheat market while the Chicago market is a soft-winter wheat market. What good does the thirty cent tariff do you in actual operation? It looks just like thirty cents. The reason the tariff has no effect upon your local American market is first, because you do not control your product and accept the Liverpool market without regard to tariffs, cost of production, American labor, American binders, pitchforks or anything else; and, second, because the Liverpool option market dominates and it doesn't cost any freight, and no tariff is collected on telegraphic purchases of options over the telegraph wire or cables.

"Now I am going to show you how you could make tariffs effective and how you can set a price on your product.

"The farmers could maintain a high price on American wheat and other grains, just as high prices are maintained on labor and manufactured articles, but don't misunderstand me. The tariff wall will not give you an American price on your product. As long as the buyer sets the price, you will lose money raising wheat except in abnormal times like a war which upsets all prices and markets.

"First comes organization. Create your own machinery to hold, control, and sell your wheat, just as the tobacco grower has organized his machinery to hold, control and sell the American tobacco crop. Now that the tobacco grower is organized and sets the price on his own tobacco, he has a tariff wall from 35 cents to $2.75 a pound, which keeps out tobacco from other countries so that he does not have to compete with the world tobacco growers.

"But, if the American tobacco buyers were still setting the price on tobacco, it would not be thirty cents a pound. When they set the price after the war it was ten cents a pound.

"The American grain farmer must first create his machinery or organization to control American wheat. Then when his organization becomes the largest dealer in wheat in the world, when it dominates the wheat market, it could by orderly marketing instead of dumping, obtain a price of $1.50, $2.00 or $2.50 per bushel or any other price necessary to put agriculture on an equal basis with other industry. Then because or the strength of the farmers' organization and the justice of his proposition, he could compel the tariff wall to be built high enough to protect that price, and to give to the farmer of America, cost of production, based on an American cost of producing wheat, American wage scale, American standard of living, American cost of binders, and an American profit; and this $2.00 or $2.50 wheat could be maintained without regard to the wheat in Canada or the $1.19 wheat in Liverpool.

"But, the grain trade say that we have a surplus of wheat. They say we have a surplus of two hundred million bushels or 25 per cent of the wheat we grow must be exported. We will accept this statement although it is disputed by some wheat authorities. But we accept it, as we accept and know that we produce a surplus of manufactured articles and at times have a surplus of labor. You have heard the statement and it is true that sometimes binders sell in Siberia and Europe for less money than you pay. They sell a great many binders to you at an American price, and make a lot of money on a lot of binders, and then, sometimes, when they have a surplus, they sell that surplus in foreign countries, possibly at a loss—to introduce American machinery in Europe—but nevertheless the surplus has been sold abroad at a different price. So you see they make a lot of money on a lot of binders in America and lose some on a few binders sold on the world market, with the result that they made a good profit on all the binders they produce and sell. And the price you pay for the binder has nothing to do with the price of American-made binders in Europe or China.

"So, if the American wheat farmer must sell some of his wheat at a loss, he can make enough money on what he sells in America to give him a profit on his whole crop. As I indicated, here, a farmer, for instance, raised 800 bushels of wheat; he could sell 600 bushels on the American market at $2.00 a bushel, the price set by the organized wheat growers' association, which would give him $1,200.00 for the 600 bushels. Then, accepting the world market price on his surplus of 200 bushels, he would receive $1.00 a bushel for 200 bushels on the Liverpool market, giving him a total of $1,400.00 for 800 bushels instead of $800.00 for 800 bushels, which he now receives.

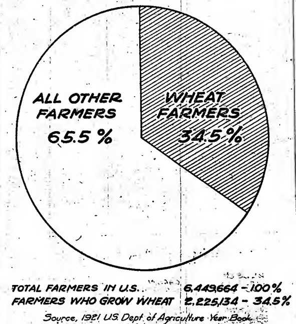
"To do this of course he must organize, as I have outlined, on a national basis, by putting the control and selling of his wheat into the hands of a national sales agency, through co-operative commodity contracts, under the control of the growers themselves.

"The Standard Oil company controls less than 40 per cent of the oil in the United States, but they dominate the oil market. When the Standard on one corner of the street raises the price or lowers it, the smaller company on the other corner of the street follows the price the Standard sets, because the Standard is the biggest factor in the market. So if the American wheat farmer, through the American Wheat Growers association, controls 50 per cent of the American wheat crop, he would become the biggest seller of wheat and could dominate the American wheat market in the same manner.

"You can now see how you farmers can follow in the footsteps of organized labor, and organized business, control your product which you grow and have in your possession—and set a price on it. I repeat, it is not a dream or a theory. It has been demonstrated to us in a practical way, not only in manufactured articles, steel, oil, and labor, but the farmers in other sections of the country have demonstrated it can be done in marketing farm products.

"This is the object and the goal that the American wheat growers have set out to accomplish, and it can be done, and will be done, by the farmers using their intelligence in supporting a business-like and practical organization.

Over 1-3 of U. S. Farmers Grow Wheat



Source, 1921 U.S. Dept. of Agriculture Year Book

Some farmers think that because they raise only a small amount of wheat, that it is not important to them to have wheat co-operatively marketed. The above figures taken from the United States Department of Agriculture, shows that over one-third of all the farmers in the United States grow wheat. It is the most important agricultural crop in the United States, and a high price on wheat means a higher price on all farm products.

Furthermore, wheat will not rot nor freeze and therefore is the easiest crop to market co-operatively because of the constant demand for it, and the ease with which it is transported and stored without danger of loss.

If wheat cannot be marketed cooperatively, then there is no hope for the farmers in handling any product raised on a large scale in a co-operative way.

Many problems enter into the co-operative marketing of products, other than grain, because of the question of storage and transportation of perishable products, and the feeding and housing of live stock products.

keted co-operatively, hence the big national drive covering all the wheat states to put the marketing of this principal farm crop in the hands of co-operative agencies. This is being done in Minnesota through the Minnesota Wheat Growers Co-operative Marketing Association under the standard California co-operative plan, and every farmer in the state of Minnesota, regardless of whether he is a wheat producer or not, should give his active support to this organization because its success means a better marketing program for all of the products of his farm. He should bear in mind that high priced wheat brings high priced corn, oats, rye, barley, speltz and other farm products, and high priced farm products brings general prosperity and better living conditions for the farmer as a whole.

Lowden of Illinois, Opens Campaign In North Dakota

Co-operative Marketing Advocate Speaks at Grand Forks and Fargo Under Ausjices of North Dakota Wheat Growers Association—Something Wrong With Present System, Says Former Illinois Governor.

NOTHING TO GIVE UP IN SIGNING THE MARKETING AGREEMENT OF YOUR ASSN.

(From North Dakota Wheat Grower.)

Launching a straight-of-way into the enemy's camp—bowling over with a deft but sure hand, the bulwark and self-interest of the entrenched grain trade, Ex-Governor Frank O. Lowden of Illinois, in addresses given at Grand Forks and Fargo on January 28-29, vividly described the shortcomings of the present system of handling wheat. He asserted that the only hope of producers was the co-operative system of marketing, in which the farmers would be placed on an equality with the men to whom they sell.

An enthusiastic and applausive audience of 2,000 people heard Mr. Lowden at the Grand Forks meeting, while in Fargo even a larger crowd listened attentively to this peer of statesmen, who gave up the embassy to Great Britain, that he might champion the cause of the wheat producers. He was accompanied to North Dakota by Herman Steen, secretary of the National Wheat Growers Advisory committee, and Lloyd Keeper, also an official of the committee. Geo. E. Duis, president of the North Dakota Wheat Growers Association, under whose auspices the meetings were held, introduced the speaker.

The addresses of Mr. Lowden are undoubtedly the finest expositions of the co-operative principles ever heard in North Dakota. They can not help but lend great impetus to the movement in this state, to the end that the growers will, before another harvest time, secure a controlling position on the market, and cease to grow wheat at a loss.

"I am here today hoping to point out to you that there is not any reason why, when the farmer plants his crop he should not do so without the reasonable assurance of getting at least the cost of production with something by way of profit, the same as other businessmen, because the farmer is a businessman; why should he not be assured of a profit as well as other businessmen?, said Governor Lowden.

Steel and Wheat Compared.

Mr. Lowden illustrated this point by citing the method in which the steel industry conducted its affairs. He pointed out that steel is no more a necessity than wheat, in fact, it is more essential that a nation feed itself. "England is now suffering because it has over-industrialized itself, at the expense of agriculture," he asserted.

Mr. Lowden then declared that the parallel between the two industries could be carried no further, because the steel barons are in a position to capitalize and profit by the need for steel, while the farmer is penalized for meeting this need.

"It is true that more steel is produced than can be consumed at home, but the surplus is sold abroad in competition with steel made by cheaper labor. But note: They get the best price they can for it, but they don't permit the foreign price to affect in the slightest degree the price of the steel which they sell to the American consumer. I'm not criticizing this, but I wonder why this principle can't be applied to the marketing of wheat?

Organize for Marketing.

"How can the farmer do this? By organizing, not for production, but for marketing. Then the surplus can be treated as a thing by itself, and a price made on the domestic supply that would be independent of revolutions in Russia, cataclysms in Europe, in fact independent of the whole world, accept this country. Co-operative marketing is the answer, and with information relevant to world conditions, secured by his association he can regulate his production in accordance with the demand.

"But it won't work with wheat," we often hear, because it is non-perishable. It always works with the other fellow's business, but not his own! Then we have the sacred law of supply and demand. Have you heard about that awful law? Some law that has come down from antiquity, which no one can define, but which stands in the way of co-operative marketing of farm products. They don't explain just why it is, but they speak of this law with a reverential attitude and with a sense of solemnity as though it were handed down by some pagan god, which civilization has not been

"Now as to supply and demand. All economists agree on this: That the law of supply and demand, in order to justly fix the price of any commodity, must be under circumstances where there is equality of knowledge and equality in all other respects, on both sides; in other words it is hollow mockery to say that law will achieve a just result unless dealers as well as purchasers have information on all the conditions and all the things that go to make the price. Can the farmer, isolated on his farm, trade on an equal basis with the highly organized industries, who have world conditions at the tip of their fingers, with networks of wires from all corners of the earth? When farmers organize and centralize their efforts, the sacred law of supply and demand may get a chance to function on behalf of the farmers.

SOMETHING WRONG WITH PRESENT SYSTEM

"Now they say that the board of trade is a magic working institution. I am not here to cast reflections on this institution. They tell you that without it you would do no business, and that its machinery is so delicate and a product of a hundred years of genius, that we must not talk about any other system, because just breathing into this delicate machinery will throw it out of order so that it will cease to function, when everything will collapse. But when wheat sells for ten cents more, we will say for illustration—and this has happened often—on Friday of this week than it did no Saturday of last week, we have a right to say that the law of supply and demand did not function properly on both days. (Applause).

"Is the steel manufacturer subject to this argument? No. He does not rely on machinery so delicate that it is subject to injury so easily. He holds his steel, for he knows something of world conditions and can regulate his supply according to demand. He waits til he gets his price!

"Not long ago a big grain dealer tried to show me the error of my ways. 'Do you know what the real matter with the price is'? he asked. 'Last summer a statement was made by a high official in Washington that there was a great surplus of wheat throughout the world. Another high official repeated the statement. Then a wheat conference was held in Chicago, when the statement was again made. These three statements put down the price of wheat 30 cents a bushel.' I have no reason to doubt him, but what an awful case he is making out against the beautiful system which now exists, and upon which he says there can be no improvement! Could slander or misinformation break the price of steel? Not much! The officials would get at the truth and act accordingly. That is the difference between organized and unorganized industry.

"If it be the rule under the present method of marketing farm products, that the erroneous information of three men can depress the price of any farm commodity thirty per cent, it is time to begin to inquire if we hadn't better go into some other method of marketing, by which we would not be subjected to this.

HOW MUCH INDEPENDENCE DO YOU GIVE UP?

"Some object to this thing on the ground that they don't want to give up their independence. Now, let's see just what liberty, what precious liberty, you surrender in signing a contract. In disposing of your wheat, you have one of two choices: accepting the buyers offer, or decline to sell. The buyers can afford to wait until you get ready to accept their offer, which you invariably do. Is that a very precious thing you are giving up?

The speaker then outlined the advantages of belonging to a cooperative; the services of the best brains money will buy; statistical information secured through an unbiased source, by men working for and in the interest of the farmer, and other similar service which permits the law of supply and demand to work in the interest of the farmer. He went into the matter of the top and average prices, declaring that "few farmers ever get the top price, and when they do it is mere accident, for no farmer has any way of knowing the trend of the market. Nobody ever gets the top price but one man in all America. I never got the top price for anything I sold. I have eliminated the risk of guessing by belonging to a cooperative, and I let an expert do my selling.

NO REAL SURPLUS.

Wheat will keep. Up to date there has never been such a thing as a real surplus of wheat in the world.—Country Gentleman.

Criticism on Cost of Operating Pools Shown to Be Unfair by North Dakota Association Figures

Readers of The Tribune, no doubt, heard the propaganda which is being spread by the grain trade that it is more expensive to handle wheat through Co-operative Marketing Associations than through private grain firms.

It is charged that it cost ten to fifteen cents per bushel to pool wheat through co-operative associations, and the grain trade claim that this is excessive and more than they take from the farmer for handling his wheat.

This statement is false and is disapproved by the Federal Trade Commission report to Congress dated Sept. 26, 1923. This report, for 1919 and 1920, shows that the spread between the wheat grower and the mills or exporters was over THIRTY-THREE CENTS PER BUSHEL. This is divided into two items, over EIGHTEEN CENTS PER BUSHEL going to the middlemen or grain dealers, and over FOURTEEN CENTS to transportation companies. These are the latest and most accurate figures that are obtainable on the subject.

These are government figures and show that the middlemen and transportation companies take over THIRTY-THREE CENTS PER BUSHEL FROM THE AMERICAN WHEAT GROWER, and prove that the Grain Trade are using false propaganda against co-operative marketing to cover up and mislead the farmer as to the true amount they are taking from him in handling hisgrain.

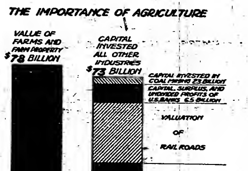
The actual cost of operating the North Dakota Wheat Growers Association is less than TWO AND ONE-HALF CENTS PER BUSHEL. This was the cost of operating the 1922 pool in that state. It is the latest figure that is available on wheat pooling and it comes from an adjoining state. If we add to this figure the direct charges which the farmer pays to elevator companies, terminal warehouses, for insurance and taxes, and interest to banks, the total cost to the farmer selling his wheat co-operatively (not counting freight) amounted to only THIRTEEN CENTS A BUSHEL as compared to EIGHTEEN CENTS A BUSHEL taken by the private grain dealers according to the government report above referred to.

This means that the North Dakota farmers actually saved FIVE CENTS A BUSHEL on all the wheat which they put through the North Dakota Association. This would amount to a saving to the farmers of $2,500,000.00 in NORTH DAKOTA ALONE if they had marketed 50,000,000 bushels THROUGH THE NORTH DAKOTA ASSOCIATION INSTEAD OF SELLING ONLY 3,000,000 BUSHELS CO-OPERATIVELY.

For the benefit of its readers The Tribune has secured the official figures from the North Dakota Association on the cost of marketing their 1922 pool. Not figuring freight, local elevator handling and storage charges, terminal elevator handling and storage charges, interest paid to banks, insurance and taxes (which is regulated by law and which every farmer must pay regardless of whether he is a member of the association or not—and over which the co-operative association, the farmer, or the grain dealers have no control) the exact and detailed costs in North Dakota were as follows:

Administration expense, salaries of officers, etc	**.01**
Cost of State Office at Grand Forks	**.006**
Cost of Terminal Sales Offices, at Duluth and Minneapolis	**.005**
Supervision and Market Information	**.002**
Cost of State Paper	**.001**
TOTAL COST OF OPERATING North Dakota Pool	**.024**
To this amount the North Dakota Association has withheld from each bushel, as a reserve fund, which belongs to the members, one-half cent	**.005**
Total cost of operating pool including reserve	**.029**

These official figures from the North Dakota Association entirely disprove the false reports that are being sent out from Grain Trade centers.



The importance of agriculture is shown in the illustration above. The organization of co-operative marketing machinery is more important to the farmers and the country than all other industries in the United States. The farmers have more invested in the business of farming than all the manufacturing industries, railroads, coal mines and banks combined.

Present Tariff Law Is Injustice to Farmers

(Continued from page one.)

of the hide to the New England Shoe manufacturer. The manufacturer's tax goes into the price to the wholesaler, and the wholesaler's tax goes into the price to the retailer, who, in turn, adds his tax in his price to his purchaser. SO IT MAY BE SAID THAT IF THE FARMER ULTIMATELY WEARS THE SHOES HE PAYS EVERYBODY'S TAXES FROM THE FARM TO HIS FEET. It is for this reason that high taxes mean a high price level, and a high price level in its turn, means difficulty in meeting world competition. MOSTLY, THE FARMER SUFFERS from the EFFECT OF THIS HIGH PRICE LEVEL. In what he buys he meets domestic costs of high taxes and the high price level. It is essential therefore for the good of the people as a whole that we pay not so much attention to the tax paid directly by a certain number of taxpayers, but we must devote our efforts to relieving the tax paid indirectly by the whole people."

"The 'HIGH PRICE LEVEL' which the President refers to is the high price level created principally by the McCumber Tariff Law, the highest this country has ever maintained and it has brought, to requote the President, an 'ABUNDANT REVENUE' and an 'ABUNDANT PROSPERITY.'"

"We agree with President Coolidge, that the high prices paid and the low prices received on the farm are directly due to our 'UNSOUND METHOD OF TAXATION,' and the biggest flaw in our 'UNSOUND METHOD OF TAXATION,' is the McCumber Tariff Law, which gives the manufacturing interests of this country a protected market while at the same time our 'UNSOUND METHOD OF TAXATION,' speaking of the tariff, compells our farmers to sell on the FREE TRADE OR UNPROTECTED MARKET, COMPETING WITH THE WHEAT GROWERS OF INDIA, ARGENTINE, AUSTRALIA and CANADA.

"This gives the manufacturing interests a 'HIGH PRICE LEVEL' in selling goods, and, to quote the President again, 'THE FARMER SUFFERS FROM THE EFFECT OF THIS HIGH PRICE LEVEL' because he is forced to buy on a protected American market and sell on a world market.

WHEAT POOL BOOSTED

Samuel R. Guard, director of the Sears-Roebuck Agricultural Foundation, endorsed pooling of agricultural products and uniform marketing at Cedar Rapids, Ia., recently:

"There is no actual surplus of the great staple crops, and never has been," the speaker said. "Farmers let an apparent surplus at harvest time beat down their prices. Through the world of co-operative marketing the law of supply and demand can be made to work fairly for both the producer and consumer.

"The farmer must pull himself out of the present hole," Mr. Guard said. He urged that farmers federate into "one great movement" to get a fair price for their products.

Another Bank Booster.

"We believe that the Minnesota Wheat Growers Cooperative Marketing association, if managed right, will be of great value to the farmers of the Red River Valley, as well as to all the farmers of this state. It will not only be a benefit to the farmers, but to the business men as well, because if the farmers prosper the businessmen will prosper also.

"We are in favor of any movement which will better the condition of the farmers and we believe that the Association's highest aim is to do so, and no doubt will make the condition of the farmers better than what it is today."

G. D. HOYNE, Cashier.
Citizens State Bank of McIntosh
Minnesota.

"We do not claim nor urge that the tariff should be abolished. We believe the American people should be protected from the chaotic condition outside our borders, which has resulted in a demoralized world market and brought about cheap labor and cheap materials.

"The policy of the American government to assist in maintaining a higher standard for its citizens in this country should be continued, BUT IT SHOULD BE ADJUSTED SO THAT ALL MAY ENJOY THIS PROTECTION.

"Today we have millions of bushels of wheat coming into the country from Canada. At the same time we have an over-production of wheat within our own borders. The injustice to the American wheat grower is apparent to everyone. It is high time that those in charge of our government should bestir themselves to remedy this 'UNSOUND METHOD' of tariff protection, which only brings 'AN ABOUNDING PROSPERITY' to a part of our people. It is high time that the high government officials who sponsor the present protective tariff, should bestir themselves to bring a full share of this 'ABOUNDING PROSPERITY' to the American farmer.

"Essentially the farmer is a trader. He is producing his products on the farm and is trading them for the manufactured articles necessary in his business. Today when he trades one dollar's worth of his products, he is only receiving in return 63 cents worth of the goods he purchases. He is giving thirty-seven cents to boot on every dollar's worth of goods he trades for.

"Under the index figures of the Labor Commission, the average station price today for wheat in Minnesota, if the relative pre-war price were effective, would be slightly in excess of $1.60 per bushel.

"Thus, it will readily be observed that the proposed fifty per cent increase of the tariff on wheat will not be sufficient to permit the establishment of such relative pre-war price, even if the farmer were to receive the full benefit of the increase.

"Someone will immediately say that raising the tariff will not automatically raise the price. The least that can be said in answer to such a claim is that, granting it to be true, the fact remains that under no existing circumstances can there be any material advance in price to the producer unless the added protection is afforded. Without such added protection, the principle of domestic supply and demand cannot operate.

"The so-called law of supply and demand is always invoked as an unanswerable argument to any relief of the farmer.

"Just afford the farmers collectively the benefit of this law as applying to the domestic market. He is entitled to the same opportunity for an advanced price, and to the same ratio of protection from foreign competition as is accorded by law to prosperous industry.

"The American farmer is entitled to first consideration from the lawmakers because it is he who has sustained the policy of a protective tariff since the history of that law. He has always rolled up a majority at election times for those who advocated the protective policy. He has done this in the belief that it has been a protection to him, but now that Canadian wheat is interfering with his market, and the tariff remains on the things he buys, he is forced to demand his rights under the protective tariff policy.

"The tariff today, as a whole, is a distinct damage to the farmer and it would, right now, be to his material advantage to have the whole tariff law repealed. Then the world market of the goods he buys would be thrown open to him and he would be in the same position, practically, as he is now as regards the world's price on the products he sells.

"However, on the other hand, today the American farmer finds himself in debt, the largest debt which he has ever had. This debt was created under the high price level, under a tariff law which compelled him to pay higher prices for tariff protected equipment and materials for his farm.

"If the tariff law were now to be repealed, he would be forced to continue to sell on a low world market and pay present debts, thus contracted, with low priced farm products, sold in competition with the products of countries like Canada and the Argentine where production costs are much less.

"So in justice to him the law makers must recognize his case and give him a share in the high price market, when he comes to sell his products, so that he may receive an American price for his wheat, a price that will give him a profit so that he can pay off the debt which he owes with high priced products, instead of forcing him to pay this debt by selling on a low priced market, without protection.

"When this is done the American farmer will stand on an equal basis with the manufacturing interests of the country. It then can be truthfully said that the tariff has brought 'ABOUNDING PROSPERITY.' Then all will enjoy this 'ABOUNDING PROSPERITY' and the tariff will then give equal protection to labor, to the manufacturer and to the farmer. The tariff question as applied to the farmer will not be settled until this result is attained."

Senator LaFollette For Co-operative Marketing

"I expect to devote a large part of my time during the coming years to fostering the development of co-operation in the United States, because I see in this movement an opportunity for great good for the common man and a means of escape from the operation of the monopolies and combinations which are slowly but surely throttling the economic life of America."

PRESIDENT COOLIDGE ENDORSES CO-OP. MARKETING ASSOCIATION

(By Associated Press.)

Washington, Feb. 7.—A hope that "every encouragement" will be given the co-operative marketing movement was expressed today by President Coolidge in a message to the International Council of Farmers' Co-operativa Marketing associations at the opening sessious of a three-day meeting here.

Coolidge Letter of Indorsement.

President Coolidge, in concluding his letter of indorsement of the co-operative movement, said:

"Especially in regard to agricultural statements, when we consider how high a price the consumer pays in proportion to the price the producer receives, we cannot but feel that here is a great opportunity for services to both the consuming and producing groupe of the public. We are all included in one or the other of these gronps and most of us in both of them. In the long run we will all be bettered if we lessen the burdensome costs of conveying our necessaries from the producer to the consumer. Thers is need for co-operative organizations among agricultural producers to help them both in selling their products for a better price and buying their requirements more cheaply. Thers is likewise need for organizations of the urban consumers, to give like benefits."

Capper and Lowden Speak.

The message from Mr. Coolidge was read as a part of a program which included addresses by Senator Capper of Kansas, head of the Senate farm bloc, and former Governor Frank Lowden of Illinois. Robert W. Bingham of Louisville presided and opened tha conference.

Aaron Sapiro Praises Wheat Growers' Head

There have been persistent rumors in Minnesota and probably elsewhere that Aaron Sapiro, the cooperative counsel of various co-operative marketing associations, is opposed, or net in harmony with wheat pooling as carried on in the states under the leadership of George C. Jewett, general manager of the netional selling agency with headquarters at Minneapolis.

This propoganda no doubt has been spread by the grain trade in an effort to create friction and distrust in the wheat cooperative movement. These rumors, however, are not based upon facts. Mr. Sapiro at various national meetings has not only cooperated with the wheat cooperatives, but is a member of the national committee of which Mr. Jewett, head of the American Wheat Growers, is also a member, and at a meeting of the National Council of farmers' cooperative marketing associations at Washington, D. C., Mr. Sapiro in discussing the wheat situation in part, says:

> "There'e at least one reality able leader who is heading this wheat movement, Mr. George Jewett, and through him we are really expecting a development in wheat that will somewhat approximate what has been done in cotton, in tobacco, and the great dairy industry."

Mr. Sapiro at the National Conference of the wheat cooperatives in Denver, also expressed his satisfaction and extended his cooperation to the various states operating in which wheat pooling is being organized. At present Mr. Sapiro is general council for the big drive in Kansas now tha Kansas association.

The wheat growers must expect to hear all sorts of rumors and propaganda against cooperative marketing of wheat, and every means of stirring up apparent friction will be resorted to by those opposing the movement, from misrepresentation and abuse of leaders to actual circulation of untrue statements in regard to principles of cooperative marketing. The grain trade is particularly active at Kansas City, Chicago and Minneapolis, the three big American wheat markets, which are now dominated by the grain buyers and many thousands of dollars are being expended to fight the movement.

Chicago Board of Trade Oppose Wheat Growers

John Stream, president of the Chicago Board of Trade, in o recent interview in the Chicago Tribune went on record saying thot the farmers could not accomplish unything in pooling their wheut. The new project referring to the wheat growers, "will not improve the position of the grain farmer," said Mr. Stream. "It seems impractical even though it were possible to get under control all of the wheat."

The grain trade say they have the best system and the best market that can be had. Farmers should be satisfied.

CONGRESSMAN SCHALL OFFERS COOPERATION

Thomas E. Schall, well known Minnesota congressman, in a recent letter to the Minnesota state association, offers his cooperation in organizing the farmers of the state into cooperative selling agencies for the purpose of handling their products. In a letter to Mr. Frederick, secretary of the Minnesota association, he said:

"I assure yon I would be glad to cooperate with you at any time. I shall be pleased if you will keep me in tonch with things."

Pooling Good Thing For the Bankers

The wheat pool is a good thing for the banks, said Governor Lowden in his address to the editors at Wichita. He said that he had just been talking to one of the biggest bankers of the state and that this bank president had declared that the orderly mannar of handling wheat used by the Kansas Wheat Growers association, and the orderly manner of paying for the wheat, was a valuable and commendable thing for the whole business world.

The old style of marketing, said the banker, made it necessary to carry an immense deposit in the bank for a few weeks in the summer at harvest time. Then the depoeits immediately dropped off for the rest of the year. Thru the pooling plan, a reasonable amount of money was necessary at threshing time and the further payments coming throughout the year stabilized business and put it on a sane, safe, basis.

Pooling is good for everybody concerned, declared the banker.

Queer Advice.

One of our most highly valned contemporaries recently contained an article entitled, "Tan Your Own Hides." The only persons we ever saw who had done this were lifeguards, and they were a eight!—Ferm Life.

Another Bank in Line.

The following was received hy Mr. Frederick, accretary of the Wheat Growers association of this city:

"We have had the pleasure of meeting Mr. Wm. G. Kienast, Jr., field manager of your organization, and Mr. L. Ahramhamson, local field representative, and from our interview, and from other information we have been able to gather in connection with your work we are of the opinion that they, and your organization are on the right track, and if carried out along its present line we believe it is to the interest of every farmer to aligu himself with you in this work.

"Assuring yon of onr hearty cooperation, we ars,

Yonrs very truly,

TOBACCO GROWERS SET PRICE AND MAINTAIN IT

NATIONAL BANK OF KENTUCKY,
"Established 1834."
IN LOUISVILLE.

January 10, 1924.

Mr. Wm. J. Brown, President,
American Wheet Growers Association, Inc.,
400 Corn Exchange, Minneapolis, Minn.

Your letter of January 3rd, addressed to our President, Mr. James B. Brown, is duly received and turned over to me for reply.

Together with Mr. Brown I have been quita closely associated with the activities of the Burley and the Dark Tobacco Growers Associations from their organization. The Burley Association is now in its third year and the Dark Association in its second year. The Burley crop is largely consumed domestically and the Dark crop is largely exported.

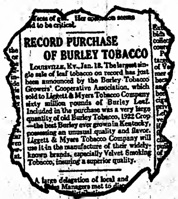
Wa are informed that covering a period of twenty years before tha organization af the tobacco co-operatives tha tobacco growers did not average more than the cost of production and the cost of revitalizing the soil. Since the organization of the co-operatives the farmer has been receiving a fair profit over and above these costs.

In answer to your inquiry the tobacco co-operatives have unquestionably been tha contralling price factor in the market. Each year they hava fixed their prices after a broad survey of the whole market situation and thus far they hava fixed a fair price and hava maintained it. This is due to the fact that they have not attempted to gouge the buyers. The Burley Associatien controls about 85 per cent of the crop and the Dark Tobacco Association abont 66 2-3 of the crop.

Trusting that this information mey be of benefit to you, I remain,

Yours very truly,
(Signed) H. DOSKER,
Vice President.

LARGEST TOBACCO SALE ON RECORD.



RECORD PURCHASE OF BURLEY TOBACCO

Louisville, Ky., Jan. 18. The largest single sale of leaf tobacco on record has just been announced by the Burley Tobacco Growers' Cooperative Association, which sold to Liggett & Myers Tobacco Company sixty million pounds of Burley Leaf. Included in the purchase was a very large quantity of old Burley Tobacco, 1922 Crop—the best Burley ever grown in Kentucky, possessing an unusual quality and flavor. Liggett & Myers Tobacco Company will use it in the manufacture of their widely-known brands, especially Velvet Smoking Tobacco, insuring a superior quality.

The above reprodnction of a recent item appearing in the Public Press, regarding the largest tobacco deal in the history of the country.

The Burley Tobacco Growers Co-operative Association mentioned in the above news item is a co-operative pooling association of 94,000 tobacco growers, with headquarters at Louisville. This brings to yon the way tobacco growers sell their tobacco and why they are able to get a profit on the tobacco they sell. Instead of each farmer individually dumping his tobacco on the market, as he formerly did and letting the tobacco companies set the price, the tobacco grower now throngh organization on the California plan, deals direct with the big tobacco buyers, setting a price on their prodnct as testified to by the National Bank of Kentucky elsewhere on this page.

What has, and is being done in tobacco, can be done in wheat if the farmers wish to profit by the experience of the tobaccn growers.

Farmer Is the Highest Taxed Man in Country

Ever since the war big business has never ceased to tell us how hard it is being hit by income taxes. Now that the National Industrial Conference Board comes out with the facts, we find the ratio of taxes to farm income increased from 10.6 per cent in 1918 to 16.6 per cent in 1922, while the ratio of taxes to income for the rest of the population increased only 4.1 per cent in 1918 to 11.9 per cent in 1922.

The National Industrial Conference Board finds that "the farmer has paid and still paye mere taxes in relation to his income than any other group in the United States."

You will never get ahead unless you use the one yon have.

Sidney Anderson Offers Help.

Sidney Anderson, well known Minnesota congresman, bas recently written the Minnesota office at Thief River Falls, offering his help in the cooperative marketing of wheat. In hie letter to Mr. Frederick he saye in part:

"I have long been interested in, and an advocate of cooperation and I am glad to do anything I can to promote sound organization along these lines and such legislation as may be necessary to giva such associations a fair deal."

To Whom This May Concern:

The undersigned attended a meeting of the farmers called for the purpose of organization and to listen to the merits of getting the farmers and business men to cooperate for the purpose of organizing the Wheat Growers Marketing association plan.

"I am convinced that this would be a splendid plan and one that would help the farmers and business men in every community. It needs cooperation along these lines just as well as in any other business undertaking. I firmly believe that if the farmers would thoroughly consider this question af cooperation that they would not hesitate to join the seme.

"The farmers are not getting whet is dne them for their labors; they should have at least the cost of production, plus a reasonable profit just the same as any other business."

Yours very truly,

Dawson Bank Endorses Wheat Cooperative

The following was received by Mr. Frederick, secretary of the Wheat Growers association of this city:

"Wa had a very pleasant visit with your Mr. Wm. G. Kienast today and he informed us fully in regard to yonr marketing plans, and the writer fully approves of the plan and believes that it will be a benefit to the wheat growers.

"The writer bas looked with a great deal of interest at the plans for the helping of the farmers and the plan of the marketing association seems to be the best plan yet developed.

"I am pleased to assure you of our hearty cooperation in your work.

Very truly yours,

Marietta, Minn., Jan. 28, 1924.—To Minnesota Wheat Growers Co-operative Marketing Association, Thief River Falls, Minnesota:

WHEREAS, the producers of food on the farms are compelled to buy the necessitiee of life and the equipment necessary to produce food at a price set by the seller, and

WHEREAS, the farmer is dumping his products on the market and selling them at a price set by the bnyer and far below the cost of production.

NOW, THEREFORE, We, the undersigned businessmen of Marietta do hereby indorse and agree to aid and assist the farmers in the organization of a nation-wide cooperative selling agency, wherever possible, to the end that the farmers may control their product and sell it in an orderly and businesslike manner and set a price in harmony with the price paid for labor and the equipment necessary to the operation of the farm, and that such price be set by the growers.

AND FURTHER, We urge and ask our neighbors and business men of adjoining towns to assist in the establishment of co-operative marketing under the lawe now in force, and as successfully condncted by cotton, tobacco, rice and fruit farmers in othar states, and to let this petition be pnblished in the Marietta News.

Millions of Bushels of Canadian Wheat Coming Into the United States

Below are the figures showing the imports of wheat into the United States from Canada for the months of November, 1923, as against Novamber, 1922, and the total number of bushels from September to December 31, for 1923, as against 1922:

November, 1923	9,010,143
November, 1922	3,866,178
Sept. to Dec. 31, 1923	17,734,918
Sept. to Dec. 31, 1922	9,436,516

It is interesting to note in connection with the flood of Canadian wheat into this country, that No. 3 Northern Canadian wheat, which is equal to our Montana and Dakota No. 1 Dark Northern, is being delivered at Dulnth, duty and freight paid, at about $1.25 per hushel, which puts the American wheat grower in direct competition with the Canadian wheat grower.

WHERE ARE THE SO-CALLED FRIENDS OF THE FARMER, THAT VOTED HIGH TARIFF ON WHAT THE FARMER BUYS AND COMPELS HIM TO SELL HIS WHEAT ON A WORLD MARKET?

On January 8th the Kansas Wheat Growers association will start their big pool combine to working in the Kansas state Farmers interests for a 44,000,000 pool of wheat in the Sunflower State. We are with them heart and soul. The farmer as the laborer will not get any place without organization, and it behooves the wheat growers of Kansas to get into this pool at once. They have the best organization obtainable and one object in view, ta place the raieing of wheat once more npon a reasonably profitable basis.

The farmer has been playing a losing game for years trying to give bread to the world, and has scarcely a crumb left for himself, and the 12 baskets of fragments have not been in evidence. The crumbs have been little more than those that hava accumulated under the wheat gamblers' table. Now a ray of light is seen coming ont of a clondy sky and ie epreading its effulgence in every direction to the betterment of agricultural conditions throughout the country.—The Plaindealer, Wichita.

BASKET QUINTS MEET HERE FOR GRADE TOURNEY

Department High Schools to Compete for District Honors March 21-22.

Many Strong Teams Listed and Interesting Games May Be Expected.

A tournament between various basket ball teams of the department high schools, or graded schools, of this district will be staged in this city Friday and Saturday, March 21 and 22. It will take place in the auditorium and will be the first time a tournament for the championship of this district in graded school basket ball has been put on. The winners will also be presented with a suitable championship trophy given by the Thief River Falls high school athletic association.

The meet will open on Friday at 4:00 p. m. with a battle between Donaldson and Middle River. It will be remembered that Middle River was seen in action on the local floor early in the basket ball season pitted against the Lincoln first team. The fact that the score at the end of this game was 16 to 11 is ample proof that these boys will be strong contenders for the championship. Donaldson, however, may upset the dope as not a great deal has been heard of that team this year. It has been reported that they have a very strong quint and will undoubtedly give Middle River a tussle for the first game honors.

The following contest between Lancaster and Badger should be interesting. Both teams have been playing a classy brand of game and should prove well matched. Badger, from comparative dope, has, perhaps, a little edge on Lancaster.

On Friday evening at 7:30 p. m. St. Hilaire will meet Greenbush. The latter team will undoubtedly be a very strong contender as they have been winning the majority of the games played this season. They should make this a very interesting battle. St. Hilaire has a team of exceptional size and with the season's experience behind them, they will no doubt make a good showing for their home town.

The contenders to follow are Erskine and Strandquist and this probably will be the deciding game of the tournament as Erskine has just returned from a state meet at Hamline university and has a team which compares favorably with the best. On the other hand, Strandquist has a large husky bunch who have been defeated but once up to date. This game will without a doubt be a thrill from start to finish.

On Saturday morning at 10:00, the two semi-final games will be played and the same evening at 7:30 the morning losers will play a round to be followed by the main game of the tourney.

Coach "Lars" Thune of the high school staff will referee the games with a staff of assistants and will pick the official all district team at the end of the tournament. Mr. Graff, the coach at Newfolden, will be the umpire at the meet. The very nominal sum of 20 cents for students and 40 cents for adults will be charged for each of the two-game sessions.

NAME HOLSTEIN ASS'N. OFFICERS

Hans Anton to Continue as Head of Pennington Organization.

At the annual meeting of the Pennington County Holstein Breeders' association, held last Saturday, Hans Anton was re-elected to succeed himself as president, while M. T. McFarland was chosen for another term as secretary-treasurer of the organization. The meeting was well attended and much important business was disposed of.

It was decided to hold the annual Holstein sale at the fair grounds on October 1 this year. The president appointed a committee of three to inspect all animals listed for sale, the inspection to be made two weeks prior to October 1. It is estimated that 100 animals will be offered for sale this year, of which about 25 will be males and 75 females.

A resolution was passed at the meeting admitting to membership in the association any breeders of Holsteins who possesses a purebred sire, even though the remainder of the herd may consist entirely of grades. It also was decided to donate annually hereafter a purebred male calf to the boy or girl winning first in the Holstein calf club at the county fair.

The Pennington County Holstein Breeders' association is a live organization and is doing much for the advancement of the dairying industry in this section.

MRS. ROBBECKE ANSWERS CALL

Thief River Falls Pioneer Dies at Yakima, Wash., After Short Illness.

On Monday, March 17, at Yakima, Washington, occurred the death of Louise Meyers Robbecke. The news of Mrs. Robbecke's death was a shock to her friends in this city as but few were aware of her illness. When she left for Washington last fall she was in the very best of health, and did not become ill until about four weeks before her death, which was caused by cancer.

Louise Meyers was born in New Ulm, Minn., March 22, 1862, and her girlhood was spent there. When 22 years of age she was united in marriage to Charles A. Robbecke in Crookston. Eleven children, eight of whom are living, were born to them. After operating a bakery shop in Crookston for a few years, Mr. and Mrs. Robbecke moved to St. Hilaire, where they were proprietors of a hotel for six years; following this venture with the Ogahmah hotel which they conducted in this city until the death of Mr. Robbecke in 1911. Mrs. Robbecke sold the hotel soon afterward and until last September lived at 237 Kendall avenue north. Last fall she took an extended western trip and for the past few months had been at the homes of her daughters, Mrs. H. A. Anderson and Mrs. Harold Beck in Yakima, Washington, where she died.

She leaves to mourn her loss, her sons and daughters, Mrs. F. J. Lawrence of Fargo, Mrs. John H. Hay of Minot, Mrs. Hugo A. Anderson and Mrs. Harold Beck of Yakima, Wash., Walter W. of Dubuque, Ia., Philip O. of Detroit, Mich., and Maurice E. of Locust, N. J. Four brothers are also living, Charles of Rosean, Adam of Minneapolis, John of St. Peter and Fred Meyers of New Ulm. Funeral services will be held on Monday at St. John's Lutheran church, with Rev. Kreidt officiating, and burial will be in Greenwood cemetery.

Poultry Association to Meet in Annual Session

The annual meeting of the Pennington County Poultry association will be held in the Commercial club rooms on Thursday afternoon, March 27. Election of officers and other important business will come before the meeting and a large attendance is therefore desired.

NO VACATION AT EASTER PERIOD

Local Schools Will Observe Holiday Only on Good Friday, April 18.

Among the different subjects brought up at the teachers' meeting held in the Lincoln high school last week was the annual problem of spring vacation during Easter week. It was finally decided by a vote that no vacation would be granted at this time with the exception of the legal holiday, Good Friday. This puts the closing day of the school year one week ahead, coming on Friday, May 23, instead of May 29 as otherwise it would have been.

While the Easter vacation is appreciated by teachers and pupils, the fact that school work can be completed one week earlier by dispensing with the customary vacation, is sufficient reward for continued work at this time.

WHEAT SELLING ZONE AGENCIES TO BE FORMED

Plan of American Growers Associated Revealed by President Brown.

Correlation of Policies of Various Areas to Be Result of New Plan.

William J. Brown of Thief River Falls, president of the American Wheat Growers Associated, Inc., Monday disclosed plans to form zone selling agencies in Minneapolis, Kansas City and on the Pacific coast. The plan has been approved by the officials of the state associations, and is expected to result in greater efficiency and economy, Mr. Brown said.

The position of the wheat growers was outlined by Mr. Brown in the following statement:

"Officers of the American Wheat Growers Associated, Inc., and the managing officers of its various state association members have for some time recognized the fact that the selling agencies of the state wheat co-operative associations should operate in closer conjunction with the state marketing associations of producers contributing or furnishing the wheat to be sold by such an agency.

"That is, for instance, the marketing problems of the associations in the spring wheat states differ considerably from those of the central wheat states and the problems and policies of each of these in turn differ from those affecting the Pacific wheat states.

"With this idea in view and for the purpose of promoting greater efficiency and for further economy in operation, the officers of the American have reccommended to the various states association members, in lieu of the American policy of one central organization functioning in all markets, the formation of zone selling agencies at Minneapolis, Kansas City and on the Pacific coast, to handle the wheat and to solve the problems of the state associations tributary to such locations.

"The several zone-selling agencies will correllate their general policies by means of a general executive committee representing all such zone agencies."

Mr. Brown said that the plan probably will be approved formally in time to handle the 1924 crop. In such a case, he added, the Minneapolis sales agency with its branch at Duluth, will only represent the state producers' associations in the spring wheat territory.

Lecturer and Entertainer to Appear at Norway Sons Hall on Sunday Afternoon

Something a little out of the ordinary in the line of entertainment is promised the people of this community next Sunday afternoon, when Frithjof Werenskjold, the well known Scandinavian lecturer and entertainer will give a varied program under the auspices of the Sons of Norway lodge at their hall. The entertainment is scheduled to begin promptly at 3 o'clock.

Those who attend this lecture are promised something to think about and something to laugh at. The program will be rendered in three languages—Norwegian, Swedish and English—each of which Mr. Werenskjold employs fluently. This entertainer comes very highly recommended and all who can possibly do so should turn out to hear him.

Trinity Church Extends Call to Rev. T. O. Svare

The Trinity Lutheran congregation of Thief River Falls on Monday issued a formal call to Rev. T. O. Svare of Sherwood, N. D., to take charge of the local pastorate. Up to the time The Tribune goes to press no reply has been received, but it is considered likely that Rev. Svare will accept the position tendered him and that he will move to the city in the near future to take charge of his new work.

Rev. Svare delivered two sermons here on Sunday, March 9, and made a very favorable impression. He is said to be a man of more than ordinary ability as a speaker and is known to be exceptionally well qualified in every way to take charge of the work here.

Morland Bishop Leaves.

Friday evening Morland Bishop left for Minneapolis where he will attend to business matters, also visiting at other points in southern Minnesota.

First Seeding.

Among the first to get in the field this spring was Ed. Grundhaus, who planted a considerable acreage of alfalfa last Monday. There are reports of early seeding of wheat, but The Tribune has been unable to learn definite details.

AUTO COLLIDES WITH TRAIN; 4 DIE; ONE HURT

N. P. Train Hits Car Near Audubon Sunday With Disastrous Results.

Injured Boy Taken to Hospital at Crookston Following Fatal Accident.

An automobile accident in which two people were instantly killed and one fatally injured, occurred last Sunday near Audubon, when a Northern Pacific train struck an automobile in which a family of six were returning to their home after attending church services at Detroit. Mrs. Fred Lehne and her daughter, Ethel, aged 18, were instantly killed, and a son, Floyd, was picked up unconscious and taken on the train to Crookston where he was placed in Bethesda hospital. Physicians state that there is little chance for his recovery. Fred Lehne and infant child were badly shaken up in the accident but were not seriously injured.

The accident occurred when the Lehne family was returning from church at Detroit. The speeding train crashed into the Lehne car, killing the two occupants of the rear seat instantly and hurling Flody Lehne a considerable distance through the air. Mr. Lehne and the youngest child were in the front seat with the driver.

Details of the accident were reported by Dr. P. J. Griffin of Detroit, who was riding on the train and who accompanied Lehne to Crookston. According to Dr. Griffin, the train struck the rear end of the automobile. Young Lehne, his mother and sister were riding in the back seat of the car, while the father, carrying a baby in his lap, and another Lehne boy who was driving were up in front. The three in front were only slightly injured. The accident took place at a dangerous grade crossing where several accidents of a similar nature have occurred.

Later: A message today states that both Floyd and Fred Lehne have succumbed to their injuries.

NEW MEN'S CLUB FORMED FRIDAY

Organization Results From Decision Reached at Fellowship Supper.

A Men's club had its inception at the fellowship supper held Friday night, March 14, at the Presbyterian church. A number of men gathered for the supper, after which a short program followed. The feature of this was a reading from Charles Dickens given by Miss Dorothy Swedenburg. Miss Swedenburg gave her selection with such evident feeling for pathos and appreciation for dramatic values that her audience responded with enthusiasm in applauding her and were rather disappointed in receiving no encore. A solo was sung by Elra Porter, very ably accompanied by Mrs. Charles Gerlinger.

At the meeting following the program the various phases of men's club work were discussed and it was decided to form one. To this end Ole R. Sande was elected temporary chairman and a number of committees were named to carry on the club work. A constitutional committee with Lester Guss as chairman and with Rev. Charles Gerlinger and F. F. Haynes also composing it will prepare a constitution to be brought before the club at the next meeting, Friday, March 28, for the approval of the members. A program committee composed of L. R. Johnston, B. F. Umdahl, and Dr. C. M. Hang, and an invitation and supper committee with George M. Wilson, E. O. Mogensen, and Mr. Nelson as members have also been formed. At the next meeting of the club a week from Friday, a name will be chosen and the various committees will report on their work.

Monson Soft Drink Place Sold to Alexander & Son

A deal was made this week whereby Chas. Alexander and his son, William, become owners of the O. L. Monson soft drink parlor on LaBree avenue. The new owners announce that they will assume charge of the business on April 1. The former owner, who purchased the establishment from Chas. Brink's estate, has not yet made plans for the future.

State Exams Take Place.

The state board examination blanks have arrived and on Friday were sent to the various schools in the county by Ole R. Sande, county superintendent. The examinations will be given in nearly every school in the county and will take place on Thursday and Friday, March 20 and 21.

CLUB DIRECTORS WILL BE NAMED

Selection of Twelve to Be Chief Business at Thursday Noon Meeting.

In accordance with the new articles of incorporation and by-laws adopted two weeks ago by the Thief River Falls Commercial club, twelve new directors will be chosen for that organization at tomorrow's noonday meeting. Nomination blanks containing a list of the names of all members of the clubs were circulated last week, with instructions to each member to indicate a choice of twelve for the directorships. These lists were examined this afternoon, and the 24 receiving the highest number of votes will be placed in nomination at tomorrow's meeting. The 12 standing high at the election will constitute the board of directors for the ensuing year. The question of adopting a club badge also will be taken up at tomorrow's meeting.

Last week's meeting was largely devoted to school athletics. The foot ball and basket ball squads of the local high school were guests of honor at the luncheon, together with their coach, Albert Thune. Supt. Simley gave a report of the recent district basket ball tournament conducted here, stating that financially and every other way it exceeded the fondest expectations of those in charge. He stated that teams participating in the tournament were highly pleased with the treatment accorded them and read several extracts from letters showing appreciation of the hospitality of Thief River Falls. Rev. Fr. Weakland gave a very interesting talk in support of school athletics, and Coach Thune explained in detail how athletics were conducted in the local schools. Arthur Penney, captain of the basket ball quint, and Matt Barzen, head of the football team, also made short talks.

OPERETTA TO BE STAGED APRIL 4

"The Gypsy Lover," With Cast Filled, Is Now Being Rehearsed Daily.

An operetta, "The Gypsy Rover," by Mary Hughes Dodge and John Wilson Dodge, is to be given on Friday, April 4, at the auditorium. This musical play is sponsored by the boys' and girls' glee clubs and as the cast has been diligently studying the work for the past two months a very finished rendition is sure to result. The piece is said to be full of lilting melodies and is possessed of a plot laden with dramatic moments and replete with the sentimental interest that everyone likes to see in plays of this kind.

In the cast are: Meg, Ariel Kinghorn; Zara, Camille Warner; Marto, Bnel Will; Sinfo, Clifford Storholm; Rob, (the Gipsy Rover), John Sether; Lady Constance, Eileen Arneson; Lord Craven, Melvin Engelstad; Sir George Martindale, Francis Ohm; Nina, Isabel Richter; Captain Jerome, Matt Barzen; Sir Toby Lyon, Clifton Connor; McCorkle, Richard Zeh; Lackaye, Tien Gullingsrud. There will also be gypsies, gypsy children, boys' choruses and everything else that makes an operetta a most enjoyable thing to see and hear.

Naturalization Meeting.

Clerk of Court Adolf Eklund announces that a naturalization hearing will be conducted at the court house before Judge Andrew Grindeland on Thursday, March 27. The cases of three applicants for citizenship will be heard at this time, the smallest number considered at any similar hearing for a number of years.

SOO OFFICIALS BRING MESSAGE OF GOOD CHEER

President C. T. Jaffray Delivers Optimistic Address at Saturday Meeting.

Nationally Prominent Rail Men Spend Several Hours in Thief River Falls.

Thief River Falls was host Saturday evening to a distinguished group of men connected with the Soo railway. In the party were C. T. Jaffray, president of the Soo; A. E. Wallace, general manager; F. R. Newman, general traffic manager; H. M. Lewis, general passenger agent; E. A. Whitman, chief engineer; T. A. Foque, general mechanical superintendent; G. S. Baxter, superintendent; H. S. Funston, land commissioner; G. W. Hawes, general agent, and J. O'Connor, general road master. The party arrived over the Wheat Line and left on the ten o'clock flyer for the Twin cities.

The officials were making a tour of North Dakota and Minnesota to make personal inspection of railway property and to gather first hand information concerning conditions in the two states. Friday night was spent at Minot, where a large reception was arranged for the visitors by the Minot Association of Commerce.

Upon invitation of H. A. Pratt, local agent for the Soo, and Dr. H. W. Froehlich, president of the Commercial club, a large number of local business men and others gathered at the auditorium shortly after the arrival of the officials. Dr. Froehlich acted as chairman of the meeting and introduced Mr. Jaffray, who spoke briefly on the recently organized ten million dollar agricultural credit corporation, in which he holds a position as chairman of the board of directors.

Mr. Jaffray related in detail how the corporation had been organized at the recent Washington meeting called by President Coolidge, what had been done to date and what is planned for the future. He stated that he believed the new corporation will prove of inestimable benefit to the Northwestern states through its program of getting behind local banks with financial assistance where necessary, thus making it possible for the country banks to function normally and to enjoy a restored public confidence. Mr. Jaffray's talk showed that he has made a thorough study of conditions and that he is thoroughly awake to the needs of agriculture in general.

In his speech Mr. Jaffray took occasion to pay a number of nice compliments to the community of which Thief River Falls is the center. He stated that this section is peculiarly adapted to a diversified farming program and that people residing here need have no fear concerning the future prosperity of its citizens. The speaker complimented Pennington county farmers very highly for the energy and spirit with which they are taking hold of intelligent diversification in conducting their farms. Mr. Jaffray's talk was straightforward and to the point, and he held the interest of his hearers to the last word.

After Mr. Jaffray concluded his talk, the gathering retired to the Commercial club rooms, where a reception and smoker was given in honor of the distinguished visitors. In discussions during the evening it was learned that the Soo Line is planning an extensive program of road bed improvement for the coming summer and a considerable amount of it is likely to be allotted to this section of the state. It also was stated that operations in the local shops and "rip track" will be resumed on a normal scale as soon as business on this divion shows indications of improvement.

Tommy Gibbons, Popular Fighter, Greets Friends in City Saturday Night

Tommy Gibbons, the man who stood up against Jack Dempsey last Fourth of July for 15 terrific rounds and the idol of all genuine fight fans, was in the city for a short time Saturday evening and many of his local friends were given an opportunity to chat with him for a few minutes. Tommy and his manager, Eddie Kane, were on board Soo train No. 110 on their returned to St. Paul from Winnipeg, where Tommy had knocked out in a few seconds one of the promising pugilists of Canada. The train stops in Thief River Falls about 20 minutes and a large number of people quickly gathered on the station platform when it became known that Gibbons had stepped from the train. Tommy and his brother, Mike, appeared here several years ago in an exhibition match and have many personal friends in the city.

Rivers in the Oceans.

The oceans have their rivers just like the land. The best known of these is the Gulf stream, but the greatest is the "Kuro Siwo," or Black stream, which runs from Japan due east toward the American coast, and so wonderfully modifies the climate that in summer humming birds are found in southern Alaska.

Health is a Result
of the Adaptation of the "Power Within" to the Stress of Environment

DEFINITION
The practice of Chiropractic consists of the adjustment with the hands, of the movable segments of the spinal column to normal position for the purpose of releasing the prisoned impulse

It is a question of relativity.

Disease is the result of supernormal stress or of subnormal resistance.

When the nerve, over which the "power within" sends its adaptative impulses to the cells of the body, becomes impinged by a subluxated vertebra, the "power within" cannot adapt the organism to the stress of environment and we become sick.

To regain health it is necessary to turn on the power of adaptation—resistance.

To turn on the power the impingement must be removed from the nerve, in order that it may function normally.

To remove the impingement the vertebra must be adjusted, and this adjustment of vertebrae is the work of the

They Serve You

Your safety, comfort and convenience depends to a very large extent upon that great army of men and women in public service.

Loyal devotion to their important tasks and an eagerness to serve, which is beyond the thought of material reward, are characteristics of those in public service.

It is the spirit of service that keeps them at work at all hours, in all sorts of weather, because they realize that others are depending upon them.

Even when others enjoy relaxation and sleep, those in public service must be at their posts of duty.

MORE CASH FOR BUTTER IS AIM OF STATE BODY

Practical Demonstration of Increasing Profit at Association Meeting.

Pennington Co. Men Bring Back Reports of Very Interesting Sessions.

Pennington county men who attended the meeting of the Minnesota Co-operative Creameries association, held last week in St. Paul, report a very interesting and profitable session. The following papagraphs relate briefly the things of importance which transpired at the meeting.

How a creamery actually had lost $1,700.00 in a year because the moisture content of its butter was slightly under standard, was demonstrated. The test was but an incident in what those present called the most practical assembly of leaders in the history of Minnesota's dairy industry.

The goal of the meeting was to impress upon representatives of the 450 members creameries, the growing importance of a uniform product and a uniform package, now that the association has entered the marketing field. The delegates obtained a working understanding of the problems which confront a farmers' agency when it enters the selling field.

The convention was "all-business" from the moment that President John Brandt of Litchfield called it to order. The first session was given over to reports on the work and the condition of the association.

H. F. Meyer, manager of the sales department reviewed the work of his office since it was opened six months ago explaining how it has been his purpose to extend the market for sweet cream butter, instead of dumping it on the New York market, as in the past. He told the convention Minnesota's best butter is now being sold in 49 cities. Contracts between local creameries and the association, he said, assure the agency of at least 100,000,000 pounds of butter a year.

Mr. Meyer reviewed the successful effort now being made to place sweet cream butter on the retail market of the twin cities. This butter, he said, is now the largest seller, recently having passed the most popular brand sold by centralizers.

He was unable to announce the name under which sweet cream butter will be sold, because so many suggestions have been received in the $500 prize contest that it will be 10 days before the judges will reach a decision.

Few speeches featured the meeting. Prof. T. L. Haecker, "father of the co-operative creamery" reviewed the growth of the movement since he started it more than 20 years ago. A. J. Glover, editor of Hoard's Dairyman, told the delegates that solution of the farm problem must come from movements such as the association, rather than from legislation.

To give the association an oppr-tunity to extend its operations and meet the constantly growing demands upon it, new articles of incorporation, under the new standard co-operative marketing law were adopted. This will enable the organization to increase its capital stock. An illustration of the need for this readjustment is found in the fact that while the association has a capital of only $51,000, its daily turn over now is frequently $100,000.

All members of the board of directors were re-elected, as were members of the administrative committee. Mr. Brandt will continue as president, Henry Arens of Jordan, first vice president; A. L. Viegel of Mankato, second vice president; H. B. Nickerson of Elk River, secretary; Isaac Emerson of Skyberg, treasurer.

The association now has a membership of 450 and the number of creameries that have signed the marketing agreement—360—is growing constantly. The membership increased 47 last year. The net cost of the association last year was less than one pound of butter fat per creamery patron and for every dollar spent, three were returned to the farmers.

MR. LaFOLLETTE.

Sensational testimony brought out during the investigations now in progress in Washington may or may not be true, but much of it so closely substantiates suspicions which have lingered in the public mind that it would not be surprising if conditions are fully as rotten as the disclosures indicate them to be, and in that connection much credit is due Senator LaFollette for standing unflinchingly against all official rascality.

The Tribune stands ready to believe the charge that efforts were made to "get" LaFollette. No one with a clean record would be a party to such underhanded methods, and if the administration wishes to be reinstated in the good graces of the people it must get busy immediately with a program which has for its object the punishment of all guilty parties. This is one time the public feels outraged, and if official strings are pulled to let the guilty escape because of the loftiness of those involved—then let no one be surprised if the movement now on foot to make Mr. LaFollette the third party candidate assumes nation wide proportions which will sweep the old parties into the discard for many years to come.

It is not the purpose of this newspaper to mix into the politics of St. Paul. Far from it. That old burg can slip into the river, have itself annexed to Minneapolis or change its name to Sleepy Hollow so far as we are concerned. But we shall always think the old town has lost its mind if it changes mayors at this time. For the benefit of its good citizens we wish to state that Mayor Nelson has placed the Saintly halo on straight. Its standing in the sisterhood of Minnesota cities is now 100 per cent. It is now regarded as a safe place to visit, as a good town to rear a family in—and this condition may all be spoiled if the town now takes a backward step by reinstating in power the gang which is opposing the present mayor. There is nothing to be said against George Siegel—but deliver us from his backers who are now sore at Mayor Nelson.. St. Paul voters should carefully consider that Mr. Nelson's only offense is refusing special privileges to the few in order that the people of the city may have the same chance—insisting that high and low stand in the same relation to law and order.

President Jaffray, of the Soo Line, made a hit with the people of Thief River Falls. Not that he is an orator—nothing of the kind—but he impressed our folks with his democratic ways and intimate knowledge of things. He talks and acts like a practical business man who knows the needs of the northwest, and the close-up we had last Saturday has convinced most of us that he is one of the biggest men in the northwest—and his selection as the head of the new $10,000,000 corporation could not be improved upon.

The election of "Larry" Hodgson as one of the city commissioners of St. Paul will be pleasing to his many friends throughout the state. "Larry" deserves well of the Saintly city, being not only one of its most consistent and effective boosters, but being also so familiar with its many civic problems as to be especially well fitted for the position he seeks. A vote for Hodgson is a vote for good government and his election a fitting endorsement of St. Paul's best known citizen.

The citizens of Goodridge are investigating the acts of a number of young men who invaded their village Saturday evening, carrying a supply of moonshine and bent upon disturbing the "Market Day" program. Authorities owe it to the community to ascertain who created this disturbance and who supplied the moonshine.

Congressman Knutson got himself mixed up in a mess so dirty that the newspapers cannot even discuss it. He had his big chance and can only blame himself for his present disgrace and future oblivion.

Chicago is kicking on the brand of weather we have been getting this winter. So is California. Different here.

Leaders in both the Republican and Farmer-Labor parties agree that the present primary law is a howling farce and ought to be repealed but neither party dared say so in their platforms recently adopted. One is afraid and the other dassent. Both are sashaying for political advantage, each hoping the other will be the first to take the plunge. Under the present system taxes will mount higher and higher, the big cities will hold all the offices and no poor man lacking the support of powerful interests can hope to attain public office. The primary law is right in principle, but inasmuch as few people are sufficiently informed regarding candidates and issues, such a law is easily manipulated with the result that the people have far less to say with reference to the results than would be the case even under the despised caucus system. Thinking men, we believe, agree that good government can only be obtained under a system of party responsibility.

The Tribune sincerely trusts an effort will be made to organize the band again this summer. The city abounds in fine talent and it only remains for someone to start the ball rolling. Summer evening concerts on the streets of Thief River Falls have served to advertise the city far and wide, and such entertainments have proven attractive to people in all walks of life in our midst. We believe the city can muster a musical organization second to none in the state, and we further insist that no more worth while undertaking could be entertained at this time. Therefore, in order that our town may be placed again on the map with a city band, it is suggested that some live wire like Lawrence Hermanson get behind the movement. For that matter we suggest that every musician in the city constitute himself a committee of one on organization. Let's go!

Merchants of Thief River Falls are entitled to much credit for the manner in which they support every worthy community undertaking. They give freely of their time and money to everything which gives promise of returns to city and county. Therefore the public should reciprocate by trading at home. Buy everything from the men who stand ready and willing to assists you. That is the spirit that makes life worth living.

A banker friend tells us that he is required to sell his farm loans in Milwaukee owing to the lack of confidence in our securities on the part of Minneapolis and St. Paul loan agencies. If that is the case, why would it not be the proper stunt for our merchants to purchase their goods from Milwaukee firms?

In view of the quantity of fine wool which is marketed annually in this city, it is our firm belief that an up-to-date woolen mill would be a paying proposition in Thief River Falls. If you have a friend who is interested in that line of business, tell him about the splendid opportunity.

Recent episodes in the city indicate a revival of the moonshine industry in our midst. Men who take chances along that line in view of the large number of Thief River Falls citizens who are serving jail sentences, must indeed be of a low order of mentality.

The Thief River Falls sleeper, after an absence of three months, will be back into service after the 1st of April. This accommodation has never been a paying investment so far as the Soo Line is concerned, hence this service should be doubly appreciated by our citizens.

We notice a bill now before congress increases the pay of the judges of the supreme court of the United States from $14,000 to $25,000 per annum. Any members of congress who votes for such a measure deserves to be retired to private life.

Let every man in town and country boost the Co-Operative Creamery morning, noon and night. It is the sheet anchor of community prosperity and when it grows we all grow with it. So, boosts the creamery in every way you can.

The Tribune is 23 years old today counting the days when it was the Sunbeam. Six years a resident of Thief River Falls and still hitting on all six.

Thief River Falls has a creamery known as one of the best in the state. Energetic action on the part of everybody will also make it the biggest.

It is the duty of every good citizen to aid the officers of the law in ridding the community of moonshiners.

In deciding a bankruptcy case which recently came before him, Judge Cant, of the United States Court, made the following observation:

"The bankruptcy laws are not designed and should not be used for encouraging men to do what is wrong. In actual practice the consequences sometimes worked out are scandalous and such as to shock the sense of all honest men. Men of low ethical standards discover or conclude that burdens, often brought on themselves by their own improvidence or folly, may easily be shifted to the shoulders of others more thrifty, more industrious and in every way more worthy than themselves but who, at times, are even less able to bear such burdens than the more designing and selfish debtor. There are thoroughly worthy debtors to whom real misfortune has come, and who, struggle as they may in the best of faith, can see no reasonable hope of being able to pay their debts. For such the bankruptcy law is a much needed relief and a great blessing, but when the use of that law is extended to those who can well enough pay if they will work and economize and deny themselves as honest men everywhere must do, it becomes a reproach. When any man seeks to avail himself of the bankruptcy law, not because he cannot pay his debt within a reasonable time if he would only try, but because he finds that law an easy and convenient method of shifting a burden, which he should bear himself, to the shoulders of others, be does a disreputable thing and every honest and sensible man knows it to be such. He forfeits the confidence of others and he spreads a mutual distrust among men all about him through the fear engendered by his acts that others may do the same and thus he helps to pull down the social fabric upon which all must rely. As a matter of good morals, no man is entitled to make use of the bankruptcy law merely because it suits his convenience. His sense of duty to others should effectually prevent any such thing."

The Pittsburgh plus plan has materially aided in the upbuilding of the eastern cities to the detriment of cities like Duluth, and no farmer who desires to vote for his own interests should give his support this year to a single office seeker who is not committed to the abolishment of this iniquity.

The weather man tried his darndest to spoil our robin story last week by bringing on a snow storm just as The Tribune came off the press. But Mr. and Mrs. Robin, undaunted, came just the same and from now on we defy the weather man to interfere with our prognostications.

It is said the national debt was reduced $400,000,000 in 1923. At that rate it would only take about five years to pay off the amount filched from the government by Chas. Forbes, the crook who was in charge of the Veteran's Bureau.

The Soo officials who tarried with us Saturday evening after a visit over the entire Minnesota and North Dakota system, whispered the information in our ear that Thief River Falls has 'em all beat forty ways from Sunday.

Several hundred people attended the "market day" at Goodridge Saturday and all had a good time. The village of Goodridge demonstrated the fact that it can play host in a manner that reflects credit upon all its citizens.

Attorney General Daugherty probably has his thumb in the bunghole of the barrel of justice and cannot leave.

Those who favor a city band for Thief River Falls please rise and be counted. Not a dissenting vote.

Why not a rip snorting band that will simply tear the roof off the house this summer?

For "Grandma" Fish.

Last Thursday afternoon, March 14, Grandma Fish was tendered a pleasant surprise by a number of her friends, at the home of her daughter, Mrs. J. S. Arneson, the occasion being Grandma's 70th birthday anniversary. An enjoyable afternoon was spent and at the close of the hours a delicious lunch, brought by the ladies was served, with a huge birthday cake the center feature of the spread. Mrs. Fish was presented with numerous gifts as remembrances of the day. Those present were: Mrs. Anna Fish, honor guest, Mesdames E. M. Bennes, H. O. Chommie, H. S. Dahlen, Oscar Rambeck, L. H. Larson, Grandma Arneson and Mrs. J. S. Arneson.

Car Runs Over Cranker.

Olaus Loyland, who lives near Okles, was the victim of a peculiar accident when a car he was cranking moved forward, running over his left leg and breaking it. The accident happened on Saturday evening and the injured man was at once brought to this city and taken to the Physicians hospital where the break was set. Mr. Loyland is resting easily at the present time.

Obituary

Lyle Victor Mosbeck.

On last Friday, March 14, occurred the sad death of little Lyle Victor, the five year old son of Mr. and Mrs. Victor Mosbeck of this city. The little lad had been a sufferer from liver trouble, gradually sinking until death came to relieve him. The funeral took place on Sunday, March 16, and burial followed at the Rindal cemetery. Rev. George Larson officiated at the funeral.

Anna Hoppe Ristau.

On Sunday, March 16, occurred the death of Anna, the beloved wife of Emil Ristau in Grand Plain township, immediate cause of her demise being chronic rheumatism.

Anna Hoppe was born August 8, 1873, in Germany and came to this country with her parents, Mr. and Mrs. August Hoppe, when she was ten years of age. Her parents were among the early settlers in this part of the country. When she was 19 years of age, Anna married Emil Ristau at St. Hilaira and shortly after the reservation to the east of this city was thrown open the young couple took up a homestead near Germantown where they have since lived. Eleven children who came to bless the union survive their mother. They are John, Henry, Willie, Fred, Gustave, Ed. Lena, Rudolph, Harry, Walter and Martha. The funeral will be held on Thursday, the services being held at the home with Rev. Lutz officiating. Burial will be in Greenwood cemetery.

Middle River Debaters Win.

Middle River schools this year enjoy the distinction of having two debating teams to reach the semi-finals for the district. These teams were pitted against each other in a debate held Monday evening and the winners will go up against the Twin Valley debaters in the district finals at Crookston on March 28. This is an unusual achievement and one of which Middle River should be proud.

Field Beans

The Great Northern Baking Beans

Only 8c Per Pound

See what Oscar H. Will & Co. of Bismarck, N. D., say about these beans——

GREAT NORTHERN—The Most Delicious Baking Bean in the World! This hardiest bean was originally obtained by us nearly forty years ago from Son of a Star, an Hidatsa Indian, among which tribe it had been raised for many years. It is a wonderful yielder and one of the most profitable sorts that can be raised. Grown to the exclusion of all other varieties of field beans around Billings, Mont., the bean center of the Northwest. Forty odd cars of Great Northerns were shipped from that point to Chicago this past year.

This seed was purchased from Oscar H. Will & Co., and raised in Town of North and can be gotten at Bredeson's & Co., and H. K. Strand & Co. as long as it lasts at 8 cents per pound instead of 20 cents as was paid for this seed two years ago.

LOCAL CIRCULAR MAKES BIG HIT

Real Estate Firm Advertising Comes in for Some Favorable Comment.

The Tribune job department last week completed a large circular for the Empire Farms company of this city. The circular contains a number of fine halftone illustrations and is replete with information concerning the agricultural possibilities of Pennington county. That the folder will serve to call attention of the outside to the good points of this section is very evident from the following letter, received the other day by Mr. Haynes of the Empire Farms company from Chas. R. Hutcheson, alfalfa expert connected with the field service department of the Northwest Farmstead:

"I want to congratulate you on that splendid circular. It is a great boost to Pennington and the best of it is that it is the TRUTH.

"There isn't a county in the state that has and is taking the steps forward that Pennington county is.

"You have a splendid bunch of bankers and without the bankers of a county are back of the farmers it is hard for the farmers to go ahead in times like these.

"I wish you would send a dozen copies of this circular to our office here. Also send one to Mr. A. B. Lyman, Excelsior, Minn. If you will send us the cut we will run it in the Northwest Farmstead. That seed is selling for 58 cents per pound in many sections—so you see what the bankers saved the farmers. Fine work! Keep up the good work that you fellows have started and there will be thousands of happy, prosperous homes in Pennington and adjoining counties in a few years.

"As soon as the frost is out of the ground I will be back up your way to dig around among those alfalfa roots to find out things that can be done to help alfalfa grow better in Pennington county and the Red River Valley—soon to be one of the richest dairy and live stock sections of America. Alfalfa, sweet clover. Soybeans, corn, cows, hogs and chickens will be the main sources of income that will make and keep your farmers prosperous.

"Best regards to all you live wires, and highest praise to that county agent of yours. He is a jewel. I don't see how you can keep him so long."

TOWN ELECTIONS CREATE NO STIR

Villages and Townships Put New Men in Charge of Local Affairs.

Tuesday, March 11, was "town meeting day" in Minnesota, and villages and many cities also conducted their elections on that date. Reports from rural districts of Pennington county are very slow in arriving at the office of County Auditor T. P. Anderson and the following results, in addition to those published last week, are the only ones available as The Tribune goes to press:

St. Hilaire Village: President of council, P. E. Bergh; recorder, H. Fricker; treasurer, E. O. Burkee.

Highlanding Township: Chairman, Elo Sanders; supervisors, John T. Nelson and Ole O. Sunsdahl; assessor, Ole G. Lee; treasurer, Wm. Vaughan; justices, Alfred Hammersten and W. H. Crampton; constables, Robert Swanson and Herman Kjos. Highlanding voted $250 for the town revenue fund and $100 for the road and bridge fund.

Sanders Township: Chairman, J. V. Patton; supervisors, Albert Lind and Carl Anderson; clerk, O. O. Malaud; treasurer, Alex Anderson; justice, Herman Ortloff; constable, Fred E. Rux. $200 was voted for town revenue, $1,500 for road and bridges, and $400 for the poor fund.

Hickory Township: Supervisor, Chris Thompson; clerk, Bj. Bjornaraa; treasurer, H. T. Hanson; justicts, Bj. Bjornaraa and Elleck Halvorson; constables, T. T. Kvale and Martin Fore. The road and bridge fund was voted $1,000 and town revenue $300.

Black River: Chairman, Edward Moren; supervisors, Andrew Erickson and Leonard Holmes; clerk, Felix Anderson; assessor, Albert Anderson; treasurer, A. G. Hallstrom. $200 was voted for town revenue, $700 for roads and bridges, and $200 for road dragging.

Norden Township: Supervisor, Martinus Rust; clerk, John Funnesdahl; treasurer, G. J. Nordhagen; justice, Harry Myrom; constable, Martin Aos; road overseers, Dist. 1, P. M. Peterson; Dist. 2, Harry Myrom. 3, Knute Knutseth; Dist. 4, Gordon Olson.

Offender Sent to Reform School at Red Wing; Two Others Get Continuation

When the three young men, arrested on the charge of robbing the Hans Wilson confectionery store on Friday, March 7, were brought before Municipal Judge N. W. Tarrant on Saturday afternoon it was found that two of them, Fred Chapman and Russel Hillagos, were under age. They were therefore turned over to the juvenile court, over which Judge of Probate, Lars Backe presides. It was decided to send Hillagos to the reform school and he accordingly was taken to Red Wing Saturday evening. Fred Chapman's case has been continued. The case of Morland Strom, which also rests with the juvenile court, has been continued until further information is secured.

Frank Chapman, brother of Fred, who also was implicated in the robbery of March 7, was brought before the municipal court on Saturday. He waived preliminary examination and was bound over to the district court.

To Organize Sunday School.

It is announced that a Sunday school will be organized at the Northfield school next Sunday, March 23, at 1:30 in the afternoon. Everybody interested is invited to be present. The Young People's society meets in the school house at 2:30 p.m.

WHEN THE THIEF COMES

Will the thief whether he comes in the night or in the day, find that you have thwarted him by placing your money and other valuables in this strong bank? If you have not taken this step to protect your valuables, why not do so at once, before it is too late?

Don't take the chance of letting money lie around the house. Place it in the bank and you will have no need to worry about thieves, fires or anything else. It is the only sensible way.

INTENTIONAL DUPLICATE EXPOSURE

BULK OF MONEY IN STATE FUND TO LOCAL ROAD

State Official Figures Show 1924 Funds Available for State Roads.

Two-Thirds of Money Goes to Local Roads, Although Travel Is Less.

Pennington county 1924 local road funds:

Taxes	Total
State Aid	$ 5,486
County	30,174
City-Village	1,505
Township	18,572
Grand Total	$55,737

Towards Trunk Highways.

1,196 motor vehicles at $16.50 average tax $32,934

Trunk routes in county .... 32 miles.

State rond aid apportionments always bigger than its state aid tax total, Pennington county will have more than $55,000 this year to use on local roads. Its automobile owners will pay about $33,000 into the state trunk highway fund. That is the only direct tax for the main higbways and the only tax on motor vehicles. It is paying for the improvement and maintenance of the trunk routes which formerly took $4 out of every $5 of county road and bridge funds in the state. Incidentally, the auto tax now is lower than the old personal property tax on cars, without the state license fee.

Foregoing figures nre from official records. State Auditor Ray P. Chase made public the annual abstract by counties of taxes for various purposes. The auto tax average of $16.50 is that used in the office of Secretary of State Mike Holm and the motor vehicle figures are the best obtainable and based on a total of 500,000 cars and trucks this year.

Here are some furthsr showings:

Minnesota's funds for all rosd purposes this year will be smnller than for five years past.

Local roads are taking less than a seventh of all general property taxes levied in the state.

Two dollars are spent on county, township and city-village roads for every dollar used on trunk highways, although the trunks carry four out of five road vehicles.

Of all general property taxes levied in Minnesota, 42 per cent is paid in Hennepin, Ramsey and St. Louis counties, including Minnenpolis, St. Paul and Duluth.

Of an assessed valuation increase of about $24,500,000 this year about $20,500,000 or more thsn three-fourths was in the counties in which are located those three large cities.

The three counties named paid in $812,817 of state road aid taxes and will receive $180,000 of state aid, the remaining $632.817 to be apportioned to other counties.

About one-third of the motor vehicle tax receipts are from those counties, but none of the trunk highway fund is expended in the cities of Minneapolis, St. Paul or Duluth.

State trunk highway income this year will total about $10,000,000. Auto taxes will amount to about $8,000,000 according to the secretary of state, and about $2,000,000 of federal aid will be available. The amount set aside in the sinking fund for interest and bond payments, it is expected, will offset the sum coming in from sales of new county reimbursement bonds.

Funds for local roads, the tax abstract shows, total $19,039,042 and include $9,631,398 of county road and bridge money, $6,219,300 of township, and $1,186,344 of city-village road and bridge funds. The tax total will be increased by county bond issues for local roads, in Hennepin and Ramsey counties.

WESLEY BARRY'S PLAY IS WINNER

"The Printer's Devil" Original Story Written for Screen Youngster.

Wesley Barry, one of the most versatile young stars of the screen, is coming again in film form to delight and amuse us with his unusual humor and youthful antics in "The Printer's Devil," a Warner Brothers' classic of the screen, and the Princess theatre announces that this feature will be shown Friday and Saturday.

It is an original story written by Julien Josephson especially for Wesley Barry, and tells of the trials nnd tribulations experienced by the publisher, who is also the editor, proof reader, typesetter and what-not of a typical small-town newspaper.

Sidney Fletcher, robbed on the outskirts of Briggsville, is forced to stay in town for a day, and upon meeting Gates, the pretty daughter of the town banker, he decides to stay.

To aid him in the suit for Vivinn's hand, he buys the local newspaper, the Gazette, and writes a scathing editoroal against the light and power company. As Banker Gates is president of the company, this puts Sidney back a bit in his quest, and it seema as if Alec Sperry, his rival, will win the girl.

One night the bank is robbed and the next morning circumstances fasten suspicions on Sidney and hs is arrested and put into jail, while Sperry looks on, not at all sorry.

But Brick, who has a strong liking for both Sidney and Vivian, bas gone out to prove Sidney innocent, and by a succession of many interesting and humorous scenes, brings the real culprits to justice and reunites his friends.

Supporting Wesley Barry in the cast nre Harry Myers, Katherin McGuire, Louis King, Georgs Pearce, Ray Cannon, Mary Hnlter and Harry Rottenberg. The picture was under the direction of William Beaudine.

Sleeper to Be Resumed.

Officials of the Soo Line announce that the sleeping car on trains 109 and 110 from Thief River Falls to the twin cities, which was taken off some months ngo, will again be placed in service nbout April 1. Having this car set out and taken up at this place has been n genuine service to the traveling public and the news that the servics is to be resumed will be gratefully received.

EDITOR MUSSEY 75 YEARS YOUNG

Neighbors and Friends Celebrate Birthday Anniversary in Great Style.

A local delegation composed of Dan Shaw, M. C. Burns, Sr., A. E. Mnttson of The Times and J. S. Arneson of The Tribune, motored to Grygla last evening to participate in the celebration of tha 75th birthday anniversary of Col. H. E. Mussey, veteran editor of the Grygla Eagls.

The birthday party was in the nature of a community event, more than 150 of the people of Grygla and vicinity participating, and many being present from surrounding towns. Editor Mussey, who, despite his years, is as spry as a two-year-old, cut loose last evening in great style. They say he used to be a great dancer and as a lady remarked last evening, he still "throws a nasty foot." With his agile partner he went through the numbers of an old fashioned square dance in a manner that would put Irene Castle in the shade. He put it all over Dan Shaw, J. S. Arneson and other "kids" who danced in the same "set."

Mr. Mussey and his good wife came to Thief River Falls from Warren in 1892. He erected the first house on the east side of tha river, the house now owned by City Attorney Chommie, and the street running east and west at this point is named "Mussey street." He was at one time a partner of Editor Mattson in the publication of the Warren Sheaf and these veterans had newspapers at Argyle, Stephen and other points. It will thus be seen that efforts at "monopolizing industry" had its inception in this neck of the woods. Mr. Mnssey served on the first village council and wns a member of the Thief River Falls school board.

The Grygla editor was eulogized last evening in prose and poetry, the various speakers being introduced by J. F. Brown, well known Grygla merchnnt. The first speaker was J. S. Arneson, who spoke for the newspaper "profesh." Dan Shaw told tales out of school, relating a number of episodes of the early days in which Mr. Mussey was either the hero or villain, generally the former. The ladics of Grygla brought out a huge birthday cake ornamented with candles, accompanied with a neat piece of poetry which was read by its author, Mrs. Wilson. Several musical selections were contributed by Messrs. Tvedt and Ovarbo, of Goodridge, Miss Brown of Grygla officiating at tbe piano.

At the conclusion of this program Mr. Mussey was presented with a large well filled purse, and though greatly overcome by the emotions that come to an editor when he handles money, he pulled himself together and responded with a neat speech in which he thanked the donors and related interesting reminiscences connected with his experiences as a newspaper man.

After lunch had been served by the ladies the hall wns clenred for dancing, card playing, etc. The party broke up after midnight and wns voted one of the most successful social affnirs of the season.

Goodridge Market Day Is Success in All Respects

The "market day" held by Goodridge merchants last Saturday was immensely successful in every reexpectations and the sales conducted being well patronized in all lines.

A program of speeches and music was held at the Goodridge school house. Addresses were made by J. S. Arneson of this city, T. J. Vollom of Erskine and H. O. Berve of Germantown, the latter discussing tbe merits of the McNnry-Haugen hill now pending in congress.

Musical selections were rendered by Messrs. Tvedt and Christianson while sereval vocal solos were sung by Mr. Vollom, Mr. Overbo presiding at the piano.

Fire Threatens Building But is Quickly Put Out

Saturday afternoon a fire of unknown origin caused an alarm to be turned in from tbe Square Deal grocery and meat market on LaBree avenue. The finmes had gained considerable headway in the first floor ceiling but were quickly brought under control by the fire department before serious damage resulted. But slight damage wns done and the store is continuing business as usual.

SPUD CONTRACT NOW EFFECTIVE IN PENNINGTON

Acreage Signed in County Is More Than Enough to Meet Quota.

Official Registered Membership in County Is 107; 1,386 Acres Listed.

Official notice that Pennington county has signed its legal quota in the campaign to organize ths new Minnesota Potato Growers' Exchange was issued from the St. Paul office of the General State Committee this week.

Issuance of this notice will have the effect of making effective all contracts signed in Psnnington county, preparatory to incorporation of the Pennington County Potato Growsrs' association. This, in turn, will be federated with 30 other associations, to be formed in all counties whicb signed their quotas. Tha federation will become the Minnesota Potato Growers' Exchange.

The organization campaign closed on March 1, and according to an officinl proclamation issued by the state committee and signed by J. A. Monson of Braham, state chairman, and Edward Barr of St. Paul, secretary, nn aggregate of 12,220 members who listed 160,756 3-4 acres were obtained before the tima limit set in the contract. This acreage is approximately 40,500 acres more than was needed in the state.

Pennington county is officially credited with a membership of 107, who listed 1,386 acres; 676 more than the legally required 50 per cent of the local commercial acreage.

With organization complete, the next step is to form a county association. This work will get under way late this week wben Pennington county's representative on the state committee will issue a proclamation, for which provision is made in the contract. After the proclamation, growers who have signed the contract will first nominate condidates for five positions on board of directors of the county association. Nominations will be followed by a mail election. When the directors have been elected, they will legally incorporate the local association, accept as membsrs all who have signed the contract and then name Pennington county's trustee on the board which will form and govern the state exchange.

Pennington county will have ona county trustee. The contract provides that each county shall have at least one trustee and one in addition for each 500 members or major fraction thereof.

MARY PICKFORD IN HER LATEST

And Star Spends Day in Cell While Making "Rosita," Coming Soon.

During the first day that Mary Pickford's new picture, "Rosita" her latest United Artists Corporation release, coming next Sunday and Monday to the Princess theatre, was in the making, this much-idolized little cinema artiste spent the time in jail.

But it was all in the script, the first scene of whicb required that "Our Mary" be imprisoned in a dingy, dungeon cell. Ernst Lubitsch, the director, turned the key and kept her there from 9:30 in tbe morning until 6:30 that evening, with a brief half-hour out for lunch.

Those who see this feature when it comes to the Princess theatre, may be surprised, however, to find that ths first scene of the picture does not show the star behind the bars. Even tbough this was the initial "shot" to be taken it did not come into the story until well along toward the middle of the film. It happened to be more convenient to make the prison scene first, and at a motion picture studio scenes are shot in order of convenience rather than in numerical order.

The new Pickford offering ia said to be the most pretentious of her career. The story deals with the adventures of a little street singer who has thrust upon her the love of a king.. Miss Pickford is seen in a very emotional role and rises to greater dramatic helghta in this vehicle than in anything she has ever before attempted. Those who view "Rosita" will see a new Mary Pickford.

Goodridge Commnnity Club.

The Goodridge Community club, one of the livest organizations of its kind in this section of the state, will hold its annual meeting in the nenr future. New officers are to be elected nt thia time and a general program of activities mapped ont for the ensuing year. The date of the nnnual meeting will be announced next week.

Horse Falls on Man.

On Saturdny evening Joseph Schiefert, a resident of Plummer, was riding a horse when the animal fell. In so doing Mr. Schiefert's left leg was caught aome way and a severe break resulted. The victim was immediately brought to this city and at tha Physlcians hospital his injuries were given prompt attention. At present he is getting along nicely.

Egg Marketing Is Topic of Meeting on March 27

Announcement is mada today by County Agent J. J. McCann that W. J. Corwin of St. Pnul will be in Tbief River Falls on Thursday, March 27, for the purpose of giving a talk on co-operative egg marketing. It is expected that representatives from towns tributary to Thief River Falls will be present at the meeting, and an effort will be made to form a shlpping association, with this city as the central point. Anyone interested in tha marketing of eggs should make it a point to be present at the meeting.

LEGION ADOPTS A SCOUT TROOP

Committee of 5 From Local Post to Look After All Details.

At the Legion meeting held Thursday, March 13, it was decided to take over the Boy Scout troup of 40 boys which was formed here some time ago. This troop will be sponsored by the post and to this end a committee of supervisors has been appointed. This committee will attend to all matters concerning the troup. The committee so far has four members and a fifth member will be appointed at a later date. Those appointed at the last meeting were Guy Lane, Ray Kiland, Henry McMahon and Verner Nelson.

It also was decided at this meeting that the Legion put on an Easter dance to be given at the auditorium on Mondny night, April 21. The local showing of the American Legion picture, "The Whipping Boss," wns also discussed and it was decided that it be exhibited on Decoration Day. This is a big picture, much talked of and based upon the prison life of the North Dakota boy, Martin Tabert. Special music and a program will be put on in connection with the picture and a committee of three, H. S. Snyder, Dave Robinson and Earl Effinger will work in connection with Mr. Brumund, manager of the theatre.

OLE O. SAGENG CANDIDATE FOR U. S. SENATOR

Prominent Dalton Farmer Files for Office Tuesday on Republican Ticket.

To Try for Seat in National Lawmaking Body Now Held by Johnson.

Ole A. Sageng of Otter Tail county filed yesterday for United States Senator as a Republican. Mr. Sageng has seen more than twenty years of service in the Minnesota legislature, where he rendered splendid service for the people.

Senator Sageng owns and operates a farm near Dalton. He is a fine public speaker and has proven himself a powerful foeman in many debates which took place on the floor of the senate. Mr. Sageng is well known to the people of this section. He was a candidate against Steenerson some years ago and during the past year has been active in promoting farmers' co-operative organizations. In a statement issued yesterday, Senator Sageng said:

"I believe the Republican party in Minnesota is as friendly in its attitude toward the farmers and their problems as any other political organization.

"I believe the Republican party stands ready to accord to the farmers fair recognition in its counsels, and, as far as party action can secure it, representation from their own ranks in the national congress.

"If I am elected to the United States Senate, my efforts at all times shall be to serve fairly and fearlessly the highest interests of all the people and the nation."

LOCAL BOY WINS DISTRICT HONORS

Melvin Engelstad Given Frst Place in H. S. Declamatory Contest.

Melvin Elgelstad won first district honors in the declamatory contest which took place at the Warren high school last Thursday evening. Two versions of Melvin's subject, "A Vision of War," were given, Melvin's being given first place by the unanimous decision of the judges. The second version was delivered by Keith Dundas of Argyle. The other boys taking part in the contest were: Dan McLaughlin of Bemidji, giving "Spartacus to the Gladiator," and Carl Thurn of Crookston, giving as his selection, "The Heroism of the Unknown."

Miss Pearl Holmquist, who won in the girls' sub-district contest held here, presenting the story, "Mercedes," won first place again in the Warren meet. Ruth Casey of Bemidji spoke on "The Mallet's Masterpiece," while "The Lie" was the selection of Gladys Edin of East Grand Forks. Katherine Bordewick of Warren spoke on "Engineer Connor's Son."

The winners, Melvin Engelstad and Miss Holmquist, will take part in the state finals which are held in Minneapolis the week before Easter.

TWO HARBORS AT TOP IN TOURNEY

McIntosh Wins First Game But Loses to Champs in Second Tussle.

McIntosh won the opening game on Mar. 19, at the high school basket ball tournament held in the Kenwood armory at Minneapolis. They played with the tenth district champions, and won with a score of 19 to 16. In the game Oscar Lowe, McIntosh center, and Carl Hill, guard, were especially mentioned, Lowe for center floor throwing, making five field goals in this manner, and Hill for his splendid guarding game.

In the semi-final games played the following day, McIntosh played against Two Harbors, in a game so uncertain as to outcome that the winner was not known until the very last moments of play, when Two Harbors emerged with a very good lead. The score was 31 to 18. The latter team won the state title on March 21, when they defeated the South High team, the score ending 21 to 12.

Returns From Fargo.

Dr. L. R. Twete returned the first of the week from an auto trip to Fargo, N. D., where he spent several days with his mother. Mrs. Twete recently suffered a stroke of paralysis but is now reported to be considerably improved and gradually regaining her health.

RE-OPENING OF BIG CROOKSTON BANK EXPECTED

Hope of Resuming Business Soon Is Expressed by President Stephens.

Merchants National Closed Saturday Morning Rapidly Being Reorganized.

Hope that the Merchants National bank of Crookston, closed last Saturday morning by order of the national bank examiner, would reopen in the near future, was expressed by A. D. Stephens, president of the institution. The Merchants National was considered one of the strongest institutions in the northwestern part of the state. The bank was founded in 1882 and was presided over by Mr. Stephens since 1891.

Inability to collect overdue and outstanding notes brought about the suspension, according to officials. A large amount of notes of business men and farmers all over this section, it was declared, given as collateral for loans, were past due and the bank examiner refused to pass them as assets. Instead it was insisted that until these collateral notes could be realized on or the loans for which they are held as collateral are paid in a sufficient amount to put the bank in good financial condition, the bank would be unable to open its doors.

There was one other way suggested through which the bank could again open on a solid financial basis; that is, the investment of additional capital secured by this slow paper to tide it over. There is good prospect that both of these plans will be put in operation and that the bank will within a short time again be open and in operation. Neither the examiner in charge nor Mr. Stephens could make any definite statement as to the opening date.

According to tha last published statement of the bank total deposits were listed at $1,460,096.38. The resources of the institution were placed at $1,715,000. The bank is capitalized at $75,000 and had a $52,500 reserve fund.

The other banks of Crookston following the closing of the Merchants National decided to remain open throughout Saturday afternoon instead of closing at noon as usual. This attitude of confidence had a wonderfully good effect in restoring confidence. In addition the fine feeling of faith manifested toward the Merchants bank and the confidence on every hand that it will be able to overcome its financial setback has proved extremely helpful.

NEW AUTO TAGS OR JAIL APRIL 1

Police Instructed to Arrest Tax Slackers; Penalty $100 or 90 Days.

Police everywhera in Minnesota will be instructed to arrest all drivers of cars and trucks not displaying new 1924 license tags after April 1, Mika Holm, secretary of state announces. The new 1924 law makes the driving of a motor vehicle without proper license plates after that date a misdemeanor, punishable by $100 fine or 90 days in jail, he explained.

The time for paying motor vehicle taxes without penalty expired nearly a month ago. The delinquency penalty has run up to $7 and $2 will be added during each of the next five months. Delinquents are warned to secure tags without further delays.

The state tax now is the only tax on cars and trucks.

COUNCIL TAKES HARDPROBLEMS UP FOR ACTION

Session Tuesday Evening Is One of Busiest Meetings in Many Months.

New Ordinance Covering Liquor Law Violations Given First Reading.

The meeting of the city council last night, with all aldermen present, was one of little actual business but yet of much interest as informal considerations of vital matters was continuously manifest. Matters actually disposed of include:

Granting free use of auditorium to school for graduation purposes.

Transfer of one soft drink license and granting of another.

Approval of mayor's appointment of Mr. Cronkhite.

Approval of First and Peoples State bank bond.

Amendment of electric rates to users outside of city limits.

Reading of minutes and allowance of bills.

The various matters given due consideration by the council but not definitely disposed of include:

Discussion of purchase of additional unit of power plant, including trip of majority of council to Grafton for inspection.

Talked over possibilities of resetting white way posts and connecting up with new wiring, practically rebuilding present white way system.

Considered purchase this month of poor farm.

Gave heed to request to stop card playing in pool rooms and soft drink places on Sundays.

Pondered over opinion of city attorney regarding payment of bill of Ralph D. Thomas, engineer, who inspected dam last summer.

Listened to taxi drivers' objection to proposed license.

Contemplated improvement of east side streets leading to Greenwood cemetery.

The above is a partial evidence that the council has plenty of work to dispose of and careful attention is being given all departments by all the aldermen. There is a manifest disposition to work as a committee of the whole on many matters, such as the poor farm, which means that all of the aldermen will some day this week inspect several pieces of property suitable for such purposes as present lease expires May 1. They also will go in a body to Grafton tomorrow to inspect a Diesel engine in operation there to become better acquainted with what other cities are doing in this matter of power.

Supt. I. T. Simley asked permission of the council for the free use of the auditorium for Friday, April 25, for the music department's play, for May 9 for the class play, for Sunday, May 18 for the baccalaureate exercises, and for Friday, May 23 for the graduation exercises, all of which was duly granted.

The council granted a transfer of soft drink license from O. L. Monson to Alexander & Son, and also granted a soft drink license to A. H. Bakke, who has purchased the Alfred Rasmussen restaurant on Main avenue north.

The reappointment of J. Q. Croakbite as a member of the Cemetery Commission for another five years by Mayor J. S. Arneson was duly approved by the council unanimously.

A proposed ordinance regulating the sale of intoxicating liquors in the city of Thief River Falls, conforming with the state and federal statutes, was given its first reading. The ordinance provides for a minimum fine of $100 or 00 days in jail upon conviction of violating the same, this money going into the city coffers hereafter.

An amendment to the present ordinance on electric light and power rates was submitted last night, whereby users residing outside the present city limits will pay a higher rate than those within. The present rate for such users of light has been 9 cents but will be increased 12 cents. Power rates will be changed to $2 per horsepower up to 3 h.p. and 50c per h.p. for each additional horsepower, plus 15 per cent for users outside of the city, excepting those under contract such as the Oakland Park sanatorium.

SPRING SEEDING BEGUN.

Unable longer to resist the beautiful spring weather which this section of the state recently has enjoyed, many of the farmers in Pennington county have during the past week commenced work in the fields. Some seeding is reported, the greatest amount coming to The Tribune's notice being 50 acres of wheat planted early in the week by S. C. Stone, whose farm adjoins Thief River Falls on the southwest. If the present weather continues, farmers will get their spring seeding done in record time this year, with all indications pointing toward a bountiful harvest.

ERSKINE SQUAD CHAMPIONS FOR GRADE SCHOOLS

Basket Ball Tourney Here Last Week Marked by Exceptional Playing.

Middle River Puts Up Great Fight but Loses Finals by Two Points.

Winning the championship title at the graded school tournament held in this city last Friday and Saturday, the Erskine quintet carried off the trophy presented by the high school athletic association. This consisted of a beautiful velvet banner of the conventional type ready for mounting. The Middle River team, coming in second, being the losers in the title game played Saturday evening, was declared the team presenting the best appearance and showing the best sportsmanship.

Coach Lars Thune refereed the games, with Mr. Graff of Newfolden acting as umpire. Together they did very much to make the games pull through in the good form they did and a great deal of credit must be given them for their fine work.

The games began with a tussle between Middle River and Donaldson, with Middle River coming out the victor, the score being 19 and 7. The lineup was as follows: for Middle River, Kramer and Johnson, forwards; Sondberg, center; and Gnllickson and Nordlnm, guards; with Schankey, forward; and H. Johnson, guard, as subs. For Donoldson, Brink and Thompson, forwards; Aweson, center; Stone and Vesey guards.

This was followed by a game between Badger and Lancaster, the latter leading in the 11 and 18 score. Sell and Corlson, forwards; Sjoberg, center; and Wellen and Leqnist, guards; with Nesberg as sub., played for Badger while Thomson and Grnham, forwards; Dorff, center; Schahlow and Sele, guards; with Melver as sub., played for Lancaster.

St. Hilaire won the first game of the evening, the score reading 25 to 6 points won by Greenbush, their opponents. Odegaard and Olson, forwards; Cathelinean, center; Bilden and Erickson, guards; with Johnson and Nelson as subs., played for St. Hilaire. V. Huseth and P. Huseth, forwards; Nelson, center; Berger and Hagen guards; with Olson as sub. center, played for Greenbush.

In the game following Erskine won from Strandquist, the score being 23 to 10. The Strandquist team consisted of Koland and Stennes, forwards; Raymond, center; Benson and J. Koland, guards. Johnson and Paine, forwards; Espeseth, center; Hill and Benson, guards; with Ellingson as sub., played for Erskine.

The scores for the semi-finals played Saturday morning were Lancaster 9 and Middle River 17, in the first game. This was followed by a game between St. Hilaire and Erskine in which the latter team was successful. The score was 23 to 7.

The title game followed in the evening with the Lincoln team playing in a preliminary with the St. Hilaire boys, taking the place of the Lancaster team who left durng the day. The game between Middle River and Erskine was the most exciting of the tournament, the score see-sawing back and forth, and with the Middle River boys steadily creeping up to the scores made by their opponents. However, the game ended with Middle River two points behind in the score 24 to 22.

CHICKEN PEOPLE IN ANNUAL MEET

Poultry Association to Elect New Officers at Session Tomorrow.

The annual meeting of the Pennington County Poultry association will be held tomorrow afternoon at the Commercial club rooms, Thief River Falls. Among other important business to come up at this time is the election of officers for the ensuing year. Present officers are Olaf Neset, president; Rasmus Oen, vice president; and J. J. McCann, secretary. The association now has a membership of about 75.

An ambitious program has been outlined by the association for 1924. Special efforts will be put forth to bring about the raising of more pure bred poultry in the county, and new breeders are constantly being interested in better stock. Exhibits at next year's show promise to be the best in the history of the association.

Every person who is interested in the raising of poultry, whether a members of the association or not, should make it a point to be present at tomorrow's meeting. W. J. Corwin of St. Paul, an authority on poultry, will be one of the speakers and his message will be worth going many miles to hear.

THE NARCOTIC EVIL.

While it is true that the drug habit, which is such a menace in the larger cities of the country, has not fastened its tentacles upon the smaller towns to any alarming extent, yet the situation is one which calls for eternal vigilance on the part of our people

Mrs. Wallace Reid, wife of the famous screen star, has correctly depicted the horrors of the drug in her picture, "Human Wreckage," the details of which deal with the subject in a manner which cannot help but awaken the the American people to the dangers involved.

The terrible death of Wallace Reid attracted nation-wide attention, but thousands die in obscurity in unknown places, and it is to these people—the down and out boys and girls—that Mrs. Reid has dedicated her work. In its tense situations this picture points a strong moral and I therefore commend "Human Wreckage" to all our people who are interested in the nation-wide crusade against narcotics.

J. S. ARNESON,
Mayor.

OPERETTA NEXT ON BOARDS FOR THEATRE GOERS

"The Gypsy Rover," Romantic Musical Comedy, Is Slated for April 4.

Play Presented by Boys' and Girls' Local High School Glee Clubs.

Friday evening, April 4, the romantic musical comedy, "The Gypsy Rover," will be shown at the auditorium. To this end the large cast, picked from among the members of the boys' and girls' glee clubs, is being daily drilled in music and dances by their director, Miss Maude L. Johnson. The boys and girls are picking up their characters in splendid form and everyone who attends the performance a week from Friday may rest assured of an evening well spent and much pleasure gained.

The complete cast of principals in "The Gypsy Rover" is as follows:

Meg, (Rob's foster mother), an old Gypsy woman, Ariel Kinghorn.

Zara, belle of the Gypsy camp, Camille Warner.

Marto, Meg's husband, Buell Will.

Sinfo, a Gypsy lad in love with Zara, Clifford Storholm.

Rob, (afterwards Sir Gilbert Howe), the Gypsy Rover and lost heir to the Sir Gilbert Howe estates, John Sether.

Lady Constance, daughter of Sir George Martendale, Eileen Arneson.

Lord Craven, an English fop, "Doncha Know?" Melvin Engelstad.

Sir George Martendale, an English country gentleman, Francis Ohm.

Nina, Sir George's second daughter, Isabel Richter.

Captain Jerome, captain in the English army, Matt Barzea.

Sir Toby Lyon, a society butterfly, Clifton Connor.

Mr. McCorkle, a song publisher of London, Richard Zeh.

Lackey, Tlen Gulliagsrud.

There will also be many choruses of Gypsies, children and others, all prettily and picturesquely costumed.

The operetta is being put on under the able direction of Miss Maude L. Johnson public school instructor in music. Miss Johnson has been very successful in putting on other plays of a similar nature.

Superintendent J. Nystul Will Leave Middle River For Concordia Position

John Nystul, for the past two years superintendent of the Middle River consolidated schools, has resigned from his position to take effect at the end of the present term. Mr. Nystul has accepted a position in the English department of Concordia college at Moorhead, and will assume his duties there at the opening of tha next school year. The appointment is particularly gratifying to Mr. Nystul inasmuch as Concordia is his Alma Mater and it is a distinct promotion from every point of view. Mr. and Mrs. Nystul will move to Moorhead soon after the close of the present school year.

Elmer O. Tandberg, son of Mrs. Julia Tandberg of Thief River Falls, has been named to take the place in tha Middle River schools made vacant by the resignation of Mr. Nystul. Mr. Tandberg has been connected with tha Middle River schools for tha past two years as principal and athletic coach and is well qualified to fill tha position of superintendent.

Commercial Club Notes.

W. J. Corwin will be the speaker at the Thursday luncheon this week, his subject being "Co-operative Egg Marketing."

A meeting of the newly elected directors of the club will follow immediately after the luncheon.

N. D. EDUCATOR WILL SPEAK AT P.-T. MEETING

Prof. Yoder to Deliver Lecture at Session Scheduled for April 7th.

Parent-Teachers Association Conducts Drive for More New Members.

Prof. A. H. Yoder, director of the extension division of the University of North Dakota, will speak to the Parent-Teachers association on Monday evening, April 7. Prof. Yoder is an officer of the Parent-Teachers association of North Dakota and is very active and interested in the work of the association. Before coming to the University of North Dakota, he was superintendent of the city schools of Tacoma, Washington, and was instrumental in securing for the schools the present outdoor stadium with a seating capacity for two thousand persons.

The Parent-Teachers feel very fortunate in securing Prof. Yoder to address the April meeting and it is hoped that all local people will avail themselves of the opportunity to hear him. Not only the members may attend the Parent-Teachers meeting, but everyone has a cordial invitation to attend and enjoy the programs.

A report of the membership drive will be given at the meeting and the committee to have charge of the May meeting, will be announced. The executive board urges that all members consider themselves a committee of one to secure new members and turn in the names to their respective captains before April 7.

Details of the program to be rendered at the next meeting of the association will have been completed in time for publication in the next issue of The Tribune. The association has done a valuable work since the beginning of the school year, and its success is in no small measure due to the untiring efforts of its officers.

CO-OP. POULTRY ASS'N. PLANNED

Meeting Here Thursday Afternoon to Consider Formation of New Body.

A meeting of much importance to everyone engaged in the poultry industry in this section will take place tomorrow afternoon at 2 o'clock at the auditorium in this city. The meeting is called for the purpose of organizing a local branch of the Poultry Producers association, and the leading speaker will be W. J. Corwin, poultry editor of The Farmer, St. Paul.

It is said that co-operative egg marketing is needed so the producer can prevent the losses of deterioration which the present system cannot prevent. Under the present system these losses are reflected back to the producer in the price he receives. Co-operative egg marketing on a graded, standardized basis is needed to build up a reputation for the products and to bring financial reward for producing the better quality and better size.

Under the proposed plan the farmer leaves his eggs or poultry at the creamery, store, farm home or some other convenient local point, and the association brings them to the grading center. The producer receives all his products sell for, less the actual expense of marketing, while the association sells where the demand is best and guarantees the standard and quality of the products. The local associations unite to form the Minnesota Egg and Poultry Producers' Exchange, which will look after uniform grading, standardization, selling, storing and orderly distribution for all associations.

Funeral of Mrs. Louise Robbecke Held Monday

Funeral services for Mrs. Louise Robbecke, whose death was mentioned in these columns last week, were conducted Monday afternoon from Trinity Lutheran church with Rev. E. H. Kreidt of St. John's church in charge. It was originally planned to hold the funeral in St. John's church but Trinity was later decided upon because of tha larger seating capacity. A large concourse of sorrowing friends and relatives were present to pay their last respects to the highly respected pioneer. Many beautiful floral offerings were in evidence.

Has Car Accident.

Last Sunday afternoon, while driving between St. Hilaire and this city, Donald Fiterman, son of Chas. Fiterman, suffered a spill when the car he was driving became uncontrollable and ran into the ditch. Donald was not hurt, and except for a broken steering rod which caused the accident the car was uninjured.

Obituary

Amanda Storeby Havel.

At 2:30 o'clock Thursday morning, March 20, occurred the sad death of Amanda, the beloved wife of James Havel, death being due to a weakened heart following an operation for tha removal of a goitre.

Amanda Storeby was born at Clarkfield, Minn., May 15, 1896. After spending her early childhood at that place, she left with her parents, Mr. and Mrs. Peder A. Storeby, for Strandquist where she resided until her marriage in this city to James Havel. Mrs. Havel had suffered for about eight years from the goitre, undergoing four operations for its removal. She was very much liked by all those acquainted with her and loved by all who were near to her during the many years of her suffering.

She leaves to mourn her loss besides her husband, one son, Melvin, her parents, Mr. and Mrs. P. A. Storeby, of Strandquist; five brothers, Carl of Crookston, Conrad of Sheboygan, Wis., Alfred and Oscar of St. Paul, and Harry of Strandquist. There is also one sister, Miss Amelia Storehy of Seattle, Washington. The funeral was held Saturday from the Zion Lutheran church, Rev. George Larson officiating; burial taking place in Greenwood cemetery.

Louise Kane Malone.

Last Thursday morning, March 20, Louise Malone, the beloved wife of Stanley Malone, died at their home on Markley avenue south of scarlet fever. Louise Agnes Kane was born in Superior, Wis., May 15, 1888. April 21, 1911, she was married to Stanley Malone and the young couple moved to this city soon after. A year and a half later they removed to Superior, but after living in that city five years, they again came to this city and have since resided at 619 Markley avenue south. Mrs. Malone was a member of the Royal Neighbor lodge. She is survived by her husband and three sons, John, Bertram and Ernest, one brother and three sisters. The funeral was held last Friday and the body was interred in the Greenwood cemetery.

Card of Thanks.

We wish to express our heartfelt thanks to our neighbors and relatives for their kind assistance and beautiful floral offerings at the illness and death of our beloved wife and mother.—Emil Ristau and Family.

Card of Thanks.

We take this means of extending our heartfelt thanks to all who came to our assistance and offered us their sympathy during the illness and following the death of our beloved wife and mother. Especially do wa feel grateful for the beautiful floral offerings.—James Havel, Melvin Havel.

Crocuses in Bloom.

While many signs of spring have recently been reported, it remained for Mrs. J. W. McGilvery to discover the first crocus this year. She claims several of the little flowers were found Sunday afternoon on a sand ridge west of the city, proving unmistakably that spring is here to stay.

CALIFORNIA BOOSTERS.

Fred Hadley, former Minnesota editor, writing from California, makes this observation:

"This is the home of the Booster. It is his native habitat. He goes forth in the morning, at noon and at night ballyhooing for the climate and the country. It is his favorite pastime and his pet avocation. Compared to this, he says, the celestial abode would be cheerless and comfortless. He points with pride to the ocean and the mountains. He lauds the climate in terms that fairly reek with superlatives. He chants a sweet song about the fragrance of the flowers. He revels in bristling statistics about the growth of the city, and proves to you that all the time you have lived elsewhere is just that much time wasted. And let me tell you, brothers and sisters, if we had more of that same spirit back home it would put grease on the wheels of prosperity and money in our sock. The frog croaks because it is his nature to croak—and too many humans are trying to follow the lead of the frog!"

It has been discovered that three out of every four acres of Wisconsin land needs heavy lime deposits in order to make it raise alfalfa. In Pennington county the land is rich enough in lime and other elements to make it ideal alfalfa soil. Owing to its intensive dairy interests the state of Wisconsin has not felt the hard times complained of in the Northwest. In spite of its handicap it has become the greatest dairy state in the Union. Wisconsin soil which equals Pennington county soil in fertility is worth today from $150 to $300 per acre. Perhaps we are too optimistic concerning Pennington county land, but one thing is certain, our land must go up in price or all other land must come down.

Many of the northwestern banks which have suspended owing to frozen assets will be re-opened with the aid of the strong ten million dollar corporation which has been organized in Minneapolis. This corporation, which will command government capital to the extent of one hundred million dollars, is now ready to function and such men as Mr. Jaffray, president of the Soo Line, is authority for the statement that every assistance will be forthcoming.

"Hitch your wagon to a star." Complaining will never get the country back on its feet. Conditions are far from being good, but the only way to get our affairs back in the right channel is to have faith in the future. The resources of this country are so vast, the possibilities so great, that no local or sectional depression can possibly exist for any length of time.

Charley Forbes whines that he has been wrongfully accused. If the man has such a thing as a conscience we can think of no greater punishment for him than to take him around the country and show him the pitiable condition of hundreds of disabled veterans who depended upon him for decent treatment.

With such men as O. P. B. Jacobson, Theodore Christianson and Curtis Johnson to choose from the Republican party cannot go wrong in the selection of a standard bearer. The former is the present head of the state Railroad and Warehouse Commission, and in that capacity has demonstrated his fidelity to the people of the state. Mr. Christianson is a member of the legislature and as head of the committee on appropriations has familiarized himself with affairs of the state, and is an ardent advocate of tax reduction all along the line. Mr. Johnson, president of the state fair, is a hardware merchant at Rush City, a fine public speaker who possesses fine qualifications for the governorship.

Public officials who sell their political influence after leaving office are not much better than those who sell their power of making decisions while in office. There has been too much disposition both in Washington and in St. Paul for men who have prestige because of the high positions they have held to "cash in" on that prestige by lending their names to enterprises that are questionable. Recent disclosures will probably serve to make public officials more careful hereaftetr of the connections they make after leaving office.—Dawson Sentinel.

St. Cloud complains bitterly over the recent raids on moonshine establishments in that city by federal agents. Lack of law enforcement on the part of county and city officials brought the present disgraceful condition upon the community and they should not complain if the federal agents were compelled to employ rough tactics under the circumstances.

Things are beginning to liven up politically. At a Democratic convention held last week at Des Moines the chairman hit a woman delegate over the head with his gavel, and a riot in which the police were called ensued. Women must get used to such things if they remain in politics.

The fact that alfalfa grows like a weed in Pennington county is responsible for numerous inquires for farm lands, and it would not be surprising if rea estate values take a decided jump during the present season. There never was a more favorable opportunity for investment.

The closing of the Merchants National bank at Crookston last week produced a flurry of excitement in financial circles. Former Senator Stephens was president of the institution which was considered one of the strongest in the Northwest.

A large number of new faces are to be found in the list of men who have recently filed for state office "at the solicitation of friends." By the time election rolls around these office seekers will discover that the woods are full of liars.

It begins to be more and more evident that the politicians who brought about the nomination of Mr. Harding in the Chicago convention four years ago, were not entirely unselfish in their labors.

Several well posted farmers have expressed to The Tribune the opinion that a woolen mill would be a paying institution in Thief River Falls.

Scientists have figured out that a flea can see better than a man. Our experience also tells us they can bite harder and jump farther.

Dr. William V. Linder, chemist-in-chief of the Internal Revenue Bureau says:

"If people knew the danger they incur when they drink liquor bought from bootleggers, comparatively few would take the risk. Many persons imagine that they can tell good whiskey or gin by the flavor and smell, but they are woefully mistaken.

"Of all the thirty thousand samples of seized liquors examined in my laboratory, not more than 1 per cent—say three hundred out of the lot—have been found to be genuine aged stuff, corresponding in quality to what could be bought before the war. I give you that figure just as food for thought."

Juls Anderson, editor of the Polk County Leader, in announcing his candidacy for lieutenant governor, says he has been endorsed by the Housewives League. That is a bad start for one so handsome as Juls. The women may adore him, but they will never vote for him.

If Mr. Daugherty accepted $100,000 for protecting the Standard Aircraft company from prosecution, the public would also like to know who overpaid that concern to the tune of six and a half million of dollars of the public funds.

With a red hot political campaign in prospect, it is unthinkable that Thief River Falls can get any enjoyment out of the fray without a band. By all means, then, let us hurry the organization of the city band.

We hope the investigators at Washington will divulge the name of the man who bought six saddles, twenty sets of harness and forty branding irons for every horse in the army.

At this distance it appears that the Republican nominee for governor will have Victor Lawson of Willmar for his opponent. He looks like the best bet of the Farmer-Labor party.

The Attorney General of the United States undoubtedly knows by this time the meaning of the phrase, "hell hath no fury like a woman scorned."

AS OTHERS THINK

Editor Tribune:

In suggesting a remedy for the "moonshine" evil we believe that if a Good-Will movement could be organized and started as a Women's organization that it would come the nearest of any thing in being able to accomplish something in the line of reform work.

The old saying is "That it is easier to lead then it is to drive" and especially so when it comes down to human beings. Thousands of once hopeless cases have through sacrifice, love and kindness been overcome and saved. When the principle of love for humanity is rightly applied it is a thing that none but the heartless can resist. There is a tender spot somewhere in the heart of us all as human beings and there is a way to find it. We believe that if the mothers and daughters in our homes and the noble womanhood in this country of ours as a whole would organize a Good-Will Home Welfare league for the protection of the home and for their loved ones in it and all concerned that it would go a long ways towards putting a stop to the curse of moonshine and other kindred evils. Just think what could be accomplished if mothers and daughters would try to plead the temperance cause in their homes with their loved ones. Just think what could be accomplished in our public schools if every teacher would touch upon the subject each day in school to their pupils. Last but not the least, just think what this grand body of noble womenhood could accomplish in respect to our moral standard if they would confine their efforts in trying to bring about higher ideals in life by demanding purity and respect for what is right and clean in life on the part of their associates. Just think what could be accomplished if this great army of workers would set about to help up-lift the fallen ones, to help create love and regulations that would soon protect their homes and their loved ones. One or two visits to a moonshiner from a body guard of this kind would put any moonshiner to shame or to thinking, say nothing about what effect it would create in our homes. We believe that if such an organization could be perfected that it would accomplish wonders.

Are you ready for it? Are you willing to lend a helping hand? Each county could have it own Good-Will Home Welfare league with each township within the county as a unit. This would organize the county into one field of operation. The work could carried on in the same way as our Young Peoples' societies are, with special communities provided having charge of the general welfare work, the whole thing to be purely a women's organization as far as the working part was concerned with the oposite sex as social members only. A county convention could be arranged for with volunteer delegates from each township and each town as well

Let us hear from you.

AGGIE SCHOOL'S WORKERS FINISH

Seven Pennington County Young Folks Numbered Among Graduates.

The sixteenth annual commencement exercises are being held at the Northwest school, Crookston, this week. Fifty students from northwestern Minnesota have received diplomas from the various courses. The commencement address was given by Dr. C. A. Prosser, Dunwoody Institute, Minneapolis. Other events of the week included three music recitals by students from the department of music, the alumni-parent-student get-together dinner, class day exercises and various contests in the different departments of the institution.

The Northwest school has completed its eighteenth year and has now an alumni body numbering almost 600, while almost 2000 have attended the school since its beginning. The past year has been one of the best in the history of the school both from the point of attendance and achievment.

This county was represented in the graduating class by: Theresa Aakre, Goodridge; Orlie Hofdahl, Hazel; Oliver Howard, Highlanding; Arnie Solem, Thief River Falls; Bert Johnson, Kratka; Selmer Anderson, Erie and Jesse Anderson of Erie.

Livestock gets more valuable every year. Take good cows; they are worthy of a good barn, aren't they? You can make your barn one of the best; cool in summer, warm in winter, *fireproof* the year round, by walling and ceiling it with Sheetrock. Any good carpenter can put up Sheetrock because it comes all ready for use. *Plaster cast in sheets.*

WHEN THE THIEF COMES

Will the thief whether he comes in the night or in the day, find that you have thwarted him by placing your money and other valuables in this strong bank? If you have not taken this step to protect your valuables, why not do so at once, before it is too late?

Don't take the chance of letting money lie around the house. Place it in the bank and you will have no need to worry about thieves, fires or anything else. It is the only sensible way.

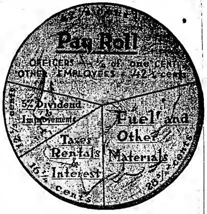
GREAT NORTHERN EXPLAINS HOW ITS DOLLAR IS SPENT

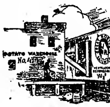


The diagram shows what became of each dollar received by the Great Northern Railway from its patrons in 1923.

The largest item of expenditure was the payroll. The Great Northern has over thirty thousand employees; 42½ cents out of each dollar received was paid to them; about one quarter of a cent out of each dollar was paid to the officers.

Fuel and other materials cost 28¾ cents; taxes, rentals, and interest amounted to 16¼ cents, and the 5 per cent dividend and improvements accounted for 12½ cents.

Great Northern's operating cost has increased 82 per cent since 1915, while its charge to the public for transportation has increased but 35 per cent. Compared with 1915, the annual return to its owners decreased 28 per cent; the much larger increase in operating cost than in charge for transportation having so reduced net income as to necessitate lowering the dividend from $7 to $5 per share.



The Great Northern is hauling thousands of carloads of seed potatoes from the Northwest to the South.

Seed potatoes move first to the Gulf States and then as the Season advances, to the districts farther north. Nearly three million bushels have been shipped since January first.

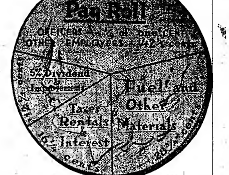
GREAT NORTHERN
EXPLAINS HOW ITS
DOLLAR IS SPENT

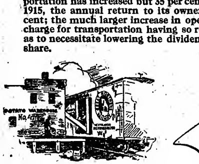


The diagram shows what became of each dollar received by the Great Northern Railway from its patrons in 1923.

The largest item of expenditure was the payroll. The Great Northern has over thirty thousand employees; 42½ cents out of each dollar received was paid to them; about one quarter of a cent out of each dollar was paid to the officers.

Fuel and other materials cost 28¾ cents; taxes, rentals, and interest amounted to 16¼ cents, and the 5 per cent dividend and improvements accounted for 12½ cents.

Great Northern's operating cost has increased 82 per cent since 1915, while its charge to the public for transportation has increased but 35 per cent. Compared with 1915, the annual return to its owners decreased 28 per cent; the much larger increase in operating cost than in charge for transportation having so reduced net income as to necessitate lowering the dividend from $7 to $5 per share.



The Great Northern is hauling thousands of carloads of seed potatoes from the Northwest to the South. Seed potatoes move first to the Gulf States and then as the Season advances, to the districts farther north. Nearly three million bushels have been shipped since January first.

INTENTIONAL DUPLICATE EXPOSURE

ROSEWOOD

LOCAL BANK SUSPENDS BUSINESS.

The Farmers State bank of this place suspended all business this morning, (Monday) following a conference yesterday between Cashier O. S. Hellerud of this place and President A. D. Stephens at Crookston, this following a state ruling on Saturday closing the Merchants National bank of Crookston of which the local bank is a branch. A state examiner has been called from St. Paul to examine the bank and it is believed the suspension is only temporary and that business will be resumed in a few days. District Examiner Jacob Riggs examined the Farmers State bank about three weeks ago, and everything was found correct and it is understood that the suspension is a temporary effect following the state's closing of the Crookston bank, and may be straightened out shortly.

Farm Club Meeting.

The regular meeting of the Rosewood Farmers' club was held at the Rosewood hall last Tuesday evening. There was no program arranged for this meeting, but a brief business session was held. Among other matters it was decided through vote that a limited area be established for the securing of memberships and that this be defined as follows: As far south as the Jefferson highway, west up to the boundary line between townships of New Solum and Viking, north of the section line between section 10 and 15, and east up to State road No. 32. Commencing with the next meeting, the entrance fee to non members will be 35 cents while to members the 25 cent charge will continue. Through arrangement with the town officials meetings throughout the summer months will be held on Saturday evenings, and the next meeting will be held on Saturday evening, April 5. As lunch committee for the next meeting will serve A. M. Gulseth and as program committee Joel E. Shoberg.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Two Thousand Two Hundred Twenty and 70-100 ($2,220.70) Dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by William H. Rowe, a single man, Mortgagor, to Merchants State Bank of Red Lake Falls, Mortgagee, bearing date the 7th day of June, 1910, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 13th day of June, 1910, at 8:00 o'clock A. M., in Book 58 of Mortgages, on page 614.

Which said Mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Mortgagee, to William Welch, by written assignment dated the 15th day of September, 1919, and recorded in the office of said Register of Deeds, on the 4th day of October, 1919, at 8:00 o'clock A. M., in Book 63 of Mortgages on page 119, and no action or proceedings having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof.

NOW, THEREFORE, Notice Is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

Southwest Quarter (SW¼) of Section Two (2), in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the Fifth Principal Meridian, containing One Hundred Sixty (160) acres of land, more or less, according to the United States Government survey thereof in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County at the front door of the Court House, in the City of Thief River Falls in said County and State, on the 26th day of May, 1924, at 10:00 o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $2,220.70, and interest, and the taxes, if any, on said premises, and Sixty ($60.00) Dollars, Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Dated March 22nd, A. D. 1924.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN that default has been made in the conditions of a mortgage executed by Peter Peterson, a single person, Mortgagor, to Nels Larson, Mortgagee, dated November 14th, 1910, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on November 14th, 1910, at two o'clock P. M., in Book 57 of Mortgages, on page 74 thereof; that said Nels Larson has paid the taxes assessed against the premises described in said Mortgage for the year 1922 amounting in all to Seventy-three and 11-100 Dollars ($73.11); that the amount claimed to be due on said Mortgage at this date, including said taxes, is Twenty-nine Hundred Forty and 17-100 Dollars ($2,940.17);

That the premises described in and covered by said Mortgage are described as follows, to-wit: The Northwest Quarter (NW¼) of Section Twenty (20), in Township One Hundred Fifty-three (153) North, of Range Forty-one (41) West of the Fifth Principal Meridian.

That the default in said Mortgage consists in the non-payment, when due, of the principal and interest secured by said Mortgage, and that no action or proceedings at law has been instituted for the collection of such debt.

That by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided, said Mortgage will be foreclosed by the sale of said premises, at public vendue, to the highest bidder for cash, by the sheriff of Pennington County, Minnesota, at the East front door of the Pennington County Court House in the City of Thief River Falls, in said Pennington County, Minnesota, on Saturday, the 10th day of May, 1924, at ten o'clock in the forenoon of said day, to satisfy the amount then due on said Mortgage, including said taxes, together with the costs of such sale and Seventy-five Dollars, Attorney's fees, stipulated in said Mortgage.

Dated March 22nd, 1924.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date April 7th, 1921, made, executed and delivered by Emil Grams and Dora Grams, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants Trust and Savings Bank, a corporation, of Saint Paul, Minnesota, as mortgagee, to secure the payment of the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon at the rate of seven (7) per centum per annum, according to the terms and conditions of one certain promissory note, due April 7th, 1926, made and executed by said Emil Grams and said Dora Grams to said Merchants Trust and Savings Bank and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on April 20, 1921, and was duly recorded in said office in Book 70 of Mortgages on page 23, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated June 9th, 1921, duly assigned by said mortgagee to Magdeleua Rapp, of Saint Paul, Minnesota, which said assignment was duly filed in the office of said Register of Deeds on February 28, 1924, and was recorded in said office in Book 75 of Mortgages on page 349, and which said Magdeleua Rapp is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the balance of One Hundred Fifty Dollars ($150.00) due on the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00) which became due and payable on the note in said mortgage described on December 1, 1922, and have also failed and refused to pay the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00), which became due and payable on the note in said mortgage described on December 1, 1923, and said Magdalena Rapp, pursuant to the terms of said mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon from December 1st, 1923, at seven (7) per centum per annum, and One Hundred Fifty Dollars ($150.00) and interest thereon from December 1st, 1922, at six (6) per centum per annum, and One Hundred Seventy-five Dollars ($175.00) and interest thereon from December 1st, 1923, at six (6) per centum per annum, and also the sum of Seventy-five Dollars ($75.00) attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted in law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, notice is hereby given, that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Friday, the 18th day of April, 1924, at ten o'clock in the forenoon, at the front door of the Court House in the City of Thief River Falls, in the County of Pennington and State of Minnesota, to satisfy the amount which will then and there be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows to-wit:

The Northwest Quarter (NW¼), of Section Seventeen (17), in Township One Hundred Fifty-three (153), of Range Thirty-nine (39), containing 160 acres, more or less, according to the government survey thereof.

TO OPEN CLOSED NO. DAK. BANK

First Credit Corporation Help Felt in Country; More Aid Coming.

With one closed bank in North Dakota scheduled for reopening on April 1, with the aid of funds of the Agricultural Credit Corporation, officials of the corporation soon expect to expand their plans for bank reopenings by enlisting co-operation of surety companies operating in the northwest.

Northwest executives and local representatives of surety bond corporations conferred this week with corporation officials and committeemen in Minneapolis.

The bank to be reopened April 1, is located in a North Dakota district, whose farmers and merchants alike are suffering because of lack of adequate banking service. The location of the bank was not revealed.

A detailed inspection of the bank's assets and conferences with shareholders and depositors were completed early last week. Approval of the state banking department was obtained and a block of this bank's slow paper was taken over for rediscount by the corporation. Investigations are being made of other closed banks.

Important Change Likely in Highway Situation on East Side During Season

With the disappearance of the winter's accumulation of snow, Conley avenue on the east side has again developed some bad places, thereby greatly interfering with passage of vehicles, especially funeral processions going to and coming from the cemetery.

The old council had planned on regrading this street and surfacing it this spring, but the aldermen have just been advised informally that the state is seriously considering taking over the main highway running south through the cemetery, but if this is done a change in the present route will be necessary. Instead of coming through the cemetery road in all probability will curve to the east thereof, crossing the Soo tracks at a more safe angle, and the main traveled road will then come up St. Paul avenue to Bridge street. Consequently no action will be taken toward permanent improvement until something definite in the state program developes, but undoubtedly temporary relief will be rendered.

Plenty of Thrills in Big Picture Friday-Saturday

Enough thrills for a full length serial are incorporated in the George Melford Paramount production of "Flaming Barriers," which comes to the Princess theatre next Friday and Saturday. Jacqueline Logan, Antonio Moreno and Walter Hiers are featured players and in the portrayal of their respective roles they accomplish death defying feats such as would put fearless circus performers to shame. Miss Logan pilots an aeroplane over a flaming forest and drives a fire truck over a bridge enveloped by flames. Mr. Moreno has his hands full in quenching the fire as it licks its way toward a gasoline supply truck, throwing himself full length upon the flames with a soaked mattress, saving hundreds of lives of excursionists who are trapped by the conflagration. These and other thrills galore distinguish this production.

ABLE READER TO APPEAR IN CITY

Henry Clark to Render "The Fool" Here During First Part of April.

"The Fool," by Channing Pollock, a play that is now being presented at the Metropolitan theatre at Minneapolis, will be given in this city by Henry Clark, a very widely known reader.

The play which he will give as a reading is very widely talked of and has been the subject of much discussion on the part of both clergy and laity. The plot takes in interesting angles of capital-labor problems and the trials and tribulations of a minister who tries to lead a saintly life.

Mr. Clark will be remembered as the entertainer who gave such an interesting reading of the "Go Getter," by Peter B. Kyne, in this city two years ago. Much was said at the time about the ability of Mr. Clark to keep his audience breathless in moments of suspense and keenly interested in the action of the play. It is certain that in "The Fool," he will have a vehicle full of dramatic moments and with a plot full of interest for everyone.

He will come to this city under the auspices of the Presbyterian ladies and will be here sometime during the second week of April. The date of his arrival will be announced in next week's issue of The Tribune.

Rebounding Bullet Wounds.

Last Saturday, Carl, the young son of Mrs. Sarah Knutson of Kratka suffered a bullet wound when a .22 bullet recocheted from a stone hitting the boy in the breast. He was immediately brought to town and was taken care of by Dr. Froehlich. The boy is laid up for a few days at his home, but is recovering nicely from the wound.

Mrs. Lonson Very Ill.

Mrs. Thomas Lonson, who has been seriously ill for some time, is reported to be somewhat better today, a fact which comes as welcome news to her relatives and numerous friends. Mrs. Lonson's illness, however, is of such a nature that due to her advanced age there is but slight chance of her ultimate recovery, according to attending physicians.

WONDERFUL DOG SHOWN IN FILM

"Where the North Begins," Packed With Drama, in Which Dog Is Hero.

A picture with a dog for hero is offered movie patrons in "Where the North Begins," to be shown at the Princess theatre Sunday and Monday.

Rintintin, remarkable police dog, is the hero, and is said to excell himself in this Warner Brothers classic of the screen, where he takes the part of a wolf-dog who leaves the pack to save a helpless victim of a gang of outlaws and becomes his devoted friend.

Rintintin was born on the firing line in France and brought to California, where his intelligence plus the excellent training afforded him made him one of the elite of dogdom. He has won many championships in running and jumping; his owner says there is nothing any dog can do that Rintintin cannot do.

The action of "Where the North Begins" is set in the far north, miles from civilization, in a Hudson Bay trading post, where Shad Galloway rules with an iron hand as factor. A gang of outlaws is operating in the region and Gabriel Dupre, a young trapper, sets out with a load of furs, not knowing it is a trap set by Galloway to get him out of the way and thus having Felice McTavish, a young woman at the post, at his mercy.

The story begins with this situation; Gabriel is wounded and befriended by a wolf-dog, who starts to attack him, and from that point the dog takes an active part in the stirring development.

The cast consists of Claire Adams, Walter McGrail, Pat Hartigan, Myrtle Owen, Charles Stevens and Fred Huntley. Chester Franklin is the director.

World of Bald Women in Future Is Prediction

New York, March 24.—Bobbed hair is a sure means for causing baldness and it won't be many years before the world is filled with bald-headed women, Joseph Byrne, editor of a beauty magazine, said in addressing the annual convention of the American Hair Dressers tonight.

Milliners, he explained, in order to conform to present day hair style, have been obliged to make bands exceedingly tight to keep hats on, resulting in the death of the hair. Mr. Byrne asserted that girls of the present generation would be bald before they reached maturity.

Junior Short Course for Three Days Is Announced at Crookston Aggie School

The Northwest School of Agriculture, Crookston, reports a large enrollment for the Junior short course for the week of March 31-April 4. Between 100 and 200 are expected. The juniors will be between the ages of 12 and 18 and will live at the school. The instruction during the week will deal with boys' and girls' club work and club projects. There will also be instruction in other interesting subjects with enough recreation to make the week pleasant, interesting and worthwhile.

A number of educational excursions have been planned, while the evening programs will consist of community singing, illustrated lectures and movies. This community will be represented by several boys and girls as will the entire county. Boys' and girls' club work is becoming of increasing importance in this county and a few days spent at the Agricultural school will mean a great deal to all who can attend.

Subject of Card Playing on Sundays Gets Mention at Tuesday Council Meet

Complaint has been made to various council members, it came to light last night when chairman Martin Evenson asked Mayor J. S. Arneson for co-operation of the police department in curbing what is termed by several as a disobedience of the law of those who engage in playing cards in the soft drink parlors and pool rooms on Sundays.

The mayor stated that he had not been approached on the subject and therefore was not prepared to make any statement as to what action he might take. Some of the aldermen thought that if any move is made it should come from some citizen who objects to the present practice.

Surprise Party.

Mr. and Mrs. G. J. Conklin were pleasantly surprised last Saturday evening by a number of friends who gathered at their home near the Soo round house, the occasion being Mrs. Conklin's birthday anniversary. The evening hours were gaily spent with music and in playing cards, a dainty lunch brought by the guests being served later. Mrs. Conklin was presented with a fancy set of table linen as a remembrance of the occasion. Those present to honor Mr. and Mrs. Conklin were Messrs. and Mesdames A. A. Haugen, Henry Carlson, John Webskowski, Adolph Williamson and Elmer Hanson, Miss Martha Loft and Mr. O. W. Carlson.

White Way Question Gets Aldermen's Attention at Tuesday Evening Meeting

There is a possibility that Thief River Falls may have a rebuilt White Way this summer, installed on the bases put in when the pavement was laid three years ago.

At the regular council meeting last night it was brought to light that although the plans originally were for an alternating current system, yet the old posts can be used either as they are or without the cross arms.

The original intention was to have the whole white way system turned on and off at the power house, where either the five cluster lights could be used as a whole or just the top light. The idea now is to use merely the top light and dispense with the four lower lights and the supporting arms, making a more up-to-date appearing standard. Further investigation of this plan will be made in the next few weeks by the aldermen.

WARNING!

Warning is hereby given to the parties who are in the habit of breaking into the school house in Dist. No. 26 (Hiawatha School). That anyone breaking into this school house or committing other depredations on the school property will be prosecuted to the full extent of the law.

ALLEGED BOOZE VENDORS AFOUL OF AUTHORITIES

Sheriff O. L. Ihle and Deputies Have Busy Week Throughout County.

Several Pay Fines and Others Must Face Judge of District Court.

That there are still a few misguided souls in Pennington county who believe they can "monkey" with moonshine liquor and get away with it became evident this week when Sheriff Ole L. Ihle and his deputies made several searches and unearthed a number of samples of what is said to be the "real stuff."

In Thief River Falls the sheriff, armed with a search warrant and assisted by Patrolman E. L. Krogstad and Abe Hetland, Monday morning conducted a search of the premises occupied by the establishment known as the Jefferson Highway cafe, and operated by A. C. Rasmusson, now serving time in the Warren jail for violation of the liquor laws. Alfred H. Bakke is now in charge of the restaurant. Employed by him is John Johnson. Somewhere in the basement a glass jug containing about three quarts of "moon" was discovered, according to the sheriff. Bakke and Johnson were given a hearing Monday afternoon before Judge N. W. Tarrant in municipal court and bound over to the district court under bonds of $500 each, which were furnished.

The same day Sheriff Ihle conducted a search of the residence in the north part of town occupied by V. L. Hicks and found a quantity of the contraband fluid. Hicks pleaded guilty to a charge of maintaining a nuisance and is now busy in an effort to raise the $100 required to pay the fine assessed against him.

At St. Hilaire last Friday the sheriff was looking around and happened upon a car owned by Edwin and Axel Stark. He saw therein a suspicious looking package which upon examination proved to contain liquor. He then went to the Stark farm in Sanders township and discovered the apparatus used in manufacturing the "moon." The Stark boys, charged with maintaining a nuisance, were fined $100 each and costs, which they paid.

Lawrence Wilson of St. Hilaire, whose place of business was searched Friday, also paid a fine of $100 on the charge of maintaining a nuisance.

FINE HOME FOR PRODUCE HOUSE

Peterson-Biddick Lets Contract for New Building to Be Started Soon.

Announcement is made this week that the Peterson-Biddick company, well known local produce concern, will soon be housed in a fine new building to be erected this spring on Atlantic avenue, on lot 14 next to the Oen Mercantile company warehouse. The contract was let last Saturday to C. M. Carlson of this city and work will be started as soon as possible with July 1 as the date set for the completion of the new building.

The structure will be 40x80 feet in size, one story and full basement. It will be constructed of face brick and tile, and will be complete and modern in every particular. It is expected the basement will be used largely for potato storage purposes, while the main floor will be used for offices and the storage of other products. The company has long felt the need of new quarters and its determination to build at this time is an indication that the concern has unlimited faith in the future of this section.

Mr. Biddick stated this morning that several new lines, including chick feeds, seed corn and seeds, will be carried in stock during the coming season.

New Garageman Arrives.

V. C. Rogers and family arrived last week from Devils Lake, N. D., and will make this city their future home. Mr. Rogers is associated with G. A. Gilbertson in conducting the Peoples garage and repair shop, of which Mr. Gilbertson has been in active charge since last fall. Shortly after their arrival in the city, a bouncing baby daughter was born to Mr. and Mrs. Rogers. Both mother and child are doing finely.

Mrs. Jensen to Aberdeen.

Mrs. J. P. Jensen of Goodridge left Saturday afternoon over the Great Northern for Aberdeen, S. D., where she was called by the serious illness of a brother.

Former Thief River Falls Man Has Experience With Robbers in Western Bank

Word came to this city last week stating that the bank in Los Nietos, California, of which Oscar Sponheim, formerly of this city, is cashier, had been held up and robbed. Two young bandits entered the bank and commanded the four occupants, one of whom was Mr. Sponheim, to hold up their hands. While one of the men covered Sponheim and the others with a gun, the second scooped up all the money in sight, amounting to about $4,000.

Mr. Sponheim was formely cashier of the First and Peoples bank here and moved west about three years ago to engage in the banking business. He is a brother of William Sponheim, a members of the local post office force.

BREDESON HOME GUTTED BY FIRE

Blaze Saturday Morning Causes Heavy Loss to Local Groceryman.

A fire which started in the chimney Saturday morning, destroyed the residence of Mr. and Mrs. Alfred Bredeson, 321 Seventh street west and caused a damage of at least $4,000.

Mrs. Bredeson was sewing in one of the rooms down stairs that morning and noticed nothing wrong until the smell of smoke about the place attracted her attention. Venturing into the kitchen she found flames already eating their way through the ceiling. Unable to reach her husband's store or the fire department which she tried to call on the phone, she hastily picked up the children and ran out. The strong wind which prevailed that day fanned the flames and in spite of the efforts of the fire squad, the house was completely gutted before the fire could be controlled. All furniture and wearing apparel belonging to the family was consumed by the flames.

Mr. and Mrs. Bredeson are temporarily located at 424 Knight avenue north, and Mr. Bredeson states that he expects to tear down the shell of his former residence and build a larger house in the near future.

PIG CLUB AGAIN TO BE LAUNCHED

Prominent Breeder of Poland Chinas to Continue Plan Started Last Year.

The Tribune is in receipt of a communication from C. H. Fuller, the well known Poland China hog breeder, of Mavie, stating that he will this year continue the boys' and girls' pig clubs in the county, which proved so popular last year. He states that all boys and girls who wish to join the club may send their names to County Agent J. J. McCann and the necessary arrangements will be made.

Mr. Fuller states that all pigs to be used in the club work are pure bred Poland Chinas, sired by the famous Dakota Model, which he purchased from the Resthaven Farm at Troy, Ohio. This hog's register number is 526351. He is said to be an exceptionally fine animal and extremely large for his age, being 37 inches tall.

The pigs will be ready for club members at Fisher's barn, Thief River Falls, on May 24. The pigs are to be cared for by club members during the summer season and brought back to the sale at the fair grounds on Oct. 10, each member to receive one-half the net price received at the sale. The boy or girl whose pig brings the highest price at the sale will be awarded a cash prize of $50.00. If a pig should die during the season, the loss will be assumed by Mr. Fuller.

Mr. Fuller invites anyone who is interested in hogs to visit his farm. It is located one-half mile north and three quarters of a mile east of Mavie, north of Stop 11 on the electric line, first house on the west side of the road.

Middle River Man Secures Exceptional Holstein Sire

Richard Sjoberg of Middle River, this week purchased a Holstein bull from the McFarland herd at this place getting one of the choicest animals of this breed to be found in this section of the country. The bull is a grandson of the famous King Watson Star, who was never beaten in the show ring, taking first at the Minnesota and North Dakota state fairs. King Watson Star is sired by the famous King Segis Pontiac Count, who is by far the greatest dairy bull of all breeds. The Sjoberg bull's dam is one of McFarland's highest producing cows and shows a direct line of breeding through all of the world's most famous blood lines. She is now producing 80 pounds of milk on farm feeds and two milkings a day.

'BE FAIR TO THE BANKS'

There are a few men in Thief River Falls who need to be reminded that a severe penalty attaches to the circulation of malicious stories concerning banks. Many people are so filled with the gossipy instinct that they fairly bristle with the desire to whisper the idle rumors that come to them—not forgetting to add a few trimmings of their own. So anxious are such people to pass along the "latest news" that they frequently neglect their own business—if, indeed they have a business.

The three banks which are functioning in Thief River Falls are practically invulnerable. Nothing can disturb their solidity or safety except unfounded rumors. These banks are doing their part to keep the business of the community on an even keel and they are entitled to the whole hearted support of all citizens. Let us help the situation by stopping the foam flecked whisperers in their tracks. Let us tar the gossips with the stick of public condemnation and if that fails to stop them it will be time for the county attorney to invoke the power of the law.

POULTRYMEN TO SELL PRODUCTS CO-OPERATIVELY

Thief River Valley Producers Association Organized Thursday.

Territory Embracing Fifteen Smaller Towns Included in Association.

A representative committee of poultry producers met in the Commercial club rooms Thursday afternoon and carefully went over the Minnesota plan for marketing their eggs and poultry co-operatively. W. J. Corwin, associate editor of the St. Paul Farmer, who is serving as organization manager of the poultry marketing campaign, was present and explained in detail how the organization is being perfected in other parts of the state.

The committee in question embraces the territory from Kittson, Roseau and Red Lake counties. They were unanimous in their endorsement of the plan and are arranging to call a meeting of township delegates in the near future to actually determine whether the Thief River Valley district shall be organized in an effort to get more out of eggs, poultry, turkeys, etc. All present agreed that what the creameries had done for the dairy business should be done for the poultry business of this district, especially so when it can all be started for much less than it would cost to build one co-operative creamery.

Mr. Corwin emphasized the necessity of not starting until a large volume of eggs and poultry are signed up. Pennington county alone has enough poultry and eggs for a minimum volume, but the larger volume the less the overhead expense will be. Eventually fattening and dressing plants will be established in each district or at some convenient location where two or three districts can use the same plant.

According to the new plan the producer agrees to pay a $3.00 membership fee and sell all of his surplus, except what he uses or sells for hatching, for breeding stock or sales direct to a consumer by a member, through his own association. This will, it is said, open up a real outlet for the local splendid quality of fall turkeys and poultry and for eggs any time of the year. Everyone who thoroughly understands the proposition agrees that it will mean a little more cash directly back to the producer and eventually a better reputation and demand for superior size and quality.

Olaf Neset was chosen president of the new association, and H. L. Schuster, secretary. On the organization committee were named: E. L. Piper, Wylia; Arnold Dahlberg, Newfolden; Mrs. George Breitsprecher, St. Hilaire; Geo. Gnsa, Middle River; Willis Warring, Steiner; T. J. Sumpter, Hazel; Fred Dols and J. E. Thompson, Rosewood; E. Rime, Goodridge; Dan Dowacter, Red Lake Falls; Olaf Neset, Thief River Falls, and Oscar Wilson, Plummer.

Announcement will be made next week as to the time and place for the meeting of township delegates. This will be strictly a producers' organization as only producers can be members and only members can sell through the association.

Elmer Helgeson in Station.

The White Eagle filling station at the corner of Fourth and Main was recently put in charge of Elmer Helgeson. The place was formerly in charge of Ed. Ness, but he is now in joint charge of the station at Fourth street and Atlantic avenue with Carl Angell, Mr. Helgeson having taken over the other place March 27. Mr. Helgeson is well known to the people of this vicinity having been a mail carrier on the Star route for three years. During the past summer he drove an oil truck for the Standard Oil company.

NEARLY ALL OF CITY TEACHERS REMAIN ON JOB

Only Six Positions on High School Staff Remain to Be Filled.

Few Changes in Instructors Next Year; Salaries Remain Unchanged.

To judge from the number of teach-
To judge from the number of teachers who have signed contracts to return to Thief River Falls public schools for another year, it is evident that conditions here are entirely to their liking. Of the staff of 51 instructors, nearly 40 have agreed to teach for one more year. Others who have not yet signed contracts are considering the matter and may decide to continue in the work here. Most of those who leave will take up work nearer home or are planning on attending colleges and universities. Snpt. I. T. Simley is in touch with a number of capable teachers and it is expected that all vacancies will be filled within a short time.

Patrons of the local schools are pleased to know that so many of the teachers have decided to remain. It is a well known fact that when capable teachers become well acquainted with their pupils maximum efficiency is the result. The present staff is made up of capable men and women, who are useful [illegible] outside the schools and take a prominent part in the social and civic life of the city.

Following is a list of the teachers who will return next year:

Lincoln high school—Morris Bye, L. Johnson, Red Wing, music supervisor, Leonard A. Thune, Albert Lea, coach and general science; Clara Baumann, LaCrosse, Wis., physical training supervisor; Clarence W. Pope, city, industrial training; Mildred Thompson, Mahnomen, history; Mrs. Blanche Korstad, city, mathematics; A. C. Matheson, city, languages; Mildred R. Nelson, Waverly, N. D., geometry and physics; Lawrence Mickelson, Belgrade, English and debate; Minnie S. Leavitt, city, English and librarian; Doreen Finnegan, Yankton, S. D., English and bookkeeping; Monica Bambrick, Minneapolis, commercial.

Northrop—Emma Tandberg, city, principal and lower intermediate; Clara Halvorson, Warren; primary; Mrs. H. T. Eyde, city, primary; Carrie E. Trogen, Enfield, primary; Lovina Adams, Luverne, lower intermediate; Gladys Ryan, St. Vincent, upper intermediate; Ellen Lura, Mayville, N. D., upper intermediate.

Knox—Mrs. E. Lacy, city, principal and lower intermediate; Esther Tandberg, city, primary; Maurine Frank, Warren, primary; Agnes Aaseng, McIntosh, primary; Margaret Sangen, Newfolden, lower intermediate; Sarah Vaughan, city, upper intermediate.

Washington—Edna Larson, city, principal and upper intermediate; Vera Byler, Moorhead, primary; Carolyn Melby, city, primary; Judith Porten, Alvarado, lower intermediate; Aneta Dahlquist, Roseau, lower intermediate.

Central—Lyda Batten, Newfolden, principal and arithmetic; Mrs. Ed. Karwand, city, history; Anne Tharaldson, city, geography; Agnes Sands, Alvarado, history; Mrs. Tella Hill, city, English; Julia Keefe, Morton, English.

Board Injures Boy.

Vincent Olson, the eight year old son of Mr. and Mrs. John Olson who live eight miles west of this city, was badly injured last Friday afternoon when a board fell on his head. The little fellow was playing in the barn when a piece of scantling fell from the hay loft striking him on the head and rendering him unconscious. Dr. Biederman was hastily summoned and found a slight concussion of the brain. On Sunday Vincent was brought to the Physicians hospital where he is now rapidly recovering from the odd accident.

Olaf Winger's New Store Opens; Splendid Clothing Stock Placed on Display

Olof Winger's new clothing and men's furnishing store on LaBree avenue opened its doors to patrons last Saturday. The business is being conducted in the building formerly occupied by Keith's Save-U-Money store. Mr. Winger recently returned from a trip to the large cities where he had spent some time choosing his stock and has a very select line of goods in every department.

The proprietor of the new store has been engaged in the clothing business in several establishments in Thief River Falls for many years and thoroughly understands the business in every detail and there is no apparent reason why he should not meet with success in conducting his own establishment.

POSTPONE PLAY FOR ONE WEEK

"The Gypsy Rover" to Be Presented Friday Evening, April 11th.

Because of the illness of Miss Maude L. Johnson, who is in charge of the operetta, "The Gypsy Rover," its presentation has been delayed one week. Instead of coming this week, Friday, April 4, the presentation has been set for Friday, April 11. The extra time thus given will be put into rehearsing, assuring a more than perfect performance when it is put on. The cast has been working on the play for a long time and the choruses and pretty dancing skits have been drilled by Miss Johnson to the utmost point of perfection.

"The Gypsy Rover" is in three acts and is built around the character of Rob, later known as Sir Gilbert Howe, of English nobility. Rob is stolen when an infant, by his nurse, Meg, who later becomes the wife of Marto, a Gypsy. Rob grows to manhood among the Gypsies, believing Meg and Mart to be his parents.

It happens one day, while riding with his finance, Lord Craven, (Melvin Engeltsad), Lady Constance Martendale, (Eileen Arneson), becomes lost in the woods. They wander to the Gypsy camp where Constance and Rob (played by John Sether), meet and fall in love at first sight. Craven objects to Rob's attitude, but in a very funny comedy scene with Marto, (Buell Will), and Sinfo (Clifford Storbolm), he is made to tell Sir George, (Francis Ohm), who later comes in search of Constance, that Rob is a charming fellow. In act two. Rob goes to the home of Constance and serenades her. They plan to elope, but are overheard by Craven, who informs Sir George, and plans are successfully made for the capture of Rob. He is thrown in prison, but later escapes.

Two years elapse and Rob has come into his estates, his identity having been proven by Meg. He becomes a successful composer, a friend of the Prince and a social lion. Constance has remained true to her love for Rob and on his return to England, he woos and wins her for his wife. As Rob says, "The good fairies have led me to the beautiful country after all, and our story, Constance, can end in the proper way: 'They lived happily ever after.'"

There are also pretty love affairs between Nina (Isabel Richter), and Captain Jerome (Matt Barzen), and Zara (Camille Warner), and Sinfo, and many comedy scenes by Sinfo and Marto. The choruses are very distinctive, especially lovely being the "Fairyland" number sung by Rob and a chorus of children; "Bind the Tresses of the Bride," sung by a chorus of girls; the "Moon, Moon, Moon," song, and "It's Just L. O. V. E." There are also many beautiful solos and duet numbers sung by the various members of the cast.

New Organization Formed Among City's Men Friday at Presbyterian Church

At the fellowship dinner held in the basement of the church Friday evening, March 28, an organization, to be called "The Men's Club of the Presbyterian church," was formed. A short program, consisting of violin duets by Misses Dorothy Silk and Mary DeVelling, accompanied by their teacher, Mrs. A. Holmberg, was received with much approbation, after which a meeting was held.

The following officers were elected: Ole R. Sande, president; L. R. Johnston, vice president; George M. Wilson, secretary, and F. F. Haynes, treasurer. Following the election a constitution was submitted and adopted. This was followed by a number of speeches made by several of the 27 members. There was also an open discussion of men's club work in connection with the church and the different problems that the men could handle.

Aamodt in New Quarters.

E. E. Aamodt, proprietor of the Aamodt Automobile Exchange, this week leased part of the old Evenson garage building west of the auditorium and will use the large room in the northwest corner of the building as a display room.

MUCH INTEREST SHOWN IN NEXT P.-T. MEETING

Excellent Program Now in Preparation for Monday Evening Session.

Prof. Yoder of Grand Forks Scheduled as Principal Speaker at Meet.

The Parent-Teachers association anticipates a large crowd at the next meeting of that body, to be held at the high school auditorium on Monday evening, April 7. Everyone is invited to hear the address by Prof. A. H. Yoder, who will speak along lines of special interest to all persons who have at heart the betterment, and welfare of the schools. As director of the extension division of the University of North Dakota and being intimately connected with various lines of educational work, Prof. Yoder will undoubtedly give a very interesting and instructive address.

The membership of the association has been very materially increased during the recent membership drive, the final report of which will be given at the Monday meeting. The committee of the losers to have charge of the May meeting will also be announced.

As a special stimulus to secure a large crowd to hear Prof. Yoder, the executive board of the associataion offers a prize of a suitable picture to be given to the grade school whose pupils have the largest number of parents in attendance at the Monday meeting. If parents have pupils in twos chools, they will be counted for both. The interest of the children should be encouraged by attendance at the meeting.

An interesting feature of the program is a violin duet by Justice Larson and Gordon Overland. Elra Porter is scheduled to render a vocal solo. The meeting will start promtly at 8 o'clock and a general invitation is extended to everybody to attend.

EARLY PIONEER ANSWERS CALL

Mrs. Thomas Lonson Passes Away at Advanced Age of 77 Years.

Mrs. Thomas Lonson, a pioneer resident of this city, died at her home on Conley avenue Sunday, March 30, after a short illness. Mrs. Lonson lived in this city for 32 years, and died at the advanced age of 77 years.

Anna Torsen was born December 28, 1846, at Sell, Gulbransdalen, Norway. She dwelt there until her 21st year when she came to this country. Two years later, on February 10, she married Thomas Lonson at Stephens Point, Wisconsin. Ten children were born to them, of whom three have since died. They are Louis, Robert and Pauline. In 1889 the family moved to Red Lake Falls where they lived for three years, coming to Thief River Falls in 1892. Mr. Lonson, who was employed in the sawmill here, died two years later. During the entire 32 years of her residence in Thief River Falls, Mrs. Lonson lived at 404 Conley avenue south.

Seven children survive her. They were all present at the time of her death except Thomas, who had been forced to leave for his home in Michigan City, Ind., a few days before. The six other children are Gilbert and Albert of this city, Mrs. Ben Erickson and Mrs. E. K. Aasen of this city, Mrs. A. J. Mercer of Lethbridge, Canada and Mrs. G. McLean of Hansboro, N. D. There is also a sister who resides in Norway and 27 grandchildren. The pallbearers were her grandsons, Elvin Erickson, Robert Erickson, Lloyd Lonson, George Lonson, Earl Effinger and Haaken Grindahl.

The funeral took place this afternoon at 2:30 at the Trinity Lutheran church with Rev. E. H. Kreidt officiating. The body was interred in Greenwood cemetery.

Poultry Association in Annual Gathering Names New Officials for Year

The annual meeting of the Pennington County Poultry association, held in the Commercial club rooms last Thursday afternoon, was largely attended by members and others interested in the poultry industry. New officers for the ensuing year were elected as follows: Olaf Neset, president; J. J. McCann, secretary and H. L. Schuster, treasurer. The directors will be appointed at the next meeting of the association.

The financial statement was read and approved, and it showed the organization to be in very good financial condition.

Chas. O. Asp, Teacher.

Our school closed last Friday. The following pupils are on the honor roll having been neither tardy nor absent: Edith Vraa, Palmer Paulson, Julia and Leonard Miller, Clair and Ruby McEnelly, Clinton, Lloyd and James Wells, Clarence Grimley, Ervin Hermanson, John and Otto Sigrud. A program was given by the children the last day of school.. The pupils debated the question, "Resolved that the girls are worse than the boys." The parents enjoyed the battle quite as much as the children themselves.

A dandy lunch was served by the ladies of the community. A fine present was given to the teacher by the pupils. I wish to thank the people of the community for their good will and co-operation during the term.

Field Beans

The Great Northern Baking Beans

Only 8c Per Pound

See what Oscar H. Will & Co. of Bismarck, N. D., say about these beans——

GREAT NORTHERN—The Most Delicious Baking Bean in the World! This hardiest bean was originally obtained by us nearly forty years ago from Son of a Star, an Hidatsa Indian, among which tribe it had been raised for many years. It is a wonderful yielder and one of the most profitable sorts that can be raised. Grown to the exclusion of all other varieties of field beans around Billings, Mont., the bean center of the Northwest. Forty odd cars of Great Northerns were shipped from that point to Chicago this past year.

This seed was purchased from Oscar H. Will & Co., and raised in Town of North and can be gotten at Bredeson's & Co., and H. K. Strand & Co. as long as it lasts at 8 cents per pound instead of 20 cents as was paid for this seed two years ago.

WHY IS A BINDER?

Last week The Tribune threw into the arena of public discussion the idea that the state of Minnesota, in so far as it is engaged in the manufacture of farm implements, should supply those implements to the farmers at a "ratio price." Our idea is that when the Minnesota farmer buys from his own state institution, that there is one place where his dollar should be worth 100 cents.

A little digging into state prison reports discloses the fact that the revolving fund of the state prison industries has been growing to huge proportions, and that at the end of 1922 the prison had on hand farm machinery and twine aggregating $2,537,721.36 and a cash surplus exceeding three-fourths of a million dollars.

Minnesota farmers need farm machinery. The state of Minnesota has that machinery. Why not put the prices where they should be? In other words, why not take the farmer's dollar at par?—Morris Tribune.

In his speech before the Lincoln Club of Minneapolis last week, Curtis Johnson, candidate for governor, said the tendency of the times was towards the decentralization of industrial plants. We hope he has read the signs correctly for that would mean the building of small industrial plants in cities the size of Thief River Falls, which are favored by unusually advantageous facilities. There is room here for a small packing plant for instance, which would mean a tremendous annual saving in freight charges. A woolen mill could be operated here to good advantage. A great big sugar factory supplying sugar to the trade territory of which this city is the center would effect a large saving to the consumer. Here living conditions are ideal and many of these plants could be operated at greatly reduced overhead expense. It is beginning to dawn on people that we are working all the time against the stream. Paying freight on the raw material to points in the East and then paying freight to have the goods hauled back to the same territory is an economic waste which can never bring prosperity to the farming sections of the Northwest. Were a number of small plants located in the smaller cities of the country such a system would provide profitable employment for the surplus labor on the farms during periods of idleness.

Al Jennings, erstwhile train robber and later an evangelist, made several kinds of a fool of himself when he testified last week before the senate investigating committee. His testimony regarding the political operations of the late Jake Hamon, Oklahoma oil man and politician, has been exploded in every detail. The records show that Oklahoma, which Jennings alleges was purchased for Harding, voted for Lowden all the way, and New York, which he also alleges was bought in the interests of Harding, voted against the President until the last ballot. In view of these disclosures, Mr. Jennings must feel pretty cheap.

There is no disputing the fact that Minnesota counties, cities, villages and townships must quit spending if taxes are to be reduced. And taxes must be reduced in many instances until it hurts.

The terrific snow storm which paralyzed other sections of the country missed Pennington county entirely. As this newspaper has so frequently pointed out, we are living in a section of country which is particularly favored by nature. Good soil and ideal climatic conditions have been our portion while other parts of the country struggle with snow and ice and tornados. Let us all thank God for a country which so well lends itself to optimism and boosting.

During the coming campaign, the columns of The Tribune will be open to political discussions of every nature so long as such communications are signed and written in good faith. It is stipulated, however, that they must be couched in respectful language. What we want is free and frank discussion of issues and men in order that Tribune readers may be well informed regarding all political parties.

It is reported that the Farmer-Labor convention which was held at Plummer last week endorsed Thos. Vollom of Erskine for governor. Mr. Vollom is connected with the Garden City Telephone company which operates lines in this territory. He is a fine public speaker and it is predicted he will make a good run for the nomination.

Governor McMaster defeated Senator Sterling for the United States senate in the present primaries. Governor McMaster placed himself in the limelight last summer when he forced the oil companies to reduce the price of gasoline ten cents per gallon.

Uncle Sam's Navy Department has recently closed a year's contract for Minnesota butter, indicating that the gobs know good butter when they taste it. Much of the butter to fill this contract will come from Pennington county, the home of Kows, Klover and Kontentment.

The mysterious screeching which took place last week over the radio sound waves are accounted for by the fact that the White House tom cat was missing. However, thanks to the raido, the cat came back and the country is safe once more.

Plans are already under way for the reorganization of the Thief River Falls band, and our citizens may again look forward to those evening concerts which add so much to the pleasure of living in this city.

Senator Bridgeman of Bemidji has been endorsed by the Farmer-Labor party of Lake of the Woods county for congress in the sixth district.

Arneson-Dostal.

The home of Mr. and Mrs. J. S. Arneson, 219 Main avenue south, was the scene of a pretty wedding Saturday afternoon, March 29, when Miss Martha Dostal, daughter of Mr. and Mrs. Joseph Dostal of this city, became the bride of Harold M. Arneson, eldest son of Mr. and Mrs. Arneson. The ceremony was performed at five o'clock by Rev. Charles Gerlinger in the presence of the families and a few immediate relatives. Philip Larson was his cousin's best man while Rose Dostal, sister of the bride, acted as bridesmaid. The bride wore a French blue cotton crepe dress and carried a boquet of Ophelia roses and sweet peas. The bridesmaid wore a gown of brown canton crepe and carried a boquet of white and lavendar peas.

The Lohengrin wedding march was played on the violin and piano by Henry and Eileen Arneson immediately before the ceremony and appropriate nuptial music followed the service. The wedding dinner was served at six-thirty at a table decorated with pink and white roses and candles.

Mrs. Arneson is a graduate of the local high school and is a popular member of the younger set. The groom is a graduate of the St. Paul schools and has been a student at the Shattuck Military academy at Faribault. Since coming to this city he has been employed as a printer on The Tribune. The young married couple are at home at 117 LaBree avenue south.

Essay Contest.

Great interest is being taken in the essay contest conducted by the W. C. T. U. Several prizes have been offered for the best essays submitted. The pupils are given their choice of either of two topics: "How Total Abstinence Increases the Margin of Safety from Accidents," and "Abstinence from Tobacco as a Help to Fitness for School Athletics." As the Central school carried off several prizes last year, it is to be expected that they will do the same or better this year.

This week's best eighth grade composition:

124 First Street West,
Thief River Falls, Minn., Mar. 25, 1924.

Dear Uncle John:

As I was doing my English, which was writing a letter, I thought of you and decided to write you and describe myself as well as possible and also answer questions in your last letter. Yes, Miss Keefe is my English teacher and I shall greet her from you. You asked me if I had gotten my bicycle yet. No, I haven't but I expect to get one this spring some time.

I am very glad that you are coming home and shall be down as early as I can to meet you. I don't suppose you will recognise me as I was only two years old when you last saw me, so I will describe myself as I shall look when you come home.

I am about five feet two inches tall; I have brown eyes and brown sandy hair, and shall be wearing brown shoes, black stockings, green trousers, red sweater with a yellow band around the waist and a grey checkered cap.

Hoping you will recognize me, I remain

Your nephew,
HARLON SPONHEIM.

P. S. I might have my cap off cheering so you could only see my sandy hair. H. S.

Miss Frissell's Novel Experience.

A few years ago Miss Frissell had a most interesting and novel experience. She and her mother were on a vacation in North Dakota where she was the proud possessor of a claim. Among her other possessions were some pet gophers who were so tame that they would eat bacon rinds from her hands like people eat watermellon (swish swish). One of these gophers who had the curious habit of biting his fellow companions, one day bit the youngest gopher very badly. This made Miss Frissell very angry and she threw a stone at it thereby breaking the animal's leg. Dismay had Miss Frissell in its grip and she rushed into the house after her revolver. After firing five shots at the gopher she finally killed it—with a club.

School Books Mended.

Mr. Craodell visited the Central school last Friday, accompanied by Supt. Simley. The history, English and reading books that needed mending were collected and given a thorough examination. It was decided that the eighth grade histories were beyond repair, but the rest of the books were sent to be mended.

English Box.

Miss Keefe has created a way in which she hopes to correct our English mistakes. In a large box which she keeps on her desk all the pupils are supposed to place mistakes in grammar which they hear, written on a slip of paper. She reads all the slips before the classes on Friday. It was found that there were fewer mistakes this Friday than last Friday. We are all hoping that in the course of time there will be no mistakes at all.

Vacation.

On Thursday morning the whole Central school was shivering in their seats. Mr. Larson, janitor of the school, had exerted all his energies in starting the fire but to no avail. At half past nine Miss Keefe took her place at the piano and the pupils marched from room to room, thereby overthrowing the shivers. It was found that due to trouble with the furnace the pupils enjoyed one of those rare treats—a holiday. The new pipes are expected from Fargo by Monday and the pupils will then again resume their work.

Real Dope.

Miss Sands of the seventh grade has succumbed to the contogeous disease of bobbed hair.

The seventh grade is having a quick review of North America, having finished all the continents.

Mr. Simley gave the seventh grade class instructions in the poem, "I Have a Rendezvous with Death," and the eighth grade classes 83 and 84 in the poem, "My Captain.. My Captain.."

Ross Gilchrist, Florence Borgeo, Elsie Houfek and Emma Bogge are the newest bobbetts.

Basket ball is coming along fine. Coach Thuoe has not yet picked either of the teams but it is probable he will do so soon.

Baseball is almost at a standstill as it has been too wet to practice.

Gladys' curls are still long and luxurient; however, she is seriously contemplating joining the bobbetts.

The eighth grade is at present practicing on the music to be sung at the commencement exercises.

Because of the "closed doors" of the Central school there was uncertainty whether there was to be a physical training class at 11:05 Friday. However, nine pupils appeared and basket ball teams were chosen by Miss Gladys Weeks and Miss Rohy Ihle. A hot game ensued in which Miss Banman, who acted as referee, was knocked down by a whizzing ball. Esther Carlson showed her talent for playing basket ball by making all six scores on the winning side. The score was 6 to 0 in favor of Miss Weeks' team.

Joseph Collins was moved from 8B upstairs to 8A downstairs.

Miss Karwaod took the eighth grade to hear the naturalization proceedings at the court house Friday.

Those noted for always having their lessons on time and perfect are: Chester Myrom, Harriet Fuller, Gladys Weeks and Chester Dahleo.

Mrs. Karwand's and Miss Frissell's rooms downstairs still have a chance to get the half holiday this month.

The Wild Man.

A man who appeared to be without any clothes was pursued by a Shorewood policeman. However, upon his capture it was found that his tongue was coated and his breath came in sort pants.

R. I.—What is the answer to the fourth example.
H. S.—Fourteen cows and a calf.

Closing Out

I am still closing out my last year's paper at 16c, 18c, 20c and 22c per roll and up. The time is soon here when you will want wall paper. We also have a large stock of this year's paper on hand.

Moderate prices for paper hanging.

Varnishes, Kalsomine, Barreled Sunlight and other paints on hand.

Work guaranteed. Call and look over my goods.

Funeral Services.

On Thursday afternoon at two o'clock, the funeral services for Dorothy Grimsrud were conducted at the Norwegian Lutheran church by Rev. Ordahl of Holt, Minn. A very fine sermon was delivered by Rev. A. E. Hanson of Stephen in the English language, after which a letter was read by Rev. Lerohl of Oklee, from the chaplain of the state school for the blind at Faribault, at which place little Dorothy was attending school at the time of her death. This letter was written to the bereaved parents and paid high tribute to Dorothy both as a student and individual, dwelling upon her cheerfulness, patience, and lovable disposition and telling of her sudden death and the trustful way in which it was met. Rev. A. F. Nelson, speaking in the Scandinavian language, made some very touching remarks on the character and forbearance of the child, having known her from babyhood and being thoroughly familiar with the cross she was bearing. Rev. Anker of Goodridge, also spoke for a short while.

The floral tributes were beautiful, not least of which was a large spray given by her school mates and little friends here. Louise Hed, Ruth Espeland, Thora Sweger, Alice Gigstad, Alice Maakrud and Evelyn Maakrud were honorary pall bearers and carried flowers. Oscar Nelson, Loyd Belden, Peter Larson, Oscar Odegaard, Knute Odegaard and Kennerd Hovet officiated as pall bearers. Interment was made in the Swedish cemetery.

Community Club.

The regular meeting of the St. Hilaire Community club was held at the school building last Friday evening. Sigurd Engh acted as chairman and called the meeting to order. Theodore Skattrud was elected to conduct the next meeting. After the regular business session the following program was rendered..

Vocal Solo, "Sort o' Miss You," by Paul Erickson.

Reading, "The Inventor's Wife," Esther Grandbois.

Piano solo, Mildred Fellman.

Saxaphone solo, Oscar Gigstad.

Remarks, H. F. Anderson.

The people were invited to inspect the school work on display in the various rooms. Some very fine work was on exhibit, especially the hand work and sewing. The grade rooms were all very attractively decorated, showing the hand work to good advantage. The junior class of the high school served lunch in the domestic science room. A very large crowd was present and a fine meeting conducted.

A Regiment of Two.

"A Regiment of Two" is coming to St. Hilaire on Thursday and Friday of next week, April 10th and 11th. This is a home talent play given by the young people of town. A great many in the cast have performed here before and their dramatic ability is well known. This is a farcial comedy in three acts and will provide a full evening's entertainment. The play will be given in the Imperial hall two nights so as to be able to accommodate the crowd which has always been too great for one evening's performance.

Card Party.

The last card party of the series is to be given in the Odd Fellow hall Friday evening, April 4. This party is being given by the entire club, as it was the unanimous vote of all to have one party before the season was over. Those on the committee for arrangements and entertainment assure us that a fine time is in store for all those who are able to attend.

Dinner Party.

Miss Olive Nelson pleasantly entertained a few of her friends at a six o'clock dinner at her home here last Monday evening. The guests included Miss Selma Hoff, Miss Olymphia Moen, Miss Lulubel Jerpe and Miss Anne Brown.

Ladies' Aid.

You can bring your De Laval to us easier than we can come to you

YOU are coming to town at least once a week. The next time you do, bring along your De Laval Cream Separator and let us overhaul it. We are specially appointed De Laval Service Agents, and it is our business and desire to make every De Laval Separator give the perfect service of which it is capable.

We have a specially prepared place for doing such work, and we can certainly do it better and at much less cost if you bring your De Laval to us than if you wait until you are up against it and ask us to come out to your place.

A De Laval Separator is a wonderful piece of machinery, but like any other finely built and high-speed machine it needs some attention. Take advantage of our service.

FIXING PRICES RECEIVES O. K.

Stabilization Endorsed Monday at Meeting Held in Middle River.

The meeting held at Middle River Monday afternoon to discuss the McNary-Haugen bill and the matter of farm prices generally, was very well attended. J. S. Arneson of the Thief River Falls Tribune spoke at length upon the necessity and the advisability of the farmers organizing in township units and these units to bring individual pressure upon not only representatives in congress but more partirularly upon those who are opposed to the matter of adequate farm prices.

G. Halvorson of this city dwelt more particularly upon the deplorable financial condition of the farmers, not only in the United States but the entire world, and argued that the only practical relief would be through the intervention of the United States government. He asserted that the whole economic question revolved itself around the proposition of prices, and that until the farmers are assured of reasonable prices they can not permanently prosper.

Mr. Halvorson claimed that the whole system which compels the producers of the necessaries of life to ask for a price in place of demanding a price is an impossible system and has only survived up to this time by reason of the fact that the farmers have been able to borrow more money every year on their lands.

At the conclusion of the meeting a township organization was formed to include the eastern end of Marshall county.

Three New Citizens Take Oath of Allegiance Last Thursday in This County

The United States gained three more citizens when Oscar Anderson, Hans Oscar Prestby and Ole John Ness, all natives of Norway were formally accepted at a hearing in the Pennington county court house on Thursday, March 27. A number of students from the eighth grade and the civics class at the Lincoln high school were at the meeting.

The hearing opened with the song, "America," after which the American Creed was read and examinations were given. Robert Carlson of St. Paul gave the examinations and Judge Andrew Grindeland presided. Following the examination, Judge Grindeland and Mr. Carlson spoke on Americanization and citizenship after which the oath of allegiance was administered by Clerk of Court Adolf Eklund. The hearing closed with the singing of "The Star Spangled Banner." The next naturalization meeting will be held July 1.

Previous to this hearing the examinations have been conducted by R. K. Doe of the Duluth district, but Mr. Eklund was notified that this city had in February been transferred from that district to the one in St. Paul.

Army Recruiting Reopens With Attractive Chances Offered Boys Who Enlist

Recruiting for the army units stationed in the Phillipines, Hawaii and Panama canal zones has again opened up. They are attractive posts and the northwest furnishes its share of men for them.

The rail trip to the coast, followed by the steamer journey to the islands, is an adventure young men want and the lure of the change keeps the units of the army in the island possessions, as a general rule, filled to authorized strength.

Men from the north-eastern part of the state are recruited through the office at Duluth, from western and north-western by the office at Fargo; from central and south-eastern section of the state at Minneapolis or St. Paul.

Enforced Holiday for Pupils.

A corroded pipe breaking in the furnace boiler at the Central school forced the dismissal of the pupils for a day and a half last Thursday and Friday. The break occurred in the forenoon and at 10 o'clock the seventh grade was dismissed for the day. The eighth grade spent the remainder of the morning at court, where citizenship petitions were being heard. The pipes were repaired during the three days following and school was resumed as usual Monday morning.

POLA NEGRI IN GREAT PICTURE

"Shadows of Paris" Comes to Princess Theatre Next Sunday and Monday.

Pola Negri in her fourth American starring picture, "Shadows of Paris," a Herbert Brenon Paramount production, is surrounded by a brilliant array of supporting players.

Adolphe Menjou, Charles de Rocha and Huntly Gordon head the cast in featured roles. Among others are Gareth Hughes, Vera Reynolds, Rosa Dione, Rosita Marstini, Edward Kipling, Maurice Cannon, Frank Nelson and George O'Brien.

Adolphe Menjou but recently scored heavily in Charles Chaplin's "A Woman of Paris." He has appeared time and again under the Paramount banner.

Charles de Roche, since he came to America from France, has supported Dorothy Dalton in "The Law of the Lawless." He also appears as King Paraoh in Cecil B. DeMilla's forthcoming Paramount production, "The Ten Commandments." In William de Mille's "The Marriage Maker," he plays the faun.

Huntly Gordon—Bluebeard in "Bluebeard's Eighth Wife," starring Gloria Swanson.

All the other members of the cast are well known stage and screen favorites.

"Shadows of Paris," which will be shown at the Princess theatre on Sunday and Monday, is from the French play, "Mon Homme," by Andre Picard and Francis Carco. It was adopted for the American stage by Fred Jackson. The scenario was written by Eve Unsell.

'MAN NEXT DOOR' TOLD IN PICTURE

Women Will Find New Vitagraph Picture of More Than Usual Interest.

One of the most interesting comedy dramas that has been offared here will be shown at the Princess theatre next Friday and Saturday. It is a picturization of "The Man Next Door," by Emerson Hough, author of "The Covered Wagon," and shows with exceptional fidelity life on a great ranch in Wyoming contrasted with the shallow life of society in a great city.

There is in this picture, a remarkable variety of scenes and sets, an intimate picture of life on a great ranch, with its frolic and fun, including sweeping scenics of the great West, while the investures showing the magnificent mansion built by the millionaire cattleman for his daughter in the city, reveals some of the most lavish studio sets ever built.

Women will be exceptionally interested in "The Man Next Door." It tells the story of a girl reared among the hard riding cowpunchers until she is sixteen and her transformation into a young debutante. Alice Calhoun, who plays Bonnie Bell Wright, wears some of the most magnificant gowns that have been seen on the screen.

The story tells of this wealthy young girl's effort to find friendship in a great city, and the heart interest in this comedy drama lies in the struggle of this girl for happiness. She learns that riches are no guarantee of love.

David Torrence plays the wealthy cattleman, who is the father of Bonnie Bell. Frank Sheridan plays Curly, the inimitable character so beloved by readers of Emerson Hough, and Jimmy Morrison plays the hired "man next door." The production was directed by Victor Schertzinger, to whom Vitagraph gave unlimited expense.

NEW OFFICIALS NAMED FOR CLUB

Commercial Club Chooses Officers Under Constitution Recently Adopted.

The first election of officers for the Thief River Falls Commercial club under the constitution and by-laws adopted at the meeting three weeks ago was held last Thursday. Under the new by-laws 12 directors are chosen from the membership, and these in turn name the president and other officers.

The ballot taken last Thursday showed the following chosen as directors: Daniel Shaw, F. H. Harrick, Nels Christianson, E. M. Bennes, Roy Lambert, I. T. Simley, Dr. O. F. Mellby, Albert Lonson, J. J. McCann, Math Barzen, H. A. Brumund and Dr. H. W. Froehlich. The new directors held a meeting the same day and elected the following officers: Dr. H. W. Froehlich, president; Daniel Shaw, first vice president; Roy Lambert, second vice president; J. J. McCann, secretary, and Albert Lonson, treasurer.

This election was made necessary because of the requirements of the new constitution and by-laws. While some changes and additions were made in the directorate of the club, the principal officials are the same as those chosen at the election conducted several weeks ago under the old order of things. They are men who have the interests of the club and the community at heart and the Commercial club under their direction is sure to continue its valuable work for Thief River Falls and Pennington county.

Inspect Diesel Engine.

A committee from the city council composed of M. V. Evenson, H. A. Brumund and O. A. Rambeck made a trip to Grafton, N. D., last Thursday to inspect a Diesel engine in operation there. The information gained is to be used in determining the advisability of installing additional Diesel engines as power units in this city. A report of the trip will be given at the next meeting of the council.

A Home Institution

One thing in connection with every business establishment—something of more importance than everything else—is this: Who are the men in charge of its affairs, and what is their reputation as business men? This is especially true of banks. The Farmers and Merchants Bank of Thief River Falls is a home bank, owned and controlled by home men who have lived here for many years. These men are known as capable business men who have through hard work and good judgment made a success of their own business affairs. The combined judgment and known integrity of these men are devoted to conducting the affairs of this bank. The officers are ever on the alert to protect in every way the interests of both stockholders and depositors. Upon this basis we feel that we are justified in saying that this bank is entitled to the complete confidence of every man, woman and child in Pennington county.

No dirt can cling to Barreled Sunlight

No hard scrubbing! Rub a damp cloth over it—and walls and woodwork painted with Barreled Sunlight are as white and spotless as when freshly painted!

Barreled Sunlight is a white paint that produces a surface so smooth that not a particle of dust or dirt can "sink in." It can be washed as easily as white tile.

Barreled Sunlight is the ideal finish for bathroom and kitchen walls and for white woodwork everywhere. It is easier to apply than enamel, requires fewer coats, costs less and is guaranteed to remain white longer. A single coat of Barreled Sunlight is generally sufficient over a previously painted light surface. Where more than one coat is required, use Barreled Sunlight Undercoat first.

Comes ready mixed in cans from half-pint to five-gallon size. Can be easily tinted.

VALUABLE GUERNSEY SIRE FROM PENNSYLVANIA FARM ADDED TO COUNTY HERDS

"Brookmead Pennington," Coming From Celebrated Langwater Family, Purchased by Local Dairymen; New Sire Imported as Result of Campaign Conducted Last Fall by the Thief River Falls Tribune.

New honors came last week to Pennington county breeders of Guernsey cattle when a valuable addition in the form of a new sire arrived from Philadelphia to take his place among animals which already have achieved enviable reputations both in production records and in the show ring. The new Guernsey comes to Pennington county as a result of the Better Sires campaign carried on last fall by The Tribune, and this newspaper naturally takes pride in the fact that it was enabled to bring about the importation into Pennington county of one of the very best Guernsey sires to be found in the entire United States.

The Guernsey in question is a yearling, and local authorities agree that the animal comes up to every requirement in size, shape, color and markings. The sire was taken at once to the farm of H. C. Woolson, where he will be given the very best of care. As an indication of what the new Guernsey is worth, it may be stated that the express company was forced to assume responsibility for a valuation of $900 in handling the shipment, and the express charges amounted to $102.

The new sire's official name is "Brookmead Pennington," and he is owned jointly by Messrs. H. C. Woolson, Stuart McLeod and Osmund Urdahl. The Tribune, in view of the fact that Mr. Urdahl's son won first prize in the campaign carried on by this newspaper last fall, helped form the association and contributed its share toward the purchase price of the animal. In making the purchase jointly with several Guernsey breeders it was possible for The Tribune to perform a service for the dairying industry in Pennington county which could be brought about in no other way, and this newspaper feels highly gratified to be permitted to do its share in helping improve the dairy herds of this community.

Brookmead Pennington comes from the famous Brookmead Farms, located at Devon in the suburbs of Philadelphia. He comes from a family conceded to be the very best Guernsey blood in America, and is closely related to several animals which have established world records. His mother, Brookmead's Deanie 97562, is now on test and will finish with a record of over 800 pounds of butterfat. Guernsey breeders will appreciate the following tracings in his ancestry: May Rose 2nd, 11 times; King of the May, 4 times; May Rose King, 4 times; Golden Secret, 3 times; Itchen Daisy, 3rd, 4 times, and Dolly Dimple, once.

Brookmead Pennington is a son of Langwater Master Fred 51494, one of the best sires of the breed in America. Langwater Master sold as a calf for $4,000. Langwater Africander, a $50,000 bull, is a close relative, and he is a grandson of Langwater Warrior 26509, one of the most outstanding individuals of the breed who sold in 1922 for $15,000. Langwater Helpmate, a daughter of Langwater Warrior, sold for $11,000.

The new Guernsey also comes from respectable folks on his mother's side. Among his close relatives in this direction are Langwater Steadfast, who sold for $25,000, Brookmead's Pansey, Royal Master's Daylo Maid, Brookmead's Daffodil and other cows with nationally known records in milk and butterfat production.

There is no question but what the acquisition of the new sire is a great step forward for Pennington county dairying interests. Within a short time the Guernsey herds of the county will show the effects of the noted blood lines introduced by Brookmead Pennington, and this community will come to be looked upon more than ever as the headquarters of quality Guernseys in Minnesota.

COUNCIL TAKES UP MULTITUDE OF LIVE TOPICS

Last Night's Session Longest Since New Aldermen Took Up Reins.

Citizen's Sign Petition Objecting to Incinerator and Asking Its Removal.

With all aldermen present last night the city council got down to a long, busy session, lasting from 8 p. m. until almost 1 a. m., without any intermission, and during that time listened intently to remarks made by the mayor, by citizens present who were interested in various matters, and to outsiders who had a proposition regarding power rates and lighting. This was the longest session the present council has had since taking over the reins of the city the first of the year.

The first matter before the council was the card playing on Sundays, Mayor J. S. Arneson stating that he had conferred with the proprietors of the various pool rooms and soft drink parlors in an endeavor to reach a satisfactory arrangement and that it had been suggested the places not permit any card playing on the Sabbath except from one until six in the afternoons, while others were willing to stop the playing all day rather than be forced to close down on card playing altogether. The mayor asked for the views of the aldermen but only the president, M. V. Evenson, and H. A. Brumund expressed themselves. Both hoped the matter could be amicably settled to the best interests of the proprietors and yet meeting the desires of the church people. The mayor promised to reach a conclusion this week.

The matter of furnishing power from outside the city is covered elsewhere in this issue of The Tribune as is also the matter of a city poor farm, monthly reports, action on additional units at the power house.

Fire Chief Paul Midderigh appeared before the council requesting the purchase of two new chemical extinguishers to be used on the fire truck, the old ones having become worn out during the several years they have been in use. A new rubber coat was also requested and purchase of the items was authorized unanimously.

A petition from F. L. Comstock and quite a few other residents in the vicinity of the incinerator, asking the removal thereof was read to the council by the clerk, the claim being made that the incinerator was unhealthy and unsanitary. Before taking any definite action looking to its repair or removal the council deemed it wise to make a trip to the place and see for themselves the conditions as they exist at present.

John Meyers was named dog catcher for the coming year and instructed to see that every dog in the city was properly licensed.

Dance permit requests were received from the Adolph Eklund Post of the American Legion for a dance on Monday evening, April 21, and from Phil Zeh, for dances at various times for the next six months, and the council ordered them granted on the payment of the usual $1 fee per dance.

Two building permits were also granted, one to the Peterson-Biddick Co., for their warehouse on Atlantic avenue as covered in The Tribune a week ago, and the other to J. O. Yotter for the remodeling of a barn into a garage on the alley at the rear of the residence he purchased at the northeast corner of Fourth and Main. The former request was at an estimated expense of $8,000 and the latter at $300.

Two milk dealers also applied for permission to dispose of their supply, these being C. C. Schuster and Hans Sahl, both of which requests were favorably acted upon after being recommended by the dairy inspector.

The building committee submitted a tentative schedule for charges to be made for the use of the auditorium as follows: $20 a night for home talent productions; $30 a night to outsiders; $20 a night for week stands (plus license fees for permission to sell merchandise); and $12.50 a night for the American Legion dances not to exceed six a year. The matter was left open until the next meeting to correct a small defect in making up the schedule.

The ordinance regulating the manufacture and sale of intoxicating liquors copied after state and national acts was not given its second reading, pending further investigation by the council, and also on account of the lateness of the hour at which it came up.

The amended ordinance covering light and power in the city and without the limits was given its first reading as outlined in this paper two weeks ago.

Following the passage of a resolution allowing the usual grist of bills the council adjourned at 12:45 a. m.

To Finish Road.

This week County Engineer B. F Umland is advertising for bids on Job No. 2402, which will complete the construction work on State Aid Road No. 1. This will provide a graveled road to Highlanding, going over the reservation line road.

Auto Tax Delinquents to Receive Attention; Poor Lights Also Given Taboo

According to information given out this week, next Monday, April 14, will see the beginning here of a general roundup of all delinquent auto license tax payers. At the same time the officers will begin a crusade against careless drivers and speeders. Those whose lights have a habit of fading out or becoming blind in one eye will also be given attention. The law states that each car must be equipped with two headlights and one red light in the rear, and this law will be enforced to the letter, according to the authorities.

It is only fair to everyone that all should pay their just share of automobile taxes, and public safety demands that cars be properly driven and correctly equipped with lights. The law is plain in these matters and should be enforced.

RARE TREAT IN STORE FOR ALL THEATRE GOERS

"The Gypsy Rover" Friday Evening Promises to Be Season's Best.

Operetta Under Direction of Maude L. Johnson Rapidly Taking Form.

The most tuneful and delightful play of the year will be put on for the benefit of the public Friday evening when the glee clubs of the Lincoln high school are to be seen in "The Gypsy Rover."

There are any number of pretty dancing choruses, the "Bind the Tresses of the Bride," and "Moon, Moon, Moon," songs being especially worthy of note as providing stage pictures that are certain to be remembered for a long time to come. The fairy story scene played by Rob (John Sether), and the Gypsy children with the song that Rob sings later with them will be enjoyed immensely by both young and old. The part of the heroine, Lady Constance Martendale, is taken by Eileen Arneson. A number of delightfully sung solos and duets are sung by her, especially to be noted being the serenade number sung with Rob in the second act. All the glamour that shrines the moonlit balconies of Old Spain throbs through the melody of this serenade with a half wild longing that makes it one of the most lovely of the many beautiful songs in the operetta.

The gipsy foster parents of Rob are well played by Ariel Kinghorn as "Meg" and Buell Will as "Marto." Some excellent comedy scenes take place between Marto and Sinfo (Clifford Storbolm). The part of Lord Craven with his foppish ways, taken by Melvin Engelstad, is certain to be a hit from the time the first entrance is made until the finale. Francis Ohm makes a very staid Sir George and the parts of Captain Jerome (Matt Barzen), Zara (Camille Warner), Nina (Isabelle Richter), Sir Toby Lyon (Clifford Conner), Mr. McCorkle (Richard Zeh), and the lackey's part taken by Tien Gullingsrud, are all played very well.

CLEAN-UP WEEK COMING IN MAY

Commercial Club Gets Behind Movement for City of Thief River Falls.

A clean-up campaign is to be started in this city during the first part of May. The campaign is sponsored by the Commercial club and will be in line with the national movement for clean-up weeks throughout the country. Especially during this week, everyone is urged to clean up all rubbish, to paint up everything that needs it and to plant trees and shrubbery. The forestry department is sending 200 trees to this city for planting purposes and anyone who wishes to plant shade trees on the lawns or boulevards may obtain these free by applying to Dr. Froehlich.

To further the plans of clean-up week, a committee of three has been appointed by the Commercial club and will have the work in general charge with deputies to aid in the carrying out of the different projects. The committee is composed of George M. Wilson, Rev. Charles Gerlinger and Dr. J. T. Bowers.

Thursday noon T. M. McCall, agriculturist at the Crookston Agricultural college, will talk at the Commercial club on lawn beautifying, giving pointers on the subject of cleaning up and planting the small garden, grouping of shrubbery and many other items of general interest.

CREDIT CONCERN TO MAKE LOANS DIRECT, IS PLAN

New Aid Agreed Upon by Agricultural Credit Corporation Officials.

Farmers of Northwest Will Receive Immediate Relief Through Latest Move.

C. T. Jaffray and Eugene Meyer, Jr., managing director of the War Finance corporation, were on the way from Washington to Minneapolis late Tuesday to put into effect a plan for direct loans to northwest farmers through the agency of the new $10,000,000 Agricultural Credit Corporation, cooperating with the War Finance corporation.

Mr. Jaffray, who is chairman of the new credit corporation, conferred with President Coolidge regarding the latter's action in making formal request to the new corporation to endeavor to assume some of the functions contemplated for the government in the Norbeck-Burtness revolving fund farm diversication bill, which was defeated in the senate.

Mr. Jaffray left Minneapolis for Washington Saturday night before he received a letter sent to him by the president asking him to confer with the board and executive staff of the new corporation to determine the feasibility of making direct loans to farmers.

J. R. Howard, former president of the American Farm Bureau federation and one of the vice presidents of the new corporation, has just come to the Minneapolis headquarters of the corporation to confer with the executive staff. When he was elected a vice president the understanding was that his services would be required if any plan for direct loans to farmers could be worked out. He is expected to remain in Minneapolis until Mr. Jaffray and Mr. Meyer arrive to launch the new and enlarged program of the corporation, which up to this time has confined its activities to assisting going and "solvent" closed banks.

The president has obtained an extension until the end of 1924 of the period in which the War Finance corporation can continue to make loans to aid the agricultural sections. This corporation, however, is not authorized to make direct loans to farmers. The credit corporation, with a capital stock of $10,000,000 subscribed by private capital in industrial centers, is not restricted by such limitations. With its $10,000,000 capital, it would have a borrowing capacity up to $100,000,000 from the War Finance corporation, and through these two agencies effective aid direct to farmers is being planned.

"We have discussed informally various methods in which this corporation might be of direct service to farmers of the Northwest," Arthur P. Kemp, president of the credit corporation, said late today.

"We have some ideas. The president's letter, which we understand has been sent to Mr. Jaffray, served as the starter. We will be prepared to receive the program of Mr. Jaffray and Mr. Meyer when they arrive. I believe this organization will be able to carry out some sort of plan to meet the president's suggestions."

Gubernatorial Candidate Visits City and Delivers Address at Club Luncheon

One important item, up in type and ready for publication, was crowded out of the columns of The Tribune last week. The item in question had to do with the visit here of W. W. Royster of Glenwood, candidate for the Farmer-Labor nomination for governor of Minnesota. Mr. Royster, who is a locomotive engineer on the Soo Line, happened to be on a run with a lay-over in Thief River Falls and took advantage of the opportunity to meet and greet a number of personal friends and other folks about the city.

At the regular Thursday noonday luncheon of the Commercial club Mr. Royster was called upon for a short talk, and responded in a very pleasing manner. He pleaded for closer cooperation between farmers and laboring men, and showed in his brief talk that he has given both politics and economics a great deal of study. Mr. Royster is a speaker of more than ordinary ability and made a very pleasing impression upon his audience. Thief River Falls hopes it will have the opportunity of hearing him again before the close of the campaign.

Bagley Man Secures Fine Bull From Woolson Herd

H. C. Woolson, one of Pennington county's prominent breeders of high grade Guernseys, last week shipped a fine yearling bull to J. C. Haugne of Bagley. The young Guernsey is a splendid animal and will eventually make a fine sire to head Mr. Haugne's herd.

D. P. O'Neill Greets Old Friends Here on Trip to Look After Farm Matters

D. P. O'Neill, former state senator from this district and now a member of the board of grain appeals at St. Paul, was a visitor in Thief River Falls the latter part of last week. Mr. O'Neill still has an interest in this part of the country, owning a fine farm south of the city, and matters pertaining to this property brought him here at this time. At the Thursday meeting of the Commercial club Mr. O'Neill was called upon for a talk, and responded in his usual able manner. He said that during his forty years of experience in the Red River Valley he had never seen prospects brighter for a crop than they are this year, asserting that when farmers are forced to use goggles to protect them from dust in the fields, chances are ten to one that a good crop will result.

SPEEDING GOOD ROAD TO EVERY FARM IN STATE

State Apportions Two Millions Among Counties to Aid Local Roads.

Pennington Gets Allotment of $20,000 for $5,486 Assessed in Taxes.

Pennington County this week received notice of its 1924 state road aid allotment of $20,000, against $5486 paid in state aid taxes.

The state aid law operates to compel counties of high assessed valuation totals to contribute toward the public road funds of counties with less taxable wealth. State road aid taxes in Hennepin, St. Louis and Ramsey counties exceed the aggregate apportionment to those counties by nearly $700,000 this year. That sum is divided among the other counties, plus the amount they pay in, with the result that 72 receive more than they pay and the remaining twelve break about even.

T. P. Anderson, county auditor, received the notice from Charles M. Babcock, state highway commissioner who with Henry Rines, state treasurer, and R. P. Chase, state auditor, made the apportionments. The state money will be available for use this year by the county on the designated roads.

The fund is made up of $1,980,000 of taxes from the state 1-mill levy, $6,500 of U. S. government land receipts, $3,400 of Babcock cream test license fees and $16,000 of internal improvement lands interest.

Hennepin, Ramsey and St. Louis counties pay $834,918 of state road aid taxes, including those collected in Minneapolis, St. Paul and Duluth, and their apportionments are only $140,000. The difference of about $695,000 is divided among other counties with the result that the large majority receive considerably more than they pay into the fund for improvements on county roads.

The state aid plan is another feature of Minnesota highway laws framed to hasten "a good road to every farm gate" in the state. More than a third of the motor vehicle tax, it is generally known, is paid in the three large counties, but all expended on the most used rural highways of Minnesota.

HEALTHY GAINS IN POPULATION

Vital Statistics for Year Show Pennington County to Be Forging Ahead.

According to the statistics at the court house, there were 137 births in Thief River Falls and 75 deaths during the year of 1923. In the county there were 283 births and 128 deaths. There were 155 more born than died in the county during the last year and 62 more births in this city. This is rather a smaller amount than in 1922 when there were 310 births and only 119 deaths in the county and 141 births and 64 deaths here.

The townships of Smiley and Sanders led the birth rate, the former having 13 births and 2 deaths while the latter had 11 children born and only one person dying during the year of 1923. Black River township was the lowest in the percentage point, having no births and one death. The townships of Bray with 6 births, Reiner with 6, Silverton with 5 births and Star with 9 had no deaths.

Highlanding came out even at the end of the year with seven births and seven deaths. In 1922, however, this township led the list with a total of 13 births and only 1 death.

TEACHERS JOIN PARENTS IN BIG MEET MONDAY

Excellent Program Rendered at Meeting of Parent-Teachers Association.

North Dakota Educator Delivers Interesting and Instructive Lecture.

In spite of the rain Monday evening a large number of men and women turned out to hear Professor Yoder of the U. of N. D., who spoke at the Parent-Teachers meeting on the topic of educating the child from the primary grades through the high school years.

The meeting opened with a report on the membership drive by the two committee captains, Mrs. E. O. Mogensen and Mrs. E. J. Richards. Mrs. Mogensen reported an increase in membership of 36 and Mrs. Richards' committee won first place by bringing in 56 new members. The losing committee will have complete charge of the May meeting, the last gathering of the parents and teachers during the present school year. The musical part of the program followed and was composed of a group of duets by students. Rubenstein's, "Wanderer's Night Song," and "Smilin' Thru," were sung by Misses Liv Vistaunet and Isabel Richter accompanied by Miss Doris Richter. This was followed by "Sounds From Home,' and "Novellette," played as violin duets by Justus Larson and Gordon Overland, accompanied by their teacher, Mrs. A. Holmberg. These number were very well done and much enjoyed by the audience.

A census of the parents was taken and it was found that in comparison with the number of pupils enrolled in the schools that approximately 15 per cent of the parents were present who had children in the Northrop school, 18 per cent represented the Knox, 13 per cent the Washington and 43 per cent the Central school. The last named having the highest percentage, the school was presented with a print of Britton's, "Song of the Lark."

Professor Yoder's talk was highly interesting and instructive from every point of view. In particular he stressed the physical development of the body along with the mind and gave the parents present many pointers on points of contact with children, especially during the period of adolescence.

The next and last meeting of the Parent-Teachers association will be Monday, May 5.

BLAZE DAMAGES WOODWORK SHOP

Northern Woodwork Company Suffers Heavy Damage in Fire.

Fire, which in a manner not yet determined, started early last Thursday morning in the furnace room of the building occupied by the Northern Woodwork company, caused damage estimated between $10,000 and $12,000 before it was brought under control. The flames were discovered about 1:30 a.m., but had already gained considerable headway. The fire department got on the scene in record time and soon had the blaze under control although an hour or more of hard work was required to get it out entirely.

Men at the head of the concern state that repairs to the building and machinery will be begun as soon as insurance adjustments can be made, and that business will be resumed at the earliest possible moment. Considerable insurance was carried on the building and contents but even at that the loss will be heavy, particularly when it is considered that operations were brought to a standstill at the opening of the busiest season of the entire year.

The Northern Woodwork company seems to be playing in exceptionally bad luck, this being the third or fourth time during the past few years that the concern has suffered heavy damage due to fires, lightning and other causes beyond the control of those in charge. The management is not yet entirely discouraged, however, and will continue at the old stand in spite of the jinx which seems to be hovering over the place.

Harold Provencher Returns.

Harold Provencher, accompanied by his family, returned last week from Minneapolis, where he has been employed for some time as cook in the West hotel. Harold has been given complete charge of the kitchen of the Evelyn hotel in this city, and has entered upon his duties. Country Schools Closing.

Many of the rural schools throughout the county have already or will soon complete their regular terms. Most of these schools have been sending in news items for publication in The Tribune and it is hoped that pupils who have taken part in this work during the school year will continue to send in items until school again convenes. This newspaper will be glad to publish all such news letters providing the name of the writer is given. The name of the correspondent will not be published unless the writer so desires.

The weather prophets, noting that 1924 will be election year, are predicting a great deal of wind this season.

A Home Institution

One thing in connection with every business establishment—something of more importance than everything else—is this: Who are the men in charge of its affairs, and what is their reputation as business men? This is especially true of banks. The Farmers and Merchants Bank of Thief River Falls is a home bank, owned and controlled by home men who have lived here for many years. These men are known as capable business men who have through hard work and good judgment made a success of their own business affairs. The combined judgment and known integrity of these men are devoted to conducting the affairs of this bank. The officers are ever on the alert to protect in every way the interests of both stockholders and depositors. Upon this basis we feel that we are justified in saying that this bank is entitled to the complete confidence of every man, woman and child in Pennington county.

MURDERERS

It is gradually beginning to dawn upon people that moonshiners, whether they be manufacturers or peddlers of the stuff, are potential murderers. In all seriousness we say to those so engaged that once the public becomes thoroughly aroused over this matter, something will happen that will not be so pleasant to contemplate.

Beware of the wrath of a mother whose son or daughter has been dragged into the mire by filthy moonshine. She will go after the moonshiner like an enraged panther and will never let up till she drives him from the community.

The Tribune got a rise out of its recent statement that Thief River merchants ought to buy their goods where people have sufficient confidence in this community to take our farm loans. Local farm loans can no longer be floated in the Twin Cities, but are freely taken in Milwaukee. Several of the large insurance companies which operate in the Twin Cities are withdrawing from the local farm loan field in order to invest their funds in tax exempt securities. When a farmer cannot pay his interest the said insurance companies simply raise h . . . l. And still there would be no insurance company if it were not for the money paid in year after year by the northwestern farmer. The thing is not adjusted right. The farmer is hard up and the insurance company does not want his securities. Under the circumstances can the farmer and the local merchant be blamed for buying their goods and their insurance where the atmosphere is more friendly? We think not.

The very situation which exists in this state at this time is the best reason that could be advanced for the return to party responsibility. At least three of the Republican representatives in congress are opposed to the passage of the McNary-Haugen bill, a measure which means everything to the agricultural rehabilitation of the northwest. If we had in this state a cohesive and responsive party organization such a condition could not exist. Congressmen used to heed the call for party action upon measures of general interest, but such loyalty no longer exists, having been superseded by local self interest. One would think Minneapolis and Duluth would exert themselves in favor of the farming interests of the state, but unfortunately the representatives of these places are only mildly interested in the farmers welfare in comparison with the wishes of the grain trade and the steel trust.

When Governor Preus told President Coolidge the other day that LaFollette, heading a third ticket, would sweep the northwest, he only echoed sentiment expressed frequently by The Tribune. The reason for this is apparent enough. As if blunders sufficient to cause the death of the strongest political organization in the world had not already been committed by those in power, we have the spectacle at this very moment of a divided state delegation in congress upon the question of the McNary-Haugen bill which is intended for the agricultural relief of the northwest. The Farmer-Labor men are for the bill. Under such circumstances how can the Republican party hope to get votes in the northwest for its presidential candidate?

A Mankato man, convalescing in a Rochester hospital, wrote to his home town paper and described his cheery surroundings, he said: "There are six windows in my room." The linotype operator left the "n" out of windows and early next morning the man's wife made a flying trip to Rochester to see how he was getting along.

The Minneapolis Star has never voiced a more sensible opinion than it did when it expressed to its readers the idea that if the Farmer-Labor group in Minnesota surrenders to the communists who are now seeking control of the radical forces, the party may as well don its winding sheet and crawl into the coffin of oblivion with other defunct political organizations. It has been stated upon the best of authority that the well organized group of communists who were present at St. Cloud dominated the actions of the convention held there recently. They were vastly outnumbered but were so well organized and so well rehearsed in parlamentary tactics that they completely squelched the less verbose farmers and working men in the assemblage.

LAND-O'-LAKES BUTTER

In a recent contest conducted by the Co-Operative Creameries association of Minnesota, the above name for Minnesota butter was awarded first prize. The name selectted is not so bad, but we believe a much better one could have been selected, hundreds of better ones having been suggested by the various contestants.

The name sounds too watery. It isn't suggestive of the stuff that makes good Minnesota butter, like clover and alfalfa, for instance. But, as above stated, the name is not half bad. It is suggestive of cleanliness, which is our middle name, and it reminds purchasers of butter of our ten thousand beautiful lakes, so we suggest that all boost the new name. When you write a distant friend tell him to always buy "Land-O'-Lakes Butter"—it is the best in the land.

His friends are urging the candidacy of A. O. Sletvold, county attorney of Becker county, for congress from the ninth district. Mr. Sletvold is a native of Otter Tail county, has a splendid record as an official and is reputed to be one of the best campaigners in the district. Our private opinion is that the Republican party could go farther and fare worse in the matter of a congressional candidate.

One of the queerest performances we have seen in a long time was the poll of the farmers on the McNary-Haugen bill by the Farm Bureau. Purely a waste of time and money, since the farmers are for the measure almost to a man as the Farm Bureau should have known. What the people would like to see is a poll of congress in order that efforts might be launched to secure the passage of the bill.

The best way in the world to bring new settlers into Pennington county is to make it the "home of alfalfa." There is not an acre of unoccupied alfalfa land in the United States today—nor there never will be. Another thing to remember—there is not an acre of alfalfa land in the United States today which is not worth all it ever was. Such land has gone up in price rather than down.

A wideawake citizen suggests a "pep meeting" on the part of the merchants of Thief River Falls, in order to arouse some of the pep and old time enthusiasm which former years made this city its reputation of being the best town in the northwest. It is still the best town—has the greatest number of real hustlers—only our neighbors are beginning to lose sight of the fact.

If it is in the power of the President to raise the tariff on dairy products he ought to do it without hesitation. Butter fat is now the main reliance of the northwest farmer, and while it is to be expected that the summer months will bring a lower level of prices, yet is is essential that the home market be protected for the benefit of the American farmer to the limit.

There are a few young fellows operating moonshine stills on the east side of the river who apparently will not be satisfied until they land in jail. They are fooling no one but themselves and residents of the east side have stood for their work about as long as they are going to.

We can sympathize with the merchant in a distant city who met the advertising solicitor with the remark that he did not believe in advertising. He said he had advertised once and was bothered so much he did not have time to play checkers for a whole week.

McFarland Ships Holstein to Prominent Iowa Breeder

Just to show what people at a distance think of Pennington county Holsteins, attention is called to the fact that a fine yearling bull was this week shipped from the herd of M. T. McFarland to Stacyville, Iowa. The purchaser is J. A. Neiss, one of the prominent dairymen of that state and he made the purchase after investigating Holsteins in all sections of the country, which only goes to show that "Packy" has what might properly be termed "quality" animals in his dairy herd.

Jeweler to Move.

Chris Halvorson, who for some time has conducted a jewelry and watch repairing establishment on LaBree avenue, announces that he will move his stock to Minneapolis some time next month. Mr. Halvorson makes the change to be nearer his daughter, who makes that city har home. He has sold his fixtures to A. A. Wangenstein & Son, who will occupy the building with their jewelry stock as soon as it is vacated by Mr. Halvorsen.

New Oil Station Looms.

Although somewhat delayed due to changes in the plans, work on the new filling station of the Pyramid Oil company on Main avenue south is now steadily progressing and it will not be long until the structure assumes form. It will be one of the most modern and complete filling stations in this section of the state when completed.

Chimney Fire.

The fire department was called last evening between 8 and 9 o'clock on account of a chimney fire in the building of the Hicks Furniture and Carpet company on Main avenue. While the blaze looked threatening for a few minutes, the timely arrival of the fire fighters prevented its spread and no damage was done.

Bids for Installation of More Power Units Called For; to Be Opened May 6

The aldermen who recently made a trip to Grafton, N. D., reported that they were not favorably impressed with their inspection of the power plant there, and preferred making further investigations before reaching a decision in the matter. However, as there is no time to be lost if additional power units are to be installed this year to care for the increased load next fall and winter, immediate action looking toward this move is necessary.

The city clerk was authorized to advertise for bids for either a 300 or 500 horse power engine, with direct current generator attached, bids to include delivary and installation, ready for operation.

These bids are to be in by Tuesday evening, May 6, at which time the council will meet in special session to consider the matter in detail.

Lady Maccabees Meet.

At a social gathering of the Lady Maccabees Tuesday evening Mesdames Purdy and Bagnelle of Duluth and Moorhead respectively, who are district deputies, gave very interesting talks on the lodge work. These ladies will be in the city for two weeks working in connection with the membership drive now being instituted by this largest exclusive women's organization. At the next meeting which will be held April 22, Miss Harriet Olson, deputy supreme commander of Minnesota, will be present and a very large class will be initiated. This will be followed by a social time for the benefit of the members. At the business meeting Tuesday evening, Mrs. N. B. Waldorf was elected commander. At the meeting before, it was decided to discontinue holding lodge meetings in the present I. O. O. F. hall as the membership is becoming so large that more space is needed. Accordingly, the Maccabees will begin to hold their meetings in the Sons of Norway hall.

Field Beans

The Great Northern Baking Beans

Only 8c Per Pound

See what Oscar H. Will & Co. of Bismarck, N. D., say about these beans—

GREAT NORTHERN—The Most Delicious Baking Bean in the World! This hardiest bean was originally obtained by us nearly forty years ago from Son of a Star, an Hidatsa Indian, among which tribe it had been raised for many years. It is a wonderful yielder and one of the most profitable sorts that can be raised. Grown to the exclusion of all other varieties of field beans around Billings, Mont., the bean center of the Northwest. Forty odd cars of Great Northerns were shipped from that point to Chicago this past year.

This seed was purchased from Oscar H. Will & Co., and raised in Town of North and can be gotten at Bredeson's & Co., and H. K. Strand & Co. as long as it lasts at 8 cents per pound instesd of 20 cents as was paid for this seed two years ago.

POWER QUESTION BEFORE COUNCIL

Midland Power Company Expresses Desire to Place This City on Circuit.

L. M. Bartlett and M. R. White of Minneapolis, both representing the Midland Power company of Bemidji and Cass Lake, were introduced to the council last night by W. A. Schreiter of Red Lake Falls, representing the owners of the power dam at this city.

These gentlemen explained to the council that they believed their company was in a position to furnish power here at a rate that would not only be attractive to the users of electricity, but also practical. They are connected with a company which is already furnishing light and power to Bemidji, Cass Lake and places along the line to Terrebonne, from which place they intend to build north to Plummer and Oklee, and would like to continue their line on into Thief River Falls.

From here the line would run south to Red Lake Falls, thus completing a circuit that would insure power at all times. Another line would run west to Crookston and Grand Forks, and with a connection at the local dam would to all intents safeguard this city with a continuous supply of juice. Of course the entire circuit possibly would not be completed within two years, but the gentlemen stated that if a contract could be entered into with the city at this time that they would undoubtedly be able to bring current into this city within 100 days.

H. W. Protzeller thought that the power company should be asked to state what they would furnish power here for in various amounts to care for any extra amount that might be needed over what our present plant could generate, the figures to be based on each additional 10,000 k. w. hours per month up to 200,000 and also above that amount.

Mr. Bartlett stated he believed his company could furnish power here at a price that would probably net the city $40,000 annually and that his company would have some kind of a formal offer at the next regular meeting of the council.

Otis Teal.

Wednesday, April 2, occurred the death of Otis Teal, a veteran of the World war, from complications brought on by gas wounds.

Otis Teal was born November 17, 1887, in Grand Forks, N. D., and after living for some time in that city and Euclid, he came here with his adopted parents, Mr. and Mrs. Charles W. Teal, when he was 19 years old. For some years he acted as clerk in the Ogahmah hotel. Later he went West and until the United States entered the late war he worked in various places both in this country and in Canada. Wishing to enlist with the American army in 1917, he came to Spokane, Wash., from Canada and joined the 75th regiment. He was one of the very few of this regiment to come through as nearly all of the 75th was wiped out in the battles in France. In 1918 during the battle of Soisonne, Otis was severely gassed, these wounds later causing his death.

After the war he went to Fargo where he attended the agricultural college for three years. In October of 1921 he married Miss Cora Forsythe in Crookston, and since his graduation from the school of agriculture, the couple lived on a farm near Thorhult. Since Christmas he had been in St. Paul doctoring, but nothing could be done to aid him. A military funeral was accorded him Sunday, April 6, Elmer J. Eklund Post attending in a body. The services were held in the Presbyterian church with Rev. Charles Gerlinger, officiating. Interment was made in Greenwood cemetery.

Besides his wife and little daughter, Dorcas, he leaves to mourn his loss his foster parents, Mr. and Mrs. Charles W. Teal, and brothers and sisters Pearl and Mrs. Junie Olson of this city, Albert of Noyes and Charles Jr. of Washington, D. C.

MANY REPORTS TO CITY DADS

Various Departments Submit Figures Showing Activities for Month.

The new council believes in knowing what is being done in the various departments and at the meeting last night a report not heretofore required was that of the city sale master, the Prichard Co. The report showed that only 97 loads of coal had been weighed on their scales during the month of March with a fee collection of $9.70 total, and an expenditure of $30 as compensation to the weighers. The people evidently have not taken to having their coal weighed and securing receipts therefor.

The dairy inspector, Dr. Twete, submitted his second report and the council unanimously agreed that publicity of these various reports was what the people were asking for and they felt it was a move in the right direction. The report of the inspector showed eight herds under inspection for butterfat alone with 151 head of cattle therein. Three herds had also been inspected for T. B. and passed successfully. The butterfat requirement recommended by the state board of health calls for only 3.25 per cent and all of the eight dealers were above this requirement as is evidenced by the following figures: F. B. Conklin, 4.51; Copp & Son, 3.92; Barzen & Kreamer, 3.83; A. Jensen, 3.81; A. Myrom, 3.80; V. C. Noper, 3.61; the Creamery, 3.60; Al. Johnson, 3.52; and Ed. Timm, 3.50. Thus it will be seen that Mr. Conklin again heads the list of distributors.

The report of City Clerk P. G. Pederson showed a cash balance April 1 of $32,894.81 as compared to $36,686.99 March 1, with earnings in the light department of $4,826.70.

V. F. Robarge, who is an engineer on the Soo Line running out of [illegible], spent Monday evening in this city visiting with his family.

AS OTHERS THINK

Editor Tribune:

Some time ago we stepped into a music house in a distant town and inquired of they kept any sacred song records. The man in charge shook his head and said, "We don't keep that kind of stuff." Really we insulted him in saying what we did. To change the subject, we inquired if he had any old time song records. Again he nodded his head and said, "Nobody cares nowadays to listen to things like that any more," but he said "We have the the latest in the fox trot and all other up-to-date music and songs. From there we went into a book store and inquired of the man in charge what he had in the line of good moral reading matter. Like the other fellow, he shook his head and said, "We haven't got any, but we have the latest in all other up-to-date reading matter." Not finding what we wanted in either line we took a little stroll about the city to really see what they did have in this up-to-date town. The first thing of importance that we noticed was what they call the Corner Pool Hall. The pool business was a little dull at the time, but the "moonshine" business made up for it all. That wasn't, however, the only pool hall in town as there was one on nearly every corner and some in between, all doing a rushing business in the "moonshine" line. Some one, however, wanted to go the moonshiners one better and placed a sign in their big front window with this inscription upon it, "Beer On Tap." There is a certain time in the evening known as the opening time. Being a little curious we thought we would stick around a little and see what results this "opening time" would bring on. It wasn't long before there was sufficient proof in sight to realize what it meant. Black eyes and blind staggers was a part of the program, and that wasn't all. Even young girls from 13 to 15 years old or so were time and again drawn into this network of crime. In continuing our stroll we particularly noticed the many big display posters and signs placed upon old buildings and in other conspicuous places where public attention could be given them. Most of them were cigarette signs. Among the lot was one stating the fact that government figures showed that their sale during the last two years had more than doubled all other brands of cigarettes combined. This statement seemed to have a wonderful effect. Nearly every man that came along was puffing a pill of this kind and that wasn't all. In the back alleys and other out of the way places little boys in their early teens were busily engaged in testing out the merits of this famous brand of cigarettes. The path of ruination is decked with budding blossoms of this kind. Tomorrow it may be your boys or girls.

These are but a few of the things we found in this up-to-date town and they are things we will find in every town where lawlessness prevails and right and justice is trampled under foot. It is indeed time that we awoke to this fact and try to set the old world right.

NAVY BOYS GET CO-OP. BUTTER

Entire Contract Awarded to Minnesota Co-op. Creameries Associaation.

Sweet cream butter, made in cooperative creameries of Minnesota, is to be used exclusively in the United States navy. A contract to supply 480,000 pounds has just been awarded to the Minnesota Co-operative association, according to an announcement made by H. F. Meyer, sales manager.

The award covers 300,000 for the yards at Norfolk, Va., and 180,000 pounds for those at San Francisco. The butter will be packed at the St. Paul headquarters of the association in 5-pound tins during April and May. Upon receipt, the government will place it in cold storage until needed.

The association was awarded the contract at a price approximately 10 cents above the New York Extra market, because it is in position to supply vast amounts of butter of uniform grade and quality in a short period of time.

This is the first time all the butter for the navy has been purchased through one agency. In years past, isolated creameries of the state have shipped a small part of the supply. Never before has the San Francisco yards been supplied from sources outside California.

"The contract is a great step forward for the association." said Mr. Meyer. "It shows that expert buyers now realize that the association is able to supply highest quality in large amounts and can guarantee the grade at all times. This we are able to do because we are sales agents for a large majority of the best creameries in the state."

Rev. Sweger Returns.

Rev. T. E. Sweger, who has been in Seattle and Portland during the past month attending to affairs connected with his new position of field manager of the mission budget for the Lutheran church, returned to his home in this city Thursday morning. He will continue as pastor at the Trinity Lutheran church until June when he will be relieved by a new pastor and will then move West, that part of the country being the field he will have in his charge.

The Expense of a Guarantee ~

IN these days of keen competition no manufacturer can afford to make a broad guarantee unless his product measures up to it.

Every pair of Dutchess Trousers carries this unqualified warranty:

DUTCHESS TROUSERS
10¢ a Button: $1.00 a Rip

It means just what it says—a dime if a button comes off, a dollar or a new pair if they rip. Every pair of Dutchess Trousers must make good or we will. We have never disputed a claim and we never will. We have full authority to settle—and at once.

Strong, serviceable fabrics, styled with custom nicety are tailored to give long service. In every detail they are made to live up to that 44 year old warranty.

Dutchess Trousers are your best buy.

THE HISTORY OF DAIRYING IN MINNESOTA

Article 2.—"The First Farmers."

In the spring of 1820—104 years ago—Jean Baptiste, Faribault, brought cows from Prairie du Chien, Wisconsin, to Fort Snelling, making the journey by land. Fort Snelling was established in 1819, the year previous. This is the first historical record we have of cows being brought to Minnesota. They were brought not for farmers, but for soldiers.

In 1827 a number of Swiss families came from the Selkirk Colony in Canada, near what is now Winnipeg. They were permitted by Col. Snelling to settle on the Fort Reservation. An early historian, writing of this event states: "They opened farms, erected dwellings, and having brought cows with them, soon became prosperous and comfortable farmers."

We wish especially to call your attention to this statement of the early Historian—"They brought cows with them and soon became prosperous and comfortable farmers."

That same statement could be made with regard to some settlers in every section of Minnesota, and it is as true today as it was in the early years. Where farmers have cows and care for them intelligently, they soon become prosperous and comfortable.

These Swiss families from Canada were evidently the first community of farmers in Minnesota, and perhaps the first dairymen.

In our next issue we shall relate the experience of one of the first dairymen to come to the Red River Valley.

HARD CASH
or
FANCY PROMISES

This Company has so many home shareholders, receiving a substantial cash return every three months, that they form a constant temptation to the peddlers of inferior, so-called "securities."

Having invested for safety and a regular cash income paid without fail, our shareholders are seldom deceived by fancy promises of future profits.

Our shareholders have the satisfaction of knowing exactly what they are investing in and precisely how their money is put to work in the construction of great, permanent properties supplying vital services to the public.

They have invested on a definite record of performance and the Company and its business are an open book at all times ready for their inspection.

Hard cash income returns, regularly paid four times a year from a safe investment with steady marketability appeal to caution and common sense.

ROSEWOOD

Farm Club Meeting.

The regular Farm club meeting held at the Rosewood hall last Saturday evening was not as well attended as previous meetings, owing perhaps to the increasing field work this week. The meeting was in charge of President Ranum and the secretary, Mr. Hellerud, being absent, was relieved by Joel Shoberg. The meeting was opened with violin and piano music by Miss Eileen and Henry Arneson, and the following committee to act for the meeting of April 19 was appointed: Program, Axel Hellquist; lunch, Peter Mellem. We had the pleasure at this meeting of having with us Mayor and Editor J. S. Arneson of Thief River Falls who spoke convincingly for an hour on the advantages of growing alfalfa in northwestern Minnesota. Mr. Arneson brought forth unfailing evidences of prosperity following the introduction of this great forage crop into other sections of the U. S., and being that he had not long ago spent several months studying alfalfa culture in the West was well posted on facts, and gave us his frank opinion that bank failures and "Frozen Assets" would be a thing of the past in the Red River Valley, when the farmers in general here as well as in Wisconsin, California and southern Minnesota, would turn their specialization to alfalfa and dairying. Mr. Arneson's speech was convincing and direct to the point, and was much appreciated. Following the speech, more violin and piano music by the young Arnesons was introduced, and was met with cheering applause.

Professor Jackson in Lecture Here.

Professor Thomas Jackson of Newfolden, vice chairman of the Peoples Progressive party, which is this year making a bid for the third national political party, visited Rosewood on Friday evening and despite the ugly weather that evening spoke to a handful of enthusiastic listeners at the Rosewood hall. The grist of his talk centered chiefly on the abolishment of the Federal Reserve system, and being well posted on facts and statistics, did not fail to make a notable impression, and aroused considerable interest for his cause.

Mr. and Mrs. A. S. Grytdal and family who have been farming south of Holt the last several years, have leased the old Opseth farm south of Rosewood, and arrived this week with their belongings and will commence farming operations here at once.

Gust Nakken and Ole Uland, who left last week by car for Hibbing, intending to remain there for the summer, returned on Thursday as spring work in general had not opened up and they were unable to find suitable locations.

A closing out sale has been conducted at the Hallerud and Sagmoen hardware store this week, and the company intends to dissolve. This store was chiefly a by-product of the Farmers State bank, and with the closing of that institution, it was not thought advisable to continue the business. The store has been operating for one year and has been under the management of John Sagmoen.

Mrs. Julia Axelson at her home last Tuesday afternoon pleasantly entertained nine young folks from this place and Thief River Falls, in honor of her sister, Mrs. Carl Nelson from Wannaska, who is visiting here.

Please notify us in advance before you move

EVEN if a telephone is already in the house, considerable work is always required to establish service. A pair of wires leading to the central office may have to be assigned, switchboard and other connections made and all records changed.

It is therefore desirable that we be notified as far in advance of moving as possible.

Even when notified in advance, the rush of orders sometimes makes it impossible for us to provide service promptly, especially around the first of the month.

When asking us to establish service at your new location, always give your name and telephone number, the street address or apartment number to which you are moving, and the date you want telephone service.

Have a Sale

We don't have to tell the women folks of Thief River Falls that house cleaning time is just around the corner, and the men folks won't thank us for reminding them of the fact. Yet when we have a suggestion we feel will benefit the fair sex we are willing to take chances on calling down the wrath of the men.

The suggestion is a simple one, for simple suggestions are the best ones, after all. And it is that when you start in to do this spring's house cleaning you "have a sale." We don't mean a public auction when the house and premises are overrun with people, many of whom are merely hunting something for nothing. This time when you clean the house all off the things you no longer use but which someone would be glad to get. Possibly you are getting a new sewing machine, phonograph, piano, a living room carpet or rug—maybe you've a dozen or more articles that are too good to throw away, that are still serviceable. Why give them storage room when you know you will never have occasion to use them again?

Write out a list of what you would like to sell, a brief description of the articles, if you wish, and advertise these things in your home-town paper. We are going directly into the homes of your neighbors and we feel sure there are some of them wanting the very things you are anxious to get rid of; they are willing to pay something for these things, but they don't know you want to sell. So why not, at a cost of a few cents for a little advertising "have a sale" and at the same time you are getting rid of the things you don't want help your neighbor by furnishing him with something he would be glad to get and pay for.

Printer Was Peeved

A certain Printer in a far-off city got slightly peeved at a letter from a doctor who wanted bids on several thousand letterheads, different sizes, different grades and different colors, and wanted the printing form held standing. So Sam took his typewriter in hand and wrote:

"Am in the market for bids on one operation for appendicitis. One, two, or five-inch incision—with or without ether—also with or without nurse. If appendix is found to be sound, want quotation to include putting same back and cancelling order. If removed, successful bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gallstones at that time and want to save the extra cost of cutting."

A Good Explanation

Medieval housewives, having no sinks, threw the dish water out of the window—so it was safer for passers-by to be near the wall. That is one reason why a gentleman walking with a lady, took the outside.

The chickens are beginning to keep an eye on you to note when you start your spring garden.

Legal Publications

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Tribune, published weekly at Thief River Falls, Minn., for April 1, 1924.

State of Minnesota, County of Pennington, ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared J. S. Arneson, who, having been duly sworn according to law, deposes and says that he is the owner of The Tribune, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are:

Publisher, J. S. Arneson, Thief River Falls, Minn.

Editor, J. S. Arneson, Thief River Falls, Minn.

Managing Editor, J. S. Arneson, Thief River Falls, Minn.

Business Manager, J. S. Arneson, Thief River Falls, Minn.

2. That the owners are: (Give names and addresses of individual owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

J. S. Arneson, Thief River Falls, Minn.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are:

Pennington Printing Co., Thief River Falls, Minn.

First National Bank, Thief River Falls, Minn.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

J. S. ARNESON.

Sworn to and subscribed before me this 3rd day of April, 1924.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Three Thousand One Hundred Forty and 83-100 ($3,140.83) Dollars, which said sum includes the sum of $96.74 paid by A. F. Whitney, Assignee of Assignee of Mortgagee to the County Treasurer of Pennington County, Minnesota, on the 24th day of July, 1922, for taxes for the year 1921, including interest and penalty, against the mortgaged property hereinafter described, which said first mentioned sum also includes the sum of $108.20 paid by said A. F. Whitney to the County Treasurer of Pennington County, Minnesota, on the 31st day of May, 1923, for taxes for the year 1922 against said mortgaged property, which said first mentioned sum also includes the accrued interest on said sums so paid for taxes, from their respective dates of payment to the date hereof and which said first mentioned sum is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by Olaf Tessum and Augusta Tessum, his wife, Mortgagors, to Peoples State Bank of Thief River Falls (a corporation under the laws of the State of Minnesota), Mortgagee, bearing date the 2nd day of January, 1917, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 3rd day of January, 1917, at 1:00 o'clock P. M., in Book 12 of Mortgages, on page 367.

Which said Mortgage, together with the debt secured thereby, was duly assigned by said Peoples State Bank of Thief River Falls, Mortgagee, to Gustav Seltz, Sr., by written assignment dated the 5th day of April, 1917, and recorded in the office of said Register of Deeds, on the 3rd day of April, 1922, at 9:00 o'clock A. M., in Book 63 of Mortgages on page 412.

Which said Mortgage, together with the debt secured thereby, was duly assigned by said Gustav Seltz, Sr., the Assignee and Holder thereof, to A. F. Whitney, by written assignment dated the 29th day of March, 1922, and recorded in the office of said Register of Deeds on the 3rd day of April, 1922, at 1:00 o'clock P. M., in Book 65 of Mortgages, on page 173, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof.

NOW, THEREFORE, Notice Is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Southwest Quarter (SW¼) of Section Fourteen (14), in Township One Hundred Fifty-four (154) North, of Range Forty-two (42) West, of the Fifth Principal Meridian and containing 160 acres, according to the Government Survey thereof, be the same more or less, in Pennington County and State of Minnesota, with the hereditaments and appurtenances, which sale will be made by the Sheriff of said Pennington County at the front door of the Court House, in the City of Thief River Falls, in said county and State, on the 16th day of May, 1924, at 10:00 o'clock A. M., of that day, at public vendue to the highest bidder for cash, to pay said debt of $3,140.83, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Dated April 2nd, A. D. 1924.

Notice of Mortgage Foreclosure.

WHEREAS, default has been made in the payment of interest due January 6, 1924, under the terms of the hereinafter described mortgage and default has also occurred in the failure to pay the taxes for the years 1921 and 1922 on the premises conveyed by said mortgage, which taxes have been paid by Minneapolis Trust Company, assignee of mortgage, which mortgage was duly executed by Henry Blaska and Effa Blaska, his wife, mortgagors, to C. L. Hansen, mortgagee, dated January 6, 1921, and with the power of sale therein contained duly recorded in the office of the Register of Deeds of the County of Pennington, State of Minnesota, in Book 57 of Mortgages, on page 532, on the 18th day of January, 1921, at 1:00 o'clock P. M., which said mortgage together with the debt secured thereby, was duly assigned by said C. L. Hansen to Minneapolis Trust Company by written assignment dated January 19, 1921, and recorded in the office of said Register of Deeds on January 28, 1921, at 10:00 o'clock A. M. in Book 65 of Mortgages, on page 107, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company to Minneapolis Trust Company, Trustee, under the Last Will of Emma O. O'Brien, deceased, by written assignment dated February 16, 1921, and recorded in the office of said Register of Deeds, on March 16, 1921, at 1:00 o'clock P. M. in Book 11 of Mortgages, on page 593, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company as Trustee under the last will of Emma O. O'Brien, deceased, to Charles J. Robinson, by written assignment dated June 6, 1921, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:00 o'clock P. M. in Book 75 of Mortgages, on page 331, and which said mortgage together with the debt secured thereby was thereafter duly assigned by said Charles J. Robinson to Minneapolis Trust Company by written assignment dated March 20, 1924, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:15 o'clock P. M. in Book 65 of Mortgages, on page 265.

Now, therefore, notice is hereby given that said Minneapolis Trust Company, assignee of said mortgage, has declared and does declare by reason of the aforesaid defaults, all the principal sum of said mortgage to be now due and payable, and that the amount which is claimed to be due and is due at the date of this notice upon said mortgage is in principal and interest the sum of Twelve Hundred Ninety-seven and 60-100 Dollars ($1297.60), and that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of the following described mortgaged premises lying and being in the County of Pennington, State of Minnesota, to-wit: the East Half (E½) of the East Half (E½) of Section Fourteen (14) in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the fifth (5th) P. M. in Minnesota, containing One Hundred Sixty (160) acres, more or less according to the U. S. government survey thereof, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in Thief River Falls in said County and State on the 31st day of May, 1924, at ten o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay and satisfy the amount that will then be due on said mortgage and the indebtedness secured thereby, including the taxes so paid on said mortgaged premises which are in the aggregate of One Hundred Forty-one and 52-100 Dollars ($141.52), with the costs and charges of said foreclosure and Seventy-five Dollars ($75) attorney's fees, subject to redemption at any time within one year from the date of sale, as provided by law.

Dated March 31, 1924.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN that default has been made in the conditions of a mortgage executed by Peter Peterson, a single person, Mortgagor, to Nels Larson, Mortgagee, dated November 14th, 1916, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on November 14th, 1916, at two o'clock P. M., in Book 57 of Mortgages, on page 74 thereof; that said Nels Larson has paid the taxes assessed against the premises described in said Mortgage for the year 1922 amounting in all to Seventy-three and 11-100 Dollars ($73.11); that the amount claimed to be due on said Mortgage at this date, including said taxes, is Twenty-nine Hundred Forty and 17-100 Dollars ($2,940.17);

That the premises described in and covered by said Mortgage are described as follows, to-wit: The Northwest Quarter (NW¼) of Section Twenty (20), in Township One Hundred Fifty-three (153) North, of Range Forty-one (41) West of the Fifth Principal Meridian.

That the default in said Mortgage consists in the non-payment, when due, of the principal and interest secured by said Mortgage, and that no action or proceedings at law has been instituted for the collection of such debt.

That by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided, said Mortgage will be foreclosed by the sale of said premises, at public vendue, to the highest bidder for cash, by the sheriff of Pennington County, Minnesota, at the East front door of the Pennington County Court House in the City of Thief River Falls, in said Pennington County, Minnesota, on Saturday, the 10th day of May, 1924, at ten o'clock in the forenoon of said day, to satisfy the amount then due on said Mortgage, including said taxes, together with the costs of such sale and Seventy-five Dollars, Attorney's fees, stipulated in said Mortgage.

Dated March 22nd, 1924.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date April 7th, 1921, made, executed and delivered by Emil Grams and Dora Grams, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants Trust and Savings Bank, a corporation, of Saint Paul, Minnesota, as mortgagee, to secure the payment of the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon at the rate of seven (7) per centum per annum, according to the terms and conditions of one certain promissory note, due April 7th, 1926, made and executed by said Emil Grams and said Dora Grams to said Merchants Trust and Savings Bank and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on April 20, 1921, and was duly recorded in said office in Book 70 of Mortgages on page 23, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated June 9th, 1921, duly assigned by said mortgagee to Magdelena Rapp, of Saint Paul, Minnesota, which said assignment was duly filed in the office of said Register of Deeds on February 26, 1924, and was recorded in said office in Book 75 of Mortgages on page 349, and which said Magdelena Rapp is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the balance of One Hundred Fifty Dollars ($150.00) due on the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00) which became due and payable on the note in said mortgage described on December 1, 1922, and have also failed and refused to pay the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00), which became due and payable on the note in said mortgage described on December 1, 1923, and said Magdalena Rapp, pursuant to the terms of said mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon from December 1st, 1923, at seven (7) per centum per annum, and One Hundred Fifty Dollars ($150.00) and interest thereon from December 1st, 1922, at six (6) per centum per annum, and One Hundred Seventy-five Dollars ($175.00) and interest thereon from December 1st, 1923, at six (6) per centum per annum, and also the sum of Seventy-five Dollars ($75.00) attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted in law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, notice is hereby given, that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided; the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Friday, the 18th day of April, 1924, at ten o'clock in the forenoon, at the front door of the Court House in the City of Thief River Falls, in the County of Pennington and State of Minnesota, to satisfy the amount which will then and there be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described at follows to-wit:

The Northwest Quarter (NW¼), of Section Seventeen (17), in Township One Hundred Fifty-three (153), of Range Thirty-nine (39), containing 160 acres, more or less, according to the government survey thereof.

Dated, February 26th, 1924.

NOTABLES CAST FOR FINE FILM

Mary Alden, Huntly Gordon and William Collier, Jr., in New Picture.

One of the most promising pictures of the year is "Pleasure Mad," the Reginald Barkar production, coming to the Princess theatre on Sunday and Monday. This is Mr. Barker's third picture for Metro and Louis B. Mayer. The other two were "Hearts Aflame" and "The Eternal Struggle," both of which scored immediate success.

Mary Alden, who was recently featured in "The Eagle's Feather," will again appear in her favorite role of a mother, the kind of a rôle that won her fame in "The Ole Nest." Huntly Gordon, famous for his sterling characterizations in "The Famous Mrs. Fair" and "The Social Code," will play opposite her. Othar favorites also exceptionally well cast include William Collier, Jr., Norma Shearer, Winifred Bryson and Frederick Truesdell.

"Pleasure Mad" was adapted from Blanche Upright's novel, "The Valley of Content." Dealing with the fortunes—and misfortunes—of a happy family of moderate means which is split up by the affections and indulgences which follow sudden acquisitions of wealth, this book has proven one of the most popular novels of the last year.

Norbert Brodin, who has done remarkable work behind the camera in many productions, is the camera man, and the scenario was by A. P. Younger, who wrote the screen versions of "Fair and Warmer," "The Walk-offs" and "The Flirt."

Mayfield Pioneer Dies.

Ole Hegland, a resident of Mayfield township for 15 years, died on Tuesday, April 1, following a decline which extended over a considerable period. He was about 72 years old at the time of his death. The funeral was conducted Saturday from the Mayfield Lutheran church, with Rev. Lerfallen conducting the services, and a large number of friends and relatives gathered to pay their last respects to the highly regarded old gentleman. Deceased leaves to mourn his death his aged wife and twelve children, all of whom were present at the funeral.

People Pay Taxes Better This Year Than Year Ago States County Treasurer

If promptness in the matter of paying personal property taxes can be taken as an indication of the prosperity of its citizens, Pennington county is much better off this year than a year ago. Records in the office of County Treasurer John Gullingsrud show that up to date $1,677.96 in personal property taxes in excess of the figure for the same date last year have been collected, and the total of tax payers exceeds last year's figures by 51. These figures would seem to give the lie to the contention of pessimists to the effect that farmers in this section are worse off financially now than ever before. On the contrary, these figures prove conclusively that conditions are improving.

May Improve Coart House.

The county commissioners have under consideration a plan whereby it is expected to materially increase the capacity and convenience of the court house. It is the intention, if the work can be done for a reasonable figure, to enlarge the basement through excavation to the extent that the offices of the county superintendent of schools and highway engineer can be housed therein, and also to provide additional space for vault purposes. This arrangement will make it possible to increase the size of the present court room on the second floor, which at present is entirely too small. Bids have been called for on the improvement and if the cost is found not too great, it is likely the work will be started within a short time.

Open Wednesday Evening.

Announcement is made this week that until further notice the Morgan Variety store will be open Wednesday and Saturday evenings of each week. This arrangement is made for the benefit of farmers and other shoppers during the busy season.

Births.

Mr. and Mrs. William Crown are the proud parents of a baby girl born to them at their home in this city Saturday, April 5.

A boy was born to Mr. and Mrs. Charles Stephenson at their home near Goodridge Friday, April 4.

Card of Thanks.

We wish to extend our heartfelt thanks to those who offered their sympathy and came to our assistance during the illness and following the death of our beloved wife and mother. —A. L. Bullock and Children.

Middle River Debaters Win District Honors

Victors in six debates this season, the Middle River high school debating team consisting of Ella Peterson, Clarence Olson and Lydia Isaacson, has been declared the champion team of the Ninth Congressional district of Minnesota. The Twin Valley high school debating team, the last of the six to meet defeat, met the Middle River team at Crookston, March 28.

The winning team will later enter elimination contests in an effort to win the championship of the state.

Sande Named as County's Chairman for Jefferson Memorial at Monticello

Announcement was mada this week by the Thomas Jefferson Memorial Foundation that Ola R. Sande of Thief River Falls, superintendent of Pennington county schools, has accepted the chairmanship of the public school division of the foundation for Pennington county. Mr. Sande will at once begin the work of enlisting the support of the pupils and teachers of the schools of Pennington county in the movement to establish Monticello, the home of Thomas Jefferson in Virginia, as a permanent memorial, accessible to tha public, to the author of the Declaration of Independence.

Supt. Simley to Attend Important Meetings Next Week in the Twin Cities

Supt. I. T. Simley will leave Sunday evening for Minneapolis to attend the annual meeting of the Minnesota Educators association, the high school conference and the meeting of the Society for the Study of Education, which is to be conducted under the auspices of the state department of education and the University of Minnesota during the week of April 14 to 19 at the university.

The study of education and the shaping of administration policies so far as the Minnesota schools are concerned will be taken up also. At this time the state athletic board will meet and the redivision of the state districts will be taken up.

Woman's Club to Sponsor "Garden Week" Movement

Next Monday afternoon, April 14, the Woman's club will hold a "Garden Week" meeting in the Commercial club rooms. The committee in charge is composed of Mrs. E. E. Zeh and Mrs. L. G. Larsen. A vocal solo will be given by Mrs. Frank Christianson and a piano solo by Miss Elsie Vorseth. The hostess of the social hour will be Mrs. Anna Kretzschmar. Saturday the Woman's club will hold a food sale in the office of F. F. Haynes on Main avenue. The Community girls will also conduct a candy sale at the same time.

To Build Church.

A committee composed of Messrs. Bjornaraa, Erickson and Tveitbak, all of Hickory township, were in the city Tuesday soliciting subscriptions toward the building of a new Lutheran church in that township. The Tribune office acknowledges a pleasant call from the gentlemen.

FLORENCE VIDOR IN GREAT STORY

"Alice Adams" Tells Tale That is Close to the Heart of Every Girl.

Everybody in town knows Alice Adams—she had been born and raised there. She went to school with all the boys and girls; was known by their mothers and fathers; and entertained all the young men on her front porch, but when Alice's father stayed at the same old job, plugging along and getting nowhere, and the others' fathers progressed and grew rich and moved into big houses, they snubbed Alice. They pretended to have to recall who she was—"Oh, yes, that Alice Adams—a pushing sort of girl who doesn't seem to realize that she doesn't belong in our set!"

Poor Alice! The world is full of girls like her with problems such as hers, and perhaps they are handling them as Alice did—perhaps they are trying to keep up appearances by pretending.

"Alice Adams" is considered by many the most fascinating of all Booth Tarkington's heroines. At least, this novel was considered worthy of the Pulitzer prize of 1922, and when those who had read the novel and were also familiar with the acting of Florence Vidor, learned that she was going to film it for Associated Exhibitors, it was declared that she was the wisest possible selection for "Alice Adams." Florence Vidor is "Alice Adams."

Florence Vidor in "Alice Adams," an Encore Picture will be shown at the Princess theatre Friday and Saturday as it was directed and adapted by Rowland V. Lee. Vernon Steel, Claude Gillingwater, Harold Goodwin and Gertrude Astor play prominent roles in support of Miss Vidor.

Council Approves Buying of Knutson Property For Use as City's Poor Farm

The city council last night decided that it would be to the best interests of tha city to own a poor farm, and that within the city limits, inasmuch as there are not a large number of inmates at present nor likely to be for some time to come. Accordingly tha council approved the purchase of tha Ole Knutson property on the southwest corner of First street and Kinney avenue south, there being six lots fronting on the latter street, with a two-story house that will be modernized at once so that it will be ready for occupancy May 1 when the present lease expires on the old poor farm along the river.

The purchase price is $3,000, while other property offered the city for the purpose ranged from $2,000 to $4,500; the council believing that a desirable piece of ground at a very good figure has been secured.

Other property considered includes tha Ole Isaacson place on Lefevre avenue north, near the round house; the Dennis Connelly property outside the city limits, and the S. M. Postum farm just north of town on Main avenue.

Rail Notes.

Agent F. C. Paine of Erskine and Roadmaster G. Eliason of Detroit attended the divisional safety-first meeting in this city Monday evening.

R. E. Sherer, assistant engineer of Minneapolis, was in this city this week Wednesday on business.

Dispatcher E. F. Dolan of this city was called to Superior Sunday because of a death in the family and is being relieved by M. E. Haggerty of Glenwood.

Agent H. A. Pratt leaves tonight (Wednesday) for Minneapolis, where he will spent Thursday visiting.

Engineer J. L. Lund and family left Wednesday evening for different points on the western coast where they will visit with friends and relatives for a time.

G. W. Hendry, master mechanic here, spent Tuesday in Minneapolis on business.

Bert. Ostvolden, relief agent, relieved agent A. W. Swerine at Almora, Minn., because of a death in the family.

Last Wednesday Agent and Mrs. B. J. Thorne visited with Mr. and Mrs. L. Rayson in this city between trains.

L. M. Aalberg, warehouseman at Alexandria, visited Minneapolis over Sunday.

Junior High School Chronicle

Tests.

The pupils of Central school have again passed through the terrible ordeal. The tests have come and gone and no longer can one see Centralites on their way home staggering under the weight of books. However, there is still terror in their hearts. A week before the end of school the final examinations will be given. These examinations are questions on the whole years work. And you know pupils do forget so much during the year.

Permanent Records.

The teachers have taken up the yoke and are now endeavoring to establish a complete record of the pupils' marks. This takes in from the first grade to the present stage through high school. The pupils are co-operating with the teachers by bringing all their report cards of former years. The records are to be kept till pupils go through college.

Parents-Teachers Meeting.

Last Thursday afternoon, Mrs. Arnold, president of the Parent-Teachers association visited the Central school to inform us to the date of the next meeting. She especially emphasized Mr. Yoder's speech. Mr. Yoder is the president of the University of North Dakota, and we are positive that his speech will benefit all. Parents must come to this meeting and the way to get at the parents is through their children, the pupils of the school.

Therefore, a prize is being offered to the school that "gets out" the greatest number of parents. The prize is a reproduction of Breton's "The Song of the Lark," and any school ought to be proud to possess it. Parents having children in more than one school will be counted for each.

New Idea.

Miss Frissell has a new and novel way of imbedding the characters of literature more firmly in the pupils minds. On the east and north wall of the room a large piece of burlap has been firmly fixed. Here are placed numerous scenes from the present literature studied. At present, pictures from "The Courtship of Miles Standish," "Hans Bricker," "The Westward Movement," "Killing of the Deer," and "The Life of Theodore Roosevelt" are being admired by the pupils and are a great help in this study.

Real Dope.

There will be a basket ball game between the seventh and eighth grade teams in the gymnasium Saturday afternoon.

Next week at the Central school the Normal girls will take charge of recitations for two periods.

"A Trip to the Woodshed"—Something not heard of in modern times.

L. L.—"What a big word. I better get you a dictionary."

G. W.—"Oh, my conscience."

H. W.—"You haven't any."

Wednesday morning Harriet Fuller nearly aroused the A- class out of their peaceful slumber when she appeared with her long hair in curls.

Each and every pupil of the 8th grade is able to say the "American Creed" without any help. They are also able to write and say from memory the members of the President's cabinet.

Because of the illness of the music instructor, Miss Maude Johnson, the Junior high school has not had its weekly music class under her instruction.

Florence Oulrud and Selma Steen are the latest bobetts.

A vote was taken in the 8 A- to find out who said the creed best of the girls and boys. Harriet Fuller and Chester Dahlen were declared the winners.

It's getting near Easter—Esther Carlson and Ruby Ihle have new spring coats and Olive Carlson, Harriet Mattison and Harriet Fuller have new hats.

J-H HIGHWAY'S ROUTING TAKEN UP AT MEETING

Efforts Being Put Forth to Route Highway Westward to Warren.

Middle River, Karlstad and Other Towns Enter Protests Against Change.

Local men interested in the routing of the Jefferson Highway are enmeshed in a fierce tempest as a result of a renewal during the week of the effort to re-route the highway through Warren, thus displacing the villages north of Thief River Falls as places of importance on the JH.

The trouble all broke out last week when it devolved upon the various communities in this section to elect delegates to the convention of JH adherents held yesterday at Little Falls. The election of the Red Lake Falls delegate provoked a spirited discussion, in which the advocates of the new routing by the way of Warren won out. The argument advanced in favor of the new routing was to the effect that tourists are now routed by the way of Crookston. This is true of directions given both at Minneapolis and Winnipeg, say well informed men.

Summed up, then, it is maintained that unless the JH is routed through Warren, thus placing the marked trail on a Babcock road which is maintained at all times, it will be useless to seek tourist traffic in our direction. Advocates of the new route also point to the condition of the so-called trail, which at many seasons of the year is almost impassable.

On the other hand, protests have been registered by Middle River, Karlstad, Greenbush and other villages north of Thief River Falls. They assert that this city is already on record in favor of the north route to to abandon this route now would be a breach of faith.

At a meeting of the directors of the Commercial club last week Dan Shaw was elected a delegate to the Little Falls meeting. At the time of going to press no word from Little Falls meeting has reached The Tribune. At the same meeting of the Commercial club a delegation from the Red Lake Falls Commercial club consisting of Fred Farley, V. M. Higinbotham and Sam Sunt appeared to urge action in favor of the Warren route.

On Friday of last week Chairman L. R. Johnston, of the highway committee, F. J. Stebbins, Dr. O. F. Mellby, Fred Herrick, the committee elected at the meeting of the Commercial club, drove to Warren and met with a delegation in that city to determine upon a course of action. It is reported that Warren welcomes with open arms the opportunity to secure the JH. and the delegate to the Little Falls convention will favor that course. Some of the north towns are well represented at the convention and a lively scrap is in prospect. Meanwhile it appears to those on the sidelines that this city still holds strong to the north route, but circumstances which may deprive this city of the well known trail may force a change in public sentiment.

Guernsey Association to Conduct Annual Sale Here

At a meeting of officers and directors of the Red River Valley Guernsey Breeders association, held in this city last Wednesday evening, it was definitely decided that the annual sale of the association will this year be held in Thief River Falls on June 12. From 60 to 75 pure bred and high grade animals will be offered for sale at this time. Stuart McLeod of Goodridge is president of the association and chairman of the committee having the sale in charge.

No Easter Vacation.

The Thief River Falls schools will this year enjoy no Easter vacation, an arrangement which makes it possible for the term to be completed one week earlier than usual.

Observing Good Friday.

Inasmuch as all banks, schools and places of business will be closed in observance of Good Friday, which is observed in all parts of the land as a day of worship and prayer, and since most of the churches of Thief River Falls have arranged appropriate services, and many of the business men of the city having decided to close their places of business in order to afford all opportunity to attend such services,

Therefore, I respectifully request that all places of business which may be closed without serious inconvenience to proprietors or patrons join in a general observance of Good Friday by remaining closed upon that day after 12:00 o'clock noon.

Given under my hand this 15th day of April, 1924.

J. S. ARNESON, Mayor.

Penney Company's Manager Leaves on Extensive Trip to Buying Centers

H. E. Nelson, manager of the Thief River Falls J. C. Penney company store, leaves this evening for St. Paul to attend a two-days' convention of J. C. Penney company managers. The convention will be held at the St. Paul hotel. Geo. Bushnell, vice president of the company, and A. N. Bahner of the New York office, will be in charge of the meeting. Subjects have been assigned to the different managers and they will take an active part in the convention.

After the convention the managers will start on a three weeks' buying trip, visiting all of the large buying centers of the country.

Regular Masonic Meeting.

LOCAL MUSICAL COMEDY SCORES GREAT SUCCESS

"The Gypsy Rover" Proves Finest Thing of Kind Ever Presented Here.

Capacity Audience Greets Players Upon Their Appearance Friday Eve.

Those who attended the operetta, "The Gypsy Rover," last Friday evening witnessed one of the very best entertainments ever put on in this city by local talent. Everything was there that goes with a successful production, beautiful songs and lovely voices to sing them, intriguing chorus numbers and equally intriguing choruses, the ever delightful love plot of a "Robin Hood" type set forth with stunning costumes, pretty faces and a display of dramatic talent that more than sufficed in covering the needs of the play.

Taken in the order of their appearance, "Meg," Rob's foster mother, played by Ariel Kinghorn, was a delightful character, acted in an efficient manner. In the "Long, Long, Ago," duet with Marto, she displayed a voice of such loveliness that the one criticism made by many in the audience was that this character did not have enough songs to sing. Camille Warner playing "Zara," was a dashing Gypsy belle who took the eye of everyone, while "Sinfo," her lover, played by Clifford Storholm and "Marto," played by Buell Will, were especially good in their duet, "We are Merry Robbers." These two also held the stage with Lord Craven

FAMOUS READER COMES APRIL 22

To Give Platform Rendition at Presbyterian Church of "The Fool."

Henry Clark will be in this city on Tuesday, April 22, coming under the auspices of the Presbyterian Ladies' Aid. He will give a platform presentation of the play, "The Fool," in the Presbyterian church that evening.

This play is a very widely heralded dramatic discussion of capital and labor through the medium of a clergyman hero who tries to lead a saintly life. The hero is forced to resign his position as pastor in a fashionable church because of his outspoken views, is dismissed from his post as an employee by a mining company because he demands fair terms for the miners. From there he drifts to "Overcoat Hall" on the Bowery and is attacked by a mob led by a former miner. In the end he is left alone and happy with a little cripple girl who has been miraculously healed, this scene forming the play's climax. According to the Minneapolis Journal, when the play appeared there several weeks ago, "The Fool," will stir more general approbation than any other play offered here this season.

Mr. Clark is very well known all over the country, having been a featured lecturer-recitalist for a number of years with the Redpath Chautauqua and other equally noted circuits. In giving, "The Fool," Mr. Clark's interpretation has the hearty approbation of the author, Channing Pollock, who expressed himself as delighted to hear that the play had been chosen by Mr. Clark as a vehicle for this season. That this play is almost certain to be of immense interest may be gathered from the fact that Channing Pollock is also the author of such long running hits as, "In the Bishop's Carriage," "A Game of Hearts," "Clothes," "The Pit," and "The Sign on the Door," besides musical comedies such as, "A Perfect Lady," and a novel, "Behold the Man."

CANTATA TO BE RENDERED HERE FRIDAY EVENING

Exceptional Musical Event Scheduled by Large Number of Local Artists.

Rendition to Take Place at Trinity Lutheran Church Beginning at 7:45.

Music lovers of Thief River Falls will be given a rare treat next Friday (Good Friday) evening, when the Trinity church choir, with the assistance of several artists, will render the sacred cantata, "The Seven Last Words of Christ." The cantata will be presented at the Trinity Lutheran church under the leadership of Dr. P. L. Vistaunet and will commence promptly at 7:45.

"The Seven Last Words of Christ" is a sacred cantata for soli, chorus and piano, by Theo. Dubois, and is said to be one of the most beautiful things of the kind ever written. Following is a brief outline of the cantata:

Introduction: "All Ye People" (O Vos Omnes) soprano solo.

First Word: "Father, Forgive Them" (Pater Dimitte) baritone and tenor solos, with chorus.

Second Word: "Today Shalt Thou Be" Hodie Mecum Eris) duet, tenor and baritone, with chorus.

Third Word: "Woman, Behold Thy Son" (Stabat Mater) soprano, tenor and baritone solos, with chorus.

Fourth Word: "My God, My God, Why Hast Thou Forsaken Me?" (Deus Meus) baritone solo.

Fifth Word: "I Thirst" (Sitio) tenor and baritone solos and chorus.

Sixth Word: "Father. Into Thy Hands I Commend My Spirit" (Pater, in Manus Tuas) tenor solo with chorus.

Seventh Word: "It is Finished!" (Consummatum Est!) soprano, baritone and tenor solos, with chorus.

Prayer: "Thee We Adore, O Christ" (Adoramus Te, Christe) chorus.

In the chorus are the following: First sopranos—Mrs. O. F. Mellby, Miss Edna Larson, Miss Dora Holmes, Miss Ann Tharaldson, Mrs. C. A. Barth and Mrs. J. N. Nesse.

Second Sopranos—Mrs. H. Loken, Miss Thora Hanson, Miss Herlickson, Miss Gladys Kolden, Miss Millicent Sweger and Miss Liv Vistaunet.

Tenors—Carl Angell, C. M. Buoen, B. D. Bjorkman, Dr. J. N. Nesse and S. R. Dahlen.

Basses—G. Halvorson, E. M. Bennes, Dr. O. F. Mellby, C. C. Gulrud, L. H. Larson and Ed. Iverson.

Mrs. Mellby is the soprano soloist, Dr. Nesse the tenor, and Dr. Vistaunet baritone. H. O. Chommie will play the piano accompaniment.

The general public is invited to be present at the rendition of the cantata. No admission will be charged but an offering will be taken up.

SUPREME COURT GIVES VERDICT TO MRS. HERRON

Finds Claimant Entitled to $7,500 for Accidental Death of Husband.

Reverses Decision of State Industrial Commission Some Time Ago.

In a decision handed down last week by the state supreme court, Mrs. Augusta Herron, widow of William Herron, who was accidentally killed in June, 1922, while hauling tile for the city, is awarded a verdict for $7,500 under the workmen's compensation act. The state industrial commission denied the claim about a year ago. Mrs. Herron was represented in the case by Attorney H. O. Chommie, who appeared before the supreme court on March 15 to argue the matter.

Mrs. Herron's husband at the time of the accident was hauling tile for Coolsaet Brothers, a firm which at that time was constructing sewers in the city. Herron was working together with Alphonse Fontaine and was using his own team.

Referee Chas. S. Allbright, who first heard the evidence in the case, awarded Mrs. Herron compensation in the amount of $7,500, and issued an order for its payment to the Maryland Casualty company, which carried the insurance. The insurance company appealed to the industrial commission, contending that Herron was employed by Fontaine at the time of the accident, and the commission reversed the decision of the referee. The supreme court holds that Herron was in the employ of Coolsaet Brothers and awards the verdict to Mrs. Herron. The award of $7,500 will be paid in weekly allowances, and Mrs. Herron also is given judgment for $100 as attorney's fees.

The decision of the supreme court is very gratifying to Mrs. Herron's friends, and is a distinct victory for Mr. Chommie, her attorney, who has had charge of the case since its inception and who has worked untiringly in his efforts to secure a favorable decision from the supreme court.

Rev. Sweger Here.

Rev. T. E. Sweger, who recently resigned as pastor of Trinity Lutheran church, returned last week from the western coast states, where he had been working for some time in the interest of the budget fund. Rev. Sweger will serve the local congregation until June, at which time he will again resume his budget fund work.

Easter Late This Year.

Easter Sunday this year comes on April 20—next Sunday—which is the latest it has occurred for many years. As usual all of the churches in Thief River Falls are planning special observances of the day, with special sermons and music.

Tribune Editor and Wife Guests of Honor, Silver Wedding Party

Mr. and Mrs. J. S. Arneson, whose wedding anniversary occurred last Wednesday, were treated to a genuine surprise during the evening in the form of a reception at the Sons of Norway hall. Mr. and Mrs. Arneson had been invited to spend the evening at the home of Mr. and Mrs. H. S. Dahlen, who of course were in on the big affair and in inviting their guests were only performing part of the prearranged plan to make the surprise complete.

Shortly after eight o'clock Mr. Dahlen was called to the telephone and returned with the information that the folks at his house had better proceed to the Sons of Norway hall, to "fill in" with a few other friends for a sociable game of whist. But when the party arrived at the hall Mr. and Mrs. Arneson found to their surprise that somebody had been doing some tall fibbing. They were greeted by more than three hundred friends and neighbors, and were escorted down the aisle and up on the stage to the strains of the wedding march from Lohengrin, played by H. O. Chommie.

I. T. Simley, chairman of the evening, made a short talk in which he explained the reason for the gathering. He then called upon Rev. Chas. Gerlinger of the Presbyterian church, who spoke briefly, congratulating the bride and groom upon attaining the twenty-fifth milestone of their married life and wishing them many happy returns of the day. Rev. T. E. Sweger of the Trinity Lutheran church was the next speaker, and he also delivered a very excellent talk, dwelling particularly upon the efforts of Mr. Arneson to make Thief River Falls a cleaner and better town, and the high esteen in which both he and Mrs. Arneson are held as citizens and friends.

Mrs. O. F. Mellby favored the assemblage with a well rendered soprano solo, accompanied on the piano by H. O. Chommie; and Henry Arneson, with his sister Eileen as piano accompanist, played a pleasing violin solo. As a climax, Dr. O. F. Mellby, on behalf of the assemblage, presented the guests of honor with a beautiful set of sterling silverware. Mr. Arneson, while greatly moved by the entire proceedings and particularly by this handsome expression of good will and friendship, managed to voice his appreciation and expressed the thanks of himself and his wife for the generous gift and the many other evidences of sincere friendship apparent on every side. Others who delivered brief talks were Theo. Quale, Geo. M. Wilson, Bernhard Knudsen, president of Snorre lodge, Sons of Norway, H. S. Dahlen and Dr. W. H. Froehlich.

At the conclusion of the program a fine lunch was served, after which the remainder of the evening was devoted to a social good time. The Sons of Norway lodge, which had the affair directly in charge, is to be congratulated for putting over the party in such grand style. While the gathering took place in the Sons of Norway hall, the attendance was not confined to members of that order. Folks from all over the city, of all nationalities and creeds, were present to do their part in making the affair a complete success. And it was.

One thing a little out of the ordinary at a silver wedding anniversary was the presence of both the mother of the groom and the mother of the bride, Mrs. Levia Arneson and Mrs. Anna Fish. Both old ladies enjoy excellent health and naturally took a deep interest in proceedings which so vitally concerned the children who a quarter of a century ago embarked upon the sea of matrimony.

To say that Mr. and Mrs. Arneson are deeply appreciative of the sentiments, the friendly handshakes and the wonderful silver gift bestowed upon them by their friends last Wednesday evening goes without saying. These things serve to make life worth living and to be considered worthy of such a demonstration of affection is indeed an honor.

Another Fine Guernsey Sire Added to Herd of Pennington County Man

In spouting about the wonderful Guernsey sire received by a certain breeder last week from Philadelphia, The Tribune neglected to mention the important addition made to the fine Guernsey herd of F. B. Conklin. The new Conklin sire comes from the famous A. L. Sheldon farm at Grand Rapids and is named Itasca Dot Cherub. He is a son of Dot Cherub, who in turn is the son of Lady Smith's Cherub, three times national grand champion. Pearl's Dot, the new sire's dam, is the world's second cow in production in Class AA.

When it is considered that Mr. Conklin already owns some of the best Guernseys in the state, it will readily be seen that with the addition of new blood from a family such as is represented by Itasca Dot Cherub, great things in the way of records may be looked for in the future from the Conklin herd.

CO-OP. POULTRY MARKETING NOW SEEMS ASSURED

Association Organized and Work of Signing Members Progressing Fast.

Thief River Falls Central Point of Large Area Included in New Body.

As a result of the meeting of poultrymen of this section last Thursday afternoon at the Commercial club rooms, the proposed Thief River Valley Co-op. Poultry Marketing association is now in the process of formation, with new members rapidly being added in all parts of the territory included in the district covered by the association, to be known as District No. 24.

The meeting last Thursday was attended by a large number of interested producers from all parts of the district, which comprises the territory as far west as Viking, northwest to Lancaster, north to Roseau, northeast to Grygla, east to Goodridge, southeast to Oklee, south to Plummer, and southwest to Red Lake Falls and Wylie, with Thief River Falls as the central shipping point. Present prospects are that the new association will be ready for business in a short time. Following are a few facts concerning the new organization, submitted for the consideration of Tribune readers by W. J. Corwin, who started the work of organizing at a meeting held

MARION DAVIES IN NEW PICTURE

"Little Old New York" Said to Be Among Year's Greatest Releases.

A photoplay that has never been surpassed for heartfelt tenderness, romance and sprightly comedy is Marion Davies' new Cosmopolitan picture, "Little Old New York," which has been booked by Manager Brumund, for an engagement of two days at the Princess and Lyceum theatres, beginning next Sunday. Miss Davies in the dual role of Patricia and Pat O'Day, was said by the newspaper critics of New York, London, Toronto, Los Angeles and other cities where it was first shown, to have scaled new pantomimic and acting heights, and to have achieved a success even greater than that which she scored as Princess Mary Tudor in "When Knighthood was in Flower."

"Little Old New York" is a photoplay which holds a special appeal for every American, no matter where he lives. One of the big incidents in this picture is the first trip of Robert Fulton's steamboat, the "Clermont," up the Hudson river, amid the hoots and howls of derision of the thousands of people lined up along the river. The first steamboat itself, is shown with historical accuracy and its trip up the Hudson was detailed much as it actually happened.

In addition to its refreshing sweetness, "Little Old New York" is replete with highly dramatic moments and will give to the people of today a startlingly realistic idea of how their forefathers lived more than a century ago. The film is embellished with a wealth of pictorial beauty, and the artistic finesse of Joseph Urban is shown on every hand. In the story told by "Little Old New York" appear such famous historical characters as John Jacob Astor, Cornelius Vanderbilt, Henry Brevoort, Washington Irving, Robert Fulton, inventor of the steamboat, Delmonico, and many others. They appear on the screen as realistically as if they had just stepped out from the printed pages of history.

POTATO MEN TO NAME OFFICERS IN PENNINGTON

Every Member Receives a Blank Which Must Be Cast Before Polls Close

All Growers Who Signed Contracts Urged to Take Part in the Elections.

Pennington county potato growers who are members of the Minnesota Potato Growers' Exchange are today holding their elections preparatory to actual incorporation. The election will carry out provisions of the contract, which assures each member of a voice in naming persons who will look after the business end of the county association's activities the coming season.

Members in Pennington county will elect one trustee to serve on the board which will establish the state exchange.

In the election a post card ballot is being used. These ballots have been mailed to the membership direct from the St. Paul office. Each is a double card, on one-half of which will be found detailed instruction for voting. On the other half is the ballot, which is self- addressed to the local election board.

On the ballot are the names of those whom local committeemen have nominated to serve on the board, as well as five blank spaces, in which any member may vote for persons not nominated. The single legal qualification for a candidate on the board is that he must have signed the marketing contract.

Following are the nominations for Pennington county:

R. J. McKercher, of St. Hilaire.
A. F. Hall of St. Hilaire.
F. T. Satre of St. Hilaire.
Waldie Christensen of Thief River Falls.
S. E. Hunt of Thief River Falls.
Morgan Vaughan of Goodridge.
Carl Beiswanger of Kratka.
Henry Oen of Thief River Falls.
O. K. Sevre of St. Hilaire.
Elav Aakre of Erie.

The First National bank of Thief River Falls has been designated as the polling place. The polls will be open from 1 p.m. until 4 p.m. Members may mark their ballots and mail them or they may cast them in person. If mailed, they must reach the polling place three hours before the close and if delivered in person, they may be deposited any time before the polls close, but not after.

Following are the election officials in Pennington county.

C. L. Hansen, chairman, Thief River Falls.
R. J. McKercher, St. Hilaire.

Shortly after the election, the five persons receiving the highest vote will meet with a representative from the state office to take legal steps necessary to incorporate the county association and to elect the county's delegation to the state board.

Incorporation will take place sometime between April 13 and April 25, depending upon the schedule that the state office is able to make, after the election returns are received.

STATE MEETING TO BE DECIDED

Choice of 1925 Legion Convention City Left Until August Gathering.

Whether or not the 1925 Legion state convetion will be held in this city will be decided at the meeting to be held at St. Cloud in August. Commander Oscar Smith and Adjutant Ole R. Sande, who also represented the Ninth district in the absence of Anton Yngve, district commander, attended the state meeting of commanders and adjutants at the Curtis hotel in St. Paul Friday and Saturday, April 4 and 5. Much work was done at this gathering in connection with membership drives and Legion activities, but the holding of next year's convention will not be decided until the convention in St. Cloud.

Among the natable guests present at the meeting were Vilas Whaley of the Wisconsin department, Bert L. Halligan of the Iowa department, George L. Berry, president of the International Pressmen's Union, State Adjutant Stafford King, and Gerald V. Barrow, post commander of the Minnesota department.

Over 200 Legionaires and their friends were present at the banquet which was held Saturday evening at the Curtis hotel and at which Mrs. George Osborne, president of the state Auxiliary, was one of the chief speakers.

Paul Dahl Hurt

Saturday evening Paul Dahl was hurt when the bread truck in which he was riding tipped and glass from the wind shield cut his left leg. The City bakery truck was driving to Argyle with a load of bread when, about seven miles from that place they met a car coming toward them. Endeavoring to avoid this car, the truck got into a deep rut from which the driver was unable to extricate it before it tipped. However, Paul is getting along nicely and the truck was not damaged to a very great extent.

Carl J. Josephson

Tuesday, April 8, occured the sad death of Carl John Josephson, at the age of 41. Death was caused by an infection setting in a wound suffered from an injury received while working in the mines at Hibbing. He was born at Hayfield, Minn., Feb. 21, 1883, and until ten years ago made his home there. Since then he has been living at Goodridge. He is survived by his aged mother who lives at Blooming Prairie; two brothers and five sisters: George O., Alfred B. and Mrs. N. O. Seavey and Mrs. N. O. Nicholson of Alden, Minn., Mrs. O. S. Seavey and Mrs. A. W. Seavey of Blooming Prairie. Funeral services were held at the home of his brother George Josephson, Friday, April 11, at 2 P. M., Rev. George Larson officiating. The remains were taken to Hayfield later and laid to rest beside his father.

AS OTHERS THINK

Editor Tribune:

In the interests of the protection of game and useful birds in our vicinity, we would like to ask the sportsmen and farmers of our neighborhood to take some action in trying to lessen the number of crows. These prebatory robbers should be shot dead whenever the opportunity arises at this season of the year. The nesting season for game and useful birds is now coming on and it is at this time that the crow beats through the field and woods seeking out their nests and destroying their eggs and young. Game commissioners of 38 states in the union have found that the crow is the worst enemy of game and useful birds which fly. In some places crows have picked out the eyes of lambs and young calves and also destroyed vast quantities of poultry, eggs and young chicks.

The crow is increasing in numbers in many parts of the country. He hunts all the time, like other killers, but he is especially destructive when the birds are nesting. Some species of crows have been known to wipe out whole colonies of game birds in certain localities.

It would be one of the best things possible for the game of this neighborhood, if sportsmen and farmers would devote some of their time at this season of the year to shooting crows and thus lessening their numbers.

Yours very truly,
Christenson Hdwe. Co.

CIVIL SERVICE EXAMINATION TO BE GIVEN AGAIN

The Civil Service Commission invites special attention to the fact that in an examination held recently in Thief River Falls, Minn., and other cities throughout the United States for assistant observer in meteorology, Weather Bureau, applicants were not secured in the number desired, and that this examination will be held again on June 18.

Persons interested in this or other examinations should apply to the Secretary of the United States Civil Service Board at the local post office for detailed information and application blanks.

We just want to say again that the poorest place in the world to practice penmanship is on the back of the other fellow's note.

Foretelling Weather.

When the mercury falls suddenly in hot weather, look out for thunder or high winds. In frosty weather a thaw is foretold. When the weather is already wet and the mercury continues to descend, more rain can be expected. During winter, if the movement of the mercury is unsettled, with sudden rises and falls, unsettled weather conditions are likely to prevail.

OUR SILVER WEDDING

The editor of The Tribune and his partner in the joys and sorrows of the passing years are not unmindful of the fine manifestation of good will which prompted more than three hundred friends to participate in a commemoration of their 25th wedding anniversary last Wednesday evening.

In the humdrum and perplexities of life it is pleasant indeed to find one's self so utterly surrounded by loyal friends. "We" wish to thank all of them, the Sons of Norway lodge members who planned the affair, and the many kind friends who participated, for providing an event in our lives which will never cease to be remembered.

CORPORATION WITH A SOUL

When President Jaffray and his staff of Soo Line officials recently visited Thief River Falls a local delegation presented to them the problem of the unemployed of this city. The unemployed consisted of men formerly engaged in shop work for the Soo Line, many of whom own their own homes here and as a consequence are in poor position to seek work elsewhere.

The result of this conference is that twenty former employes of the Soo Line were reinstated in their jobs within ten days, and this was done in the face of the fact that no extra work has accrued in this territory. Cars have been sent in here empty from other divisions to create the demand for more men. Prospects are that still more of the unemployed men will be put back in the near future.

Such action on the part of the Soo Line officials is appreciated by the people of Thief River Falls more than The Tribune can say. It show a disposition on their part to be more than fair and we sincerely trust the incident will not be forgotten when the interests of the Soo Line are being considered by our citizens.

Bro. Henke of the Dassel Dispatch does not like the tone of O. P. B. Jacobson's statement announcing his candidacy for the governorship. Surprising, to say the least, in view of the fact that he simply leaves his candidacy in the hands of his friends and does not propose to usurp the tax payer's time in going about the state to make public speeches. This newspaper does not propose to take much part in the preconvention struggle for the very good reason that so many good men are in the field that is does not seem that any great mistake can be made in the selection of any of them. However, Mr. Jacobson commends himself to the voters as a man who bas been singularly faithful to the public trust. The farmers of the Northwest have not forgotten his zeal in their behalf on several occasions. In their demands for fair grades, for a just recognition on the part of the millers of the milling value of their grain, it was Mr. Jacobson who stood in the midst of the battle against overwhelming odds. In the fight for fair street car rates and just telephone charges it was Mr. Jacohson who remained unfalteringly on the side of the people. All this may seem like piffle to Bro. Henke, hut to one on the side lines it seems as if Mr. Jacohson has demonstrated "by his works" a fealty to the public service which calls for anything but ridicule from his opponents.

Last week was "be kind to animals week," but it carried with it no significance so far as we are concerned. Every kid in Thief River Falls is a friend of all dumb animals—and hence every week in the year brings to this community renewed effort on the part of the advocates of kindness to animals.

While it is true that we have our local problems, some real and some quite imaginary, let us not forget that our position is ever so much better than is the case in some communities. A newspaper dispatch tells us that the unemployment situation in California cities and villages has grown to the point of real distress. Families have migrated to California—believing it to be the land of milk and boney—with no thought of the future, and the result is a conditioo out there which calls for a warning in all communities in which people are affected by the disease commonly known as "Californitis." Here people may be hard up—as they are everywhere—but we have no starvation and that is more than can be said of the congested conditions in the Southland.

BLEEDING CANDIDATES

Newspapers are unreasonable when they expect candidates for state office to "kick in" with paid sdvertising to any great extent. The state is so large and newspapers are so numerous that to advertise in a single paper in each county involves the candidate in an expenditure of funds which violates both the letter and spirit of the corrupt practices law.

Moreover, if the editors insist that candidates must pay for publicity in their publications such action will effectually bar all except rich men from the field. We do not believe that is the intention of the editors. The movements of candidates for office is of public interest and the editor who is alive and up-to-date will keep his readers informed with reference thereto. He may wish to support some, to oppose others, but no honest-to-goodness editor should complain because a candidate sends him a political announcement which is unaccompanied by a check.

Every form of public expenditure in northern Minnesota must be cut to the core if taxes are to be reduced again to the point of living. There is little use talking about such things. They must be done regardless of any apparent demand which may manifest itself. If we are to keep our present population we must quit building school houses, bridges and other public improvements until we can afford them better. Bonds must not be voted except in extreme cases of public need. Drainage projects must be dropped until the farmers get their heads above water. They must be given a chance to come up for air. Township boards must cut their requirements down to the bone. Village councils and city governments must do the same. School boards must economize until it hurts. So must every kind of public official. All farm land is being taxed entirely out of proportion to its present earning capacity. There is only one remedy for such conditions. STOP SPENDING. It may hurt. But. IT MUST BE DONE.

Polk county has Farmer-Labor candidates for governor, lieutenant governor, treasurer and railroad and warehouse commissioner. So far the farmers haven't had a look in but then there are a couple places on the supreme court still open.

The county board of Pennington county is to be congratulated upon its effort to cut down expenditures. Their decision to ask Commissioner Babcock to use the services of County Engineer Umland during part time this summer is in line with public economy and should be appreciated by the tax payers of the county.

In the line of doing something for the service men it is announced that a large tract of land in Montana is to be opened for settlement exclusively by soldiers. That looks more like an attempt to do something TO the men who served the country in time of war.

If all the old fogies in the country who are laying awake nights worrying over bobbed haired girls and women could sense the extreme measure of disgust with which they are contemplated by the gentler sex, they would forever keep their mouthes shut.

A New York man threatens that baldness will overtake women who bob their hair. Well, what of it. We always did like to sit behind baldheaded men in the theatre.

Mr. Royster says he will "clean out" the capital if he is elected governor. Unless he excepts "Billy" Williams from the list we are agin' him to the bitter finish.

It seems that Senator Wheeler of Montana overlooked the brittle nature of his own house when be began broadcasting rocks in the senate of the United States.

Tom Davis would make a great governor of the state of Minnesota. YES, he would.

Knud Wefald, congressman from the Ninth District, made a bad blunder when he voted to let the rich go on evading their just share of taxes by investing their money in tax-exempt bonds. There is no justification for the continuation of the exemption of state municipal bonds from taxation, and a congressman who votes against the submission of a constitutional amendment to stop it votes wrong unless he has a constituency consisting of millionaires.—Dawson Sentinel.

MEANEST MAN IN TOWN.

Thief River Falls has a man so mean that all other mean men in history cannot hold a candle to him. The man who takes candy from a hahy is a saint alongside of this individual, and the man who steals from dead men's eyes is a paragon of virtue beside the local candidate for the position of meanest man in the world. It was like this:

A local lady of taste and refinement, contemplating a long auto tour through the west, has been much agitated over the question of the proper garb for such a trip.

All sorts of dress was suggested to her, running from divided skirts to bloomers. She is very partial to "knickers," but heing blessed with embonpoint to an extent which greatly distresses her, she feared the wearing of men's attire would "set her off too much."

However, she finally decided on "knickers," from a standpoint of comfort. "But," said she to a male friend in discussing the matter rather informally, "what will I do with them when I get back."

And right here was injected the meanest remark we have ever heard uttered by mortal man. "Oh," said he, "you might make them over into a tent for your children."

J. H. Hay Scheduled to Give Commencement Talk at Middle River School

J. H. Hay, deputy commissioner of agriculture, will deliver the commencement address at the gradnation exercises of the Middle River high school on Thursday evening, May 29. Mr. Hay's services as a commencement speaker are much in demand and the state department in recognition of this fact bas granted Mr. Hay commencement week as a part of his holiday in the department. In addition to the address at Middle River, Mr. Hay will participate in the commencement exercises at Greenhush, Newfolden and Badger. Intensely interested in school affairs and thoroughly familiar with community needs, Mr. Hay is expected to deliver a message of importance in this series of commencement addresses.

Commercial Club Notes.

The weekly luncheon will be held next Tuesday, April 22, instead of Thursday, as is usually the case. Henry Clark, who is to give the play, "The Fool" at the Preshyterian church Tuesday evening will speak at the noon meeting of the club. This will prove very interesting witbont a douht as Mr. Clark is very well known as a speaker of great ability.

Presbyterian Men's Club Forms Special Committees

At a meeting of the executive committee of the Presbyterian church Men's club Monday evening, April 14, a number of committees were formed to care for the various branches of work that the club will take up. In the social and membership committee are Messrs. F. F. Haynes, L. R. Johnston, J. S. Arneson, E. O. Mogensen and B. F. Umland. The missionary work committee will be made up of Messrs. L. R. Roberts, Charles Gerlinger, pastor; and George M. Wilson. B. F. Umland is chairman on the bible stdy committee.

The next meeting of the club will take place Friday evening, April 25, and will take the form of a supper for the members. At this meeting there will be the usual short program and the special subject to be taken np will he "Boys' Work."

Pupils of Knox School to Present Musical Program

Pupils from the first six grades of the Knox school are busy rehearsing for a musical program, which according to the present plans will be presented at the auditorium on Friday evening, April 25. The program will consist of songs, dances, drills, a playlet and a musical operetta, and the youngsters will no doubt be greeted with a capacity house. A prominent feature of the program is the orchestra composed entirely of second and third grade pupils. A complete story of the program will appear in the columns of The Tribune next week.

PLAY PROGRAMS SET IN COUNTY

Rural Schools to Take Part in Many Interesting Athletic Events.

Plans have recently been completed for the 1924 play program for the rural schools of this county. The plans this year are different from what they were last year. Instead of placing the emphasis on individual athletes as has formerly been done, groups of children or schools are to be used this year as units in conducting the events and in awarding prizes. Instead of trying to select individual winners in the different events the aim will be to select a winning team. The big idea in the plans is to follow the principle of maximum participation—athletics for all. Each child is to be given an opportunity to contribute his effort which is always his best for the glory of his school. It is thought that in this way the games and athletic events will not be monopolized by the star athletes in the different schools.

Detailed instructions for organizing and conducting sectional play days throughout the county during April and May have been sent to all rural teachers. The county is divided into seventeen sections, each containing from two to nine schools. One teacher in each section has been designated as the sectional leader and it is her duty to take the lead in organizing and conducting the play day. The work of making the local arrangements for the play day, such as deciding the date, selecting the school where the meeting is to be held and providing the necessary equipment is left to be done by the teachers of the section under the supervision of the sectional leader.

Reports to the county superintendent from sectional leaders indicate that the local arrangements have already been made in eight of the seventeen sections.

Local Musical Comedy Scores Great Success

(Continued from page one.)

(Melvin Elgelstad), in a scene full of comedy and which was played with such relish that it brought down the house. Melvin as "me Lud," very evidently put everything into the character that he could to bring out all the ludricous points of the caddish Englishman he played.

The part of the hero, "Rob," was taken with great ease by John Sether. He sang and played the part of the bold Gypsy lover to perfection and was especially good in the duets sung with Constance. Eileen Arneson was the loveliest heroine seen on the auditorium stage in a long time. She is the possessor of a very sweet voice which was used to great effect in her songs and the heavy leading role was carried very gracefully.

The parts of Sir George Martendale, Sir Toby Lyon, Mr. McCorkle and the Lackey were very well taken by Francis Ohm, Clifton Conner, Richard Zeb and Tien Gullingsrud, while Nina and Capt. Jerome, played by Isabelle Richter and Math Barzen, Jr., were delightful in their little moment during the "Moon, Moon, Moon," song and chorus which was one of the many high lights of the play. The choruses were very good to look upon, sang sweetly and among those to be especially mentioned were the "Bind the Tresses of the Bride," and, "They Say Girls Can't Keep Secrets."

The Gypsy children, who took the eyes of the audience during their appearance on the stage were Luverne Rolland, Robert Mattison, Gaynor Eide, Ruth Cronkhite, Gladys Roberts and Grace Provencher.

Miss Maude L. Johnson is to be highly congratulated on the way this spectacle was staged. She, assisted by Lawrence Mickelson and Miss Clara Bauman, has worked for some time on this play, taking great pains with every detail and the result was a polished performance that was a joy to see.

CREAMERIES IN NEED OF BOOST

Tariff Increase Required to Bolster Up Prices and Home Markets.

The American market for butter, cheese and all other dairy products is in a precarious condition, due to heavy receipts from European countries and the Argentine, according to John Brandt of Litchfield, president of the Minnesota Co-operative Creameries association. An immediate increase in the tariff, Mr. Brandt says, would shut off imports and give the domestic market a chance to recover from its present slump; a slump that is striking at the earning power of every dairy cow in the state.

Mr. Brandt, in co-operation with W. F. Schilling, president of the Twin City Milk Producers' association, has set in motion a movement which they hope will result in a higher tariff in the near future. Dairymen in all parts of the state are asked to write to the president and their senators and representatives in congress asking for a tariff increase with the least possible delay.

The weak market for dairy products was the immediate cause of Twin Milk Producers association having lowered the price of fluid milk to the consumers of St. Paul and Minneapolis last week. The price was cut from 11 to 10 cents a quart, largely in the hope that increased consumption would offset the loss of revenue.

McFarland Sire Will Be Sent to "Land of Dixie"

M. T. McFarland, prominent local dairyman, this week received an order for a young Holstein sire to be shipped to T. B. Thomas at Newton, Georgia. It is expected that shipment will be made within a few days. This is just about the record, so far as The Tribune has been able to find out, for distance to which dairy animals have been shipped from Thief River Falls. The fact that a Georgia man sends away up here for a high class sire to head his herd must be taken as pretty good evidence that McFarland Holsteins have a reputation which reaches far beyond the confines of Pennington county.

Unfavorable Weather.

Farm work and other spring activities have received a serious setback during the past few days on account of the weather. Considerable rain has fallen, and the temperature is at a point where it can hardly be considered balmy. When the present wet spell subsides, however, the moisture which has fallen during the past week will serve to make conditions ideal for the rapid growth of grain and grass crops.

FARMERS QUICK TO FAVOR BILL

Farm Bureau Poll of State Shows Strong Sentiment for Mc-Nary Bill.

Minnesota farmers are unanimously behind the McNary-Haugen export bill. This is the only possible conclusion that can be reached on the face of the state poll that is now being taken by the Minnesota Farm Bureau federation, according to state head-quarters at St. Paul.

Hardly had the federation's house organ been placed in the mail than did members begin sending in ballots. They came from widely separated sections of the state and up to April 4, no ballot against the bill had been cast. Indications are that at least twice as many ballots will be cast in the poll as bureau officials expected.

"The prompt response which farmers are making to the referendum is the best possible indication of how they feel about the legislation," said J. F. Reed, president. "It is a well known fact that unless farmers are unusually interested in a proposition, they will not go to the trouble of expressing an opinion by mail. Two days after the proposition was submitted, more than one hundred ballots had been received at St. Paul and as each day passed, the number increased steadily.

"The referendum shows that farmers have a very fair knowledge of the proposal, largely due to educational work that has been done by the Farm Bureau for several weeks."

The interesting phase of the referendum thus far is that farmers repeatedly express themselves as disgusted with the manner in which congress has been delaying action on the measure.

Special Radio Program to Be Broadcasted Saturday Night by Great Northern

On the evening of Saturday, April 19, at 9:30 the Great Northern Railway company will broadcast over WLAG from the St. Paul Athletic club an excellent program by the Great Northern Glee club and the Great Northern quartette. Between the glee club's singing and the quartette's selections, Edward F. Flynn, director of public relations bureau, will give an interesting and educational railroad talk. This program will be distinctly worth while and local radio fans are advised to be on the lookout for it.

Rep. Waldal Here.

Marius Waldal of Plnmmer, representative from the 65th legislative district, was a caller at The Tribune office last Saturday while in Thief River Falls on business. Mr. Waldal is a member of the executive committee of the newly organized state potato exchange and has put in most of his time during the past few months in organization work for the association.

Normal Girls.

Last Tuesday, April 8th, the Normal girls took charge of the first two periods of instruction in the Central school. They will continue so for three weeks when the teachers will again resume their duties. The temporary instructors are: The Misses Edna Olelander, Myrtle Sollom, Gladys Elofson, Claire Lund, Ruth Hoppa and Esther Larson.

Half Holiday.

After working industriously for six weeks, most of the pupils of the Central school enjoyed a half holiday. The standard for a holiday is 98 per cent attendance with two tardy. The rooms winning a holiday were: Mrs. Hill and the Misses Batten, Tharaldson, Keefe and Frissel.

Operetta Success.

"The Gypsy Rover," directed by Miss Maude L. Johnson, was a great success. As there were very few who did not attend the matinee, classes were excused at 3:00. Miss Keefe, Central instructor, was accompanist in the evening. The play was wonderfully well done and much credit is due Miss Johnson.

Religious Instruction.

Religious instruction was postponed this Friday because of the play, "The Gypsy Rover," which school children attended. The Centralites sat in the balcony while the Knox, Northrop and Washington occupied the downstairs. On the left sat the eighth grade and on the right the seventh.

"Hats Off!

The hats of the Centralites have refused to slide easily on and off their "domes." The reason? Simple—they won the prize offered at the last Parent-Teachers meeting which was a beautiful reproduction of Breton's famous, "The Song of the Lark." The picture now hangs on the first landing of the hall stairway where everyone may see and admire it.

In the Future.

In the future we may see:

1. Leslie Sundahl converting heathens in South America.
2. Arthur Lufkin reducing to music, (one, two, bend, stretch).
3. Harriet Mattison successfully "vamping" the handsome men on the studio lots in Hollywood.
4. Ruby Ihle demonstrating the qualities of Wrigley's chewing gum, ("Yes,—chaw, chaw—this is—chaw chaw—good gum").
5. Harriet Fuller breaking bronchos in the west.
6. Peggy Shaw playing "Priscilla" to Melvin Lonson's "John Alden," to the immense disappointment of Rex Doltan's "Miles Standish."
7. Harold Will manufacturing "red goose" feathers to annoy the noses of young ladies.
8. Gladys Weeks selling "them precious curls" one by one to keep the rest of her alive.
9. Elmer Helgeland still pushing "Art" around on his bike. (Poor Elmer—will rest never be thine?).
10. Lucille Lonson still using all her spare time (of which she finds music) in practicing that delicacy of powdering her nose.

New Jokes of the Central.

M. B. "There isn't any ink in this desk!"

R. I. "I'll letcha use mine, I got my bottle with me and I'll use that."

C. D. (With regard to wild birds). "Name some two-footed game."

T. S. "Oh, ya! Football, basketball and baseball."

H. S. "Why did John Alden clasp Priscilla in his arms when the message came that Miles was dead?"

M. L. "Oh-h-h-h! So she wouldn't bawl, I guess!"

Miss Frissell asked Clifford Wikel where John Alden had read the legend of "Bertha, the Beautiful Spinner." The answer should have been in a book stall in Southampton.

Poor Cliff! He had misunderstood and his answer was:

"In a stable in Southampton."

Miss Keefe's Experience.

During the summer I often went on vacations with my friends. On the particular day that this incident happened we were out on a picnic. The spot we had picked was very beautiful and it was situated near a small swimming pool. After lunch the boys grabbed their swimming suits and hurried away to the pool. The ice cream had arrived meanwhile and along with some other food had been set in a shady glen to keep cool until supper.

A little while later I saw coming through the picket fence two boys. They made for the glen and began to haul the ice cream out past the fence. One wore a checkered shirt and the other a black one. Thinking it was boys who had come back for something more to eat (although somewhat surprised at their method of getting it) I called to them to leave it alone. They ran off with the freezer when they saw they were detected.

Later when the boys returned, I asked them which ones had played the prank. They denied my charge and then we knew that another party had been stealing our freezer. In our attempt to scour the woods for the missing ice cream we divided into three groups and myself and two other girls, never expecting to find anything, started leisurely down the road. Suddenly a man in a black shirt crossed the road. With a There's the man," I started in pursuit of him and made a lunge at the creature. He quickly crossed a muddy brook and I followed at top speed. Then, as he reached the other side, he vaulted a barbed wire fence. I, becoming very angry, followed suit, much to my later sorrow. Poor me! I had to sit on the fence and watch the culprit escape because my skirt had caught against the wire on both sides and held me tightly. I was soon rescued by my friends, however, and, as I sat repairing my skirt, sorrowfully thought that man hunting was not such an easy job for a girl after all.

Could You Ever?

Could you ever imagine—

1. Harriet Fuller's card decorated with red marks?
2. Arthur Lufkin as a curiosity in a side show at the circus, billed as "The Human Skeleton?"
3. Ethel Moline without powder on?
4. Clifford Wikel six feet tall?
5. Lucille Larson on a diet?
6. George Williamson with a lot of ambition and pep?
7. Chester Myrom without a perfect lesson?
8. Harriet Mattison living a whole day without writing a note?
9. Gladys Weeks and John Borgen playing "Postoffice?"
10. Harold Will with short hair?
11. Leslie Sundahl missing confirmation class?

Basket Ball.

The grade tournament was played last week and———— won the championship. The seventh grade team defeated all the grade schools but was itself downed by the eighth grade. The last game played Saturday morning at 10:00 in the gym between the eighth grade and the freshmen turned out 7 to 3 in favor of the eighth grade.

Real Dope.

According to reports, Miss Frissell descended from John Alden.

Luella O'Hara has become an addict to bobbed hair.

There is only one place a person can be laid out—that is—the cemetery.

Harriet Fuller had the most original idea in history this week.

Leslie Sundahl got the highest mark in the history test with 99.

Harry Lonson and Carl Swedenburg of Miss Frissell's room, have been absent for the past week on account of illness.

The seventh grade essays on temperance were handed in last Friday. In a short while the best of these essays will be sent to compete for prizes.

Because Miss Bauman had to help with the operetta, there was no physical training for the Central school last Friday.

Arthur Lufkin is now square with the world as he has paid up his bill at Oen's for thirty-five cents.

Harriet Mattison may now be seen prancing around in the first half of her summer garb, a white sweater. The other half, a pair of knickers, have not yet arrived.

Wonder of all wonders! Harold Will and Arthur Lufkin have purchased new shoes.

The 8A class have finished "The Courtship of Miles Standish." The next piece of literature to be studied by them is "The Westward Movement."

Thursday, the rooms of the Central school went upstairs and practiced school yells. Under the leadership of "Bug" Johnson and Paul Melby, the school responded enthusiastically.

Most of the manual training boys have finished their windmills.

Thrina Dahl has bobbed her hair.

"Some Changes."

We read of sunlight gleaming on the highway.
But it is not a highway, as in the days of yore.
Now, no ruts or sandy places in our roadway,
But a concrete ribbon running by our door,
Nor yet a team of dancing dapple grays,
But a nifty, swifty, spiffy little flivver,
Sails down the broad new state highway.
Oh.. Times have changed in Northern Minnesota,
Since the timber wolf bent low upon the trail,
When mother gathered white faced children closer,
And father took the gun down from the nail.
Instead of deer, the dairy cows are feeding,
What once was swamp is now field of clover green,
But take those darned old short horn heifers,
They're just as mean as ever they were mean.

—Edith Shrewsbury, Middle River.

Premium on Idleness

The Saturday Evening Post tells a story of an eastern textile manufacturer of middle age who rebelled against high surtaxes. He closed his mill, liquidated his capital and put the proceeds into tax-free securities. He now spends his time in travel and recreation. This is what he says about it:

"Why should I keep factory hours, subject my capital to the risks of business, wear myself out in the daily grind, and then hand over 58 per cent of my profits, if any, to the federal government, and another large slice to the state and local tax collectors? My tax-free bonds yield me more dollars that I can call my own than my business did before I gave it up. The government that penalized me when I was a useful and productive citizen now puts a premium on my idleness."

This is merely a concrete example of the way of billions of dollars have been driven from productive business into tax-exempt securities.—Preston Times.

A Mighty Poor Patriot

The Journal Press, St. Cloud, has a story about the sentence of J. B. Hendrickson of Staples, convicted moonshiner and bootlegger. This was Hendrickson's second offense, he having been convicted before and served a 90-day term in the county jail. He had been out of jail six weeks when he was arrested for the same thing again. Judge Roeser sentenced him to pay a fine of $100 and serve 90 days in jail. Attorney for Hendrickson made a plea to the Judge that in as much as the sentence would keep him in jail on Memorial Day that he be permitted to leave the jail for three days at Memorial Day in order to decorate the grave of his son who was killed in France. The Judge granted the plea. We cannot be too considerate of the feelings of our busy bootleggers. The incident is interesting. It suggests something new in patriotism and in the honoring of the dead. We have heretofore had the old-fashioned idea that one of the best ways to honor the memory of those who have died for our country, is to be true to the laws of our country. We now find that this is not the new and up-to-date method. Respect for law is not so worth while a patriotic exhibition as getting out of a bootlegger's cell to kneel at the grave of a war hero. Yet we wonder why there is a growing disrespect for law. We suggest that the County Commissioners of our county make an appropriation to hire a band to accompany Mr. Hendrickson when he goes to decorate his son's grave Memorial Day, and that the people along the road between here and Staples bow in homage to the uplifting patriotic exhibition as the procession moves past. Some people may be old-fashioned enough and want to suggest that when Mr. Hendrickson kneels at the grave of his soldier son that if he really wants to honor the memory of his son, he can do it in no better way than resolving to obey and respect the laws of the country his boy died to protect. But then such ideas as that appear to be out of date in these easy going times of double standards in the matter of which laws are to be respected and which not.

CARE OF CREAM.

Quality butter always brings a premium on the market, it is, therefore, of utmost importance that the creamery make butter of the highest grade only, and this can be done if all the patrons will co-operate with the creamery and bring good, sweet cream only.

The two things most important in producing good cream are cleanliness and quick cooling.

The separator must be washed thoroughly after each separation, and the cans, pails and other utensils must be kept clean.

The cream may be cooled quickly and easily by an arrangement such as shown on the diagram. Simply place a small cream cooling tank, or even a barrel, between the pump and and the stock tank and connect in such a manner that the water from the pump enters the cream cooling tank from the bottom and overflows from the top into the stock tank, as illustrated on the drawing. In this manner all water for the stock is first used for cooling cream thereby saving unnecessary pumping and insuring lots of cold water for cooling the cream.

A cover on the cream cooling tank will help to keep the cream sweet, and if the tank is provided with insulation that will keep the water from changing temperature, so much the better.

By proper arrangement, according to the ingenuity and means of the farmer, this method of quick cooling and good care of the cream may be provided without much trouble and expense, and the well then becomes as useful as a natural spring and the work of cooling and caring for the cream very convenient.

Don't pour warm cream into a can of cream already cooled off. Cool the warm cream first, then add it to the can of older cream.

It pays to take care of the cream. Some creameries pay ten cents more per pound of butterfat than others, due almost entirely to the better grade of cream delivered and to regular, frequent deliveries.

It is a fine thing to trust your fellow men—but you'd better insist on cash in thirty days.

Test Your Cows.

How can we locate the poor cows in our herds? This question should interest every farmer who keeps cows for profit.

There is but one way to locate the boarder in the herd, namely, by systematic weighing and testing of each cow's milk. The creamery operator can be of some assistance to patrons who wish to test their cows, and may be able to arrange to do the testing at the creamery. If so, the following rules should be followed:

Both the morning and evening milk should be weighed, and a sample taken from it one day each month during the period of milking. A careful record should be kept of such weighing and sampling. After weighing the milk from a cow, the milk should be stirred and a one-fourth pint sample taken. Patrons should provide themselves with enough half-pint bottles to take care of samples from all cows to be tested.

It is important that the same sized sample is taken from both the morning and evening milk. The two samples taken from both milkings are kept in one bottle, which must have the number or name of the cow plainly marked on it.

Bottles containing milk samples should be kept tightly covered to avoid evaporation of moisture, which would result in inaccurate testing. Care should be taken to get a fair sample from each cow's milk, and a patron is only fooling himself and getting no results from his work, if the weighing and sampling is not done in a careful and efficient manner. Hand the samples to the operator the following day together with the weight records, and he will test them as soon as he has time.

The operator of your creamery is a member of the Minnesota Creamery Operators' and Managers' Association. He is interested in the problems of his patrons, and he knows that your cows must be profitable in order to make your dealings with the creamery satisfactory. Talk to your creamery operator, if you are interested in testing your cows. He will co-operate with you in every possible way. If you prefer to do your own testing, he will be glad to show you how.

Dan Paranteau Jr. Hurt.

Two weeks ago Dan Paranteau Jr., son of Daniel Paranteau of this city, was severely injured by a saw while at work in a saw mill at Park Falls, Wis. Both feet were badly cut and one of his legs gashed. He was caught in the saw in such a way that it took 15 minutes to extricate him. Taken to a hospital at once, the wounds were cared for, and lately he had seemed to be improving. However, the wounds began to fester and it was discovered that bits of clothing still remained in them. He had expected to arrive home again with Eckard Lane with whom he had gone to Park Falls, but the set back will keep him in the hospital for several weeks longer. He expects to return about the first of May.

Sidewalk Ads Barred.

Those who heretofore have been in the habit of using the sidewalks of the city for advertising purposes, are reminded by the police department that there is a city ordinance prohibiting this practice. Compliance with the ordinance is asked in the interest of appearance and for the reason that such signs in many instances can be classed as public nuisances.

Births.

A boy was born to Mr. and Mrs. Ned Hanson Wednesday morning, April 16, at the home of Mrs. Hanson's parents, Mr. and Mrs. M. Harder who reside east of town.

Mr. and Mrs. Louis W. Knedle are the parents of a girl born to them Sunday morning at the Physicians hospital.

A baby girl arrived at the home of Mr. and Mrs. Peter Amundson Monday morning at their home east of the city.

FARM NEWS

From C. Gustafson & Son

For the next 30 days, we will trade in second hand Cream Separators at reasonable allowance toward the purchase price of NEW McCormick-Deering Primrose Cream Separators. This is your opportunity to get the Best Cream Separator made, and get something out of your old separator. The Primrose skims closer than any other machine. It runs lighter. It runs in Ball Bearings. It runs in Oil. It has the McCormick-Deering guarantee and service back of it. You cannot afford to run the old machine that is not geting all of the cream. The Primrose will pay for itself in the cream saved.

We will also trade in second hand Incubators, for New QUEEN Incubators. The Queen leads them all in Incubators and you should own a good one that will hatch the big hatches—strong, healthy chicks that live and grow.

We will also trade in second hand grain drills at this time at fair allowance toward the purchase price of New KENTUCKY and MONITOR GRAIN DRILLS. Besides, our drill prices are placed way below 1924 regular prices, and we have several on hand.

We will also trade in any Standard make of horse drawn Gang Plows right now at liberal allowance towards the purchase price of any new machinery.

We will trade in any size Boss Harrow for new Boss Harrows to suit size wanted, or on any other new machinery.

Will also trade in second hand Mowers at liberal allowance toward the purchase price of any new machinery.

No, we are not going into the second-hand business, but we are anxious to give the farmers service, and figure we can stretch a point or two, by rebuilding the second hand machinery taken in and come out without losing on it on resales.

We have quite a large stock of second hand and rebuilt machinery on hand at this time that we can sell at genuine bargain prices, that when you figure you cannot afford to buy new, we can fit you out on good second hand bargains. Besides we have many bargains in new machinery in such as a New Clover Leaf Manure Spreader, a couple of 6-ft. International Field Cultivators. In second hand machinery we have some Gang Plows, Sulky Plows, Grain Drills, Broad Cast Seeders which are worth buying, if for nothing else but to sow Lime and Fertilizer. Evans Potato Planter, Dowden Potato Diggers, Rebuilt Mowers, Beet Cultivators, Hay Rakes, 20-in. Brush Breaker with Truck, Auto Trailer, a couple of Tractors, Feed Grinders, Feed Cutters, a number of second hand and rebuilt Cream Separators, Diabolos, Empires, DeLavals, Lilly and others. Also a couple second hand stationary engines.

We also wish to make known that we have just added to our line the well known RED JACKET PUMPS. When you buy a Red Jacket Pump, you will always know where to get service on your pump.

We are here to serve you.

A Wet Day Causes One-Third More Calls

Rainy days often cause one-third more telephone calls. On such days, more people remain indoors and use the telephone.

Likewise, hot days and very cold days mean that many more telephone calls will be made.

Snow storms, also, add to the problem of providing service. At such times it is difficult for the operators to get to work, while at the same time many more telephone calls are made.

And frequently bad storms tear down poles and wires, shutting off telephone service.

Uniformly satisfactory telephone service is our constant aim, but occasionally conditions arise which are temporarily beyond all human control. At such a time we especially appreciate the patience of our patrons until the situation can be met.

RANDOM THOUGHTS

The aviators' business is still keeping up.

What has become of the old-fashioned man who used to boast that his word was as good as his bond?

Job was a patient man—but he never had to sit around a cold depot and wait for a train that was three hours late.

If you don,t believe that time flies you might try signing a note due in thirty days.

Expect a lot of fellows to come in and settle most any time now. They said it would be a cold day when they paid us.

The banker just has to be a capital fellow.

And the sad part of it is that common sense isn,t common.

If your breath comes in short pants why shouldn,t the powder puff?

The dairymen seem to be getting the cream of things these days.

Field Beans

The Great Northern Baking Beans

Only 8c Per Pound

See what Oscar H. Will & Co. of Bismarck, N. D., say about these beans——

GREAT NORTHERN—The Most Delicious Baking Bean in the World! This hardiest bean was originally obtained by us nearly forty years ago from Son of a Star, an Hidatsa Indian, among which tribe it had been raised for many years. It is a wonderful yielder and one of the most profitable sorts that can be raised. Grown to the exclusion of all other varieties of field beans around Billings, Mont., the bean center of the Northwest. Forty odd cars of Great Northerns were shipped from that point to Chicago this past year.

This seed was purchased from Oscar H. Will & Co., and raised in Town of North and can be gotten at Bredeson's & Co., and H. K. Strand & Co. as long as it lasts at 8 cents per pound instead of 20 cents as was paid for this seed two years ago.

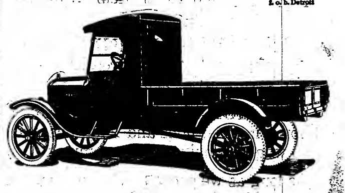
Ford Steel Body Truck $490 f. o. b. Detroit



Why Commercial Users Prefer the Ford

There is much significance in the fact that more than 75% of all commercial cars of one-ton capacity or less in the United States are Fords.

This overwhelming preference for Ford haulage units has its basis in the low cost of Ford transportation, the rugged construction of the truck itself, and its unusual adaptability to every line of industry.

Mechanical excellence, simplicity of design and ample power are further factors that have contributed to the popularity of the Ford One-Ton Worm-Drive Truck.

The Ford One-Ton Truck equipped with an all-steel body and cab is now available as a complete unit, priced at $490 f.o.b. Detroit. Screen sides and canopy roof that may be easily fitted to this unit are supplied at small additional cost.

Red Crown

The High-Grade Gasoline

for Your Car

When you buy Red Crown Gasoline, you buy service.

We have been refining gasoline for thirty-five years. We have incorporated in Red Crown all those essential elements which experience has taught us are necessary to make an efficient motor fuel.

Red Crown Gasoline is as nearly right chemically, scientifically, physically and mechanically as we know how to make it.

Red Crown will give you as good service from your motor as any gasoline you can buy—no matter what you may pay.

With Red Crown in your tank your car will start easily, summer or winter—get away quickly—accelerate smoothly—develop sustained, rhythmic power, tremendous speed, and maximum mileage.

This we accomplish by uniformity of quality, which we guarantee whether you buy Red Crown in Southern Indiana or Northern Minnesota. The uniformity of Red Crown is of major importance to the tourist. With Red Crown Gasoline in the tank the tourist's motor is friendly, no matter how much of a stranger the driver may be to the people or the land.

Notice of Mortgage Foreclosure Sale.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date April 7th, 1921, made, executed and delivered by Emil Grams and Dora Grams, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants Trust and Savings Bank, a corporation, of Saint Paul, Minnesota, as mortgagee, to secure the payment of the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon at the rate of seven (7) per centum per annum, according to the terms and conditions of one certain promissory note, due April 7th, 1926, made and executed by said Emil Grams and said Dora Grams to said Merchants Trust and Savings Bank and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on April 20, 1921, and was duly recorded in said office in Book 70 of Mortgages on page 23, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated June 9th, 1921, duly assigned by said mortgagee to Magdelena Rapp, of Saint Paul, Minnesota, which said assignment was duly filed in the office of said Register of Deeds on February 26, 1924, and was recorded in said office in Book 75 of Mortgages on page 349, and which said Magdelena Rapp is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the balance of One Hundred Fifty Dollars ($150.00) due on the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00) which became due and payable on the note in said mortgage described on December 1, 1922, and have also failed and refused to pay the installment of interest in the sum of One Hundred Seventy-five Dollars ($175.00), which became due and payable on the note in said mortgage described on December 1, 1923, and said Magdelena Rapp, pursuant to the terms of said mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Twenty-five Hundred Dollars ($2500.00) and interest thereon from December 1st, 1923, at seven (7) per centum per annum, and One Hundred Fifty Dollars ($150.00) and interest thereon from December 1st, 1922, at six (6) per centum per annum, and One Hundred Seventy-five Dollars ($175.00) and interest thereon from December 1st, 1923, at six (6) per centum per annum, and also the sum of Seventy-five Dollars ($75.00), attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted in law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, notice is hereby given, that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Friday, the 18th day of April, 1924, at ten o'clock in the forenoon, at the front door of the Court House in the City of Thief River Falls, in the County of Pennington and State of Minnesota, to satisfy the amount which will then and there be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows, to-wit:

The Northwest Quarter (NW¼), of Section Seventeen (17), in Township One Hundred Fifty-three (153), of Range Thirty-nine (39), containing 100 acres, more or less, according to the government survey thereof.

Dated, February 26th, 1924.

L. Dobner and H. G. Dobner, Mortgagees, bearing date the 30th day of March, 1915, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 12th day of April, 1915, at 2:00 o'clock P. M., in Book 3 of Mortgages on page 364,

Which said mortgage, together with the debt secured thereby, was duly assigned by said C. L. Dobner and H. G. Dobner, Mortgagees, to F. M. Purdy, by written assignment dated the 26th day of April, 1915, and recorded in the office of said Register of Deeds on the 24th day of May, 1916, at 8:00 o'clock A. M., in Book 56 of Mortgages on page 143, and

WHEREAS, thereafter, the said F. M. Purdy, the Assignee and Holder of said mortgage (his full true name being Franklin M. Purdy) died and at the time of his death was a resident of the County of Wabasha and State of Minnesota; and whereas, Harry G. Dobner was, in due proceedings had in the Probate Court of said Wabasha County, appointed executor of the estate of said Franklin M. Purdy, deceased, and duly qualified as such; and whereas, Letters Testamentary of the estate of said deceased were duly issued to said Harry G. Dobner by said Probate Court, bearing date the 22nd day of January, 1916, a certified copy of which was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota, on the 14th day of February, 1916, at 1:00 o'clock P. M., in Book H of Miscellaneous on page 24, and

WHEREAS, said Harry G. Dobner, Executor of the said Estate of Franklin M. Purdy, Deceased, did duly assign said mortgage, together with the debt secured thereby, to Chase L. Dobner and Harry G. Dobner, as Trustees of Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, by written assignment dated the 27th day of June, 1916, which said assignment was duly recorded in the office of said Register of Deeds on the 6th day of September, 1916, at 1:00 o'clock P. M., in Book 11 of Mortgages, on page 509, and

Which said mortgage, together with the debt secured thereby, was duly assigned by said Chase L. Dobner and Harry G. Dobner, Trustees for Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, the Assignees and Holders of said Mortgage, to Millicent Purdy, by written assignment, dated the 25th day of April, 1923, and recorded in the office of said Register of Deeds on the 7th day of May, 1923, at 9:00 o'clock A. M., in Book 65 of Mortgages on page 232, and

WHEREAS, The said Millicent Purdy, the Assignee and Holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas there is actually due and claimed to be due and payable at the date of this notice the sum of One Thousand Seven Hundred Ninety and 05-100 ($1790.05) Dollars, and whereas the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof;

Now, Therefore, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Northeast Quarter (NE¼) of Section Fourteen (14), in Township One Hundred Fifty-three (153) North, of Range Forty-two (42) West, of the Fifth Principal Meridian in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 31st day of May, 1924, at 10:00 o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $1790.05, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars, Attorneys' fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Notice of Mortgage Foreclosure.

WHEREAS, default has been made in the payment of interest due January 6, 1924, under the terms of the hereinafter described mortgage and default has also occurred in the failure to pay the taxes for the years 1921 and 1922 on the premises conveyed by said mortgage, which taxes have been paid by Minneapolis Trust Company, assignee of mortgage, which mortgage was duly executed by Henry Blaska and Effa Blaska, his wife, mortgagors, to C. L. Hansen, mortgagee, dated January 6, 1921, and with the power of sale therein contained duly recorded in the office of the Register of Deeds of the County of Pennington, State of Minnesota, in Book 57 of Mortgages, on page 532, on the 18th day of January, 1921, at 1:00 o'clock P. M., which said mortgage together with the debt secured thereby, was duly assigned by said C. L. Hansen to Minneapolis Trust Company by written assignment dated January 19, 1921, and recorded in the office of said Register of Deeds on January 28, 1921, at 10:00 o'clock A. M. in Book 65 of Mortgages, on page 107, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company to Minneapolis Trust Company, Trustee, under the Last Will of Emma O. O'Brien, deceased, by written assignment dated February 16, 1921, and recorded in the office of said Register of Deeds, on March 16, 1921, at 1:00 o'clock P. M. in Book 11 of Mortgages, on page 593, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company as Trustee under the last will of Emma O. O'Brien, deceased, to Charles J. Robinson, by written assignment dated June 6, 1921, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:00 o'clock P. M. in Book 75 of Mortgages, on page 351, and which said mortgage together with the debt secured thereby was thereafter duly assigned by said Charles J. Robinson to Minneapolis Trust Company by written assignment dated March 20, 1924, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:15 o'clock P. M. in Book 65 of Mortgages, on page 285,

Now, therefore, notice is hereby given that said Minneapolis Trust Company, assignee of said mortgage, has declared and does declare by reason of the aforesaid defaults, all the principal sum of said mortgage to be now due and payable, and that the amount which is claimed to be due and is due at the date of this notice upon said mortgage is in principal and interest the sum of Twelve Hundred Ninety-seven and 60-100 Dollars ($1297.60), and that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of the following described mortgaged premises lying and being in the County of Pennington, State of Minnesota, to-wit: the East Half (E½) of the East Half (E½) of Section Fourteen (14) in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the fifth (5th) P. M. in Minnesota, containing One Hundred Sixty (160) acres, more or less according to the U. S. government survey thereof, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in Thief River Falls in said County and State on the 31st day of May, 1924, at ten o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay and satisfy the amount that will then be due on said mortgage and the indebtedness secured thereby, including the taxes so paid on said mortgaged premises which are in the aggregate of One Hundred Forty-one and 52-100 Dollars ($141.52), with the costs and charges of said foreclosure and Seventy-five Dollars ($75) attorney's fees, subject to redemption at any time within one year from the date of sale, as provided by law.

HART IN GREAT WESTERN DRAMA

"Singer Jim McKee" Reflects All the Glamour of the Old Frontier.

Are there still new trails to be blazed in the western photodrama?

William S. Hart says there are. In an interview he states he believes there is a rich vein of western romance which has been untouched, a vein of glittering wealth which will open a virgin field of drama. He says:

"The popular conception of a western picture is one in which the chief element of thrill is hard riding, expert roping and flashing gun-play. These things all have their places, but there is a deeper wealth of drama that is less generally known. The cowboy of the ranges will always be popular, and rightly, for he was a romantic figure. But back beyond the ranges, in the mountains, there is another type of westerner, a type that lives today.

"Singer Jim McKee" will be shown at the Princess theatre next Friday and Saturday.

Co-op. Poultry Marketing Now Seems Assured

(Continued from page one.)

here two weeks ago:

It will mean the same for our turkey, poultry and egg business in this region as our co-operative creameries mean to our dairy business. Will build up a reputation and demand for our superior quality. Organized this way we can sell in large volume to places that want our product most and stay away from the places that already have too much. Will not start selling, however, till around 1,000 or more members have joined.

This will be the 24th district in the state to organize. These districts are much like a creamery except that they cover more area to secure the necessary volume and members.

The membership is divided into groups according to localities. Each group elects its own directors, the directors elect officers, hire and fire the manager who is usually a man who sees the marketing situation from the farm view point and experienced in the poultry and egg business.

The directors may decide to make payments every month, every week or every two weeks. The expense of getting the products together, grading, package, freight, etc., are spread uniformly over the whole district.

Every member with the same grade and quality will receive the same price.

Each member pays a $3.00 membership fee and agrees to sell his surplus through his own association (except what he uses or sells for incubation, breeding stock or sales direct to a consumer).

Members can drop out at the end of any year after the second or his $3.00 fee will carry him the full five years. If he moves away or ceases to be a member, the association must determine his share in the reserve fund and pay it over to him within 30 days.

The association agrees to take the poultry and eggs from each member, provide facilities for handling, assembling, grading, selling and turn over to the member all the products bring less the actual marketing expense and a fraction of a cent in the reserve fund.

In short the association provides a real sales department for our poultry and egg business. Western farmers are netting 3 to 7 cents more than Minnesota farmers after shipping 3,000 miles.

The Minnesota plan uses the same methods as the farmers in Washington, Oregon, California, Texas, Alabama, New Jersey, Maryland and Denmark find so successful. Eventually there will be 50 of these districts in Minnesota federated into a sales organization that will put our turkeys, poultry and eggs on the map as the creamery association is doing for our butter.

Melvin Engelstad Leaves to Take Part in Contest of Declamatory Champs

Having won the district championship for boys in the recent declamatory contest held in Warren, Melvin Engelstad will leave for Minneapolis to take part in the state contest. This will be held in the McPhail School of Music Thursday evening, April 17. Melvin will give as his selection, "The Vision of War," with which he won the district place. Ten boys will take part in the state contest, the state being divided into that number of districts.

Million Dollars Available for Purchase of High Grade Live Stock—Not Over $1,000 for Any Individual—Rate of Interest on Loans Will Probably Be Placed at Six Per Cent.

County Agent J. J. McCaun is at Fargo, N. D., in attendance at a meeting of county agents from North Dakota and Northwestern Minnesota, representatives of agricultural colleges of Minnesota, Montana, North and South Dakota, railroad representatives and other experts. The meeting is called for the purpose of discussing the feasibility and working operation of the plan of the new $10,000,000 agricultural credit corporation to promote diversified farming in the Northwest.

The gathering was held at the Fargo Commercial club and in charge of M. O. Grangaard, vice president of the corporation and chairman of the tentative plan for aiding farmers in holding their own breeding stock as well as loaning a million dollars to them directly for the purchase of livestock. John W. Haw, of the North Dakota Agricultural College was selected secretary.

The proposal to confine this first test loan of a million dollars to North Dakota and Northern Minnesota brought a protest during the morning session from South Dakota and Montana representatives. The proposal to limit the loans to counties having county agents also was protested and as a result a motion was made authorizing the committee to make loans in South Dakota and Montana as well as in North Dakota and also to make loans in counties which do not have county agents.

That the plan is merely tentative and primarily for "try out" purposes was asserted by Mr. Grangaard.

"It is merely the basis for thoroughly testing out the demand for farmers in the territory for loans of this character; the practicability of the machinery proposed for making the loans and the efficacy of stimulating diversification through the medium of the loans proposed," Mr. Grangaard declared.

Under the plan proposed the committee has made the following suggestions:

That the organization work and loans be made in all counties whether employing a county agent or not.

Community loan committee of three or five members each be organized to assist both the farmers and the corporation in carrying out the plan of operation.

Either owners or tenants shall be eligible for a loan.

Loans be made only for the purchase of high grade or purebred breeding stock.

That no more than $1,000 shall be loaned to any individual borrower.

That the rate of interest shall be seven per cent each year, six per cent representing interest on the loan and one per cent to be used to provide a fund to be used for providing expert assistance to the community purchasing representatives and settlement for the stock purchased.

Farmers to agree among themselves as to the community purchasing agent.

No attempt shall be made to arbitrarily dictate regarding breeding types or class of livestock which they may purchase.

That the corporation shall accept applications for loans upon female breeding stock, either cattle, sheep or hogs, born after January 1, 1924, where the applicant can show the necessity for the selling of such young stock to pay indebtedness.

TEACHER LEAGUE HOLDS MEETING

Plans for Activities Decided Upon at Sessions Conducted Saturday.

The annual meeting of the Teachers' Progressive League of Pennington county was held in the American Legion club rooms on Saturday at 2 p.m., April 19th. There were thirty teachers present, which was a very good attendance, despite the bad weather and muddy roads. Miss Alice Stapleton and the Normal girls were also present as guests of the league.

The reports of the secretary and the chairman of each reading circle section was read and approved.

The plans for the future activities of the league were discussed under the following heads: County Play Day, County Graduation, American Education Week and Declamation. Supt. O. R. Sande was called on for a talk and he enlarged upon each of these.

The first two of these were carried out last spring with great success and also aroused a great deal of interest and enthusiasm.

The people as well as the pupils and teachers are very much in favor of having one this spring. The sectional play days which lead to the main play day are very different from those of last year in that they place the honor of winning on a group rather than the individual. Therefore the interest and competition between the schools on the county play day should be very lively. The date for the county play day has been left for further discussion.

The plan for carrying out the program of American Education week was discussed but nothing definitely decided upon, the work being left for discussion in the Reading Circle sections.

Declamation was the new phase of work suggested by Mr. Sande to the teachers for thought and consideration until the opening of school next fall.

After the business meeting the following program was given:

Reading, "For the Love of Mary Allen," by Dorothy Swedenberg.

Short address by Rev. Chas. Gerlinger.

Vocal Solo, "Somewhere a Voice is Calling," by Miss Hilda Esko.

Following the program a delicious lunch was served by Bertha Hastad, Myrtle Myrin, Clara Sorenson and Mrs. Battenfeldt.

LUTHER SYNOD IN CONFERENCE

Northern Park Region Pastors to Convene Here April 29 to May 1.

A conference of the Northern Park Region, Missouri Synod of the Lutheran church, will be held at St. John's Lutheran church in this city from April 29 to May 1. Rev. E. H. Kreidt is pastor of St. John's church. It is expected that about 20 ministers from outside points will be present at the conference.

The conference is called for the purpose of discussing doctrinal question, questions of policy, and general church affairs. One feature of the conference is the English service at St. John's church Tuesday evening, April 29, to which the general public is invited. This service will be conducted in the English language. An impressive song service is planned for Wednesday evening.

Rev. Kreidt of this city and Rev. H. Lutz of Goodridge are busy looking after preliminary details of the conference and preparations are being made to give the visiting pastors the best possible impression of Thief River Falls and its people.

SPEAKER MAKES HIT WITH PLAY

"The Fool" Delivered by Dr. Henry Clark Tuesday Pleases Audience.

The ladies of the Presbyterian church presented one of the most enjoyable entertainment features of the year when they secured Dr. Henry Clark, the noted speaker, to give his lecture-recital, "The Fool," in the church auditorium Tuesday evening.

In a series of word pictures, Dr. Clark placed before his audience the settings of the scenes with such fidelity and gave them such color and life that the play seemed to have lost none of its dramatic intensity in the rendition by one man instead of fifty people. Especially was this true in the climax at the end of the third act when a mob rushes on the stage and the turmoil follows, ending with the miracle of the little lame girl walking. This scene was handled with a skill that gave it all the grip of the play itself. The fourth act, presenting a quiet picture of peace told in a few words which left the auditor at the end of the act in some way desiring to be better, was in strong contrast to the act preceding.

Brief Court Session.

Judge Andrew Grindeland conducted court here Tuesday afternoon and heard evidence in the case of the Farmers and Merchants State Bank vs. the Emerson-Brantingham Implement company. The court took the case under advisement and will render a decision later.

HAZEL TROUBLE AIRED IN COURT

St. Hilaire Young Men Are Charged With Using Obscene Language.

A case which drew a large crowd of spectators was tried before a jury in Municipal Judge N. W. Tarrant's court last Thursday afternoon. Upon complaint of Ole Matheson of Hazel, Sigurd Engh, Peggy Nelson and Waldorf Walbeck, St. Hilaire were arrested and arraigned in municipal court Wednesday, the complaint charging the defendents with using obscene and abusive language in the Matheson store at Hazel on the evening of April 12. They demanded a jury trial and the case was set for the following day. After hearing the evidence in the case, the jury disagreed after deliberating from 5:30 in the afternoon until 10 o'clock in the evening.

The trouble started at Hazel about midnight on the day in question, following the close of a dancing party in the Hazel hall. The defendants were charged with entering the store and confectionery of Mr. Matheson and therein creating a disturbance through the use of obscene and abusive language. Matheson threatened to throw the boys out, while others tried to settle the matter emicably. The final result was, however, according to testimony at the trial, that Matheson called Sheriff Ihle over the telephone, whereupon the three defendants hastily left the premises.

The defendents were represented in court by Attorney Chas. E. Boughton of Red Lake Falls, while County Attorney Theo. Quale conducted the prosecution. A total of 17 witnesses were examined during the trial. The following were drawn to serve on the jury: P. C. Huseth, L. I. Hermanson, Abe Hetland, Bert Bergh, Haakon Olson, Ed. Ness, John Gonering, Harold Olson, George Larson, Severt Benson, Iver Aaseby and A. G. Halseth. It is reported that the jury stood three for conviction and nine for acquittal.

Whether the case will be retried has not yet been decided, and it is highly probable that the whole affair will be allowed to rest where it is.

Secretary of Minnesota Rural Credit Bureau on Tour of Loan Inspection

Secretary T. O. Ofsthun of the Minnesota Rural Credit Bureau spent several days in Pennington county during the past week in connection with work for the state body with which he is connected. Mr. Ofsthun had intended to make an extended inspection of loans in this territory but the impassable condition of the roads due to recent rains forced him to change his plans. Accordingly he will return here on May 10 and will at that time confer with applicants concerning their loans.

During his stay here Mr. Ofsthun visited Goodridge, St. Hilaire and Red Lake Falls. His impressions of the country are most favorable and he expressed his satisfaction with much that he saw.

Before being appointed to his present position the secretary was cashier of the Federal Land Bank of St. Paul. Previous to that time he was cashier of the Fremad Benk at Glenwood and for many years was register of deeds of Pope county, which was his home since boyhood. He is one of the best posted men in the state on farm values and it is considered fortunate that one of his experience was appointed by the governor to the responsible position of secretary of the big loan bureau.

Mr. Ofsthun came here by auto from Bemidji, inspecting farm loans along the entire route from St. Paul. From here he went to Warren and points north of that city on the Great Northern. He was accompanied on his trip by Mrs. Ofsthun.

LIGHT QUESTION CONSIDERED BY CITY ALDERMEN

Receives Proposition From Electrical Distributing Company.

Matter of Rebuilding Water Power Plant Explained by Minneapolis Man.

The city council again had a lengthy discussion of the lighting question before it last night and for the first time had presented an offer from one of the high line power companies, H. H. Henley of the Minnesota Electrical Distributing company, with headquarters at Minneapolis, being present and addressing the council at length in the matter, with a promise to meet the council next Tuesday night to go still further into the matter.

Mr. Henley had been in the city all day Tuesday going into the local conditions and outlined a proposition of bringing power into this city from the high power lines now running north from Crookston through Warren, Argyle, Stephen and Hallock, across to Lancaster and Newfolden, Greenbush and down to Middle River, over which lines his company is now serving these various towns, there being 22,000 voltage available. This service could be tapped due west of this city at a point south of War-

ONE DEPARTMENT MAY BE CUT OUT

Two-Teacher Normal Training in Local Schools Depends on Enrollment.

The two-teacher normal department is being eliminated from most schools by H. E. Flynn of the state department of education. However, Thief River Falls will be granted such a department provided a minimum of 24 students enroll for study. The final arrangements will be made soon and it is important that young men and women who are interested notify Supt. I. T. Simley without delay.

Last year several young people were disappointed because they tried to enroll too late to enter the department. The candidate must have a high school diploma and pledge his intention or willingness to teach school during the following year. Any graduate of the teachers' training department who has taught one term will be given one year's credit toward graduataion in any state teacher college. Aside from this the training received is excellent and gives the student the best possible elementary grounding for teaching.

Thus far, 19 of the present seniors have signified their intention to enter the department, as well as five candidates from outside. Since the maximum number also is limited, it is very necessary that application for enrollment be made immediately. This year 15 girls expect to receive their teachers' certificates.

Redistricting Perfected at Athletic Conference Last Week in St. Paul

At the athletic conference which Supt. I. T. Simley attended last week in St. Paul, it was decided to redistrict the state. Instead of the 16 districts which the state is divided into now as regards athletic events there will be 32. It is possible that a tournament will be held in each of the 32 districts with all the schools participating. Eight regional tournaments would follow. These would be held in some central place and the winners of four nearby districts would take part. The eight winners of these regional tournaments would then meet in Minneapolis to decide the state championship. Definite district assignments have not as yet been worked out, but these will be made later on.

Shall We Play Ball?

With the coming of beautiful spring weather, the baseball bug is showing signs of coming to life. The big question now is, will Thief River Falls have a baseball team in the field the coming season? The time for action is right now. Let somebody call a meeting and thresh the matter out. A season without a baseball team is unthinkable. Something should be done about it and that mighty soon. Let's get busy.

Woman's Club Entertains Neighboring Women Next Monday at Regular Meet

The Women's club will hold its next regular meeting Monday, April 28, at 3 o'clock in the Commerical club rooms. The club has extended a cordial invitation to the ladies of the St. Hilaire, Mavie, and Goodridge community clubs to be present at this time and a large number are expected from these places.

Mrs. J. T. Bowers will be hostess at the social hour and on the musical program are the club's chorus and Mrs. W. W. Prichard, Jr., who will render a solo. A discussion of the World's court will be given by Mrs. Charles Gerlinger, Mrs. Nicholson and Mrs. I. T. Simlay. Every club lady is invited to attend.

AUTO SPEEDERS ASSESSED FINE

Three Local Men Donate to City Coffers for Exceeding Speed Limit.

Through he efforts of the police force, which has been instructed to be on the lookout for violators of the speed laws within the city, three men were this week brought before Municipal Judge N. W. Tarrant. They are Gust Holman, Charlia Dostal and Palmer Tommerdahl, each of whom was assessed a fine of $12 and costs, which was paid. The two former are alleged to have broken the automobile speed limit on Easter Sunday while Tommerdahl's fast driving was done on April 8.

Tommerdahl, when arraigned, entered a plea of not guilty to the charge and demanded a hearing which was set for Tuesday afternoon. After thinking the matter over, however, he concluded to change his plea to guilty and pay his fine.

Judge Tarrant at the morning hearing on Tuesday, made it clear that a second violation of the automobile speed ordinance will bring with it a fine of $25, and a third offense 90 days in jail with no alternative of a fine. It is the intention of the authorities to curb the speeding evil within the limits of the city, and drivers are warned that fast or reckless driving is sure to bring them face to face with Judge Tarrant.

HOME ENTIRELY RAZED BY FIRE

J. A. Ralston Residence is Completely Destroyed by Blaze Early Thursday.

Last Thursday morning the home of Mr. and Mrs. J. A. Ralston at 121 St. Paul avenue south was almost entirely destroyed by fire, together with all of the furniture and other belongings of the Ralston family. The loss is only partially covered by insurance.

The fire, which presumably started in some manner from the kitchen stove, had gained such headway when it was discovered that Mr. Ralston was unable to reach the telephone to call the fire department. It was with great difficulty that all of the members of the family succeeded in escaping from the burning building.

A call to the fire department was finally despatched from the home of a neighbor, but by the time the department arrived on the scene the flames had gained such headway that nothing could be done to save the house or its contents and the fire fighters centered their efforts to saving neighboring structures.

Lauretta Taylor Leading Figure on American Stage

Laurette Taylor, one of America's favorite screen actresses and star in "Happiness," which appears at the Princess theatre Sunday and Monday, won her way to fame after a long, hard struggle. Miss Taylor, by ambition, courage and genuine hard work has reached the lofty position she now holds in the theatrical world.

In her new picture, "Happinese," Miss Taylor tells why she is an apostle of joy in opposition to skeptician. In "Happiness" Laurette Taylor is supported by a splendid cast, including Pat O'Malley, Hedda Hopper, Cyril Chadwick, Edith York, Joan Standing and Laurence Grant. It is said to be one of the greatest pictures of recent release and theatre goers will make no mistake in arranging to see it.

Miss C. Jean Gran left last evening for Alexandria, where she will remain at the home of her sister until the latter part of the month. She will then leave for Chicago to make her future residence.

Victor Caton of Minneapolis spent a brief time here last Friday at the home of Mr. and Mrs. John Pederson.

MUCH BUSINESS TAKES UP TIME OF CITY DADS

Tuesday Evening's Session Lasts Until Midnight; Consider Problems.

Three Pool and Billiard Licenses and Building Permit Granted.

The city council had another lengthy session last night with all members present, adjournment being taken at a quarter of twelve until May 6. However, the aldermen will have several meetings in the meantime, one of which was held today with L. H. Jacobson of Minneapolis at the dam to go into details of improvement thereof. Another meeting will be held next Tuesday night to listen to a further discussion of high power service from outside the city. There are also several committee meetings scheduled for the interim.

Three applications for renewal of pool hall and billiard licenses were acted upon favorably, these being for Harry Fry, Jas. Cosgrove and Wm. Sheedy, while a plumbers license was again granted to Ed. Lee and moving picture licenses to the Lyceum and Princess theatres. A public dance permit was granted to the Peoples Co-operative store for their annual ball on Friday night, April 25, and a building permit to E. P. Burstad for improvement of a residence on the East Side at a cost of $1,200. The Standard Oil company requested permission to hang another sign in place of the one now located across the sidewalk at the filling station, this

FINE RENDITION MARKS CANTATA

Chorus Under Vistaunet's Leadership More Than Pleases Audiences.

Good Friday was very appropriately observed in this city when the choir of the Trinity Lutheran church presented Dubois' sacred cantata, "The Seven Last Words of Christ." The church was literally packed by a very appreciative audience, in fact, so many were turned away that the work was given again in the auditorium Sunday afternoon where the first success was again repeated.

The cantata is one of very beautiful arrangement, especially fitting for Good Friday observance, and one that is better appreciated for being heard more than once. The choir, under the able direction of Dr. Vistaunet, did some very effective ensemble work. The soloists, Dr. J. N. Nesse, tenor; Mrs. O. F. Mellby, soprano; and Dr. P. L. Vistaunet, baritone, all sang with a very deep appreciation of the meaning expressed in their solos. The choir was given excellent support by H. O. Chommie, who accompanied them on the piano. Before singing each of the seven parts of the cantata, Rev. T. E. Sweger gave short, appropriate addresses.

PUPILS OF KNOX IN BIG RECITAL

First Six Grades to Render Musical Program at Auditorium Friday Eve.

The pupils of the first six grades of the Knox school will give a musical program at the city auditorium on Friday evening of this week, April 25. As an added attraction the high school orchestra, one of the best organizations of its kind in this section of the state, has been engaged to assist in the performance.

It is stated by those in a position to know that the Knox youngsters have been undergoing several weeks of intensive drilling and that they are in shape to give an excellent account of themselves. While this is the first time during the year that the Knox children have appeared in public, it is said that they are the equals of other divisions of the public schools which have during the past term shown wonderful talent along musical lines.

An admission fee of 25 cents will be charged parents and high school students while grade children will be admitted for 15 cents. Proceeds are to be used in buying furnishings for the Knox school. Everyone is invited to come out and hear the little folks of the East side sing and see them act.

Red Crown

The High-Grade Gasoline

Gives Better Carburetion

Thirty-seven nationally known automobile factories buy Red Crown Gasoline in tank car lots for testing purposes.

These manufacturers use Red Crown because it has made good—because after comparison it has been found to deliver more mileage, more power, less carbon, easier starting, greater flexibility, quicker pick-up, and smoother acceleration.

It is practically certain that your car was tested and proved with Red Crown before it left the factory and that its entire carburetion system is adjusted to Red Crown Gasoline.

These are weighty arguments why you should use Red Crown, but there is a more forceful reason in the unqualified guarantee of uniformity which the Standard Oil Company (Indiana) gives you with every gallon of Red Crown you buy.

Fill up with Red Crown anywhere and everywhere and you will get more mileage, better mileage, and better carburetion.

Obituary

Robert Louis Carlson.

Early Monday morning occurred the death of little Robert Louis, the 11 months old son of Mr. and Mrs. Carl E. Carlson, at their home on Horace avenue. Stomach trouble was the cause of death. The baby was born May 10, 1923. The funeral was held Wednesday (today) afternoon at the Presbyterian church, Charles Gerlinger, pastor, officiating. Interment took place in the Greenwood cemetery. Besides the parents, there are left a brother, Donald, and a sister, Emma, to mourn his loss. Among the out-of-town relatives present at the funeral were Mr. and Mrs. Scott Hall and Mr. and Mrs. L. C. Pears, of St. Thomas, Mr. and Mrs. A. L. Carlson of Crookston and Mr. and Mrs. James Schulphert of Loma, N. D.

Card of Thanks.

We hereby wish to thank our sincere thanks to neighbors and friends who so kindly assisted us with donations after the loss of our home by fire. Especially do we thank Mrs. E. O. Erickson, Mrs. Aos, the Zion Lutheran Ladies' Aid, and the Lyon Rebecca lodge.—Mr. and Mrs. Alfred Bredeson, Ruth, Robert and Wayne Bredeson. 6

Field Beans
The Great Northern Baking Beans
Only 8c Per Pound

See what Oscar H. Will & Co. of Bismarck, N. D., say about these beans——

GREAT NORTHERN—The Most Delicious Baking Bean in the World! This hardiest bean was originally obtained by us nearly forty years ago from Son of a Star, an Hidatsa Indian, among which tribe it had been raised for many years. It is a wonderful yielder and one of the most profitable sorts that can be raised. Grown to the exclusion of all other varieties of field beans around Billings, Mont., the bean center of the Northwest. Forty odd cars of Great Northerns were shipped from that point to Chicago this past year.

This seed was purchased from Oscar H. Will & Co., and raised in Town of North and can be gotten at Bredeson's & Co., and H. K. Strand & Co. as long as it lasts at 8 cents per pound instead of 20 cents as was paid for this seed two years ago.

SEED CORN

Will you need SEED CORN this spring, if so, remember it always pays to buy good seed. If you have used of our SEED CORN before, you know the quality of it. If not, ask one of your neighbors who has. We do not handle any inferior grades of SEED CORN and you will always find us ready to guarantee any corn we may sell you to be just exactly as we represent it to be. Our SEED CORN has produced mature crops in this locality for several years and did so even last year although the season was unfavorable. That is the kind of seed you want.

Below, for comparison, we are giving you some of the principal characteristics of the standard varieties we now have in stock.

Variety	Color of Grain	Av. No. of days planting to maturity.	Average height of stalk in feet	Ear Characteristics	No. rows of Grain on cob	Average length of ear	Color of cob	Approx. dist. from ground to ears

Poor Grand Forks.

Interior combustion has reference to a man who never swears out loud.

God has some difficulty in remembering people who go to church only once a year.

Take time occasionally for a little happiness or in time you won't have time for anything.

A man who has no enemies misses a lot in this world—a lot of fun and a lot of constructive criticism.

The man who is a fool and knows it is forty jumps ahead of the man who doesn't know anything.

Go to church next Sunday and see how much more respectable you feel when the ordeal is over.

They say the cost of speeding on the streets of Thief River Falls will be unusually expensive this year.

People who like to spread things should spread manure. It is much more profitable than spreading gossip.

Women have not helped their cause any by claiming to vote more intelligently than men. Anybody can do that.

Some people still think the world is flat—and they say there is still a merchant in Red Lake Falls who doesn't believe in advertising.

One lonesome janitor is all that remains of official Washington to escape suspicion in the investigations carried on lately in the capitol city. Lucky stiff.

A Philadelphia man received a lot of mention recently by refusing a bequest of a million dollars. Probably he is a newspaper man and doesn't want to be bothered with something which he knows nothing about.

If filings for state offices continue at the present rate, the primary ballot will look more like a city directory than anything else. To the voter will be left the job of eliminating all but a few of the strongest.

Mr. Ofsthun said loans in this section are not excessive if people cooperate and work in unison. In other words if we are to build up this country we must, each and every one of us, quit our dirty knocking—quit poking our noses into our neighbors' affairs—go to work unselfishly for the good of the community. That sounds like good common sense.

Those young rowdies who have been in the habit of breaking into school houses and doing other tricks of like nature in Thief River Falls during the past few weeks had better take heed and discontinue the practice before they get into serious trouble. It may seem like something smart to them but it won't be so funny when the strong arm of the law grabs them. And this is just what will happen if the troublemakers don't terminate their exploits right now.

To judge from the records in municipal court there appears to be a decided disposition on the part of a few to disregard the speed laws in driving automobiles upon the streets of Thief River Falls. The authorities are determined to put a stop to the evil by rigidly enforcing the law, and this procedure will receive the wholehearted approbation of every right-thinking citizen. There is no excuse whatever for reckless driving and the speed demon should be curbed before a serious accident occurs.

That Thief River Falls is the home of real talent in musical and theatrical lines has amply been proven during the past week in the presentation of the operetta, "The Gypsy Rover," and the excellent rendition of the cantata, "The Seven Last Words of Christ." Both were produced in a faultless manner and The Tribune takes off its hat to the leaders and personnel of both productions. Such things are decidedly worth while and this newspaper is extremely proud of the fact that the city has talent capable of putting them over in a manner which cannot be criticized in any particular.

Let those who are given to grumbling over the weather keep in mind that nothing has yet occurred to injure the alfalfa crop in Pennington county and that the old dairy cow is still on the job grinding out butterfat seven days a week. And while you are grumbling, don't forget all the nice days we had last February and March when by all the rules and regulations governing such things the weather should have been extremely wintery. Which brings us around to the fact that things are not so terribly bad after all.

There is no question but what a great majority of the people of the Northwest are heartily in favor of the McNary-Haugen bill. The important thing now remaining is to prove to the lawmakers at Washington that this is true. Let every man in this section constitute himself a committee of one to assist the measure by writing personally to as many senators and representatives as possible, urging them to support the bill when it comes up for a vote in congress. Make all of the lawmakers at Washington see that this section of the country is for the bill with heart and soul and it will have considerable effect when the vote is taken. Petitions and personal letters are the best means of assisting the measure at this time.

EXCHANGE ECHOES

Question of Right Width.

The safety of driving in the country doesn't depend upon the width of the road or the width of the cars, but how about the width of the heads of the drivers.—Goodhue Enterprise.

Cure of Automaniacs.

Would it not be a common-sense thing to do for the voters in every precinct in Lincoln county to pledge every candidate for a legislative office to see that a bill is introduced in the next legislative session, adding severity to the penalty for speeding motor cars? Would a law save life and cure automaniacs, if it had much severer provisions than the present law?—Hendricks Pioneer.

Dealing With Dangerous Menace.

At the last meeting of the board of directors of the Minnesota Automobile association a resolution was adopted favoring making the second conviction of driving an automobile when intoxicated a gross misdemeanor. "Sparks," the official organ of the association, says it believes it should be the first offense. There should be the most drastic punishment for the fool who gets tanked up and then attempts to steer an auto. Only yesterday a drunken driver smashed into a parked car, which was the only one in sight. Had there been any persons in or near the car, somebody might have been either killed or seriously injured. The total number of automobile accidents in the country is appalling. Nearly all of them could have been prevented, with a little caution on the part of the drivers—but when a drunken driver has neither sense nor caution. Last evening the police arrested two men in a car, both beastly drunk. The only way to cure this form of idiocy is to give them a three months' cooling treatment behind bars.

—o—

The man who drinks moonshine and then starts on the highway with his flivver is a dangerous menace. While the bootlegger is a partner in crime, the man himself is not to be excused because of the unlawful acts of the moon peddler. They are both guilty, and let there be no sob stuff that would in the least degree excuse the man who drives his car on a death dealing trip.St. Cloud Daily Journal-Press.

Declamation Contest Report.

In the declamation and oratory contest which took place in Minneapolis Thursday afternoon and evening at the McPhail School of Music, and in which Melvin Engelstad was the boy representative and Pearl Holmquist of Lancaster was the girl representative of this district, the following won places: In the boys' contest, Glenwood was given first place, Fergus Falls, second and Jackson, third. Rochester was given first place in the girls' contest, St. Cloud second, and Hutchinson third.

Commercial Club Notes.

Because of the meeting held already this week, the Commercial club will not hold its regular Thursday luncheon this week. However, next week on Thursday, May 1, the regular club luncheon will be held again.

STAR

Clover Nook School.

A few of the people from this district attended services both in the Erie church and in the North Star school house on Easter day.

ST. HILAIRE

Take Play to Greenbush.

The members of the cast of the home talent play motored to Greenbush last Tuesday evening where they staged the performance for the benefit of a very small crowd. The weather was not the best and a heavy rain during the early part of the evening left the roads in very bad shape for the return trip. This, together with a good deal of car trouble, kept the troupe on the road all night and it was a very tired bunch that arrived in St. Hilaire early Wednesday morning. The members of the caste were accompanied by Mr. and Mrs. Ducharme, Mrs. Burkee, Mrs. Stephens and Norman Patterson.

Music Coterie.

Misses Marie and Agnes Grimsrud entertained the members of the Music Coterie club at their home here last Wednesday evening in honor of the club's organiser and former director, Mrs. B. E. Stephens. Most of the members of the present club attended and a number of former members. The evening was very pleasantly spent in games and contests and a short program was rendered. At the conclusion of the meeting a delicious lunch was served.

Luther League Program.

The Luther League and Sunday school of the Norwegian Lutheran church gave a joint program in the church Sunday evening. This program was to the nature of an Easter program and was attended by a large congregation who enjoyed it thoroughly.

M. E. Sunday School.

Sunday school in the Methodist Episcopal church was resumed last Sunday under the supervision of L. A. Westphal who will act as Sunday school superintendent for the coming season. The Sunday school classes had been suspended during the winter months but it is hoped that the attendance will be all that it should be during the summer.

Creamery Board Meeting.

The board of directors of the St. Hilaire Co-operative creamery held their regular monthly meeting in the creamery Saturday, April 19. Although the price of butter fat has dropped considerable in the past month, still the pay roll to patrons is a little better than $10,000 for the past month, which proves that it is still a paying proposition.

Farewell Party.

Mr. and Mrs. Enoch Sundholm entertained a number of friends at their home here last Wednesday evening to honor of Mr. and Mrs. Carl Nelson who left for Minneapolis Thursday. Why DUTCHESS
CAN GUARANTEE
"10c a Button; $1.00 a Rip"

DUTCHESS TROUSERS are made by a firm which has made nothing but trousers since 1879.

No effort is spared to make them right—from the smallest button to the largest seam.

Because they are so well made, we very seldom have occasion to fulfill this warranty.

Tremendous production of this one article has given the makers of DUTCHESS TROUSERS experience in making them the best way possible.

And because for 44 years they have meant what they said, "10c if a button comes off; $1.00 if they rip," people are convinced of the sincerity of the product.

Nowhere in this town will you find better prices on trousers of so fine quality.

Few Autos and Truck Without 1924 Plates Now Seen on Highways,

Sheriffs and police are effectively enforcing the state motor vehicle tax laws this year in most sections of the state, says a highway bulletin this week. Active assistance is being given officials in many districts by members of the state highway organization.

Here is the sum-up in the bulletin: "That a larger percentage of Minnesota motor vehicles are registered now than on the corresponding date in any previous year is indicated by reports from many counties through highway engineers and other sources.

"Sheriffs and police officials are entitled to special credit for the condition. Newspapers have helped by publishing warnings which saved many readers penalties assessed on delinquents. Public sentiment also has been a factor, more than 400,000 car owners who paid promptly having looked to officials to compel the comparatively small number of dodgers to contribute their shares toward the better roads fund. Discovery that a day of final reckoning cannot be evaded and that all back taxes and penalties must be paid before new plates are issued influenced many to comply with the law.

"St. Paul and Minneapolis police have dealt with auto tax slackers as with traffic law violators, tagging machines and then taking owners into court. This method has proved particularly effective and resulted in putting 1924 tags on scores of machines in the twin cities where unlicensed cars are now rarely seen.

"Effective clean-ups have been staged in many smaller cities.

"Courts are imposing more severe penalties on delinquents who are made to pay extra for the trouble of forcing the state to collect from them."

Commencement.

The pupils of the Central school are getting ready for commencement. Talk of new hats, dresses, suits, etc. may be heard everywhere and some have already purchased the above mentioned articles. But, we ask you, what's the use of buying new hats BEFORE commencement when it will be AFTER commencement that they will need them?

Easter Vacation.

Easter vacation this year consisted of only one day, that being Good Friday. Still the pupils are joyous because this means a week less of work at the end of the year. The schools are getting out in the middle of May instead of June on account of the small holiday.

The two best English compositions for this week:

A trip to Panama.

One time when I came home from school my father was talking about a trip to Panama on business and would take me along. He said when he was through with his work we would spend a vacation there.

We started out from here one morning on a train bound for St. Louis. There were many sights to see but father said we would see better things going down the Mississippi river on a boat.

At St. Louis we got on board a steamer that was going to New Orleans. We passed many cities but the first interesting place to me was St. Pinon, as I knew there was a battle there in the Civil war. I think Vicksburg was the largest city we went through. All along the river bank were fields of wheat, cotton and many other things. New Orleans was a very busy place. Negroes loaded up much cotton and unloaded many other things. At New Orleans we took a boat across the Gulf of Mexico to the Panama canal.

We had a very interesting vacation. We stayed at Panama for about two months and then came home by train.

When we got home I told many of my friends about my journey. I would tell a few and then I would meet some other friends and have to tell it all over again. I told them all about what I did while I was there. The next year several of my friends went down to Panama for their vacation.

My Trip to Japan.

For a long time before I went I had planned to take a trip to Japan or some other part of the world. My time of going had come. My father told me I could go. I got some one to go with me. Soon I consulted some of my friends, two of whom could go. We three were packed and ready to start on Monday, June 1st.

We went on the night train to Minneapolis, arrived there safely. We stayed only one day at my aunt's and then took the train to New York, as we cared not to make any stops nearer than New York. When we arrived there we were greatly surprised at its size. We expected to see a large city but we found it larger than we imagined. After we had visited there a while we noticed how many immigrants there were there. Many from Europe that had come over to earn their bread, as there was a great famine there then. We then took a large steamer, sailing for Madrid, Spain, While we were on the steamer, we certainly enjoyed the trip. There were swimming pools which we enjoyed greatly. None of us got sea sick although we had never been on a ship so long before or never had seen so much water at once. When we arrived at Madrid we saw many queer things about us and would have liked to stay there longer but we intended to get back before July 13th and we wanted to spend most of our time at Kuishu and Tokio, Japan. We had friends from here who had been there for years and knew we would enjoy it much more there when we had some one to visit. At five o'clock Saturday we started on a trip across Europe making no general stops at places there as we were very anxious to get to Japan. Now I wish that we could have stopped at some of the cities in Europe and Spain and see the methods of farming used there and the industrial districts. What we saw of Europe seemed mostly an agricultural region and also Asia, with the exception of a few non-productive regions here and there. When we arrived at Peking, China, we were very surprised to meet one of our friends from South Dakota. We visited Peking and saw many places that our friend took us to. One of the great things we saw just out side of Peking was the great wall of China, which we all have heard of when we studied geography. It was a very long and narrow and had sort of a walk in between two smaller walls. We were now ready to start for Kuishu accompanied by our friend from Peking. When we found Lucille had lost or misplaced our ticket for the steamer. We made a great fuss over this. She went to the place where we were staying while we were there and much to her surprise found it on her dresser.

At Kuishu we saw many Americans but knew none. We tried to locate our friends but failed to find them. Rather disgusted and disappointed, we started for Tokio, where we saw families living close by each other. The people wove pretty clothing there as the Japanese are noted for their silk making. The land was also covered with very pretty trees and flowers. There were many pink blossoming trees there which caught my eye. Our friend took us to many beautiful places and little shops. At one we had chop suey. We bought many beautiful things that the Japs had made, such as silk articles. Our friends lived in an agricultural region where they raised much rice, so we had very good meals. We visited an industrial region near Tokio and saw how they made different things which puzzled us greatly. After our much enjoyed visit we started home, going over the same route. When we arrived home we never got through telling about our trip.

***

Maccabee Initiation.

Nine candidates were taken into the Macabee lodge at their meeting in the Sons of Norway hall Tuesday evening. Miss Harriet Olson of Minneapolis, deputy supreme commander of Minnesota was present and gave a very interesting talk. One of the things she mentioned was the three day session and pageant to be put on during May in Minneapolis. Reviewa will be present from all over the state and over 1,500 guards will be seen in fancy drille.

At the close of the initiation a musical program was given. Misses Anna and Lena Amon gave a delightful piano duet followed by Mrs. Oscar Melby, who sang two much applauded soprano solos very ably accompanied by Mrs. Ira Lane. Mrs. Lane and Mise Anna Amon also gave a small program of piano solos which were much enjoyed. A delicious luncheon and social time for the introduction of the new members followed. At the next meeting of the lodge, May 13, an invitational dance will be given with good music and a splendid evening assured to everyone who attends.

ROSEWOOD.

Agricultural Lecturer Coming.

Max Morgan of Fargo, a graduate of the celebrated Ames Agricultural college, and former county agent and director of the dairying extension division of the North Dakota Agricultural college, will be at the Rosewood hall on Tuesday evening, April 29th at 8:30 and will lecture exclusively on dairying and his speech will be profusely illustrated with moving pictures. As this is a time when the entire nation has turned the limelight on dairying and diversified farming, the lecture is ideal and we hope the entire community will turn out to hear this noted speaker.

Friday Club Has Annual Meet.

The annual business meeting of the Ladies Friday Afternoon Club met at the home of President Mrs. O. S. Hellerud on Tuesday afternoon, this change being necessary in order not to meet on Good Friday. As officers for the coming year the following were elected: Mrs. O. S. Hellerud, president; Mrs. L. L. Furan, vice president; Mrs. Emil Anderson, secretary-treasurer. As charity and flower committee Mesdames D. N. Petterson and Chas. Schnabel were elected. The next meeting will be entertained by Mrs. Peter Mellem at her home on the third Friday in May.

Meeting Suspended.

The last meeting of The Rosewood Farmers Club for this season was held at the Rosewood hall on Saturday evening, and if activities reopen in the fall, it will be under a different system. Much disagreement has been prevailing this spring owing to the fact that social diversions brought a very undesirable gathering of outsiders, and that the home people owing to this refrained from coming, and the officers decided to cancel the meeting until a new plan could be worked out, more satisfactorily for everybody.

Chimney Fire.

A chimney fire, in the high wind on Tuesday evening, ignited a bunch of papers piled near the chimney in the garret of the home of Mr. and Mrs. L. L. Faran, and for a while took on quite a before retiring noticed a crackling in the wall near the chimney and an investigating found that the garret was ablaze with paper, old wearing apparel and other stored supplies, evidently caused by a leak in the chimney, luckily the residence cistern was partly filled with water and a number of young men were still up at the confectionery, and with united efforts the fire was extinguished after much labor. Not much of value was destroyed by the fire, but from the situation, considerable clothing, furniture and wall covering was damaged by the water and tumult, however being adequately covered by insurance.

Why "Topsy-Turvy."

The expression "topsy-turvy" was originally "topside-turfway." When turf is cut for fuel it is turned upside down to dry, the "topside" of the "turfway" being underneath. So the expression came to mean upside down.

Uplifting Sentiments.

Love, charity, benevolence, kindliness, good will towards others, all arouse the noblest feelings and sentiments within us. They are life-giving, uplifting. They make for health, harmony, power. They all tend to the normal, to put us in tune with the infinite.

AUTO SLACKERS TAKEN TO TASK

Round-up of Tax Dodgers to Start at Once, According to Officials.

Pennington county owners of cars and trucks without 1924 license plates now are liable to $100 fine or a 90-day jail sentence and round-ups of auto tax slackers are starting over the state this week.

Sheriffs and police officers are charged with the duty of enforcing the law against the tax slackers, in justice to more than 400,000 motor vehicle owners who have paid. County attorneys must prosecute violations brought to their attention and public co-operation is sought in the campaign.

Charles M. Babcock, state highway commissioner, is notifying state highway department employees to aid in enforcement of the law under a provision that regular employees may be specially assigned to that work.

Not only will drivers of unlicensed cars and trucks be arrested, it is officially announced, but these provisions are to be rigidly enforced:

"No motor vehicle bearing dealer plates shall be used on any public street or highway except for the purpose in good faith of exhibiting or demonstrating the same to the prospective purchaser, or for the purpose of moving the same from warehouse to salesroom."

"Tax exempt plates shall not be used on any vehicle unless the name of the state department or the political subdivision owning such vehicle shall be plainly printed on both sides thereof."

The section to prevent abuses of dealers' license privileges prohibits the dealer from using a demonstrator as a personal or family car without taking out the regular private car license. Violation of either provision is punishable by $100 fine or a 30-day jail term, as are other offenses against the motor vehicle tax law.

The highway commissioner is authorized to assign only regular employees to motor vehicle tax enforcement, it was pointed out, and for that reason no new auto tax license inspectors can be appointed this year.

M., in Book 3 of Mortgages on page 364.

Which said mortgage, together with the debt secured thereby, was duly assigned by said C. L. Dobner and H. G. Dobner, Mortgagees, to F. M. Purdy, by written assignment dated the 26th day of April, 1915, and recorded in the office of said Register of Deeds on the 24th day of May, 1916, at 8:00 o'clock A. M., in Book 56 of Mortgages on page 143, and

WHEREAS, thereafter, the said F. M. Purdy, the Assignee and Holder of said mortgage (his full true name being Franklin M. Purdy) died and at the time of his death was a resident of the County of Wabasha and State of Minnesota; and whereas, Harry G. Dobner was, in due proceedings had in the Probate Court of said Wabasha County, appointed executor of the estate of said Franklin M. Purdy, deceased, and duly qualified as such; and whereas, Letters Testamentary of the estate of said deceased were duly issued to said Harry G. Dobner by said Probate Court, bearing date the 22nd day of January, 1916, a certified copy of which was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota, on the 14th day of February, 1916, at 1:00 o'clock P. M., in Book H of Miscellaneous on page 24, and

WHEREAS, said Harry G. Dobner, Executor of the said Estate of Franklin M. Purdy, Deceased, did duly assign said mortgage, together with the debt secured thereby, to Chase L. Dobner and Harry G. Dobner, as Trustees of Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, by written assignment dated the 27th day of June, 1916, which said assignment was duly recorded in the office of said Register of Deeds on the 6th day of September, 1916, at 1:00 o'clock P. M., in Book 11 of Mortgages, on page 500, and

Which said mortgage, together with the debt secured thereby, was duly assigned by said Chase L. Dobner and Harry G. Dobner, Trustees for Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, the Assignees and Holders of said Mortgage, to Millicent Purdy, by written assignment, dated the 25th day of April, 1923, and recorded in the office of said Register of Deeds on the 7th day of May, 1923, at 9:00 o'clock A. M., in Book 65 of Mortgages on page 232, and

WHEREAS, The said Millicent Purdy, the Assignee and Holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas ,there is actually due and claimed to be due and payable at the date of this notice the sum of One Thousand Seven Hundred Ninety and 05-100 ($1790.05) Dollars, and whereas the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof;

Now, Therefore, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Northeast Quarter (NE¼) of Section Fourteen (14), in Township One Hundred Fifty-three (153) North, of Range Forty-two (42) West, of the Fifth Principal Meridian in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 31st day of May, 1924, at 10:00 o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $1790.05, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars, Attorneys' fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Hansen, mortgagee, dated January 6, 1921, and with the power of sale therein contained duly recorded in the office of the Register of Deeds of the County of Pennington, State of Minnesota, in Book 57 of Mortgages, on page 532, on the 18th day of January, 1921, at 1:00 o'clock P. M., which said mortgage together with the debt secured thereby, was duly assigned by said C. L. Hansen to Minneapolis Trust Company by written assignment dated January 19, 1921, and recorded in the office of said Register of Deeds on January 28, 1921, at 10:00 o'clock A. M. in Book 65 of Mortgages, on page 107, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company to Minneapolis Trust Company, Trustee, under the Last Will of Emma O. O'Brien, deceased, by written assignment dated February 16, 1921, and recorded in the office of said Register of Deeds, on March 18, 1921, at 1:30 o'clock P. M. in Book 11 of Mortgages, on page 503, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company as Trustee under the last will of Emma O. O'Brien, deceased, to Charles J. Robinson, by written assignment dated June 6, 1921, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:00 o'clock P. M. in Book 73 of Mortgages, on page 251, and which said mortgage together with the debt secured thereby was thereafter duly assigned by said Charles J. Robinson to Minneapolis Trust Company by written assignment dated March 20, 1924, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:15 o'clock P. M. in Book 65 of Mortgages, on page 265.

Now, therefore, notice is hereby given that said Minneapolis Trust Company, assignee of said mortgage, has declared and does declare by reason of the aforesaid defaults, all the principal sum of said mortgage to be now due and payable, and that the amount which is claimed to be due and is due at the date of this notice upon said mortgage is in principal and interest the sum of Twelve Hundred Ninety-seven and 60-100 Dollars ($1297.60), and that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of the following described mortgaged premises lying and being in the County of Pennington, State of Minnesota, to-wit: the East Half (E½) of the East Half (E½) of Section Fourteen (14) in Township One Hundred Fifty-three (153) North of Range Forty-five (45) West of the fifth (5th) P. M. in Minnesota, containing One Hundred Sixty (160) acres, more or less according to the U. S. government survey thereof, which sale will be made by the sheriff of said Pennington County, at the front door of the Court House in Thief River Falls in said County and State on the 31st day of May, 1924, at ten o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay and satisfy the amount that will then be due on said mortgage and the indebtedness secured thereby, including the taxes so paid on said mortgaged premises which are in the aggregate of One Hundred Forty-one and 52-100 Dollars ($141.52), with the costs and charges of said foreclosure and Seventy-five Dollars ($75) attorney's fees, subject to redemption at any time within one year from the date of sale, as provided by law.

GREAT MEETING OF LOCAL CLUB

Tuesday's Commercial Club Session Most Interesting in Several Weeks.

The regular weekly noonday luncheon of the Commercial club was this week held on Tuesday instead of on the regular meeting day, which is Thursday. The reason for this was the presence in the city on Tuesday of Henry Clark of Virginia, who read the famous play, "The Fool," at the Presbyterian church in the evening and who was scheduled to make a short talk at the club meeting.

Mr. Clark, after a few introductory remarks, chose for his subject, "Loyalty." He is a speaker of exceptional ability and handled his subject in a masterful way. The only regret of his listeners was that his talk was all too brief. The speaker pounded home some plain truths and did it in such a way as to make a lasting impression upon his audience.

Another feature of Tuesday's meeting was the talk given by T. O. Ofsthun, secretary of the Minnesota Rural Credit bureau. Mr. Ofsthun was introduced by J. S. Arneson, local appraiser for the bureau. The speaker delivered a very interesting talk on the organization and workings of the rural credit system in Minnesota, stating among other things that more than 16 million dollars has already been loaned to Minnesota farmers since the board started actual operations last July. Mr. Ofsthun called attention to a number of provisions in the law which are not as they should be and to remedy which amendments will be sought at the next session of the legislature. He said the board had been called upon to do a vast amount of work and this together with delays in securing necessary funds made it impossible to rush all loans through with such promptness as might be desired. The speaker stated, however, that everything will come out all right in the end and that the rural credit law will prove a boon to farmers of Minnesota. He emphatically stated that it is useless for clients and others to shower the board with letters and requests urging action upon particular loans, and similar pressure brought to bear on the appraiser can result in no benefit to anybody. Applications are considered in the order of receipt, each strictly upon its own merits, and any deviation from this rule is impossible, according to Mr. Ofsthun.

BOYS CHOSEN TO CAMP NEXT FALL

Every Selection is Made on Merit for Visit to Big State Convention.

Two boys from each of the counties of the state, every boy with some worthy club achievement to his credit as shown by club record, have been selected for membership in the Farm Boys' camp of the 1924 Minnesota state fair. County agents and junior club leaders have done the choosing. From Pennington county Byron Westphal and George Wilson of St. Hilaire, both poultry club welfare workers, have been chosen for the boys' camp. At least 180 boys will be in camp. The list has just been given out for publication by T. A. Erickson of University Farm, state leader of boys' and girls' club work.

Roscoe C. Coffin of Minneapolis, assistant state secretary of the Y. M. C. A., will again be superintendent of the camp. All the transportation and subsistence expenses of the boys will be paid by the management of the state fair. As partial recompense, the boys will be detailed into companies to assist in handling the traffic and also seating the people in the grand stand.

Harold Schie of Warren and Herbert Pagnac of Stephen have been chosen to go from Marshall county, while Kittson county will send Casper Spangrud of Kennedy and Alvin J. Weberg of Lancaster.

Piano Pupils Appear in Very Pleasing Recital

Mrs. Doris Halvorson Pope presented two of her pupils, Gladys Weeks and Leonore Lieherman, in a piano recital last Saturday evening at the studio. It was a private recital and was well attended by relatives and friends of the two piano performers. They both showed decided talent and played exceptionally well for girls of their ages. Following is the program:

Who Has the Whitest Lambkins	Reinecke
Gladys Weeks	
Dream Fancies	Harris
Scherzando	Beecher
Leonore Lieherman	
Reverie	Huerter
Second Valse	Godard
Reverie	Gaynor
Song of the Brook	Lack
The Fawn	Hamer
Impromptu	Reinhold
The Spinning Top	Sternberg
To Spring	Greig
Shadow Dance	MacDowell
The Bee	Schubert
The Swan	Saint-Saens
Second Mazurka	Godard
Duet: Valse Caprice	Grieg

A CLOSE SHAVE.

A well known business man of Warren, accompanied by another man, narrowly escaped injury last evening when his car, an Essex coach, turned completely over at "Dead Man's Curve" between this city and St. Hilaire. The driver is said not to have realized that the double turn was so near at hand and was traveling at too high a rate of speed when reaching it. The car turned completely over but neither of the occupants was hurt in the least.

Aside from a broken door and a few other injuries to the top, the car was not damaged and continued on its way next morning under its own power.

PLAY DAY IDEA IS TAKING ROOT

First Sectional Rural School Event Takes Place on Monday East of City.

The first sectional play day was held Monday, April 21 at the Elwell school in district 28. The school in district 30, taught by Miss Mabel Shefveland, won first place with a total score of 20. District 53 was placed with a score of 11 and district 29 won third place with a score of 9.

The events consisted of volley ball, which took the form of an elimination contest, and which was won by district 30. The running races which followed were won by district 53 with districts 31 and 15 following in second and third places respectivly. In the jumping, district 30 again took the lead with an average leap of 5 feet 9 inches. District 29, coming in second, had an average of 5 feet 5 and 5-7 inches and district 53, with an average leap of 5 feet 3½ inches. In the running race for pupils below the third grade, Gladys Hanson came in first, Thelma Rynestad, second and Martin Hanson, third.

The districts which took part in the play day were 15, 28, 29, 30, 31, 42 and 53. The affair was considered a complete success and with a little better organization will prove even better. The next play day will be held at the Highlanding school in District 37, April 24, with another following the next day at Erie.

Douglas Fairbanks, Jr., a Born Actor, Says Director

Joseph Henabery, director of "Stephan Steps Out," which will appear at the Princess theatre Friday and Saturday, says that Douglas Fairbanks, Jr., is a natural born actor with undoubted talent matching his ambition. It is hard enough for anyone, let alone a boy, to ward off self-consciousness before the camera.

Mr. Henabery further says:

"Notwithstanding I have known Douglas since he was a little fellow, he really surprised me by the facility with which he picked up screen technique, which is something most often difficult of mastery for even experienced actors facing a motion picture camera for the first time.

"Doug, Jr., had many things in his favor as a screen recruit. With the natural curiosity of a boy of 13 he managed to quickly learn. It is an important process in the education of anyone cast for important roles in pictures. Sometimes it is really hard work, but with young Fairbanks it was a lark.

"There was never a dull moment with him on a set, and his generous boyish nature and sunny disposition made friends of all he came in contact with during the making of his first picture, 'Stephen Steps Out.' I believe the screen public will take Doug, Jr., to its heart."

Many Assessors Attend Meeting in City Today

A meeting of assessors under the supervision of the Minnesota Tax commission, is being held in Thief River Falls today. Every assessor in Pennington county, a total of 24, together with 16 from western Beltrami county are in attendance. A representative of the tax commission is conferring with and instructing the assessors as to their duties, and explaining every phase of the work.

Legionaires Will Launch Big Membership Drive

An invitation is being extended to every service man in the county, whether a Legion member or not, to attend the next meeting of the Elmer J. Eklund post on Wednesday evening, April 30. The Legion band will parade that evening at seven o'clock and a feed will precede the meeting. This meeting will open a two weeks' membership drive and the Legion is going to start it off with a bang.

Remove Silent Sentinels.

On account of orders from the state highway department, which has jurisdiction over such matters on Main street because of this being trunk highway 32, it has decreed that no guide posts or "silent sentinels" may be used to guide traffic on this street. Accordingly this thoroughfare now finds itself minus these valuable aids in keeping motor vehicles running smoothly. Orders is orders, however, and must be obeyed.

PENNEY CONCERN OBSERVES BIRTH

Chain Store Organization Started 22 Years Ago in Very Small Way.

Twenty-two years of service to the public was completed by the J. C. Pennsy company on Saturday last, (April 12). The company was founded in 1902 at a small mining camp in Wyoming and has grown to the indisputable position of the world's largest chain department store organization.

It was fitting that the company should give recognition to its birthday in some way and decided that the better way was to give another community the advantage and pleasure of economical shopping which this and several hundred other communities have been enjoying.

Hamilton, Missouri, was decided upon to be the home of the new store. It is interesting to note that J. C. Penney, whose name this great nation-wide institution bears, was born in Hamilton, where after the usual public school training, he secured his first mercantile experience in the same building and the very room where he now is opening, store No. 500 in the great chain.

Associated with Mr. Peunay in the ownership of the Hamilton store, are fourteen men, all of whom were born in this Missourian town and are now connected with the company as stockholders and managers in other places.

The store opening was the occasion of an enthusiastic home-coming and was attended by Mr. Penney, J. M. McDaniel and others of the company.

Announcement is made that nearly one hundred additional stores will be added to this organization during the present year.

Another interesting announcement was that made the other day by Manager H. E. Nelson of the local store, to the effect that recently the company drew its check for over $2,000,000 to the order of a single manufacturer of shoes. This colossel payment indicates something of the quantity of different lines of goods required by this large combination of retail establishments.

Much Business Takes Up Time of City Aldermen

(Continued from page one.)

being granted if certain objectionable features were overcome.

A notice was received from the J. G. Robertson company, of St. Paul, for the payment of the balance of their contract for installation of machinery in the filtration plant, the same being referred to the city attorney, the sum being $2,197. The council first wish to have the pump placed in first class condition after which it will up to Wolff & Co., the engineering company, to place an O. K. on the work.

The claim of Ralph E. Thomas for engineering work done a year ago to ascertain power possibilities was also up for allowance and the clerk was authorized to draw a warrant to him in the sum of $1,800.

B. D. Bjorkman appeared before the council regarding the small bridge that connects the main land back of the mill with the island and which has been used by him and the public in general for years and which has become dangerous through age. He suggested a new floor thereon or that it be dismantled. The matter was referred to the street committee. Mr. Bjorkman also asked if the lease on the ground for the sewer outlet was not about to expire and the city attorney was asked to investigate.

The committee on buildings reported revised prices for use of the auditorium as follows: $20 per night to home talent; $30 to outsiders; $20 per night for six consecutive nights; $15 per night for political meetings; free use for conventions. A resolution establishing these prices was passed unanimously.

The ordinance regulating power and light rates was given its second reading while the ordinance prohibiting the manufacture and sale of intoxicating liquor in the city was again passed without a second reading.

An ordinance vacating that portion of East Second street east of Atlantic avenue was given its first reading, this being that portion of the street between the present creamery and the office, which land will be used when the new creamery is built.

The council instructed Ole Legvold to take steps to remodel the white way posts and to set them over to the outside of the curb as provided for when the pavement was laid, thus insuring a modern white way before the close of the season.

The committee investigating the complaint regarding the incinerator asked for further time to learn what other cities are doing to overcome the local nuisance.

Election judges were named by the council last night for the year as follows:

First ward: Ed. Ness, B. Knudsen, and Emil Griebstein.

Second ward: Herbert C. Jung, Alfred Bredeson and W. H. Akre.

Third ward: P. J. Keating, Mrs. W. B. Waldorf and Andred Bottelson.

Fourth ward: C. M. Wilson, Mrs. Schuster and Frank Cernoncek.

Light Question Considered By Aldermen This Week

(Continued from page one.)

ren and current brought over a line for a distance of approximately 27 miles.

The current is alternating while that in this city is direct, but which, he said, must sooner or later be changed to alternating. This could easily be done through a plan he outlined, of installing a motor generator which would make it possible to serve residents living in the outskirts of town, especially around the Soo shops, also the street lighting service, with alternating current. Then the present direct current users could be gradually changed over by reducing the area and at no great expense to the city at one time. The business section would be changed over last.

Thief River Falls is in need of more power, especially at the peak load hours in the evening, and this service would permit of caring for this. Then when the city was not using its peak load the engines at the power plant here or the dam could operate at full capacity and the company Mr. Henley represents would take any surplus we had, applying it against whatever consumption the city took from them.

Mr. Henley suggested that the city build this line and if we took more than we gave back in current, then one-half cent per killowat out of the tentative four-cent rate he quoted would apply toward the cost of construction of the power wire, until it was fully paid for, at which time it would eventually become the property of the Minnesota Electrical Distributing company.

Chairman Martin Evenson asked how long a contract Mr. Henly would ask for and he said that would be up to Thief River Falls. There would be a small monthly charge, however, to cover cost of a substation at Crookston to step-up the voltage and vice versa to take care of Thief River Falls, but this would not be great. He will be in a better position to state this cost when meeting with the council next week.

Over 100 municipalities in Iowa, Nebraska and South Dakota are now being served by this company, Mr. Henly stated, 25 of them in this immediate part of the country. If the line were built across from the Warren line as suggested, in all probability a line would also be built by the power companies north from St. Hilaire to Middle River, thus the whole system in this part of the state would form a figure eight. This would better insure a continuous supply of current at all times.

Mr. Henley cared not whether the city improved its power plant by the installation of additional units, or bought the dam and repaired that. That would be up to the city, he stated, and would only insure a greater amount of current available for his company to use when Thief River Falls was not taking it all for local consumption.

The aldermen later in the evening listened to L. H. Jacobson of the Jacobson engineering company, which has offered to place the present dam in a condition that would insure nearly double the present volume of current, the cost thereof to be in the neighborhood of $85,000. He had blue prints and photos of various installations his company had made in various states and today the aldermen went to the site of the dam and again went into the matter in more detail, being very favorably impressed with the possibilities of greatly increasing the power facilities if the city deems it expedient to purchase the dam and make the improvements.

Two weeks from last night bids will be opened on the cost of another power unit at the power and light plant and this in conjunction with the talks made last night will give the aldermen plenty of material on which to base a plan of action, insuring Thief River Falls a continuous supply of current for both power and light, either dependent or independent of outside current.

AROUND ABOUT

State Game and Fish Commissioner J. F. Gould has sent out letters of warning that the fishing laws will be strictly enforced this season. The last legislature made numerous alterations in these laws and have provided for the rigid enforcement of the license provisions of non-residents.

The body of Bennie Birkness, a young man living alone on a farm near Badger, was found lying on its back across a low pasture fence several days after death occurred. Death was found to have been caused by an attack of heart failure. He had been suffering from a weakness of that organ since having the flu in France during the war.

Gonvick camp 108 of the Woodmen of the World lodge is deep in the plans for a new home and public hall as the result of a successful canvass of the village. Of the $7,000 needed, $8,250 has already been pledged and no trouble is anticipated in raising the remaining $800.

The sum of $2,598.60 was paid during the year of 1923 for bounties on wolves, crows and gophers in Polk county. Bounties were paid on almost 100 grown wolves besides many pups and records show that at least 80,822 crows and gophers were killed.

Ole L. Rindahl, one of the pioneers of Minnesota, died at his home in Rindahl, April 15, at the advanced age of 78. He was born in Norway, 1845, and settled in Nicollet county of this state with his parents in 1860. In 1862 Mr. Rindahl was one of the defenders of New Ulm during the Sioux Indian outbreak. In 1880 he moved to Norman county and had lived at Rindahl since. The claim shack of Mr. and Mrs. Rindahl was the first postoffice in that place.

SOO ROAD WILL ADD NEW TRAIN ON DULUTH LINE

Much Better Service to Result From Night Train to Start June 1.

Conference at Duluth Decides in Favor of Sleeper on Night Train.

Announcement was made last week by Soo officials that a new train will be put into service on the Thief River Falls-Duluth line of that road, beginning June 1 next. The new night train will leave Duluth at 5:45 p. m., arriving in time to connect with Winnipeg flyer No. 109, which connects at the Canadian city with through trains into Western Canada and the Pacific coast. Returning, the new train will leave Thief River Falls at 10:15 p. m., just after the departure of the south-bound flyer from Winnipeg to the Twin cities, arriving in Duluth at 7 a. m. Through sleeper service will be maintained with the main line of the Soo.

Announcement of the new transcontinental train service that will make connections with all Eastern trains, affording tourists an opportunity to visit in Duluth en route to the coast, comes after a six-year campaign on the part of the Chamber of Commerce and Duluth business institutions. The movement for a night train to Thief River Falls that will connect with the Winnipeg trains began in 1917, but activities on the part of the chamber were discontinued during the war.

The new night train to Thief River Falls and Winnipeg will connect with all the boat lines and will afford the summer tourists going west through service to the coast. In addition the train will make direct connections with the fast non-stop Soo train from the Twin cities for passengers from the Middle West and the South enroute to Western Canada, Lake Louis and coast points.

PUPILS OF KNOX MAKE GREAT HIT

Musical Program Friday Proves Enjoyable Event to Large Audience.

A delightful little fantasy was presented at the auditorium Friday evening by the pupils of the first six grades of the Knox school. The first half of the entertainment took the form of drills, choruses and folk dances that put the performers across with a bang from the very first curtain. Possibly the most amusing number in this first group was the third grade orchestra with its ensemble of toy piano, violin, cornet and drums, and the solo numbers performed. The drills and dances were all very pretty and executed with a precision which indicated much training and good work by the teachers in charge.

A little operetta, "The Land of Dolls," took up the second act and proved equally delightful, with every part well acted and the children showing themselves capable at every moment. The king of dolls was played by Roy Lonson while his haughty queen was very well acted by Dorothy Tyrer. The fairy queen was played by Alva Tharaldson and the two little girls of the story were Alice Lonson and Alice Larson. The part of Houp La, the clown, was taken by Robert Booren, while the Chinaman, Sat Sing, was played very well by Robert Gray.

Mrs. E. Lacy and Misses Carolyn Melby, Agnes Gunderson, Esther Gunderson, Agnes Aaseng, Margaret Sangen, Sarah Vaughan and Aneta Dalquist are to be congratulated upon the dainty effect of the play and drills of the evening. The between acts feature of the evening was the playing of the high school orchestra, which has been brought to a high standard of excellence under the able direction of Miss Maude L. Johnson.

While the season has been a little unfavorable for its early appearance this year, the baseball bug during the past few days has been pretty much in evidence in Thief River Falls. So far no concerted action has been taken for the organization of a baseball team but it is expected that a meeting will be called in the near future to consider the matter. There is no reason why Thief River Falls should be without a baseball team this year, especially when it is considered that the town is full of talent awaiting only a little training to produce first rate ball players. Let's go!

Presbyterian Men's Club Devotes Session to Boys and Boy Scout Problems

The Men's club of the Presbyterian church gave a supper last Friday evening which was very well attended. The time following the supper was devoted to the subject of boy work.

The banquet was followed by solos sung by Mrs. Ray Robinson and a reading, Kipling's "Ballad of East and West," by Mrs. Charles Gerlinger. A committee of two, R. Johnston and E. O. Mogensen, gave an interesting exposition of scout work as the Elks' club is working it out. C. N. Meserve, scout executive for district 10, who was to have been the chief speaker of the evening was unable to attend, but A. H. Larson of the Northwest School of Agriculture at Crookston gave a very good talk on the different angles of boy work, and this was followed by little talks on the part of various club members. There were also reports from the various committees of the club on their department work.

MORE LIGHT AND POWER MATTERS ARE DISCUSSED

Councilmen Listen to Proposal of Minnesota Electric Distributing Co.

New Plan May Offer Solution to Problem Now Facing This City.

Only three aldermen were present at the informal meeting of the city council last night to listen to a further talk on the proposition made a week ago by H. H. Henley of the Minnesota Electric Distributing Co. of Minneapolis regarding serving this city with high power over a transmission line without the city. Those present were Chairman M. V. Evenson, Chris Porter and Oscar Paulson. H. A. Brumund and O. A. Rambeck were detained by unexpected business while T. A. Fossum was out of the city. Mayor J. S. Arneson and a few others also were present.

Mr. Henley submitted a brief proposal in written form of what his company would do, covering the same points as enumerated in The

CONFERENCE IS MECCA OF MANY

Twenty-One Pastors Attend Sessions at St. John's Church Here.

The North Park Region conference of Lutheran ministers, comprising 25 ministers of northern Minnesota who represent some 60 congregations, is holding its spring conference at St. John's Lutheran church this week. The conference was opened with a devotional service Tuesday morning. Rev. Martin Hauser of Warren was elected president and Rev. Henry Lutz of Goodridge secretary. The morning hours were devoted to the discussion of doctrinal matters and in the afternoon questions involving pastoral practice were considered.

Public preaching services were held Tuesday evening in the church auditorium, with Rt. Rev. Hauser as the speaker. The members of the conference communed at this service, and Rev. Herman Mayer of International Falls preached the confessional sermon. This evening a social gathering will be held in the church parlors, preceded by a special song service in the church auditorium. The conference will adjourn Thursday afternoon.

Following are the ministers present: M. Brammer, Euclid; E. Schnett, Crookston; O. Peterson, Fertile; M. Heine, Tenstrike; H. Mayor, International Falls; P. Selz, McIntosh; H. Lutz, Goodridge; Prof. L. Fisher, Cass Lake; F. Burgdolf, Grand Rapids; C. Glock, Remer; E. Siebert, Cass Lake; E. Wiedenhofer, Red Lake Falls; H. Remer, Grygla; O. Brauer, Mahnomen; T. Schuppkegel, Ada; L. Keinath, Roseau; O. Kohler, International Falls; M. Hauser, Warren; E. Kreidt, Thief River Falls; F. Randt, St. Paul; E. Frenk, Bemidji.

JEFFERSON HIGHWAY ROUTE QUESTION STIRS UP SERIOUS TROUBLE IN NORTH TOWNS

Thief River Falls Remains True to North Route—Will Support Friends of That Route When Jefferson Officials Make Tour of Inspection—Misunderstanding Regretted Generally by Local Friends of Towns Involved.

The village of Karlstad is very much up in arms over the recent action of the local Commercial club in sending a delegation to meet with the Warren club to discuss the proposed rerouting of the Jefferson highway. In a front page article the Karlstad Advocate in its last issue accuses Thief River Falls of bad faith. Among other things the Karlstad paper says:

"Thief River Falls has assisted in an underhanded attempt to steal from us the Jefferson Highway."

The article in question severely criticises Fred Herrick for his action as a member of the committee, and it seems, threats of reprisal have been made against the Thief River Grocery company, with which he is connected. This is all very unfortunate, for the truth of the matter is that Mr. Herrick was not even a member of the committee appointed at the Commercial club meeting. He is in the position of the "innocent bystander" who frequently gets hit by flying bullets when trouble occurs. He simply was invited by the committee to take a ride to Warren, and he accepted the invitation without a thought of the consequences.

And in this connection it may be set down as an absolute fact that much misunderstanding has arisen over the entire affair. Thief River Falls is not committed to the routing of the Jefferson by way of Warren—never has been—and what is more, never will be. On the contrary, Thief River Falls recognizes the claim of the towns on the north route to consideration and will fight to the last ditch to have the Jefferson so located.

It cannot be denied, however, that the action of the committee which went to Warren might easily be misconstrued, thus furnishing grounds for the feeling manifested by Karlstad and other north towns. The mistake made here was in taking action without calling in the representatives from the north towns.

However, action was taken on the spur of the moment on the representation of the members of the Red Lake Falls delegation that officials of the Jefferson Highway had passed the word that only Babcock roads would be selected in the routing north of the twin cities. "That means the Warren route, and unless you fellows get behind the Jefferson with this idea in mind, the tourist traffic will be lost to you forever." So ran the argument. Quick action in advance of the Little Falls meeting in order to get a Warren delegate to the convention was urged. There was no initiative on our part—we just fell for a line of argument which was fallacious.

For, the fact of the matter is that no action has been taken by the Jefferson Highway officials. On the contrary action will follow the visit of the Jefferson Highway officials, which is scheduled to take place in the near future.

When they arrive Thief River Falls will again plead the cause of the north route as the one serving the greatest number of people of this section.

It is to be regretted that the committee selected by the Commercial club, consisting of L. R. Johnston, F. J. Stebbins and Dr. Mellby, should be singled out for condemnation. They only acted as the emissaries of the Commercial club, and we believe every member of the committee personally favors the north route.

The Tribune has positive information that plans are now under way for the proposed trip of General Manager French and other Jefferson Highway officials through the north country. They will probably be here some time in May, and that will be the proper time to show them the advantages of the north route.

Karlstad has a valid claim upon the Jefferson officials on the basis of that town's loyalty in the past. When Thief River Falls and other towns fell down on the payment of their annual dues, Karlstad kept up its full quota with charming regularity. That is something which ought to count—and we believe it will count. And if we are correctly informed, the greatest loyalty to the JH has been shown by the towns which would be eliminated in case the Warren route were eventually selected. The Tribune has no hesitancy in stating that such a course would constitute the basest discourtesy imaginable.

That the whole affair is deeply regretted locally goes without saying. As the Karlstad paper states, the north towns interested contain countless friends of Thief River Falls—people who trade here, who seek professional services here and who belong to many of the fraternal orders of the city. Our interests and theirs are identical in many respects. It follows that the people of Thief River Falls are committed to the interests of the north towns by a stronger bond of friendship than any tie which could possibly bind us to a mere proposal of increased tourist traffic. As one business man put it yesterday when discussing the matter with The Tribune: "We want tourist traffic to come here, of course, but first of all we want friendly relations with the people who come here regularly. They have a first claim on our loyalty."

PLAY DAY VERY POPULAR STUNT

Second Event in the Rural Schools of County Creates Great Interest.

The second play-day of the spring took place at the school in district 37 near Highlanding, Thursday, April 24. Districts 37, 38, 47, and 68 took part, and district 68 proved the victor with a score of 20. Second place was won by district 88 with a score of 15 while district 37 came in third with a score of 12 points.

Immediately after the picnic dinner, A. H. Larson of the Northwest School of Agriculture led a community sing which was very much enjoyed. He also gave a short talk on appropriate subjects which proved very interesting. There was a very good attendance of adults at this play-day gathering and everyone took hold in a way that proved the day a complete success.

The third play-day was held in district 14, five miles east of Erie, with districts 5, 14, 56 and 65 participating. This was held on the following day, Friday, April 25. The players worked under a handicap of a heavy rain which had fallen the night before, but the teams were very well organized and came through fine. District 56 won first place with a score of 26, district 14 came in second with a score of 19 and district 5 third, with a score of 17 points.

This gathering was also notable for the large attendance of adults. After dinner a community sing was led by A. H. Larson and a program was rendered with J. W. Erlandson presiding as chairman. County Supt. Ole R. Sande spoke on the value of play and play-days. Mr. Larson was also called on and spoke on the importance of staying in school as long as possible, to finish the eighth grade at least; to go to high school if at all possible and if not, to take a course of training at an agricultural school.

Considerable enthusiasm was aroused by the singing and other events of the afternoon and when it is remembered that this is a pioneer attempt in this kind of work, the progress is pleasing. The next play-day will be in district 35 on May 2 and this will be followed next week by gatherings beginning Monday and finishing Friday in the following districts: At Hazel May 5; district 25, May 6; district 73, May 7; district 54, May 8; and district 26, May 9.

Legion Meeting Scheduled For Thursday Evening Is Postponed Until May 8th.

Due to inclement weather conditions which make it almost impossible for a number of the Legion members from the country to attend, the meeting of Elmer J. Eklund post which was scheduled for this week, will be held next Thursday, May 8. There will be a big feed at 7:00 p.m. sharp and every Legion man is urged to be present at that time and to bring another service man along as his guest for the evening. This night will open a two weeks campaign for members and the post expects it to start with a bang. At 8 o'clock the Legion band will parade and everything is being done to make this a big night.

Senior Class Play to Be Given on Friday, May 9

The class play of the Senior class of Lincoln high school will this year be presented at the auditorium on Friday evening, May 9. "Mary's Millions" is the title of the play to be presented and it is said to be one of the best things in the home talent line attempted here in a long time. The cast is now busy with rehearsals and the characters are rapidly being whipped into shape. A more complete review of the play and the actors to take part will appear in these columns next week.

Northern Woodwork Co. All Ready for Operations Again After Serious Fire

When questioned by a Tribune reporter this morning, officials of the Northern Woodwork company, which suffered serious loss several weeks ago by fire, made the announcement that nearly all preparations for reopening the plant have now been made and with the exception of a few pulleys and other small items every piece of machinery in the building is all set to go once more. It is expected that by the end of this week everything at the plant will again be humming in the usual manner.

While the losses occasioned by the fire was a sereve one, satisfactory adjustments were made with the insurance companies and the material damage is pretty well covered. The greatest loss is brought about through loss of business in being forced to shut down for several weeks at the busiest season of the year.

CHOLERA PLAGUE THREATENS HOGS IN POLK COUNTY

Several Farmers In That County Said to Have Lost Entire Droves.

Action Now Being Taken by Authorities to Prevent Spread of Disease.

Pennington county farmers are warned that a serious outbreak of hog cholera is threatening their Polk county neighbors to the south. While no cases have as yet been reported in this county, it is well to take every precaution possible to prevent its spread to this section. Hog cholera is very difficult to control or eradicate once it gets started and an ounce of prevention is worth a pound of cure.

Monday's Crookston Times carries the following story relative to the situation in Polk county:

"Hog cholera is rampant in this section of Polk county and the disease is spreading rapidly, is the report given The Times today.

"Christ Mead, a farmer in the town of Lowell, has lost all his hogs within the past two days from this disease,

PENNINGTON MEN WILL GET LOAN

Dozen Applications Already in For Agricultural Credit Corporation Aid.

Machinery to help Pennington county farmers take advantage of the loan privileges extended to farmers through the new Agricultural Credit corporation is already in motion and actual loans will be put through within a very short time, it was announced this morning by County Agent J. J. McCann, who is chairman of the committee having the matter in charge. Other members of the committee are Math Barzen, representing the Commercial club; Waldie Christensen, Hans Anton and Morgan Vaughan. A dozen applications for loans with which to purchase livestock are already on file and it is expected about 30 more can be cared for out of the $30,000 or $40,000 available for this county.

The conference at Fargo last week decided that only counties which employ county agents will be allowed to get in on the first try-out of the plan of the credit corporation to loan money to farmers for the purchase of sheep, dairy and beef cattle. Press dispatches from Fargo to the effect that all counties would be given the same chance were erroneous. This means that only four counties in this section of the state will at present receive the benefit of the livestock loans.

Manager of Penney Store Called Home From Buying Trip by Illness of Wife

H. E. Nelson, manager of the Thief River Falls branch of the J. C. Penney company, who left two weeks ago to attend the convention of company managers at St. Paul and from there was scheduled to go on an extensive buying trip to several of the larger cities of the East, was forced to cancel his trip and returned to this city Monday morning. The serious illness of Mrs. Nelson made it imperative that he return at once. The Tribune is pleased to report that Mrs. Nelson's condition is somewhat improved today and it is expected she will soon be on the road to recovery. Mr. Nelson plans to make his buying trip in a month or six weeks.

LAST GATHERING OF PARENTS AND TEACHERS MAY 5

Varied and Comprehensive Program Prepared for Final Session of Year.

Game Warden Wm. Munch of Crookston Slated for Instructive Talk.

The last meeting of the present school year for the Parent-Teachers association will be held at the high school auditorium next Monday evening, May 5. A committee headed by Mrs. E. O. Mogensen is in charge of the program for this event.

The program will be different in every respect from those which have preceded it and will be varied in its nature. Each school in the city is to be represented by a number of pupils who will entertain in different ways, each group being allotted 15 minutes in which to present its particular specialty. Miss Maude L. Johnson, music superintendent in the Thief River Falls schools is scheduled for two numbers, but the nature of these has not yet been divulged.

One number on the program which should prove of especial interest to everyone at this season of the year is the talk of Game Warden William Munch of Crookston, who has agreed to appear that evening to deliver a lecture on birds. Due to his official position and also to the fact that he is one of the best posted men in this part of the country regarding its game and other birds, Mr. Munch's address should prove highly entertaining and instructive.

The meeting Monday evening is scheduled to open at 8 o'clock sharp as the program is of unusual length. For this reason everyone is urged to be on hand promptly at the hour set for opening.

WEED BURNER IS PLACED ON TEST

Machine Invented by Local Man Proves Successful in Initial Trials.

The first real test of the railway weed burner invented by H. W. Protzeller of this city and manufactured by the Gardner Weed Burner Manufacturing company, with headquarters here, was conducted last Thursday on the electric line east of Thief River Falls. A number of interested railway officials were present at the demonstration, among them being the following: General Mechanical Superintendent Allen, Northern Pacific; General Roadmaster Olson, N. P.; General Roadmaster Carney, Great Northern; Supt. Smart, G. N.; General Roadmaster O'Counor, Soo Line, and Assistant President Reed of the Canadian Pacific. The machine proved everything claimed for it by its makers, but due to the extremely unfavorable weather a complete demonstration was not possible.

A private demonstration of the machine was given Saturday, and next Tuesday it is planned once more to give it a public tryout, at which time a large number of representatives are expected from the railroad companies of the country.

The Gardner weed burner is something entirely new in its field, being built on a railway truck and operated by a Fordson motor. One man can successfully operate it, while heretofore it has been necessary to employ a train crew and additional men to the number of about ten to accomplish the same purpose. The machine is designed to travel from three to six miles per hour. If the machine proves successful—and present indications are that it will—practically every railroad in the country will eventually be equipped with it. This means that the company manufacturing the burner will be taxed to capacity for many years to come.

Gloria Swanson in Role of Boy on Screen Sunday

Gloria Swanson appears as a boy for the first time in her stellar career in "The Humming Bird," a Paramount picture directed by Sidney Olcott and coming to the Princess theatre next Sunday and Monday.

As Toinette, idol of the Paris underworld and a leader of a gang of Apaches, Miss Swanson alternates from boy's to gorl's clothing. Her dual personality as Toinette and the notorious "Humming Bird," for whom the Paris police search in vain, gives the star a wide range of dramatic possibilities in this production of Maude Fulton's play, which Forrest Halsey adapted for screen presentation. Edward Burns is leading man and others in the support are Jacques d'Auray, Mario Majeroni and Cesare Gravina.

Earl F. DeVelling Passes After Long Fight Against Dreaded Disease, Cancer

Early Friday morning, April 25, occurred the death of Earl F. DeVelling at his home on north State street, death being caused from cancer.

He was born in Colfax, Illinois, on October 24, 1885, and spent most of his boyhood there and in Kankakee, of that state, where he finished schooling. The family moved to this city in 1906 and since that time Earl had dwelt here. He was employed on the railroad until in 1913 when an accident brought about by a wreck caused severe burns and broken bones in both limbs from which he suffered for a long time. Aftetr his recovery he was employed for a short while on the railroad and then worked for the local post office, driving route number three for four years. His plucky fight for health during his last illness won for him the admiration of everyone. He was much liked by all who knew him and deeply loved by all those near to him.

He was married in 1908 to Hilda Berggren in this city by whom he is survived besides two daughters, Mary and Fern. There are also left to mourn his loss his father who resides at Fort Myers, Florida, a brother, Roland L., who lives at Tarpon Springs, Florida, and a sister, Mrs. T. M. Pearl of Oklahoma City, Okla.

The funeral was held Sunday afternoon at the Presbyterian church with Charles Gerlinger, pastor, officiating and the body laid to rest in Greenwood cemetery.

Laurits Olson.

Laurits Olson died at his home in this city Monday, April 28, death being brought about by heart trouble. He was born near Rock River, Wis., and grew up in Iola of the same state, marrying Miss Anna Mork in that place April 12, 1884.

The young couple moved to Stephen where they lived until 1902 when they moved here. They homesteaded a farm near Goodridge, living there until 1920 when they moved to this city again and have since had ther residence at 615 Dewey avenue. There are four children besides Mrs. Olson surviving him. They are Mrs. Inez Jensen and Stella Olson of this city; Leroy, of Newberg, N. D., and Morris of Chicago. There is also a brother, Charles, of Northoma and a sister, Mrs. George C. Taylor who lives in California. The funeral will take place Friday afternoon, May 2, at the Trinity Lutheran church, with Rev. T. E. Sweger officiating. Interemnt will be in Greenwood cemetery.

Peculiar Things Happen When Men Undertake the Huge Job of Choosing New Spring Toggery

Once there was a man who entered a haberdashery and sought out a clerk from among the suit racks and hat stands. He said he desired a hat which should be wide of brim, of thick felt, high as to crown and of a dark color. He had large, sad, drooping eyes of the malt drinker when he thinks of days of yore and he spoke in the rapid voice of the "Don't dare stop me before I-m through because I've learned this all by heart and if you stop me I'll forget what I've said and what I haven't" man. After much persuasion the clerk finally learned that the customer emphatically did not desire a cowboy model, neither would he glance at the beloved of a Kentucky colonel's heart. He also learned that the ultimate-customer was of violent belief that his was too red and too wide and short for the ordinary run of hats. It took much turning and twisting in front of a pier glass to bring this out, but finally came also. The clerk was in dispair and the customer turned to go out when be suddenly spied a "delicious confection" on a stand with a morocco cane leaning nonchalantly beside it and a pair of fawn colored gloves in careful negligence upon the stand also. The hat was of a light color, with a lining of soft, shining gold, of medium crown and brim and full of jaunty curves. "There is the hat I want," exclaimed he. The price was paid without a murmur; he clapped the hat on, peered for a moment before the glass and stalked out to conquer the world.

That is the way a number of men are. They recognize the surroundings of the effect they wish to create when they see them, but they do not know how to create these surroundings themselves.

It used to be the fashion to be thought "sporting." Those were the days of "bull dog nose" shoes, violent socks and trousers that were pegged at the tops until they flapped in the breeze. This era was followed by a more staid, gradually settling down period with flare ups by spells, notably the tomato and pea green ties fad of 1915, followed by the English toe shoes which lasted for several seasons, the "green" season of 1917 when hats, suits, ties, socks, shirts with green stripes, everything in fact that could be green was solid, striped, or dotted with that color. A relapse to more sober colors followed, gradually becoming more sober even in the tie line until 1919 and 1920 when the black and white era burst into view and trousers began to "bell" at the bottoms, and suits and manners began to follow the lines of evening formality. Golf, also, began to feature as a fashion dictator. Pointed shoes retired with blushes before the onslaught of the brogue and knickers became such a factor in every day dress that manufacturers began turning out suits with a pair of knickers besides the regular long trousers. Patent leather slippers appeared on the scene and what is more, they stuck.

Semi stiff colars were discovered by the ad. men also and in a short time celluloid, rubber, and "linenized" collars became almost a thing of the past. No more do you see the man who can go out in the rain with a "medium grey" collar and have him return with his neck-piece white and sparkling. The article is very hard to find in this locality and the stores report very little call for them. Along with this general sprucing up is the general come back in the tie line. Color is creeping up, but not the flashy colors that used to pop out at the innocent passer by from some unknown's expansive chest. Only when he wishes to put his own color in the shade does the blushing young man eye the scarlets and pale green and pink combinations. Neither do the knitted ties hold. Ties are becoming richer in color without becoming glaring to the eyes. Hats are coming gradually, but surely into favor, although caps still hold strong in this northern country. Suits are leaving the realm of blues and very dark colors and will be much richer in color although still sober in tone. More hues and color combinations are being worn when it comes to socks and garters are blossoming into all the plaids with some left over that the Scots never dreamed of having. These are probably the results of the popularity of golf.

All in all, the dress of the average wage earner is being chosen with more taste as time passes and it is more and more difficult to pick out the millionaire's son from the son of some local grocer.

STAR

Our school closed on Thursday. We had a little program in the afternoon and the ladies brought lunch which was served after the entertainment.

J. W. Erlandson called at the Even Sjulestad home Friday evening.

Tharald and Evelyn Tharaldson spent Friday evening at the Henry Sunsdahl home.

J. W. Erlandson called at the H. A. Dahlen home Thursday evening.

Ovila Lien visited with Thelma Hovet one day last week.

The Theo. Hyland family and Mrs. F. Baird were visitors at the Lawrence Wells place Thursday evening.

Mr. and Mrs. Lawrence Wells and daughter Geraldine, Mr. and Mrs. Henry Sunsdahl and son Hubert were pleasantly entertained at the Ole Tharaldson home last Sunday.

The H. A. Dahlen family and Mrs. G. A. Erickson were visitors at the C. J. Ekawld home one evening last week.

J. W. Erlandson left for his home in Mayfield township after finishing a seven months term of school in District No. 5.

Tharald Tharaldson and Henry Sunsdahl made a short call on Oliver Tommerdahl one evening last week.

Mrs. Henry Sunsdahl called on Mrs. E. Sjulestad Tuesday afternoon.

Our Friday play day was held at the Clovernook school. Four schools met together and different kinds of races and sports were the outdoor entertainment. Those who attended the play day in particular were Prof. Larson of the Crookston A. C. and Supt. Sande. The play day seemed to interest everybody as there was a large crowd even if the roads were wet and muddy.

Clover Nook School.

Our play day on Friday was a grand success, a large crowd being present. All districts in this section, namely 65, 56, 5, and our own, No. 14, were well represented. Mr. Sande, our county superintendent, and Mr. Larson of the School of Agriculture at Crookston were with us to help make our day's program complete. The community singing led by Mr. Larson was perfectly joyous. Mr. Sande delivered an instructive speech and also favored us with a beautiful solo. Gust Iverson rendered one of his excellent songs to the appreciation of the audience. The children of all districts and the teachers carried out their parts to the best of their ability. All in all the day was full of clean pleasure and we join in thanking all who partook in the program and also the people of the districts who willingly met the teachers and pupils half way to help in all preparations.

The G. A. Iverson family left on Sunday for Rhoda, where they were called by the illness of John Bommerud, Mrs. Iverson's father.

Z. J. Hole returned to his home here after a few months spent in the lumber camps.

Mrs. Ole Nerhus and daughter Annie were Sunday guests at the B. Danielson home.

The L. Wells and Henry Sundahl families were Sunday visitors at Tharaldsons.

Mr. Sjerpe called at the Tharaldson home Wednesday.

Mrs. Dahlen and Thelma Hovet cleaned our school house Saturday.

Maxine Lien and Evelyn Tharaldson called at Sundsdahl's on Saturday.

Our school will close on Friday this week. Busy we are in preparing our program to be given on that day in the afternoon.

Tellef Hovet is visiting his daughter, Mrs. Lunden, and Ben Kveste near Highlanding.

Arbor Day Programme.

The last two periods of Friday morning were spent in a program to celebrate Arbor Day. This day has been observed every year at the Central school but was exceptionally so this year. Many essays were read in defense of the great forests of America. Among those who read theirs were Agnes Cote, Lucy Nason, Clarence Sande and Maurice Oen. Poems were given by Clifford Myron and Luella Ericson. The Central Glee club also participated in the program by singing the "Levee Song." As a closing exercise Professor Simley gave a speech on Arbor Day.

Effect of Fire Upon Timber Supply.

The visitor to a town or city gains his first and most lasting impression from the presence or absence of shade trees. The community with streets bare and bleak and shadeless is dismissed as an undesirable place in which to live. Shaded streets and tree-clad lawns have a charm which often proves the deciding factor for the home seeker in his choice of a place of residence. Arbor day has been definitely set in thirty-nine states. It is also shown in the efforts of real estate men to give new property added beauty and attractiveness by the planting of trees.

In regard to the protection of timber resources, excellent care must be rendered to prevent fire that brings destruction to vast areas of timber.

Timber is used for many different articles, which would be very difficult to do without. Therefore if a number of timber forests would burn a great area of land would be ruined.

The carelessness of tourists often brings on great forest fires. Very often they do not put out their camp fires and through this carelessness or ignorance or whatever the case is, many forests have been destroyed. When fire gains the least little headway it travels so swiftly that to put it out is almost an impossibility. It travels faster than the swiftest train and almost the only way it can be put out is by the change of the wind which drives the flames back over the fire-swept area, where there is nothing left to burn. For this reason we should be especially careful of stray sparks for if we are not, the lives of thousands of people are endangered and thousanda of acres of beautiful and useful forests are destroyed.

The forests and prairies offer suitable homes for birds. The birds are of great economic value in destroying large numbers of insects and quantities of weed seeds that would be a source of harm to forest trees. Therefore if a fire should sweep over a dense forest where many bords abound, the flames would devour them and destroy the homes of the birds that are left. For this reason and many other more serious reasons the national and the state governments have realized the need of protecting the forests. Each has a forestry service which is (1) a fire fighting system under rangers and patrolmen, (2) tree-planting on cutover lands and (3) the encouragement of the use of forests by campers and tourists.

Therefore let's all of us remember when out camping to be sure we have not left a spark of fire so that the forests or places where we have camped will not be burned through carelessness on our part. Nature has supplied us with these large timber resources which should not be destroyed by fire.

AGNES COTE.

Knox Program.

Last Friday evening the Knox school gave an interesting and successful program. Miss Johnson, music instructor; Mrs. Lacy and the other Knox teachers should be complimented on their delightful program in which Alice Larson and Alice Lonson had the chief roles. The proceeds amounted to nearly $150 which will be used for improvements on the Knox school.

History Curiosities.

For the last week or so Mrs. Karwand's classes have been bringing to school many things out of the ordinary that they possess such as queer stones, stamps, cloth and handiwork from other lands, etc. This has given the pupils a chance to see curiosities from other lands and is both interesting and educational.

Real Dope.

Miss Baten, who has been absent from school, resumed her duties Friday. Mrs. Roberts substituted.

Seventh and eighth grades are now taking their review before final exams.

Lenore Hermanson is the latest bobette.

Miss Sands, who has been absent since Easter vacation because of a severe cold, resumed her duties Thursday. Mrs. A. M. Campbell filled her place.

Vernon Pierson returned to school last week after a long absence due to scarlet fever.

Curious bystanders (listening to radio current): "What makes all those pauses in the music?"

Weary Dealer: "Sparrows on the aerial picking off the currents."

Next week the 8th grade pupils will have normal, girls the first two periods in the afternoon.

The teachers have not decided whether the pupils will have state examinations or not.

Harold Sponheim is now the proud possessor of a new bicycle.

In the Future.

We shall see—

John Barzen as chief performer in a medicine show.

Harold Will as a great author of western stories with girls with long curls as heroines.

John Arnold as Billy Sunday, Jr.

Claytou Snyder as a Paris dress designer.

Lucille Hermanson riding through life on A. L.'s handlebars.

George Williamson singing by the organ at which his best girl is playing, "Nearer My God to Thee."

The celebrated Dr. Harriet Fuller giving lectures and demonstrating her cure for cancer. (Good for you Harriet!)

Chester Dahlen with corner on the production of tin cans.

Ethel Moline, a teacher in a country school. (You receive your heart's desire anyway Ethel).

Chester Myron as a true example of an American citizen following the steady path of the civil engineer.

Can You Imagine—

Lottie Trodeau as a cook?

A week without Harold visiting the Princess?

Manville Gunderson knocking out Dempsey with one blow?

Gordon Johnson not giggling?

He: "Your extravagance is becoming unbearable. When I die you will probably have to beg."

She: "Well, I will be better off than some poor woman who never has had any experience."

An Expensive Notice.

Pat: "What be yer charge for a funeral notice in yer paper?"

Editor: "Fifty cents an inch."

Pat: "Good heaven'! An' me poor brother was six feet high."

As washable as tile itself

A COAT of Barreled Sunlight will make bathroom and kitchen walls—and woodwork everywhere—as easy to keep clean as white tile!

Barreled Sunlight is a white paint made by a special process and produces a surface so smooth that the finest particles of dust or dirt cannot sink in. A damp cloth will always wash it spotless.

Barreled Sunlight is easy to apply. It flows readily and leaves no brush marks. It requires fewer coats than enamel, is guaranteed to remain white longer and costs less.

Where white is not desired, Barreled Sunlight can be tinted just the color you want. Comes ready mixed in cans from half-pint to 5 gallon size. One coat is generally sufficient over a previously painted light surface. Where more than one coat is required, use Barreled Sunlight Undercoat first.

G-R-A-N-D and G-L-O-R-I-O-U-S FEELING.

You start up the old fliver to go somewhere. Mother and the girls and the lunch in the rear. The two boys proudly seated in front with father. You sail along as serenely as a May zephyr—whatever that is. You hit the side road and it looks bad but you guess you can make it. You slip off the grade and though it is Sunday you give vent to your feelings.

You swear a little—under your breath.

The boys get out and push you back on the grade. Farther along you strike a mudhole. Looks bad but you'll have to try it. You take a run for it with mother offering words of encouragement from the back seat. You stop suddenly in a sea of black mud. You get out and push with your boys at the wheel. She moves a little. You back up and try it again. This time she goes out—the flivver and all on board veneered with mud.

You stop for lunch and start home again.

Above performance repeated. Your chains are gone. You slip off the grade more frequently. You do more pushing. Mother has more to say from the back seat. F-I-N-A-L-L-Y you leave the side road and emerge upon a well graveled road and you sail for home without a bit of trouble. You wipe the sweat from your brow. Your temper is again normal and you speak kindly to mother.

Ain't it a G-R-A-N-D and G-L-O-R-I-O-U-S feeling?

Former Congressman Lindbergh who represented the sixth district for ten years, is lying at the point of death in a Rochester hospital, his ailment being a deep seated tumor on the brain. When stricken Mr. Lindbergh was a candidate for the Farmer-Labor nomination for governor with good chances of success. He is an able and conscientious man and has written a number of books upon the subject of finance and political economy. He is the father of Mrs. Geo. W. Christie of Red Lake Falls.

Fred Herrick is one of the best fellows on earth—good hearted—broadminded—public spirited. He is one of the greatest boosters for this section of the country that ever walked in shoe leather. His good natured laugh is a panacea for all forms of blues. We know Karlstad merchants would not want to hurt a hair on his head if they really knew what a friendly person he is.

Minnesota roads were given the acid test last week. Seldom have conditions been so bad. But one thing was demonstrated, namely, that the only road which will stand up under such conditions is the road which is correctly constructed in the first place. The Babcock roads fully justified all the good things which have been said about them.

Karlstad, Karlstad, Va Skal du ha!
Jefferson Highway,
Ja, Ja, Ja!

The committee which went to Warren last week, all good fellows, fine boosters, men who carry on for the city and community at all times, simply succeeded in stirring up a hornet's nest. But, such is the experience of all public spirited men who devote their time and energy to the public service. No wonder men hesitate to undertake the work of the public.

The Roseau Times-Region brings out the name of Martin Widsten for congressman from the ninth district. Mr. Widsten knows the district as few men know it, and he has many friends who believe him well fitted by all standards to represent the district in congress. It's a cinch he would receive a large vote in Pennington county.

Bro. Nordine wants to know "what is the matter with Thief River Falls?" We hasten to assure him he will find us all right in the end. Before the Jefferson matter is finally settled we dare say he will be the first to shout in answer to his own question, "She's alright."

Life is just one d—— thing after another. So is the weather.

More Light and Power Matters Are Discussed

(Continued from page one.)

Tribune last week. These included selling power to the city at 4 cents per k. w. hour and absorbing such current as the city might have to return to them from the present power plant and dam at the same rate, provided they would not take any more in any one month than the city took from them, but if the city took more than returned then one-half cent per k. w. would be paid to the city for such extra curent, the said sum to be credited against the cost of building a transmission line from a point 27 miles west of Thief River Falls to this city, and a step-down station, at a cost not to exceed $35,000. When a sufficient sum had been paid back to this city this way then the transmission line was to become the property of the company.

It was brought out last night that in 2 hours running time the present equipment at the electric light plant on a full load the city would be able to return to the company any juice taken from the company to care for the peak load that the two present Diesel engines could not produce. Thus there would be no need to increase the present equipment at all. This was also possible with the present dam equipment. The only thing, Mr. Henley said, that the city would have to spend any money for at the present time would be to build the transmission line which would absolutely insure the city against possible lack of light and power, for in case of a shut-down of the present plant, juice could be received from outside the city in sufficient quantity. The company in its agreement would guarantee at least 7,500 k. w., or about 1,000 horse power—a great sufficiency for some time to come.

However, in case the city went ahead and purchased another unit at the plant then the city would be all the better protected as to local supply and would be in still better shape to supply the company with juice if it should become necessary through outside trouble. And if the dam was bought and repaired at a cost of up to $150,000 altogether, then the city would have sufficient juice to supply to the outside and this would probably amount to 1,000,000 hours a year. The company would be glad to purchase this from the city at 1 cent per k. w. hour as this supply, which would not be a certain thing all through the year, is considered a dump current. This would reimburse the city to the extent of about $10,000 a year, or the fixed interest charges on the cost of the dam and its repairs.

It also was brought out at the meeting that the company would possibly build a line from Viking south to the city's line and also from Greenbush through Middle River and Steiner to this city, all of which places are now or soon will be supplied with high line service. Their line now runs north from Crookston to Warren, Argyle, Stephen and Hallock, thence across to Strandquist and Newfolden, with a line north to Lancaster and south to Viking, and also east to Greenbush.

The suggested term of years for the contract was 20, but that was optional with the council, and the city also retains the right to purchase power from any other source if an emergency might arise, so that the city would not in any way be at the mercy of the outside company.

Inasmuch as the council will receive bids next Tuesday on an additional unit at the electric plant, the council will wait for further developments, and will probably hold another meeting Thursday of next week to consider the matter more in detail. The aldermen wish to be sure of whatever step they take and are not making any promises to outsiders as they wish to be in a position to make the best arrangement possible and one by which the city may benefit.

AUTO TAXES BUY IMPROVED ROADS

Bidders Awarded Contracts For $1,000,000 on Trunk Highways.

Putting automobile taxes into road improvements promptly and using county reimbursement bonds to more fairly spread costs for highway users, Charles M. Babcock, state highway commissioner, is completing awards on probably the largest single list of 1924 construction on trunk highways.

The projects total 165 miles of new grading, 2 miles of paving and much bridge work, all for completion this year and widely distributed over the state. Contracts total $1,090,000, against preliminary estimates of $1,290,000. The bids were publicly opened last week at the Highway offices in St. Paul.

Although all trunk highway work is being wholly paid for with motor vehicle tax money and federal aid, county reimbursement bonds are being used to spread the cost of most of the above improvements over part of the time they will serve. Otherwise they would be paid for from 1924 taxes in spite of the fact that even greater benefits will be gained in future years, the commissioner said.

Every award was to the lowest responsible bidder. Averages of 20 bids on the largest projects and 10 on the minor jobs were received. Sharp competition was credited for the low prices which engineers predicted will mean continuance of Minnesota highway construction costs on levels below averages in other states.

Contracts are being conditioned on satisfactory right-of-way acquisitions which are still in progress on several projects. Asphalt paving was ordered on the Detroit project when offered at a figure little higher than that on concrete. The city of Detroit is to pay part of the paving cost.

Enrollment in Teachers Training Department Is Approaching the Limit

Five girls from neighboring towns have enrolled for the coming year in the teachers training department besides 20 girls from this city. This leaves only five more who can be cared for as there are accommodations for 30 pupils. Supt. I. T. Simley advises any who may wish to apply for the training course to hurry as the quota is certain to be filled soon. A teacher is being looked for to assist Miss Stapleton in her work during the coming year.

The girls who have applied for the training so far are: Elsie Blair, Pearl Conklin, Stella G. Gulseth, Erma Gunderson, Bertha L. Holthusen, Gladys Johnson, Hazel Kranse, Olga T. Lokken, Emma M. Lunke, Esther Lunsetter, Ragnhild G. Moen, Tena Nelson, Edyth M. Novak, Mildred Peterson, Agnes Rolandson, Doris Sandberg, Eleanor Sanders, Lillie Stenseth, Evaline Thompson, Eleanor M. Wertslein, all from this city; Esther Mehus of Greenbush, and Mabel Johnson, Hazel Dann, Bertha Biskey, and Edna Anderson of St. Hilaire.

Mrs. Hawkins Injured.

Mrs. Johanna Hawkins is suffering from severe bruises on her shoulder and side as well as a gash on her head resulting from a fall down the basement stairs Thursday evening. She was reaching for a bunch of keys which were hanging over the door leading to the basement and in some way she slipped. Although laid up at the home of the son-in-law, Joe Becker, for the time being, it is expected that Mrs. Hawkins will soon recover from the effects of the accident.

Special Invitation for Members of Auto Club to Attend Commercial Club

Members of the Pennington County Automobile association are extended a special invitation to be present at the noon luncheon of the Thief River Falls Commercial club tomorrow, May 1. The annual report of the association will be read, and suggestions invited from members as to the activities of the body for the coming year. The 1924 cards and road emblems have been received and those who wish to renew their memberships may do so by paying the annual membership dues of $2.

California Livestock Is Barred From Minnesota

Further spread of the foot and mouth disease in California has prompted the Minnesota Livestock Sanitary Board to prohibit shipments of California livestock, dressed carcasses, hay, straw or similar forage into this state. The disease has now appeared in 16 counties in California. The Minnesota board has also adopted strict rules and regulations regarding the shipment of trees, shrubs, vines, plants, fruits, vegetables, milk, cream, cheese and other products from California into Minnesota. Livestock from California destined for other states may not pass through Minnesota during continuance of the quarantine unless accompanied by a federal certificate of health and shipped in sealed cars. For further information respecting this quarantine address Livestock Sanitary Board, Old Capitol, St. Paul.

A Tip to Landlords.

The first real Spring Day is here and the matter of heatless apartments is not such a real issue as it was a few days ago. However, a Chicago court has just handed down a decision which will be received with great joy by the flat denizens and which may save much money for flat owners. A Chicagoan who lived in an apartment contracted pneumonia and died because the landlord failed to provide heat. He had made repeated requests for heat while he was ill but no results were forthcoming. The owner of the flat was greatly interested in the matter of rent collection but not at all concerned about the temperature of the building. The widow of the victim brought suit and a jury promptly returned a verdict of $10,000 damages, the full amount she had asked. We suggets that Minneapolis landlords who have been disposed to take lightly the matter of heating their apartments paste this editorial up where they will be sure to see it when the chill winds blow next winter.—Minneapolis Star.

Swenson-Lind.

Miss Hannah Swenson and Albert W. Lind were united in marriage at 11 a. m. today (Wednesday) at the Zion Lutheran church parsonage by Rev. George Larson in the presence of Ella Swenson and Bennie Lind, the sister of the bride and brother of the groom respectively. The bride wore a costume fashioned of copenhagen blue crepe de chine and the bridesmaid wore a gown of brown canton crepe. Both the young couple are residents of St. Hilaire and now will live on a farm west of Thief River Falls.

Many Turkeys Sent From Here to City Markets in November and December

The American express company reports a shipment during the year 1923 of 35,360 pounds of turkeys to the city markets. A total of $26,803.90 or, on the average, about 32 cents per pound was paid for these birds. The average weight of each was about 11 pounds. About 7,760 birds were shipped. All of these shipments were made during the months of November and December, the turkey being a holiday bird. The largest amount sent at one time was 6,909 pounds, the next largest 6,882 pounds and the third largest 1,200 pounds. The smallest during the season was 88 pounds, the rest ranging from 100 to 1,000 pounds.

"Bill" Leonard in City.

Wm. Leonard of St. Paul, who has been a conductor on the Soo Line since the road was built, was in the city today on his way to Roseau county where he owns a tract of land. He returned last week from Los Angeles where he and Mrs. Leonard have been spending their winters for some years. The veteran conductor spent the forenoon visiting an old friend, Mayor Arneson, the two having been friends since the early days of the Soo when the mayor was a resident of Elbow Lake, Minn.

AROUND ABOUT

The wedding of a brother and sister to a brother and sister took place at Terrebonne last week when Miss Dora Fournier became the bride of Ozain Payment at the same time that his his sister, Miss Rosealba Payment became the bride of Medorie Fournier, Miss Dora's brother. The brides were gowned in blue as were the bridesmaids, and each carried white carnations.

The Triangle Transportation company is now operating a bus between Crookston and Bemidji. The bus makes a round trip daily, leaving Bemidji at 8 a. m. The bus from this city to Crookston connects with the Bemidji bus at the junction of Trunk Highways No. 8 and 32 at 2:50 p. m.

The demand for alfalfa seed is continually growing stronger in Red Lake county and it is conservatively estimated that there will be in the neighborhood of 2,500 acres planted to this crop in the county.

Some Bad Roads.

Due to the heavy rains of the past week, many roads in this section of the country are in extremely bad condition and those who have been forced to travel in automobiles have had their share of troubles. Most of this trouble consists in getting pulled out of mudholes, however, and no serious accidents have been reported.

Beet Growers Busy.

Pennington county growers of sugar beets are now busy getting their ground in shape for planting the season's crop and many expect to start seeding operations by the end of this week. County Agent J. J. McCann is at St. Hilaire this afternoon making distribution of seed among the growers of that locality.

Lightning Hits Sanatorium.

A bolt of lightning, following a wire, hit the Okland Sanatorium during the storm last Wednesday evening. However, it entered the engine room in the basement which is fireproof and although a call was put in for the fire squad, there was nothing to be done. No appreciable damage resulted.

History of Dairying in Minnesota

Article 3.

In the early Spring of 1877—47 years ago—a little group of sturdy Scandinavian farmers (six families) left Fillmore County, in the southern part of the state for the Red River Valley. They located at what is now the village of Halstad, in Norman County, and were three months in making the trip.

Mr. R. I. Hauge, now living at St. Hilaire, Minnesota, was one of the leaders of this little community of pioneers. He tells of making the trip by ox team and of having 28 head of cattle, which included about a dozen milch cows. This community was probably the beginning of dairying in the Red River Valley. In fact, their dairying commenced when they left Fillmore County, and continued all along the way. Butter made on the route was traded out at stores for provisions, so it may be said that the cows paid the transportation of the party.

The separating of the cream in the making of the butter along the road while on the move certainly required the ingenuity of pioneer people. We can imagine that they camped along streams and that the milk was set in springs of cold water through the night and skimmed the next morning before continuing the journey. We know that very excellent butter can be made from cream raised in this manner and this reminds us that the use of cold water in dairying is still of the greatest importance.

In the early years cold water was used for raising the cream. Now it should be used for cooling the cream. While springs may have been few and far between after the settlers reached the prairie country, there is no farmer today in the Red River Valley but who can have a cream cooling tank on his place which takes the place of a spring. In the making of high quality butter it is necessary to cool the cream immediately after separating.

ST. HILAIRE

Community Club Meeting.

The regular meeting of the St. Hilaire Community club for April was held in the school house auditorium last Friday evening. Charles Andrews conducted the meeting in the absence of the regular club chairman, T. Skattrud. Mrs. John Hanson was elected to fill the chair for the next meeting. A program was rendered, which consisted of a dialogue by Vernon Hoglund, Robert Collins and Thomas Hovet, all students of the eighth grade; also several violin solos by Albert Brink accompanied on the piano by J. A. Dahl, and lastly an address by the speaker of the evening, Thos. J. Jackson, national organizer of the People's Progressive party. Mr. Jackson spoke on "The Land and Labor Monetary System," which was very instructive and interesting. The members of the athletic club served lunch in the domestic science rooms after the meeting. Mr. Jackson also conducted a short political rally in the library directly after the club adjourned. A very large crowd was in attendance at the meeting and an enjoyable evening was spent.

Whist Party.

The Fellman home was the scene of a very enjoyable whist session last Tuesday evening when Mr. and Mrs. Fellman, Mr. and Mrs. Burkee and Miss Braun entertained a number of their friends. Progressive Norwegian whist was played at five tables. Miss Olympia Moen received high honors. A very dainty lunch was served by the hostesses to the guests who included Mr. and Mrs. N. Patterson, Mr. and Mrs. E. Jensen, Mr. and Mrs. T. Skattrud, Mr. and Mrs. T. Ducharme, Mr. and Mrs. A. F. Hall, Mrs. O. Gunstad, Mrs. H. McCormack, Miss Inez Patterson, Miss Lulubell Jerpe and Miss Olymphia Moen. A very delightful evening was spent.

Birthday Party.

Jackson of Newfolden. The guests present were Mr. and Mrs. Jackson, Mr. and Mrs. A. J. Hed and daughter Agnes, Mr. and Mrs. A. F. Hall and daughter Shirley, Miss Lulubel Jerpe and Miss Olymphia Moen.

Butcher Shop Changes Hands.

The local butcher shop, which has been owned and operated by the late A. S. Wilson for the past twenty years, and since his recent death has been managed by his son, L. S. Wilson, was sold last Friday to C. B. Nelson of Clearbrook. Mr. Nelson assumed full charge of the establishment Saturday. L. S. Wilson and his family will reside here for the present and will assist his mother, Mrs. A. S. Wilson, in operating her farm. The people of the community are sorry to see Mr. Wilson leave the business but wish Mr. Nelson success in his new venture.

Ladies' Aid Entertained.

The Ladies' Aid of the Norwegian Lutheran church was entertained in the church basement last Friday afternoon by the Mesdames R. L. Hange, John Folstad and Otto Johnson. A large crowd attended.

Dorcas Society.

Mrs. A. J. Hed entertained the members of the Dorcas society in the basement of the Norwegian Lutheran church Saturday afternoon. Owing to the inclemency of the weather a small crowd was present.

Dinner Party.

Mr. and Mrs. A. J. Hed pleasantly entertained a number of their friends Sunday evening at a six o'clock dinner. The guests present were Dr. and Mrs. O. S. Werner, Rev. and Mrs. C. M. Grimsrud and Mr. and Mrs. K. O. Gigstad.

A free matinee was given at the Imperial hall Saturday afternoon which consisted of a film production of the fairy story "Hans and Gretel." This picture was sponsored by A. S. Wilson and Son and advertised the "Home Brand" products. A large crowd of school children took advantage of this and enjoyed the picture immensely.

J. D. Porter and family of Iowa arrived here last Wednesday and will go to farming on a farm east of town, which he purchased last fall and will improve as soon as possible. Owing to the fact that there are no buildings on the place his family will reside in town for the present and have rented the Ira Carpenter house. Mrs. Porter's brother, Bohman, came with the family and will also reside here for the present. The entire trip was made by car and Mr. and Mrs. Porter and family were on the road for four days.

ROSEWOOD

There the three new building undertakings progressing here this week, the excavation work on the basement for the T. Mellem home, which will be moved from its present location south of town to the village limits, has begun and work will be continued under supervision of Gust Opseth, contractor, until completed. Work on the basement for the new 24x24 frame two story residence for Emil Mellem on his farm adjoining town on the east has also begun by Contractor Benhard Ranum and will be rushed to completion. Benny Ranum is also remodeling his home with an above ground addition and a full 14x24 basement commencing work the last week.

Emil Mellem left this week for Red Lake Falls where he will operate a road tractor on the Reierson road contracting project the coming summer.

Mrs. Christine Bergene left on Saturday evening for her home at Crookston following a visit with her daughter, Mrs. Geo. Klennert.

Mr. and Mrs. A. M. Gullseth expect to leave the beginning of this week for Baker, Minn. where they will visit with Mr. Gullseth's sister, Mrs. A. H. Halvorson, and also with his mother who is residing at that place. The confectionery is in charge of Inga Gullseth and Bertha Remmem, both of Thief River Falls.

SMILEY

District No. 30.

Our school closed on Friday, April 25. We had a picnic in the afternoon at the Newton farm and we all had a fine time in spite of the wet grounds. The older people played volley ball and the little folks amused themselves by swinging and little games. Lunch was served by the mothers at 4:30 o'clock.

Martin Barstad and Marcus Reller received rewards for having had perfect attendance the whole term.

Our play day on Monday was rather set back on account of the cold and damp weather and we could not finish all the exercises but we were victorious in the average score.

The Little Citizens League held its last meeting on Thursday, April 17. The program consisted chiefly of spring and bird selections with a few tributes to Mother. The mothers were present and after the program they and the children served a lunch which was a delightful surprise to their teacher.

On Wednesday district 30 had its annual clean-up day. The entire afternoon was spent in chopping brush, raking leaves and burning them. The afternoon ended up with a peanut throw and putting out of the last fires.

Mabel Shefveland left for Newfolden to spend the summer vacation with her parents.

MORTGAGE FORECLOSURE SALE.

WHEREAS, Defaults have been made in the conditions of a certain mortgage, duly executed and delivered by Anna Wickum, as representative of the estate of Joseph Wickum, Insane Ward, and Anna Wickum, his wife, Mortgagors, to C. L. Dobner and H. G. Dobner, Mortgagees, bearing date the 30th day of March, 1915, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 12th day of April, 1915, at 2:00 o'clock P. M., in Book 3 of Mortgages on page 364.

Which said mortgage, together with the debt secured thereby, was duly assigned by said C. L. Dobner and H. G. Dobner, Mortgagees, to F. M. Purdy, by written assignment dated the 26th day of April, 1915, and recorded in the office of said Register of Deeds on the 24th day of May, 1916, at 8:00 o'clock A. M., in Book 56 of Mortgages on page 148, and

WHEREAS, thereafter, the said F. M. Purdy, the Assignee and Holder of said mortgage (his full true name being Franklin M. Purdy) died and at the time of his death was a resident of the County of Wabasha and State of Minnesota; and whereas, Harry G. Dobner was, in due proceedings had in the Probate Court of said Wabasha County, appointed executor of the estate of said Franklin M. Purdy, deceased, and duly qualified as such; and whereas, Letters Testamentary of the estate of said deceased were duly issued to said Harry G. Dobner by said Probate Court, bearing date the 22nd day of January, 1916, a certified copy of which was duly recorded in the office of the Register of Deeds of said Pennington County, Minnesota, on the 14th day of February, 1916, at 1:00 o'clock P. M., in Book H of Miscellaneous on page 24, and

WHEREAS, said Harry G. Dobner, Executor of the said Estate of Franklin M. Purdy, Deceased, did duly assign said mortgage, together with the debt secured thereby, to Chase L. Dobner and Harry G. Dobner, as Trustees of Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, by written assignment dated the 27th day of June, 1916, which said assignment was duly recorded in the office of said Register of Deeds on the 6th day of September, 1916, at 1:00 o'clock P. M., in Book 11 of Mortgages, on page 509, and

Which said mortgage, together with the debt secured thereby, was duly assigned by said Chase L. Dobner and Harry G. Dobner, Trustees for Millicent Purdy under the last Will and Testament of Franklin M. Purdy, Deceased, the Assignees and Holders of said Mortgage, to Millicent Purdy, by written assignment, dated the 25th day of April, 1923, and recorded in the office of said Register of Deeds on the 7th day of May, 1923, at 9:00 o'clock A. M., in Book 65 of Mortgages on page 232, and

WHEREAS, The said Millicent Purdy, the Assignee and Holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas there is actually due and claimed to be due and payable at the date of this notice the sum of One Thousand Seven Hundred Ninety and 05-100 ($1790.05) Dollars, and whereas the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof;

Now, Therefore, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Northeast Quarter (NE¼) of Section Fourteen (14), in Township One Hundred Fifty-three (153) North, of Range Forty-two (42) West, of the Fifth Principal Meridian in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 31st day of May, 1924, at 10:00 o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of $1790.05, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars, Attorneys' fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Notice of Mortgage Foreclosure.

WHEREAS, default has been made in the payment of interest due January 6, 1924, under the terms of the hereinafter described mortgage and default has also occurred in the failure to pay the taxes for the years 1921 and 1922 on the premises conveyed by said mortgage, which taxes have been paid by Minneapolis Trust Company, assignee of mortgage, which mortgage was duly executed by Henry Blaska and Effa Blaska, his wife, mortgagors, to C. L. Hansen, mortgagee, dated January 6, 1921, and with the power of sale therein contained duly recorded in the office of the Register of Deeds of the County of Pennington, State of Minnesota, in Book 57 of Mortgages, on page 562, on the 18th day of January, 1921, at 1:00 o'clock P. M., which said mortgage together with the debt secured thereby, was duly assigned by said C. L. Hansen to Minneapolis Trust Company by written assignment dated January 19, 1921, and recorded in the office of said Register of Deeds on January 28, 1921, at 10:00 o'clock A. M. in Book 65 of Mortgages, on page 107, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company to Minneapolis Trust Company, Trustee, under the Last Will of Emma O. O'Brien, deceased, by written assignment dated February 16, 1921, and recorded in the office of said Register of Deeds, on March 16, 1921, at 1:00 o'clock P. M. in Book 11 of Mortgages, on page 598, and which said mortgage together with the debt secured thereby was duly assigned by said Minneapolis Trust Company as Trustee under the last will of Emma O. O'Brien, deceased, to Charles J. Robinson, by written assignment dated June 6, 1921, and recorded in the office of said Register of Deeds on March 21, 1924, at 1:00 o'clock P. M. in Book 75 of Mortgages, on page 351, and which said mortgage together with the debt secured thereby was thereafter duly assigned by said Charles J. MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN that default has been made in the conditions of a mortgage executed by Peter Peterson, a single person, Mortgagor, to Nels Larson, Mortgagee, dated November 14th, 1916, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on November 14th, 1916, at two o'clock P. M., in Book 57 of Mortgages, on page 74 thereof; that said Nels Larson has paid the taxes assessed against the premises described in said Mortgage for the year 1922 amounting in all to Seventy-three and 11-100 Dollars ($73.11); that the amount claimed to be due on said Mortgage at this date, including said taxes, is Twenty-nine Hundred Forty and 17-100 Dollars ($2,940.17);

That the premises described in and covered by said Mortgage are described as follows, to-wit: The Northwest Quarter (NW¼) of Section Twenty (20), in Township One Hundred Fifty-three (153) North, of Range Forty-one (41) West of the Fifth Principal Meridian.

That the default in said Mortgage consists in the non-payment, when due, of the principal and interest secured by said Mortgage, and that no action or proceedings at law has been instituted for the collection of such debt.

That by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided, said Mortgage will be foreclosed by the sale of said premises, at public vendue, to the highest bidder for cash, by the sheriff of Pennington County, Minnesota, at the East front door of the Pennington County Court House in the City of Thief River Falls, in said Pennington County, Minnesota, on Saturday, the 10th day of May, 1924, at ten o'clock in the forenoon of said day, to satisfy the amount then due on said Mortgage, including said taxes, together with the costs of such sale and Seventy-five Dollars, Attorney's fees, stipulated in said Mortgage.

Dated March 22nd, 1924.

CENTENNIAL TO BE BIG AFFAIR

High Officials of U. S., Canada and Norway to Attend Centennial

Announcement of the tentative program of the Norse-American Centennial of the United States and Canada, which will be held in St. Paul in June, 1925, has been made by Oscar Arneson, publicity chairman.

As the date of the Centennial which, it is expected between 100,000 and 150,000 persons of Norse descent will attend is more than a year distant, it is impossible to state positively all details of the program, but it has arranged that the first day, Saturday, June 6, will be given over to a National convention by Bygdelags. These are Norse societies based on county or district affiliations in Norway and have a membership in this country and Canada of 350,000 persons.

The Sunday afternoon program includes addresses by a prominent official of the United States, yet to be decided on, the premier of Canada or a member of his cabinet; Prince Olaf of Norway, and Dr. Fritjof Nansen, the famous explorer, diplomat and Nobel prize winner; Sunday morning there will be Lutheran religious services, assisted by the choir of St. Olaf college, Northfield; Concordia college, at Moorhead, and the Luther college band of Decorah, Iowa, leading musical organizations of America. An elaborate musical program by choirs and bands from the various Norwegian-American colleges and academies and by famous soloists will be staged in the evening.

The forenoon of Monday, June 8 will be given over to athletic contests among the Norwegian-American colleges and other educational institutions. In the afternoon a historical pageant representing the settling of America by emigrants from all European countries will be given and in the evening there will be an address by the President of the United States or a member of his cabinet, on the maintenance of the American Constitution and institutions.

Tuesday morning will be given over to the final athletic contests and in the afternoon there will be races and other sports at the grandstand. In the evening there will be a second historical pageant representing the participation by the Norsemen in the colonization and upbuilding of America. All events will be held at the Minnesota State Fair grounds.

Prof. Gisle Bothne of the University of Minnesota is president of the Centennial organization and will take a year's leave of absence from the University at the close of the present term in order to devote his time entirely to making arrangements for the Centennial. Other officers and committees already named include: N. T. Moen, Fergus Falls, first vice president; S. H. Holstad, Minneapolis, second vice president; J. A. Hovlik, secretary; O. P. B. Jacobson, counsel committee on arrangements; B. E. Askeland, chairman, Minneapolis, C. D. Kolset of Benson, O. H. Sletten of Minneapolis and H. K. Medsen of Minneapolis. E. G. Quamme is chairman of the committee on finance.

Guernsey Men to Put On Big Sale Here June 12

Preparations are progressing at a satisfactory rate for the annual sale of the Red River Valley Guernsey Breeders association, which will be held at the fair grounds in Thief River Falls on June 12. It is expected that upwards of one hundred head of high grade and pure bred Guernseys will be offered for sale at this time and a large crowd of buyers is sure to be attracted. No doubt many farmers who wish to take advantage of the loan privileges extended to this section by the recently organized agricultural credit corporation will attend the sale to secure first class animals with which to get started in the dairy business. More details concerning the sale will be given in future issues of The Tribune.

SHEDS TEARS AT 'BEAU BRUMMEL'

Norma Talmadge Is Deeply Touched by John Barrymore's Portrayal.

When a screen player—and who is more sophisticated than a film actor or actress accustomed to throw on the spigot and produce tears or laughter at the will of the director—when a screen player is moved to tears and admiration at a picture, then there is something extraordinary brewing.

Which is by way of introducing the fact that Norma Talmadge did just that at a preview of "Beau Brummel," the screen adaptation of Clyde Fitch's play, starring John Barrymore, which comes to the Princess Wednesday and Thursday.

Hallett Abend, writer for the Los Angeles Preview, tells of the incident, and it is a good story.

He writes:

"But before setting forth my own opinion of the picture, let me quote the sincere tribute of one of the world's most popular woman screen stars, and, in my opinion, the greatest of them—Norma Talmadge. Miss Talmadge, about to leave for New York and Florida, had expressed a wish to see a preview of some really fine photoplay. Beaumont's 'Beau Brummel' was still in twelve reels and somewhat in the rough, but he charmingly agreed to show us his picture, even though showing it in that form meant showing it at a disadvantage.

"Miss Talmadge's comment, whispered in the darkness of the projection room, came in this succession:

"' What charm Barrymore has! And what a perfect part for him.'

"'The comedy scenes are wonderful—have you watched Willard Louis?'

"' Queer, but the tragic appeal of this, though it centers about the man, has the flavor of the appeal of "Camille."'

"'Oh, it should end here; anything after this would be an anti-climax.'

"I agreed.

"Then I heard Miss Talmadge crying softly in the darkness, and had to take off my own glasses.

"'We were wrong,' she whispered.

"When the picture was ended her eyes were like stars. 'Was it really in twelve reels?' she asked the director. 'It seemed like only seven.'

On Honor Roll.

Through an error in reporting the event, the name of Lawrence Letuee, Silverton township boy, was omitted from the Crookston Agricultural college honor roll published in The Tribune two weeks ago. A glance at the records shows that Lawrence made the required credits to place him on the honor roll and The Tribune is pleased to make the correction.

Cholera Plague Threatens Hogs in County of Polk

(Continued from page one.)

and Dick LaFleur, a farmer in Andover township, is reported to have already lost the greater part of his animals by the same dread disease.

"It has only been within the last day or two that the nature of the disease was recognized and prompt efforts are being taken to prevent its spread.

"One farmer who, unaware of the nature of the disease which carried off a number of his hogs, was arrested Saturday for permitting the carcasses to remain unburied and was given a suspended sentence upon his promise to see that they were placed beneath the ground at once.

"There are also isolated cases of the appearance of cholera in other parts of the county and a warning has been issued to town supervisors to see that every precaution is taken and that prompt burial of carcasses is made and the thorough fumigation of buildings in which the hogs had been kept.

"Many farmers who do not understand the extremely contagious nature of the disease, have been very careless in their disposition of dead animals and this is adding to the danger.

"It is even reported that the bodies of a number of animals that have died from cholera have been dumped into the river and one farmer who is suspected of doing this is being investigated with a view to his prosecution.

"Many owners of hogs have taken steps to inoculate their animals with cholera serum which is said to be an effective prevention against the disease."

Latest Ford Improvement Reaches Dealer in City

Seems almost impossible that anyone could invent something that is entirely new for a Ford car, but the evidence has actually arrived in Thief River Falls.

This new addition is a device that permits the under-the-seat tank to be filled without lifting the cushion. It also registers the gasoline supply in the tank—the gauge being easily read from the driver's seat.

Certainly any article that releases Ford drivers from the annoyance of lifting the seat cushion will draw a great deal of interest. Tallock Froisnes has been appointed to handle the Kirstin Fil-O-Meter locally and his place is sure to be a center of attraction for the flivver squadron.

One of the most attractive features of the Kirstin Fil-O-Meter is the ease with which it is attached. It clamps into the regular opening of the gas tank replacing the ordinary screw cap.

And the low price at which it sells will also make a strong appeal. Although it gives Ford owners all the conveniences of having a gas tank in the rear, the cost is less than the usual price of a good visible gasoline gauge alone.—Adv.

Three Men Arrested for Using Nets in Fishing

Three men residing in Excel township, Marshall county, were last week arrested by Game Warden William Munch of Crookston on a charge of operating fish traps in Thief River. They are Swan Engeland, H. B. Halvorson and Carl Hahner. They were taken to Warren and entered a plea of guilty before Judge William Fosberg, who assessed fines of $10 and costs, which were paid.

Choir Cancels Date.

The Trinity choir and other singers under the direction of Dr. P. L. Vistaunet, who so ably rendered the Easter cantata, "The Seven Last Words of Christ," in this city last week had planned to go to Middle River last Sunday to repeat the performance. Due to the rain and consequent muddy roads the trip had to be abandoned, much to the regret of both the performers and the Middle River folks who made the arrangements for their performance.

O'Connor to Speak.

It is announced that J. F. T. O'Connor of Grand Forks has been secured as the principal speaker for the commencement exercises of the Thief River Falls high school, which will be held this year on Friday, May 23. Mr. O'Connor is well known in the Northwest and is a speaker of pronounced ability.

A Satisfactory Statement

The officers and directors of the Farmers and Merchants State Bank wish to call the special attention of the public to the official publication of its statement of condition, which appears in another column of The Tribune today. To be able to show such a statement at this time is something of which the management of this bank has reason to feel proud. In the face of conditions which have made such a thing extremely difficult, this bank has steadily been forging ahead, adding to its cash reserve and placing itself in a position of unquestioned security. Read the statement and analyze every item it contains. After doing this you will find that we are in better shape today than ever before to serve those who wish to do business with a safe, sane and conservative banking institution.

CITY BEAUTIFUL DEMANDS MANY CLEAN-UP FIRES; ALL HANDS TO TURN OUT MAY 12

Commercial Club and Others to Assist in Civic Beauty Drive May 12-17—Prizes to Be Awarded—Inspection by City Officials to Take Place Following Week.

Under the leadership of the Commercial club, the citizens of Thief River Falls will next week join in one of the most extensive clean-up weeks ever conducted in this city. With the club in this project are the Women's club, the Boy Scouts and other civic organizations with George Wilson, Charles Gerlinger, Presbyterian pastor, and Dr. J. T. Bowers forming a general committee. The idea is one of long standing and was given the critical impetus at the club luncheon last Thursday when a resolution was adopted calling upon Mayor J. S. Arneson to issue a proclamation making clean-up week, May 12 to 17.

Many people of this city have not waited for any special week and already many beauty spots of the summer rapidly approaching are beginning to show themselves. However, work has been somewhat retarded by the rains of the past two weeks and it is thought that a few days set aside for the special purpose of cleaning and repairing would go far in putting Thief River Falls on the map as one of the prettiest places in this northwest country.

A resident ofeach block in the city has been named by the general committee to supervise the work in his respective district. The boy scouts will aid as also will school boys in attending to this. The campaign is being brought before the school children this week by Supt. I. T. Simley, Supt. O. R. Sande and the teachers. Prizes of $5, $3, and $2 will be awarded the boy in charge of each of the three cleanest residence blocks.

The various captains of the city blocks will be as follows:

Arnold avenue north: C. H. Porter, C. J. Krause, A. E. Olson, Fred Nielai, G. Ward, Rev. Geo. Larson, H. A. Moline, G. A. Vigness. South: Alexander Strom, Mrs. C. M. Strom, E. J. Langevin, John Havel, Jr.

P.-T. MEETING ATTRACTS MANY

A Splendid Program Marks Closing Event of Highly Successful Season.

The last meeting of the Parent-Teachers association was held Monday evening, May 5, with the committee, of which Mrs. E. O. Mogensen was the chairman, in complete charge of the evening's program. The meeting opened with a pantomimic song, "America," sung by a group of sixth grade pupils from the Northrop school. Gladys Weeks and Leonore Lieberman, representing the eighth grade at the Central school, played a piano duet, a group from the third grade at the Washington gave two recitations, "The Rain," and "A Doll Party." Henry Arneson played Seitz's "Fifth Concerto" on the violin ably accompanied by his sister, Eileen. The fifth grade of the Knox school gave a debate on the subject, "Is Washington Greater Than Lincoln?" At the end of the argument the judges decided in favor of the negative side, the score being 2 to 1. The fifth grade of the Washington presented a number of delightful two-part songs, and Adeline and Robert Votava of the Northrop school played a violin duet accompanied by Miss Maude L. Johnson. These musical and recitation numbers were very well received on the part of the audience and the applause was merited as the children went at their various bits of entertainment in a manner that showed care in preparation on the part of the teachers of the different grades and an appreciative response on the part of the students.

The speaker for the evening was William Munch, deputy state game warden, who gave a very able talk on birds and their conservation, putting his subject to the boys and girls, especially, in such a lucid manner that it brought forth a sympathetic response immediately. He also championed the snake as a very valuable grub and insect destroyer that people are making a very great mistake in killing.

This is the last Parent-Teachers meeting to be held during the present school year. The first meeting of next season will no doubt be held sometime in October and will probably take the form of a reception.

Road Contract Is Let to Middle River Firm; Work Is to Begin Immediately

The bids on the state road No. 1 and excavating the basement of the courthouse have been accepted. The contract for the road has been let to Shenk, Moen and Anderson of Middle River, their bid being two cents. There were five bids entered. The completion of the work on this road, the reservation line, familiarly called the angling road, will eliminate the high ditch grades and will connect the Highlanding road with the Oklee road. Work on this project will begin the first of June and is to be completed by November 1.

The excavation and repair of the court house basement has been let to Bert Norby at his bid of $3,335. Three bids were entered for this work. This job is to commenced immediately and finished by August 15.

FILM COMPANY BRAVES ARCTIC

Many Hardships Endured to Put "The Eternal Struggle" on the Screen.

The great glacier fields, treacherous ice jams, and raging rapids of the snow-bound North, have been captured by a movie camera.

After a campaign of some six weeks, waged with a battery of cameras charged with super-speed film, Reginald Barker and his company returned to Los Angeles, carrying precious reels of exterior scenas and hazardous thrills, for the Metro-Louis B. Mayer presentation, "The Eternal Struggle," as trophies of their courageous expedition into the frozen wilds of Canada. The picture will be shown at the Princess Sunday and Monday.

Renee Adoree, Earle Williams, Pat O'Malley, George Kuwa and Pat Harmon were among the film stars in the company, which also included Percy Hilburn as chief photographer of a staff of ten cameramen. The entire party numbered about fifty.

An ice jam in Bow River, photographed by cameramen suspeaded over Bow River Falls in a steel cage; a real, rip-roaring blizzard near Banff; a dog-team race in the shadow of Mt. Robson; a fierce attack by wolves upon a Northwest mounted policeman and his prisoner; and a wild canoe ride through the dangerous rapids of Seymour Creek.

These are some of the high-lights of the schedule on which Barker worked in making "The Eternal Struggle." Innumerable hardships, such as were the lot of these pioneers who "mushed" towards gold along the old Yukon Trail in this same section, were part of the daily routine of the film company.

On one occasion the director, cameramen and players tramped seven and a half miles on snow shoes in order to take advantage of a glacial background for some scenes. They started before daylight with an Indian guide and worked till sundown before starting on the long return tramp. Such is the penalty of giving the public realism.

Marriages Decrease.

So far this year there have been only 15 marriages in Thief River Falls. This is 12 less than in 1923 when 27 knots had already been tied. In 1923 February led the list with 10 married couples beginning life together while March held the record this year with a lowly four. January and February followed with 3 licenses issued and April tagged along with only two to its credit. Last year January boasted 7 and March, 8, with April again plodding in the rear with five newlywed couples added to the community. Perhaps the unstable quality of the April weather has something to do with this.

Oil Station Nearly Finished.

The Pyramid Oil station at the corner of Main avenue and First street is coming along fine and promises to be a thing of beauty when finished. The last touches of concrete are being put on the oil stand and before very long the station will be open to the public.

New Railroad to Top State Timber Tracks

A new railroad which will tap one of the largest tracts of virgin timber in the Northwest is under construction by the Twomey-Williams company of Duluth.

The line starts at Big Falls on the Minnesota and International line, and is to extend about 50 miles west and north, into a large tract of pine, spruce and cedar lying north of Upper Red Lake.

A large part of the right-of-way of the new railroad is across a level, boggy district. Several bridges also will be constructed on the new road, according to officials. The entire road will be in Koochiching and Lake of the Woods county.

An extension 40 miles east from Goodridge would connect with the west end of the new line.

NOTICE.

An organization meeting of the Farmers Federation will be held Friday evening at 8 o'clock in the municipal court rooms of the auditorium. All progressives are urged to attend.

FLAMES DESTROY FINE FARM HOME

Residence of S. C. Stone Is Ruined in Thursday Evening Fire.

Fire, which presumably started in the kitchen from an overheated stove pipe, last Thursday evening completely destroyed the fine farm residence of S. C. Stone, residing on what is commonly known as the Conley farm just a short distance west of Thief River Falls. The family had left early in the evening to attend a meeting in town and when discovered the fire had gained such headway that nothing could be done to save the building. A bucket brigade was formed and this did efficient work in saving surrounding buildings but the fire had reached a stage where it was impossible to save the house or any of its contents.

A temporary residence has been arranged in the granary and the family is getting along as well as possible under the circumstances. The loss is a very serious one, involving not only the building but nearly all of the wearing apparel and other personal belongings of the family. While some insurance was carried, the amount will come far from covering the actual damage resulting from the fire.

BRUMUND HOST TO LEAVE CITY

H. W. DeParcq, Four Years in Charge, to Leave Soon for Minneapolis.

Harry W. DeParcq, who for the past four years has been the geniel host at the Hotel Brumund, has transferred his interest to Stanley A. Bateman of Crookston and expects to leave with his family for Minneapolis within the course of a few days. He has been urged in this step by the illness of his son, William, whom he wishes to place under the care of specialists. No certain plans have been made for the future and Mr. DeParcq told a Tribune reporter that he was very sorry to leave Thief River Falls as the people had proved themselves such true friends to his family.

Mr. and Mrs. Bateman arrived in this city Tuesday evening and at present are the guests of Mr. and Mrs. DeParcq.

Steve Grovelle left Monday for Grand Forks on business.

SEVEN BIDS ARE SUBMITTED TO CITY COUNCIL

Additional Engine at Plant Can Be Installed at Low Cost.

Aldermen Have Several Important Meetings During the Week.

Seven bids for an additional unit at the electric power plant in this city were submitted to the city council at the meeting last night and they proved to very attractive as to price, some of the companies having slashed rates till as much as $8,000 had been shaved off the regular prices, it being realized that to secure a contract with this city would be a distinct advantage to the successful bidder in securing additional business throughout the Northwest and West.

Some of the companies submitting bids had two or three representatives in attendance when the bids were opened and the gentlemen were each given an opportunity to explain the various advantages their companies claimed for the respective engines. This procedure occupied the time till ten o'clock last night when adjournment was taken till this afternoon to permit of completing a comparative chart of the various points brought out in the bids. It probably will be impossible for the council to reach any decision in the matter either today or tomorrow and it may be that several more conferences will be necessary to reach any definite conclusion.

Although the bids submitted last night are very attractive, yet there are some of the aldermen who believe that it will be more advantageous to purchase the dam and make such repairs as are necessary to put the same in such shape as to secure practically all of the available current that can be generated. The present council has had no definite offer as to the purchase price of the dam but undoubtedly a good "buy" could be made at this time and the public probably would uphold the council in such action as they would not like to see outside interests secure control thereof and then hold up the city for power. Of course there is also the proposition of the Minnesota Electric Distributing company to consider and the council will meet with the representative of that company again tomorrow night to go still further into detail as to their offer.

In addition to the seven bids submitted by engine companies last night there were two bids for constructing the foundation of the new engine unit in the present power house which is believed to be sufficiently large to accommodate the unit. These local bids were necessary as some of the engine companies submitting bids did not include such work in the regular bid.

Guest at Bishop Home.

Mrs. J. R. Dale of Oklahoma City, secretary of the library commission of Oklahoma, who gives an address today at the Minnesota U., is expected to be in Thief River Falls for a short visit with her brother, J. M. Bishop, before returning to her home in the southern state.

Proclamation

In conformity with the action of the Commercial Club and the various Womens' organizations which have been active in the work of beautifying the city, I hereby designate the week of May 12 to 17 inclusive as

CLEAN-UP WEEK

and all citizens are asked to join in a general movement to clean up back yards, rake up front yards and paint up old buildings as far as possible. Thief River Falls stands in the front ranks of clean and attractive cities. Its clean streets and beautiful yards have been widely commented upon as an evidence of thrift and civic pride on the part of our citizens, and I am sure there will be a cheerful disposition on the part of all to make the city more spik and span this year than ever before.

Following clean-up week a tour of inspection will be taken by city officials and representatives of civic orgaaizations, and I trust such inspection will disclose a 100 per cent compliance with the health regulations of the city.

Given under my hand this 5th day of May, 1924.

J. S. ARNESON, Mayor.

Much New Work Planned on Highways This Year

More auto tax improvements for Minnesota trunk highways—40 miles of new grading, 5½ miles of paving, 10 bridges and 1,600 feet of concrete gutter—will be contracted on bids to be opened May 27 at highway department headquarters in St. Paul. Preliminary estimates on the work aggregate $400,000.

Charles M. Babcock, state highway commissioner, this week called for proposals and contractors located near the jobs and equipped to handle them are urged to bid.

The improvements are to be paid for under the laws with motor vehicle tax funds and federal aid, but the more important undertakings like others this year are to be financed mainly with county reimbursement bonds. In this way the cost will be spread over part of the term the grades, pavement and bridges will be used. Interest on the bonds is to be paid from auto taxes each year and the principal from the trunk highway sinking fund in which $2,000,000 of auto tax money already has been set aside.

PLAY DAYS ARE JUST THE THING

Idea in Rural Schools Takes Hold Like Wildfire in All Parts of County.

Districts number 35 and 60 took part in the play day Friday of last week. Districts 11, 13, and 51 should have been represented, but were not present. District 35 took first place with a total scoring of 35, while district 60 was given second place with a score of 23.

Monday a play day was held at the school in Hazel with the districts 12, 125, 133 and 221 represented and 154 absent. District 133 won first place in this meet with a scoring of 21, districts 12 and 125 tied for second with the score of 9 and 221 came in third with 8 points to their credit. After the picnic dinner a community sing was held and Rev. Charles Gerlinger spoke on various educational points. This talk was much enjoyed as was the singing. The meets were considered successful and with a little more care in organizing and better preparation play days will be gatherings to be looked forward to with much anticipation.
